

# 2011-2013 Graduate Catalog

---

A BULLETIN OF THE  
UNIVERSITY OF WISCONSIN-EAU CLAIRE  
Volume No. 25 Eau Claire, Wisconsin 54702-4004

This Graduate Catalog is available on the UW-Eau Claire Web homepage at [www.uwec.edu](http://www.uwec.edu) (use the Quick Links) and is supplemented by the following official publications of the University:

**The Undergraduate Catalog**, issued annually, contains general information about the University and a complete listing of undergraduate programs and courses.

The **Class Schedule**, issued prior to the opening of each term is available at [www.uwec.edu/registrar/classShed.htm](http://www.uwec.edu/registrar/classShed.htm). Current information about fees and full instructions for registration, as well as a schedule of all courses to be offered as described.

**Student Services and Standards handbook**, from the Student Affairs and Dean of Students Office, is available at [www.uwec.edu/dos/documents/Handbook.pdf](http://www.uwec.edu/dos/documents/Handbook.pdf). The handbook contains additional information about campus life, including activities, services, policies and regulations, and the various offices through which they are administered. The publication, **Your Right to Know**, contains information on University policies, safety, and student rights and is available to all students and staff at: [www.uwec.edu/dos/documents/yourRightToKnow.pdf](http://www.uwec.edu/dos/documents/yourRightToKnow.pdf).

The provisions of this catalog do not constitute a contract between a student at UW-Eau Claire and the University. The sole purpose of the catalog is to provide regulations, course listings, degree programs, and fee schedules which are in effect at the time of publication. UW-Eau Claire reserves the right to change the regulations in this catalog at any time during the period for which it is in effect and to add, modify, or withdraw courses at any time. UW-Eau Claire, with the concurrence of the System Administration and the Board of Regents of the University of Wisconsin System, also reserves the right to change fees and to add, modify, or withdraw degree programs at any time. Effective dates of changes will be determined by the proper University authorities and published through Class Schedules or other official publications of the University.

The University further reserves the right to ask the student to withdraw for cause at any time.

---

The University of Wisconsin-Eau Claire is committed to a policy of providing equal educational and employment opportunity for all persons in accordance with Board of Regent Policy and applicable law. Discrimination or harassment based on any protected category that has the purpose and effect of adversely affecting any aspect or condition of a person's education, employment, housing, or participation in a university activity or program is prohibited.

As a part of its continuing commitment to eliminate discrimination and harassment, the university has established procedures for providing prompt and fair resolution of complaints. All complaints, questions, or requests for information should be referred to the Affirmative Action Office, Schofield 217, 715-836-2387, [affirm01@uwec.edu](mailto:affirm01@uwec.edu), [www.uwec.edu/affirm/index.htm](http://www.uwec.edu/affirm/index.htm).

The University of Wisconsin-Eau Claire makes available to the public, upon request, all consumer information required by Office of Education Rules and Regulations 178.1 through 178.8. Consumer information about the University includes, but is not necessarily limited to, the following: academic programs, educational costs, financial aid, academic progress requirements, student retention rates, career development, and employment data. Inquiries regarding this information may be made to the Student Affairs and Dean of Students Office, Schofield 240. (See [www.uwec.edu/dos](http://www.uwec.edu/dos)).

The University ensures students access to their official University records and maintains the confidentiality of personally identifiable information in accord with federal law. A Notice of Student Rights Under the Family Educational Rights and Privacy Act is available in "Your Right to Know," available at: [www.uwec.edu/dos/documents/yourRightToKnow.pdf](http://www.uwec.edu/dos/documents/yourRightToKnow.pdf).

**Parking and Transportation Services:** The University of Wisconsin-Eau Claire, like other colleges and universities, finds parking to be an ever present and evolving challenge. Parking and Transportation Services, in cooperation with students, faculty, and administrators, strives to find an equitable way to manage the limited number of parking spaces available to all members of the University community. Therefore, parking policies and regulations at UW-Eau Claire are aimed at easing the parking crunch on campus and in the neighborhoods adjacent to the campus. These policies and regulations are part of an overall parking plan, which incorporates a multifaceted approach to managing the limited number of parking spaces available on campus. It includes a differentiated pricing system for parking permits, significant penalties for violations, and a free city-wide transit service. Detailed and current parking information may be obtained from Parking and Transportation Services, Schneider 106, 715-836-2002, by emailing [parking@uwec.edu](mailto:parking@uwec.edu), or the Web site at: [www.uwec.edu/parking](http://www.uwec.edu/parking).

**Visitor Parking:** Visitors to campus should stop at the Visitor Center to receive a guest parking permit and directions to various campus and city destinations. Located at the corner of Park and Roosevelt Streets on lower campus, the Visitor Center also offers reserved parking with 24-hour advance notice. For reservations and detailed information, call the Visitor Center at 715-836-2544.

**Visiting the Campus:** Visitors may obtain a brochure describing the campus and its facilities from the Campus Information Services, East Lobby, Davies Center or from the Visitor Center. Conducted tours may be arranged through the Admissions office. An overview of the campus can be seen through a three-dimensional model of buildings and grounds located in the Schofield Hall/Old Library breezeway.

## THE COMMUNITY

Today the Chippewa Valley is the fastest growing metropolitan area in Wisconsin, with a population of 185,464. The city of Eau Claire, with a population of more than 64,000, is a commercial, educational, and medical center in west central Wisconsin. Located 90 miles east of Minneapolis and 320 miles northwest of Chicago, Eau Claire is easily accessible from these urban areas as well as from Milwaukee and Madison via interstate highways. Eau Claire also is served by airlines and bus lines. The area around the city abounds in natural beauty and offers numerous year-round recreational activities including camping and skiing.

## THE UNIVERSITY

The University of Wisconsin-Eau Claire was founded in 1916 as the Eau Claire State Normal School, occupying a single building on land donated to the state by the city of Eau Claire. The academic history of the institution is reflected in its subsequent changes of name and mission. As a State Teachers College (1927-51) it awarded baccalaureate degrees in education; as one of the Wisconsin State Colleges (1951-64) it added degree programs in liberal arts. The state colleges were granted university status in 1964, and the Wisconsin State University-Eau Claire was organized into the Schools of Arts and Sciences, Education, and Graduate Studies. The School of Nursing was created in 1965 and the School of Business in 1966. With the merger of the two state-supported university systems in 1971, Eau Claire became a member of the University of Wisconsin System, which includes 13 universities, 13 two-year colleges, and UW-Extension. In 2004, an administrative restructuring created four colleges: the College of Arts and Sciences, the College of Business, the College of Education and Human Sciences, and the College of Nursing and Health Sciences.

The University of Wisconsin-Eau Claire today is a multipurpose institution, offering a variety of undergraduate and graduate programs and serving regionally as a center for continuing education. The physical plant includes 28 major buildings located on a 333-acre, two-level campus, which embraces Putnam Park on the south bank of the Chippewa River and is connected by a footbridge to the Haas Fine Arts Center and the Human Sciences and Services building on the north bank. The student body numbers approximately 10,500; faculty and academic staff total over 750.

### Select Mission of the University of Wisconsin-Eau Claire

In addition to the University of Wisconsin System Mission and the Core Mission of the University Cluster Institutions, the University of Wisconsin-Eau Claire has the following select mission: We foster in one another creativity, critical insight, empathy and intellectual courage—the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

We fulfill our mission through a pervasive university commitment to provide:

- Rigorous, intentional and experiential undergraduate liberal education for life and livelihood;

- Strong, distinctive professional and graduate programs that build on and strengthen our proud tradition of liberal education;
- Multicultural and international learning experiences for a diverse world;
- Exemplary student-faculty research and scholarship that enhance teaching and learning;
- An inclusive campus community that challenges students to develop their intellectual, personal, cultural and social competencies;
- Educational opportunities responsive to the needs of our communities, state, region and beyond; and
- Academic leadership in transforming liberal education.

## INSTRUCTIONAL SUPPORT RESOURCES

Classroom instruction at the University is supplemented by services provided to the entire academic community and by the specialized resources of individual departments, including a number of facilities and collections which are made available to the public.

The **William D. McIntyre Library** is a dynamic, student-centered research environment dedicated to providing high quality resources and services to users. Occupying a six-level structure in the center of the campus, the library is open 112 hours each week during fall and spring semesters. Its study facilities are designed to create an inviting atmosphere with upholstered seating, individual carrels, and reserve-able group study rooms equipped with state-of-the art technology. Collections consist of over 700,000 books and 246,000 government publications in its role as a regional depository for state materials and as a selective depository for federal information. All of these items may be located using the library's online catalog. The library currently subscribes to 910 periodicals in print form and provides access to more than 165 online periodical indexes and over 34,700 full-text electronic journals, all accessible both on- and off-campus. The library is also home to the *Instructional Media Center* providing access to elementary and secondary curriculum materials, and *Special Collections Department* which includes the University Archives, housing documentation of the official and unofficial life of the University since 1916, the local history collection, and the rare book collection. Special Collections also serves as an *Area Research Center (ARC)* or a regional depository of the Wisconsin Historical Society, containing historical manuscripts, public records, maps, and photos relating to Eau Claire and five surrounding counties.

The library is also an access point to materials at other libraries and archives through the state and country. Students can borrow materials from other libraries in the University of Wisconsin system via universal borrowing. Materials can be borrowed from other libraries using interlibrary loan, which provides access to materials in both print and electronic form, with requested articles taking as little as 48 hours to acquire. The ARC can borrow other archival materials from the Wisconsin Historical Society, State Archives, or the rest of the ARC Network.

In response to students' technology needs, the library provides over 100 computers and offers wireless access for those who wish to use their own technology. Students can borrow laptops, digital cameras, and video cameras from the library to use in support of their course assignments. A majority of the library's resources and services are available via the Library's Web page, anytime, anywhere.

The library's most important role is encouraging lifelong-learning and the development of research skills. This is accomplished through instruction in academic courses and at the reference desk where queries are answered and users find assistance in locating materials at the point of need. Research assistance is available 70 hours per week in person, by phone, through online chat, text messaging, and via e-mail.

**Learning and Technology Services (LTS)** provides information and instructional technology services and support to foster student learning and to promote excellence in education, scholarship, and related University endeavors.

The LTS Help Desk offers answers to student or faculty questions about technology—hardware or software—close to 24/7 via face-to-face walk-in, email, or phone consultations. Contact the LTS Help Desk at 715-836-5711 or [helpdesk@uwec.edu](mailto:helpdesk@uwec.edu) for assistance with the following services or, visit the LTS Web site at: [www.uwec.edu/lts](http://www.uwec.edu/lts):

## SITES AND COLLECTIONS SUPPORTING INSTRUCTION AND RESEARCH

The **Goodner Collection** and the **Owens Collection** of Native American materials were gifts to the UW-Eau Claire Foundation. The **Newman Collection** of Native American artifacts and memorabilia is on loan to the Foundation. Part of the Newman Collection is displayed on the first floor of Hibbard Humanities Hall, next to the office of the American Indian Studies program. Other collections include Wisconsin Indian basketry and beadwork, casts, and skeletal materials pertaining to human evolution. Used extensively by students in cultural and physical anthropology courses, these materials are on display in classrooms in Room 303, Schneider Hall.

The **James Newman Clark Bird Museum**, circular in shape, surrounds the Planetarium in Phillips Hall. The collection of approximately 530 specimens and four dioramas depicting native birds in their natural habitats are used by students in biology. The museum is open to the public from 8:00 a.m. to 4:30 p.m., Monday through Friday, and at other times by appointment. For more information contact Ms. Lynn Young Janik, Department of Biology.

The **L. E. Phillips Planetarium**, located in the J.N. Clark Museum (Phillips Hall), contains a Spitz model A-3-P planetarium with a seating capacity of 50. The planetarium is used by classes in the Department of Physics and Astronomy. Programs for local school groups and the public are scheduled during the year.

**Putnam Park**, 200 acres of natural vegetation in the midst of the campus, provides an area for the study of flora and fauna within easy walking distance of classrooms, as well as a place for relaxation and hiking. The park is traversed by Putnam Drive and by a nature trail, for which printed guides are available in the Campus Information Services of Davies Center. For more information contact Dr. Evan Weiher, Department of Biology.

The **S. W. Casey Observatory**, located atop Phillips Hall, contains a computer-controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is adjacent to an observing deck with 11 stations for student use in astronomy laboratory classes. These stations use eight-inch telescopes.

#### **Off-Campus-Wisconsin:**

The **Hobbs Observatory**, located 15 miles east of the campus at the Beaver Creek Reserve, contains a 24-inch computer-controlled telescope, a 14-inch Schmidt-Cassegrain telescope, a CCD camera, and a classroom. This observatory is open to the public on Saturday nights, when clear, during the months of May through October.

**Nature Conservancy Tracts**, owned by the University of Wisconsin-Eau Claire Foundation, include 320 acres of forest and marsh land which are available for scientific investigations and class use. One of these, the Schmidt Tract, is approximately 30 miles east of Eau Claire, in Clark County, and two are in Washburn County, near Sarona and Spooner. More specific information concerning location and use of this land can be obtained from Dr. Paula Kleintjes Neff, Department of Biology.

**Pigeon Lake Field Station**, operated under the auspices of the UW System and UW-River Falls, includes approximately 50 acres in the heart of the Chequamegon-Nicolet National Forest, about 150 miles north of Eau Claire. The Station's 16 cabins, dining hall, recreation hall, and five well-equipped classrooms accommodate up to 120 students. Through the cooperation of the U. S. Forest Service, Field Station programs have access to 825,000 acres of the Chequamegon-Nicolet National Forest, where rivers, streams, lakes, bogs, ponds, and old-growth forests offer a diversity of flora, fauna, and ecosystems for study. For more specific information contact Dr. Chris Floyd, Department of Biology.

#### **Off-Campus-Mississippi:**

The **Gulf Coast Research Laboratory (GCRL)**, Ocean Springs, Mississippi, is an out-of-state institution affiliated with the University of Wisconsin-Eau Claire. The GCRL offers two summer terms, and provides an opportunity for students to obtain instruction in a marine environment. For more specific information contact Dr. David Lonzarich, Department of Biology.

## **EDUCATIONAL AND COMMUNITY SERVICES**

### **Human Development Center**

The Human Development Center (HDC) is an interdisciplinary clinic working with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, student clinicians from Communication Sciences and Disorders, Curriculum and Instruction (Reading), Psychology, Special Education, and Social Work provide assessment, intervention, and consultation services to children, adolescents, young adults, and families. The HDC also sponsors research programs involving academic assessment and intervention, behavioral health, and child and school psychology.

### **Psychological Services Center**

The Psychological Services Center, a clinic staffed by faculty members from the departments of Psychology and Social Work, is located in the HDC. The center provides psychological and family assessment, parent training, and academic and behavioral consultation services to clients. Allied disciplines also participate in the center, providing a variety of consulting services, including health, education, and assessment.

### **Lac du Flambeau Service-Learning Project**

For the past 14 years, the HDC has sponsored a unique and valuable service-learning experience for UW-Eau Claire undergraduate students. Approximately 20 undergraduate and 8 graduate students per semester travel to the Lac du Flambeau American Indian Reservation in northeastern Wisconsin. On two separate overnight trips, students learn about the Lac du Flambeau people by visiting tribal museums, working in the Lac du Flambeau Head Start program and public school, and interacting with American Indian children and families. The program requires students to participate in a two-day orientation trip and then a two-day follow-up trip later in the semester. Participation can count toward students' service-learning requirements.

### **Academic Intervention Clinic**

The Academic Skills Clinic, a program sponsored by the HDC, provides school-aged children and adolescents with educational support in the areas of math and reading. Student clinicians conduct state-of-the-art academic evaluations, develop and implement a comprehensive intervention program, provide on-going progress monitoring, and consult with parents and teachers. The program is housed in the HDC with student clinicians also providing services in local elementary schools.

### **Center for Communication Disorders**

The Center for Communication Disorders provides diagnostic and intervention services to clients ranging in age from infants to the elderly. Graduate and undergraduate student clinicians, under faculty supervision, work in the clinic with clients who have communication disorders of all types including problems with voice, stuttering, speech sound production, hearing, and language. The Center is located on the first floor of the Human Sciences and Services building and provides services at low cost to clients. Fees may be adjusted upon the recommendation of a faculty supervisor. Services are provided free of charge to UW-Eau Claire faculty, staff, students, and their immediate family members. Contact Angela Sterling-Orth at (715) 836-4186 for additional information or to make appointments.

### **Continuing Education**

Continuing Education links the campus and the community by providing a variety of credit and noncredit learning opportunities. The unit, in cooperation with the University's colleges, provides graduate and undergraduate courses both on- and off-campus in formats convenient to adult learners. Continuing Education courses are open to the general public. For additional information, call (715) 836-3636 or visit the Web site at [www.uwec.edu/ce](http://www.uwec.edu/ce).

## **STUDENT SERVICES**

The full complement of student services is available on campus to graduate students. These are described on the Student Affairs and Dean of Students Web sites at <http://www.uwec.edu/dos> and <http://www.uwec.edu/studentaffairs>.

A graduate lounge and study area are set aside on the top floor of McIntyre Library. Individually assigned lockers are available in the lounge. The services of the library are described in a handbook which may be obtained at the circulation desk.

*Academic Support Services* includes: Advising, Testing, and New Student Initiatives, Academic Skills Center, Career Services, Office of Multicultural Affairs, and Services for Students with Disabilities. Staff in these areas will assist students with questions regarding areas of study, personal objectives, and career goals. Career Services provides information on career development and assists graduates in finding career opportunities appropriate to their specialization, training, and abilities. The staff is in contact with numerous college administrators, representatives of business and industry, government services, and health agencies, many of whom interview students on campus.

Special services are available to students with disabilities who provide documentation of need to the Services for Students with Disabilities office, OL 2136. All academic buildings on campus are accessible.

Graduate students may apply for health insurance and may utilize the facilities of the *Student Health Service*. Counseling is available to any student needing assistance with personal problems. *Counseling Services* is located in OL 2122.

The *Children's Center*, located in the Campus School building is a nationally accredited and state licensed child development center for the children of students, faculty, and staff. Directed by professionals in Early Childhood Education, the Center is open from 7:30 a.m. to 5:00 p.m., Monday through Friday, and from 5:00 p.m. to 9:00 p.m. on certain evenings during the week. In addition to a program for children ages two to five, the Children's Center has a program for children to age ten before and after school and during the summer session. It is recommended that applications be submitted in February for the following three-week and eight-week summer sessions and academic year. Children ages two and older are admitted by application to the Director, 1616 Park Avenue, phone 715-836-2178.

## MISSION AND OUTCOMES

The University of Wisconsin-Eau Claire provides graduate education in select programs that grow clearly from institutional undergraduate strengths and that meet identifiable regional and state needs. Graduate programs foster students' intellectual development, contribute to the advancement of disciplines, and enhance students' personal lives and their ability to contribute to their professions and communities. Graduate studies at UW-Eau Claire emphasize personal working relationships between faculty and students in a variety of learning situations.

A hallmark of graduate education is scholarly and creative activity, emphasizing discipline-specific research, the acquisition of new knowledge, or the application or transmission of existing knowledge. Expected outcomes for all UW-Eau Claire graduate programs are that graduates will have the ability to:

1. Demonstrate advanced mastery of the methodology, techniques, and practices specific to the field of study;
2. Excel in written and oral communication, with the ability to convey complex ideas clearly, consistently, and logically;
3. Demonstrate understanding and mastery for appropriately managing a range of general and discipline-specific ethical dilemmas;
4. Utilize the research or scholarship of the discipline and produce scholarly or creative products consistent with disciplinary standards.

Each of the Colleges is responsible for promoting high standards of scholarship, for offering professional preparation appropriate to societal needs, and for maintaining an appropriate balance between the academic and professional components of graduate programs.

## GRADUATE FACULTY AND COUNCIL

The Graduate Faculty consists of about 400 faculty and academic staff who hold doctoral or appropriate terminal degrees, and who possess a broad array of special qualifications and backgrounds in their academic specialties.

The Graduate Faculty recommend to the Chancellor, and to the Board of Regents as appropriate, all major policies and programs relating to graduate studies.

The Graduate Council is a representative body of the Graduate Faculty and graduate students and acts on their behalf. The Graduate Council serves and acts to develop and maintain standards of academic quality in all graduate programs; to provide initiative and insight in developing graduate programs to meet current, new, and emerging needs; to formulate general academic policies and procedures relating to graduate programs in the University; to foster creativity and scholarship in graduate programs; to represent the interests of the Graduate Faculty and graduate students in the University; and to advise the Graduate Dean concerning the administration of graduate education.

## DEGREE PROGRAMS

All graduate degree programs require a minimum of 30 credits of graduate coursework (500-level and higher) in the area of specialization, with at least 15 of those credits in courses open only to graduate students (700-level). Many programs also require a written comprehensive examination, an oral examination, or both, and some programs also require a thesis, research paper, scholarly paper, or portfolio.

## Doctor of Nursing Practice (DNP)

The Doctor of Nursing Practice degree option is for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice (nurse practitioner or clinical nurse specialist) or nursing administration. The

American Association of Colleges of Nursing (AACN) has determined that the DNP will be the required graduate degree for those entering practice as clinical nurse specialists, nurse practitioners, and nurse administrators, effective in 2015. During the 2011-2012 academic year, the DNP degree is being offered as a post-master's option only. Beginning in the summer of 2012, both MSN-to-DNP (post-master's) and BSN-to-DNP (post-baccalaureate) options will be available.

Core and seminar and practicum courses at the 800-level address organizational and systems leadership, influencing health policy, evidence-based practice and research utilization, information systems and patient care technology, interprofessional collaboration, improving patient and population health outcomes and effecting change, and evaluating health outcomes. A DNP capstone project with presentation is required. Students complete a minimum of 1000 hours of clinical for the BSN-to-DNP option and a minimum of 450 hours of clinical for the MSN-to-DNP option.

### **Master of Arts (MA)**

The Master of Arts program serves persons who already have substantial preparation in the discipline in which they seek a higher degree, and who wish to extend their knowledge and skills in their area of specialization for self-improvement, for professional roles, or for further graduate study.

The student must have substantial undergraduate preparation in the area of specialization of the degree program being pursued. A written comprehensive examination and an oral examination may be required.

A Master of Arts degree is offered in two fields:

- English
- History

See those sections in this catalog for further details.

### **Master of Business Administration (MBA)**

The purpose of the College of Business MBA program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment within which it operates. The program is designed to develop each individual's ability to recognize the

needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global work force and business environment; apply a wide variety of problem-solving tools and techniques to today's complex problem situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the work force who wish to pursue an MBA on a part-time basis while continuing their full-time employment. To accommodate the needs of working students, classes are offered in the evening, online during the summer, and occasionally on Saturdays. See the MBA Program section of this catalog for further information and specific degree requirements.

### **Master of Education-Professional Development (MEPD)**

The program for the Master of Education-Professional Development provides for the enhancement of professional competencies in education for experienced, employed educators. It is designed for individualized continuing education to assist educators in the development of competencies that relate specifically to their job needs and to their professional growth.

A specific emphasis is available for library science and media education. A hybrid weekend and online cohort program with an established plan of study in pedagogy also is available. The next cohort program is planned to begin in 2012. Other emphases may be selected from combinations of the following more general categories: curriculum development techniques, leadership, instructional techniques and technology, human relations/communications, evaluation techniques, research techniques, or educational foundations. Opportunity is also provided to strengthen skills and understandings in a teaching subject specialty.

The course, CI 788, Introduction to Educational Inquiry, is required. The remainder of the minimum of 30 required credits is to be selected from approved courses in departments offering graduate courses, with a maximum of 12 credits in the teaching subject specialty, and a maximum of nine credits in Independent Study.

Final projects include a choice of a written comprehensive examination, take-home examination, thesis, research paper/scholarly paper, or portfolio, as well as completion of an oral examination.

This program is offered by the Department of Education Studies. See those sections of this catalog for special admission requirements and further details.

### **Master of Science (MS)**

The Master of Science program serves persons who already have substantial preparation in the discipline in which they seek a higher degree and who wish to extend their knowledge and skills in their area of specialization for self-improvement, for professional roles and credentials, or for further graduate study.

The student must have substantial undergraduate preparation in the area of specialization of the degree program being pursued. A written comprehensive examination or a thesis with oral examination is required.

A Master of Science degree is currently offered in one field:

Communication Sciences and Disorders

See that section in this catalog for further details.

### **Master of Science in Education (MSE)**

The programs for the Master of Science in Education degree are designed to develop capabilities in special professional roles in the field of education. At least 30 credits of graduate work are required in the educational specialty of the degree program.

The MSE degree is offered in two areas:

School Psychology

Special Education

Certification in cognitive disabilities, early childhood: special education, emotional/behavioral disabilities, or learning disabilities may be obtained as part of the MSE in Special Education.

See those sections in this catalog for further details.

### **Master of Science in Nursing (MSN)**

The Master of Science in Nursing degree program is designed to prepare nurses with a population focus in Adult-Gerontologic Health

Nursing or Family Health Nursing to assume leadership roles in professional nursing. The core curriculum is designed to develop and increase students' competencies in theory analysis and evaluation, concept clarification and development, research and refined skills in clinical inquiry, ethics, leadership, and analysis of contemporary issues. Building on the core curriculum, students apply new knowledge and skills in the clinical setting.

The program provides functional role preparation as a nurse in advanced clinical practice (nurse practitioner or clinical nurse specialist), education, or administration. Required nursing courses focus on the functional dimensions of the role, its theory and expectations, and strategies for implementation.

A scholarly project with presentation, or thesis and an oral examination is required.

Beginning in 2015, the MSN no longer will be a degree option for students pursuing the nurse practitioner, clinical nurse specialist, or administration role preparations, in keeping with the American Association of Colleges of Nursing (AACN) decision to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level. Thus it will be important to complete all MSN degree requirements for those role preparations prior to 2015. The last class of MSN students for the nurse practitioner, clinical nurse specialist, or administration role preparations admitted for the Summer of 2011; these students need to follow either a full-time (2 years) or three-year part-time plan. The MSN degree option will continue to be offered for students interested in the nursing education role preparation.

### **Master of Science in Teaching (MST)**

The Master of Science in Teaching degree program serves students who have met requirements for licensure as teachers in their undergraduate study, and for teachers who seek a master's degree in a particular field of teaching. To be admitted to an MST program an applicant must have met all requirements for full certification to teach, usually in the area of specialization of the degree program to which admission is desired.

A minimum of 30 graduate credits is required and must be distributed as follows:

### *Area of Specialization (12-18 credits)*

The area of specialization is usually the same field as the undergraduate major. For the MST, students must present a total of 42 credits (graduate and undergraduate) in the area of specialization if it is a single academic department, and 60 credits (graduate and undergraduate) if the area of specialization involves work in more than one department. Students who elect to do a thesis must have, in addition, at least 12 graduate credits in the area of specialization. Of the graduate credits in the area of specialization, at least half must be open only to graduate students.

### *Professional Education (9 credits)*

To further develop understanding of contemporary educational theory and familiarity with research in education, at least nine credits of courses in education are required. A seminar course, concerned with application of research methods to problems of teaching, is required. Other professional education credits may be earned in any department of the College of Education and Human Sciences; courses in psychological, social, and philosophical foundations of education are available.

### *Free Electives (6 credits)*

These six credits may be taken in the area of specialization, the area of professional education, or any other area. In programs where such considerations as licensure requirements demand it, courses in the area of professional education can be specified.

The Master of Science in Teaching degree currently is available in three fields:

Elementary Education

English

Reading

In the field of elementary education, students are required to complete one of the following: written comprehensive examination, take-home examination, thesis, research paper/scholarly paper, or portfolio, as well as an oral examination. A thesis and oral examination are required in the field of English. A portfolio and an oral examination are required in the field of reading.

See those sections of this catalog for further details.

### **Master of Social Work (MSW)**

The University of Wisconsin-Madison School of Social Work offers its Masters in Social Work (MSW) program on the University of Wisconsin-Eau Claire campus in cooperation with the Department of Social Work.

The MSW program offers a social problem and social issues focus to the education and preparation of students as advanced practitioners and leaders across the fields of social work practice. Students find that the teaching of practice, knowledge, values, and skills with an analytic approach fosters the ability to acquire and translate knowledge into sound professional social work practice with individuals, families, groups, communities, and organizations. The MSW program offered on the UW-Eau Claire campus is part-time and is designed to allow students who are not able to pursue full-time study to work toward an MSW degree on a structured time-extended basis.

### **Specialist in Education Degree (Ed.S.)**

The Specialist in Education degree is offered in School Psychology. This three-year program includes two years of full-time on-campus study, and a one-year, full-time internship. After successful completion of the first year of the program (31 credits of study and a passing grade on a comprehensive examination), students are awarded the Master of Science in Education degree. The Ed.S. degree requires an additional 37 graduate credits beyond the MSE degree. By earning this degree, students meet all of the requirements for certification by the State of Wisconsin as a School Psychologist and become eligible for National Certification in School Psychology.

### **Credit-Bearing Graduate Certificate Programs**

Graduate certificates may be earned by graduate degree-seeking students or by a specified audience from the community not pursuing a graduate degree. Guidelines and standards are identical for both groups. Graduate certificate programs require no fewer than 15 credits, and all credits required for the graduate certificate program must be graduate level credits (500-level and above). No fewer than six credits must be taken at the 700-level. At least 50 percent of the credits applied to the graduate

certificate program requirements must be taken through UW-Eau Claire. Departments, schools, or colleges proposing graduate certificate programs have the right to specify (a) admission requirements for entry into a certificate program, and (b) minimum GPA requirements for course and certificate completion. Additional details on the minimum standards, procedures, and process for approving new credit-bearing graduate certificates may be found on the Graduate Studies Web site.

## LICENSURE TO TEACH

The MST-Reading, and the degree programs in Communication Sciences and Disorders, School Psychology, and Special Education lead to initial educator licensure, add-on licensure, or administrative licensure.

A licensure plan form is available from the department in which the student is seeking certification. A copy of this form must be filed in the Field Experience and Certification office (Brewer 151). It is recommended that the plan be filed early in one's program so that it can be evaluated for the inclusion of all licensure requirements.

All licensure programs, except the MST-Reading, require either a student teaching or internship assignment. In addition, students must have a passing score on a Praxis II content exam in the area of certification, unless the field is exempted by the State Superintendent. The standardized examination and passing score shall be determined by the State Superintendent. Application forms for these assignments are available from and must be filed in the Field Experience and Certification office (Brewer 151). Students must apply for field experience assignments one year in advance. Applications must be filed by the last day of final examinations in December for a summer or first semester placement or by the last day of final examinations in May for a second semester placement.

Failure to meet application deadlines may result in a delay of the student teaching or internship assignment.

Candidates who satisfactorily complete all requirements in a teacher licensure program may ask the University to recommend them for teaching licenses.

## ACCREDITATION

The University of Wisconsin-Eau Claire is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools.

Address: 30 North LaSalle Street  
Suite 2400  
Chicago, Illinois 60602-2504  
Telephone: 800-621-7440

Programs which yield licensure for teaching or service in the public schools of Wisconsin are approved by the Wisconsin Department of Public Instruction. Specific programs or individual units of the University are accredited or approved by various agencies.

## ADMISSION PROCEDURE

The application for admission to graduate programs must be submitted to the Admissions office with an application fee of \$56. Deadlines for application and supporting documentation are July 1, December 1, and May 1 for Fall, Spring, and Summer, respectively. Some degree programs may have earlier dates (see respective program descriptions).

The applicant must list all colleges and/or universities previously attended, and request for each institution to send an official transcript of all college or university work directly to the Admissions Office. However, for applicants applying for admission to the 2012 Spring Semester or later, you will only need to have one official transcript sent directly to the Admissions Office from each institution that granted your bachelor's, master's, or any higher degree(s); and from any institution from which you have completed course work necessary for admission to your graduate program or for graduate courses that you wish to have considered for transfer credit to apply toward your intended degree program at UW-Eau Claire. Current or former UW-Eau Claire students do not need to provide transcripts from UW-Eau Claire; however, submission of an application constitutes authorization for Admissions to request your UW-Eau Claire transcript from the Registrar. Additional transcripts may be required, particularly for certification and licensure programs, so please request to have these official transcripts sent as well. To be regarded as official, the transcript must bear the impression seal of the institution. All transcripts become a part of your permanent file and cannot be returned.

An application for admission also may be considered during an applicant's last semester or summer session of undergraduate student. Admission to graduate study in such cases is conditional, pending satisfactory completion of the baccalaureate requirements and the student's meeting of all other requirements for admission.

If you would like to be considered for a graduate assistantship, fellowship, or the Advanced Opportunity Program (AOP), the priority application date is March 1 for the following academic year. The Application for Graduate Assistantship and/or Fellowship can be found on the Admissions or Graduate Studies website, and should be submitted to the Office of Graduate Studies.

### **Enrollment of Undergraduates**

Upon the recommendation of the student's adviser, course instructor, and chair of the department offering the course, a University of Wisconsin-Eau Claire undergraduate student may be allowed to enroll in a limited number of graduate courses, provided he or she has a 3.00 undergraduate GPA and has the approval of the College Dean. Qualified students may take up to, but not exceed, a total of nine credits of graduate level coursework. The graduate credits cannot be used to satisfy requirements for the bachelor's degree. Application forms for enrollment in graduate courses as an undergraduate may be obtained from the Registrar's office.

### **International Student Admission**

All international students whose native language is not English must submit an official Test of English as a Foreign Language (TOEFL) score of at least 550 for the paper-based test (213 computer-based or 79 Internet-based) or an

International English Language Testing System (IELTS) overall band score of 7.0 for admission. Students with lower TOEFL/IELTS scores may be offered conditional admission to the university based on enrollment in the Intensive English Program. Students can begin their degree program once they have achieved an appropriate level of English proficiency as determined by the Intensive English Program coordinator. Subject to the satisfactory completion of the University of Wisconsin-Eau Claire Intensive English Program, and other conditions for admission, a student may be moved to full standing.

All international students are required to purchase accident and sickness insurance.

International graduate students are required to provide documents showing they have the necessary resources for complete funding for the anticipated duration of the graduate program. International students must deposit \$100 30 days prior to the anticipated date of initial enrollment. Similar deposits will be required 30 days prior to each subsequent semester's registration. The amount required is determined by University fees, room and board costs, accident and sickness insurance, and other anticipated expenses. The University may waive the required deposit in part or entirely if the student provides evidence of sponsorship by a governmental agency or other organization assuming complete responsibility for the financial needs of the student. International students who are awarded a scholarship or assistantship will have the amount of required deposit reduced by the amount of the scholarship or assistantship. Although on-campus employment may be available, an international student should not plan to secure any finances through employment in the United States.

## Special Auditors

Board of Regents policy makes it possible for students to audit courses at reduced costs as follows: Wisconsin residents may audit classes by paying only 30 percent of the normal per credit academic fee and non-residents may audit by paying 50 percent of the non-resident academic fee. In both cases any special course fees or materials are additional. Individuals enrolled as special students may take one course for credit (at the normal per credit resident or non-resident fee) and another as an auditor during the same semester.

## Admission to a Degree Program

Admission to a particular degree program is based upon evaluation of the student's academic record and previous experience by the graduate faculty of the department(s) offering the program. All applicants must have earned a baccalaureate degree from a regionally accredited college or university. Upon admission to a degree program, the student is assigned an adviser who is a member of the graduate faculty of the department offering the program. Students must consult their adviser(s) regarding program planning and enrollment in courses.

Admission to particular degree programs may include additional requirements in regard to minimum undergraduate GPA, entrance examinations, or prerequisite courses. See requirements for admission to specific degree programs as described elsewhere in this catalog.

## Status of Admission

**Full Standing:** Applicants whose undergraduate GPA from their baccalaureate degree granting institution is 2.75 (a grade of A equals four points) or higher or whose GPA for the last half of undergraduate work is 3.0 or higher may be admitted with full standing to a particular graduate program upon recommendation of the Program Director, College Dean, and Graduate Dean. Additional requirements may be specified by particular degree programs.

**Conditional:** Applicants whose undergraduate GPA falls below 2.75, or who are currently completing a baccalaureate degree, or who have not met the prerequisite requirements for admission to a program, may be admitted as conditional students upon recommendation of the Program Director, College Dean, and Graduate Dean, when other sufficient evidence of ability to complete graduate work is available. Additional conditions or requirements for admission also may be specified by particular degree programs.

## Classification

**Admitted:** Persons admitted to a degree program are classified according to the degree they wish to pursue and according to the area of specialization elected in the degree program.

**Graduate Special:** Students wishing to take courses for graduate credit without admission to a particular graduate program may register as graduate specials. A student who fails to meet the minimum GPA requirement for admission

also may be permitted to enroll as a graduate special. If application to a particular graduate program is made subsequently, credits earned as a graduate special student will be considered on the basis of appropriateness to the degree program. No more than nine credits earned as a graduate special student may later apply to degree requirements without prior approval of the appropriate Graduate Program Director. Individuals who wish to register as graduate special students in nursing courses should consult with the College of Nursing and Health Sciences Associate Dean to receive permission to enroll. Graduate special students are not eligible for the financial aid programs described elsewhere in this catalog.

Students who have previously been academically dismissed from a graduate program are not eligible to return to the University as a Special Student. Instead, they must go through the appeals process specified in their letter of dismissal.

### **Transfer of Credits Earned Prior to Admission**

All college and university credits, including graduate credits, earned prior to admission must be reported on the application for admission and documented by means of one official transcript requested by the student from the Registrar of each institution previously attended; all transcripts must be sent directly from the institution(s) to the Admissions office. Up to nine semester hours of previously earned graduate credits from another accredited institution may be considered for transfer in conjunction with evaluation of the application for admission. Graduate credits earned prior to admission, but not reported on the application for admission nor documented, will not be considered for transfer after admission. The limit of nine semester hours of transfer credits includes both courses taken prior to and after admission.

### **Transfer of Credits Earned After Admission**

Students who wish to take courses at another institution and transfer the credits to their approved graduate program must obtain permission to do so before enrolling in the courses. Forms for this purpose are available in the office of the Graduate Dean. Without prior permission, a student has no assurance that courses taken at another institution will be acceptable as part of the graduate program. The other institution at which the student wishes to

earn graduate credits may provide a form for documentation by an official of the University of Wisconsin-Eau Claire of the student's graduate standing, allowing registration at the other graduate school for the purpose of earning credits to be transferred. If such a procedure is not available, the student may be required by the other institution to file application for admission.

The limit of nine transfer credits includes both courses taken prior to admission and after admission. These credits must be earned from another regionally accredited institution that is offering a comparable graduate degree program. Only courses in which a B (GPA of 3.00) or above is earned and representing course content equivalent to that offered by the University of Wisconsin-Eau Claire will be accepted and applied toward graduate degree programs. Transfer course grades are not computed in the resident GPA at UW-Eau Claire. No credit toward a graduate degree will be allowed for correspondence work.

### **Credits Earned in Programs Established through Inter-Institutional Agreements**

Graduate credits taken in a program developed between UW-Eau Claire and one or more other institutions and established by a formal inter-institutional agreement will not be considered transfer credits under these guidelines.

### **Transfer of Extension Credits**

Credits earned in extension courses sponsored by UW-Eau Claire and in off-campus (outreach) courses offered by UW-Eau Claire are not considered transfer credits by UW-Eau Claire.

### **Notification of Admission**

Upon completion of review of the application materials, the Graduate Dean will notify the applicant in writing of the disposition of the application for admission. If the applicant is accepted, the written notice will indicate the student's classification, status, any special qualifications regarding admission, and the student's adviser(s). A decision regarding admission may be appealed to the Graduate Council, through the Graduate Dean, and the Graduate Dean may also initiate referral of individual cases to the Council. In all cases, the Graduate Dean will notify the applicant in writing of action taken on appeals or referrals.

## ACADEMIC STANDARDS AND PROCEDURES

### Grading Systems

The graduate student may earn grades of A (A=Excellent), A-, B+, B (B=Good), B-, C+, C (C=Fair), C-, D+, D (D=Poor), D-, or F (F=Failing) in courses. Grade point values are assigned on a four-point system as follows: A=4.00, A-=3.67, B+=3.33, B=3.00, B-=2.67, C+=2.33, C=2.00, C-=1.67, D+=1.33, D=1.00, D-=0.67, and F=0.00. These grade point values, when multiplied by the number of course credits, give the total number of grade points earned for that particular course. Courses in which grades below C (GPA of 2.00) are earned are not applicable to degree requirements. Courses in which grades of C are earned may be applied toward degree requirements, providing the student has sufficient grades of A to achieve the required overall GPA of 3.00, or B average. All credits attempted in graduate courses at the University are utilized in computing the overall graduate GPA. Grades in transfer courses are not counted in the computation of the resident GPA at UW-Eau Claire.

Incomplete grades may be allowed in a course by the professor. An incomplete grade must be removed no later than the end of the regular semester following the term in which the incomplete was received, although the professor may set an earlier deadline. Grades of "incomplete" not removed by the deadline date are converted to a grade of F.

The letters PR indicate progress in the completion of the research paper and the thesis. The letters are used instead of a grade for courses numbered 795 and 799. Credit and a grade of "S" are recorded for these courses upon satisfactory completion of the oral examination and research paper/thesis.

### Repetition of Courses

Graduate students may repeat no more than two courses previously taken for graduate credit, with the exception of "repeatable" courses. Any repetition including repetition of courses from which students withdrew with a mark of W must have approval of the student's adviser, and the Program Director and College Dean of the program in which the student is enrolled. A given course may be repeated no more than once, with the exception of "repeatable" courses.

The grade earned in the repetition of the course replaces the grade earned initially.

In order to repeat a course, approval must be obtained from the College Dean's office before the time of registration. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topic courses when the topic is not the same as that taken at the undergraduate level, or at the discretion of the program adviser.

### Satisfactory/Unsatisfactory (S/U) Registration

In graduate coursework, Satisfactory or Unsatisfactory (S/U) registration is allowed only for courses that explicitly require S/U registration in the UW-Eau Claire graduate catalog. S/U registration is not permitted for any non-clinical, non-practicum, or non-project based graduate courses.

**S/U Grades.** The grade of S is equivalent to at least a B or above in the standard grading system; it denotes that the student's work was satisfactory and that credit is granted for the course. The grade of S is not computed into the student's semester and resident GPAs.

The grade of U is equivalent to a B- or below in the standard grading system. No credit is granted. The grade of U is not computed into the student's semester and resident GPAs.

### Retention in the College

Graduate students, including both admitted and graduate special registrants, are expected to maintain an overall 3.00 GPA. Students whose GPA falls below 3.00 are placed on probation. Students placed on probation must raise their overall graduate GPA to 3.00 or above at the conclusion of the term in which they complete their next six graduate credits. Those who achieve the 3.00 are removed from probation and assigned the status of full standing. Students who are on probation and who do not achieve the 3.00 GPA upon completion of the next six graduate credits will be academically dismissed.

MBA program students may be subject to additional requirements; see the MBA program section of this catalog for details.

### Academic Load

Students registered for nine or more credits are considered full-time graduate students.

Students registered for more than five but less than nine credits are considered half-time. The University standard is that no more than one graduate credit may be taken per week of attendance during summer session. Students registered for seven or more credits in the summer session are considered full-time graduate students. Students enrolled for four to six-and-a-half credits are considered half-time.

Enrollment in at least one thesis credit or in an applied field project is also considered full-time enrollment for financial aid and enrollment certification purposes.

Graduate students may register for no more than 15 credits during a semester and no more than one credit per week for the summer session. Registrations in excess of these limits are appropriate only under very rare circumstances and are possible only with the approval of the College Dean. MAT students enrolling for the professional semester should contact the Dean to have the automatic overload coded on their records.

### **Withdrawal from the University**

Students intending to terminate their study during a semester when they are registered for courses must officially withdraw from the University. Withdrawal forms are available through the College Dean's office or the Student Affairs and Dean of Students office. Withdrawal from all courses in which a student is registered, even if only one course, constitutes withdrawal from the University and requires following this procedure.

### **Withdrawal from Courses**

Forms for withdrawal from a course are available through the Registrar's office. Withdrawals from full-semester courses during the first two weeks of classes of spring or fall semesters will not be entered on the record. Withdrawals from classes through the tenth week of classes will yield a record of W. The student may not withdraw from classes after the beginning of the eleventh week of classes. If there are unusual circumstances beyond the student's control which force withdrawal, the student may request permission for late withdrawal from the College Dean.

A student who stops attending a course and fails to withdraw officially may receive a temporary grade of XF from the instructor

which will be converted to an F on the record if no extenuating circumstances exist.

Similar deadlines apply to eight-week courses in the summer session: no record for withdrawals the first week of classes; W for withdrawals during the second to fifth week; and no withdrawals after the fifth week. These deadlines are prorated for short courses and workshops.

The dates of these deadlines are displayed on students' MyBlugold Student Center.

### **Duration and Time Limits of Graduate Programs**

While some graduate degree programs can be completed in an academic year, it may take longer to fulfill all requirements. For students who must satisfy undergraduate deficiencies or prerequisites, additional time will be required. Degree programs such as those leading to the MBA, MAT, and MSN degree require longer than one academic year.

A period of seven years is allowed from the beginning to the completion of a graduate degree or a graduate certificate program; that is, the complete degree plan including all transfer credits allowed, must be fulfilled within seven years. The beginning date of the semester or summer session of enrollment for the earliest credits counted toward degree requirements marks the beginning of the seven-year period.

No extensions of this period will be granted except for unusual health reasons, leaves of absence for military purposes, or other extenuating circumstances approved by the Graduate Dean. A petition for extension may be filed with the Graduate Dean.

### **Written Comprehensive Examination**

Many graduate degree programs require successful performance on a written comprehensive examination toward the close of the student's work for the degree. The written comprehensive examination consists of questions over broad areas of study within the field of the student's area of specialization. The student is expected to demonstrate knowledge and skills appropriate to the master's level in integrating facts, concepts, and arguments from diverse sources into a systematic, well-reasoned, well-written narrative.

The comprehensive examination is prepared

and evaluated by the graduate faculty of the department(s) in the student's area of specialization. The scoring/grading standard is determined by the department(s), and will be made available to the student prior to the exam, upon request.

The Program Director of the program reports to the Graduate Dean the results of the examination as "satisfactory" or "unsatisfactory." A student whose performance is unsatisfactory may repeat the examination at the next regularly scheduled administration; students are not permitted to take the examination more than once in the same semester or summer session. A student who has taken the examination twice with unsatisfactory results will be academically dismissed from the program.

A student may take the written comprehensive examination during or after the semester in which all courses in the area of specialization are completed if an approved degree plan is on file prior to the examination. Notification of intent to take the examination must be filed with the Graduate Dean at the beginning of the semester or summer session. The examination is administered by the graduate program no later than the eleventh week of the semester during the academic year and four weeks prior to the end of the summer session. The result is reported to the Graduate Dean not later than seven working days afterward, and the Graduate Dean notifies the student in writing not later than three working days after receiving the report from the Program Director.

Students should consult the timetable published by their graduate program for the exact date when the examination will be administered during a specific term.

### **Oral Examination**

In programs which require it, the oral examination focuses on the student's thesis or research paper, if such is a part of the program, or on the student's area of specialization if a thesis or research paper is not required. Consult specific program requirements elsewhere in this catalog and the departmental program description available in departmental offices and in the office of the Graduate Dean for complete information concerning oral examination requirements.

Oral examinations must be successfully completed at least 10 days prior to graduation.

The oral examination must not be held until the student has satisfactorily completed the written comprehensive examination and/or, if appropriate, has had the research paper or thesis approved by the research paper or thesis adviser. The oral committee consists of at least three members of the graduate faculty and must include a member of the graduate faculty from outside the student's department(s) of specialization and the thesis or research paper adviser (if the student has written a thesis or research paper).

The committee is appointed by the Graduate Dean upon the advice and recommendation of the adviser and Program Director in the student's area of specialization. The chair of the oral committee (either the thesis/paper adviser or the program adviser) reports the results of the examination as "satisfactory" or "unsatisfactory" to the Graduate Dean. A "satisfactory" result is reported if a majority of the committee vote in favor of reporting "satisfactory."

A student whose performance is unsatisfactory may repeat the examination at a time scheduled by the committee and approved by the Graduate Dean. A student who has taken the examination twice with unsatisfactory results will be academically dismissed from the program.

### **Research Paper or Thesis**

For degree programs requiring or allowing the option of a research paper or thesis, a description of acceptable topics and the precise nature of the requirements is provided in the departmental program descriptions. As part of their approved degree plan, students completing a thesis should register for thesis credits (courses numbered 799), and students completing a research paper should register for research paper credits (courses numbered 795). With the approval of their adviser, students may repeat these courses multiple times until they complete the thesis/project. A student may be academically dismissed from a program as a result of unsatisfactory progress on the thesis or research paper. The mark of PR rather than a grade is recorded for thesis credits (courses numbered 799) or research paper credits (courses numbered 795). Credit and a grade of "S" are recorded for these courses upon satisfactory completion of the oral examination and research paper/thesis. Unless some other guide is specified by the

department, the latest edition of The University of Wisconsin-Eau Claire Thesis Manual governs the writing and form of the thesis or research paper. Copies of the manual are available in the Graduate Dean's office or on the Graduate Studies Web site. Two copies of the unbound, approved, final typed thesis or research paper must be submitted to the Graduate Dean no later than one week prior to the last day of classes of the semester or summer session in which the student plans to graduate.

### Academic Integrity

Graduate students must uphold the highest standard of integrity for their work and foster a personal and social ethic of honesty that meets academic and professional challenges as well as the needs of a democratic society and a diverse world. One of UW-Eau Claire's expectations for graduate students is to avoid academic dishonesty in all forms through understanding the ethical standards of the university and the discipline.

Academic misconduct, intentional or unintentional, erodes the integrity of the pursuit of knowledge, which is primary to UW-Eau Claire's mission. Any act of academic misconduct that results in undue advantage or violates the spirit of authorship is sanctionable. Section 14.03 of the **Student Services and Standards** handbook describes both the process to be followed and the variety of sanctions that may be imposed by the instructor or program director in instances of academic misconduct. In the case of a finding of cheating or plagiarism on any graduate program project, examination or paper—including, but not limited to the comprehensive examination and graduate thesis—such action will result in expulsion from the graduate program or revocation of an awarded degree.

### USE OF HUMAN SUBJECTS IN RESEARCH

Federal regulations and University policy require that research projects involving human subjects be designed to protect the rights of the subjects, the researcher, and the University. This pertains to projects for classes on research methodology, independent studies, and thesis research as well as faculty/student research collaborations. Each proposal involving human subjects and its provisions for their protection must be reviewed and approved by the Institutional Review Board (IRB) for the Protection of Human Subjects prior to initiation of the work.

Research on regular and special education instructional strategies and research on the effectiveness of or comparison of instructional techniques, curricula, or classroom management methods are among the types of projects that may be handled by an expedited review process. For a complete listing of the types of research that may be handled by expedited review, see the manual *Policies and Procedures for Protection of Human Subjects*, which is available in the Office of Research and Sponsored Programs, Schofield 17 or on the Web at <http://www.uwec.edu/ORSP/IRB/Index.htm>.

For additional information, contact the chair of the UW-Eau Claire Institution Review Board for the Protection of Human Subjects, Schofield 17, phone 715-836-3405.

### USE OF ANIMALS IN RESEARCH

All students involved in the care or use of vertebrate animals and all facilities used for such animals must operate within the guidelines of the *Guide for the Care and Use of Laboratory Animals*. Copies of the Guide and other pertinent materials may be obtained from the Chair of the Institutional Animal Care and Use Committee in the Department of Biology, 715-836-4166.

### SCHEDULE OF CLASSES

Graduate courses are offered at a variety of times, both on-campus and online. The schedule of classes is usually available online in March for the Fall semester, October for the Winterim session and Spring semester, and in November for the Summer session.

## REGISTRATION IN COURSES

Students admitted to a particular graduate program are eligible to register early in the priority registration period. Students who are otherwise qualified but have not been admitted may also register early as graduate special students during priority registration.

Dates of registration and detailed instructions for registering are available on the Web in advance of the beginning of each registration period.

## COURSE NUMBERS

Courses numbered 500-699 are courses offered for undergraduate (300-499) as well as graduate credit. Graduate students in such courses are required to meet expectations beyond those required of undergraduates. These expectations will vary and may include but are not limited to additional readings, oral presentations, additional or more sophisticated experiments or research, and additional written work. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level or at the discretion of the program adviser.

Courses numbered 700 or higher are open only to graduate students.

## ASSISTANTSHIPS AND FELLOWSHIPS

Assistantship and fellowship application materials may be obtained from the Admissions office or online at the Graduate Studies Web site.

Initial assistantship and fellowship awards are made in early spring. The deadline for any subsequent competition for filling assistantships or fellowships after initial awards are made will be posted by the Graduate Dean. Applications for other forms of aid should be submitted as early as possible.

Graduate students are considered eligible for fellowships or assistantships if enrolled in a minimum of nine graduate credits (for fellowships) or a minimum of six graduate credits (for assistantships) or if they are enrolled in at least one thesis credit (courses numbered 799) or applied field project. Enrollment for one thesis credit or applied field project also qualifies the student to full access of all resources at the University (such as library, computer services, child care). Enrollment in at least one

thesis credit or in an applied field project is also considered full-time enrollment for financial aid and enrollment certification purposes.

If you would like to be considered for a graduate assistantship, fellowship, or the Advanced Opportunity Program (AOP), the priority application date is March 1 for the following academic year. The *Application for Graduate Assistantship and/or Fellowship* can be found on the Admissions or Graduate Studies websites, and should be submitted to the Office of Graduate Studies.

### Graduate Assistantships

Graduate assistantships are available to graduate students who have been admitted in "full standing" to a degree program. Both full-time and part-time assistantships are available. A graduate student who is awarded a full-time assistantship will work twenty hours per week for an academic department and must take at least six credit hours but no more than ten credit hours per semester.

### University of Wisconsin-Eau Claire Foundation Fellowships

University of Wisconsin-Eau Claire Foundation Fellowships are awarded on the basis of scholarship and scholarly potential. Fellowship recipients must be admitted in full standing to a degree program or be eligible for admission upon completion of the baccalaureate degree. The student must take at least three credit hours during the fall and spring semesters and one credit hour during the summer session.

### Advanced Opportunity Program Grants

Advanced Opportunity Program (AOP) grants are for African American, Latino, Native American, designated Southeast Asian, and economically disadvantaged graduate students who are U.S. Citizens or permanent residents. All AOP recipients must maintain good academic standing, make satisfactory academic progress in their graduate program, and demonstrate financial need. In the semester during which the award is received, recipients must carry an academic load of at least five credit hours (four credit hours during the summer session), or be enrolled in at least one thesis credit. To be considered for an AOP grant, students must file a Free Application for Federal Student Aid (FAFSA) with the Office of Financial Aid, and

complete the AOP application with the Office of Graduate Studies. Out-of-state students who receive an AOP grant are also eligible to receive a non-resident tuition remission the semester or session in which the grant is received. Preference is given to Wisconsin residents and full-time students.

## **FINANCIAL ASSISTANCE**

Consideration for financial aid will be given following admission to a particular graduate program. An applicant who is completing a baccalaureate degree may be awarded graduate aid pending verification of successful completion of the degree. Applicants for financial aid are urged to submit their applications as early as possible. To apply for need-based aid, students must complete the Free Application for Federal Student Aid (FAFSA), which is available online at: [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Students must be enrolled on at least a half-time basis (five credits during fall or spring semester, four credits during summer session, or a minimum of one thesis credit) to be eligible for financial aid. Graduate students may be awarded one or a combination of the following types of financial aid.

### **Work Study**

Work study is available to graduate students who complete a FAFSA and who demonstrate financial need. Graduate students' job responsibilities are generally of a more complex nature and thus may be paid at a higher wage rate than undergraduate students. Both on- and off-campus work study positions are available.

### **Ford Federal Direct Loan**

The Ford Federal Direct Subsidized Loan is available to graduate students who are enrolled at least half time in a degree-seeking program and demonstrate financial need. Eligible students may borrow up to \$8,500 per year for graduate study, to meet financial need, not to exceed a total amount of \$65,500 for both undergraduate and graduate years of study. There is no interest charged while the student is enrolled at least half-time. Six months after leaving school the borrower begins repayment.

The Ford Federal Direct Unsubsidized Loan is available to students who do not qualify for, or who qualify for only part of the regular (subsidized) Federal Direct Loan. Eligible students may borrow up to their financial aid budget (minus subsidized loan eligibility or other financial aid resources received) per year for graduate study not to exceed \$20,500. Maximum accumulated indebtedness in subsidized and unsubsidized loans is \$138,500. Federal Direct Unsubsidized Ford Loans have the same terms and conditions as Federal Direct Ford Loans except that the interest accumulates on the loan while the student is still in school. Students may choose to add the interest that accrues to their principal; however, this may be an expensive option.

### **INTERNATIONAL STUDENT AID International Student Tuition Remission Scholarships.**

The value of International Student Tuition Remission Scholarships may equal up to the

non-resident cost of tuition. This scholarship may be available to international students in good academic standing.

### **TUITION RECIPROCITY— MINNESOTA/WISCONSIN**

The current reciprocity agreement between Minnesota and Wisconsin enables a Minnesota resident to attend Wisconsin public institutions of higher education at rates approximating tuition prevailing in the Minnesota State University System. Those wishing to take advantage of this tuition remission must apply each year well in advance of the beginning of the Fall Semester. Approval covers the full year (including Interim and Summer Sessions). Application forms are available in Minnesota high schools, in the UW-Eau Claire Registrar's office, or from the Reciprocity Office, Higher Education Coordinating Commission, 400 Capitol Square Building, 550 Cedar Street, St. Paul, MN 55101.

### **FEE SCHEDULE**

A fee schedule is established each year. Fees are published in the schedule of classes for each session. The determination of student level (undergraduate or graduate) for the purpose of fee assessment is based on the student's classification. A student who registers for graduate credit will be classified as a graduate student for the term and will be assessed graduate-level fees for all coursework. Exceptions may be made for undergraduates taking graduate courses in accordance with the policy described in this catalog (see Enrollment of Undergraduates in Admissions section).

### **DEGREE PROGRAM REQUIREMENTS**

A complete description of the program requirements for each degree is available upon request from the office of the College and/or Graduate Dean or the department offering the program. General requirements of programs are described in the section of this catalog concerning degrees offered and in the sections concerning specific disciplines and specializations. Students should become familiar with such requirements as research seminars, written comprehensive

examinations, research paper or thesis options, oral examinations, and with the deadlines when these requirements must be met. While faculty advisers are responsible for assisting students in the development of their programs, it is the student's responsibility to know and to meet all the requirements for a specific degree.

### **GRADUATE DEGREE PROGRAM PLAN**

Graduate students admitted to a degree program should file a graduate degree program plan with the Graduate Dean by the third week of the semester in which the student will complete 15 credits. The degree plan must be filed and approved before the term in which graduation is anticipated.

### **GRADUATION**

Each candidate for a graduate degree must apply for graduation via MyBlugold CampS by the end of the first week of classes of the semester or summer session during which the student expects to complete requirements for the degree. Graduate students must be admitted in "full standing" to a specific degree program to be eligible for graduation.

Students who have completed all enrollments for credits required for the degree and are working only on a thesis or research paper and/or taking comprehensive examinations are required to enroll for "graduation only" (courses numbered 798) or another graduate credit during the semester in which they will be completing these degree requirements for graduation. The enrollment fee for "graduation only" will be equal to the established fee for one credit.

### **COMMENCEMENT EXERCISES**

Candidates for graduation are encouraged to attend commencement ceremonies, which are held two times during the calendar year: at the close of the fall and spring semesters of the academic year. Caps, gowns, and hoods must be worn by all graduates.

In order to participate in a commencement ceremony, students must file an application for graduation and must meet at least one of the following conditions: (1) completion of all requirements for the graduate degree, or (2)

current enrollment in the courses necessary to complete all requirements, or (3) completion of all degree requirements with exception of a mandatory internship or other field placement course requiring no more than six credits. Students who will complete all requirements for the degree during the first Three-Week Summer Session are August graduates, but may request permission to attend the May commencement ceremony. Students completing all requirements for the degree in January may attend the prior December ceremony; and students completing all requirements in August may attend the following December ceremony.

## TRANSCRIPTS

An official transcript of a student's record will be issued by the Registrar's office upon written request. There is no charge for transcripts. However, the Registrar reserves the right to limit excessive requests. The permission of the student is required before a transcript will be released (except when requested by faculty or administrative officers within the University). An official transcript cannot be issued unless all financial obligations to the University have been met.

## ADVISING OF STUDENTS

Assistance, information, and counsel are provided by departments offering graduate programs, and by the office of the College Dean. Upon admission to a program, each graduate student is assigned an adviser who is a member of the graduate faculty and who shares the student's area of interest. Admitted and graduate special students can obtain advising on an informal basis.

## STUDENT PETITIONS

Graduate students may petition the Graduate Dean for review of decisions concerning their degree requirements or academic standing. The petition must be in writing and must include justification for the petition, such as extenuating circumstances and pertinent facts not available for consideration in the initial decision.

The Human Development Center (HDC) is an interdisciplinary clinic working with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, graduate student clinicians from Communication Sciences and Disorders, Curriculum and Instruction (Reading), Family Health Nursing, School Psychology, Special Education, and Social Work provide assessment, intervention, and consultation services to children, adolescents, young adults, and families. The HDC offers faculty and students the opportunity to collaborate with other disciplines in clinical as well as research areas. Cooperative and individual research projects are encouraged. Major research projects are conducted by faculty members with assistance from graduate assistants employed at the HDC, or by graduate students working with faculty on theses.

Students participate in the HDC as part of assessment or practicum courses that are offered within the various participating departments. An average of 70 graduate students participate directly in interdisciplinary assessment, intervention, and consultation activities each year.

## AIS

### AIS 514 Ojibwe Language Camps

3 crs. • *Su* • *Special Course Fee Required; Field Trip(s) Required* • *May be repeated for a maximum of 6 credits* • *No S/U Grade Option* • *P: AIS 112* • *Instructor Consent Required*

Lecture/Discussion: 3 | Lab/Studio: 0

• Cross-listed with AIS 314. Criminal background check required. Must have the ability to converse in elementary Ojibwe.

This course examines a growing language revitalization method. Students learn basic techniques for teaching Ojibwe in an informal setting and implement what they learn by participating and teaching at Ojibwe language camps in Native communities.

### AIS 522 Native Geographies

3 crs. • *F* • *Special Course Fee Required; Field Trip(s) Required* • *No S/U Grade Option*

Lecture/Discussion: 3 | Lab/Studio: 0

• Cross-listed with AIS 322 and GEOG 322/522. Credit may only be earned in one course.

The historical and contemporary relationships of American Indians to place, including land use and environmental issues, indigenous mapping techniques, sacred sites, territorial nationhood, and legal rights to ceded and sovereign lands. The course also provides insight into the unique cultures of indigenous peoples around the world.

### AIS 568 Studies in American Indian History

1-3 crs. • *May be repeated for a maximum of 9 credits* • *No S/U Grade Option*

• Cross-listed with AIS 368 and HIST 368/568. Course may be repeated when topic differs for a maximum of nine credits. Consult Class Schedule or department office for current offering.

Selected topics depending on student and staff interests. Possible topics include the history of Wisconsin Indians and American Indians in the twentieth century. Consult class schedule or department office for current offering.

### AIS 569 Wisconsin Indian History

3 crs. • *F, Sp, Su* • *No S/U Grade Option*

Lecture/Discussion: 3 | Lab/Studio: 0

• Cross-listed with AIS 369 and HIST 369/569. Credit may only be earned in one of these courses.

Study of American Indian communities in Wisconsin with emphasis on the mix of continuity and change in response to outside forces.

### AIS 595 Directed Studies

1-3 crs. • *F, Sp* • *May be repeated* • *No S/U Grade Option*

• Cross-listed with AIS 395.

Study of problem or topic related to American Indian Studies.

### AIS 699 Independent Study

1-3 crs. • *F, Sp* • *No S/U Grade Option*

• Cross-listed with AIS 499.

Original individual research or studies related to American Indian Studies.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0

• Cross-listed with BIOL 381. Credit may not be earned in both courses.

Fundamental principles of virus structure, assembly, replication, and control mechanisms related to the dynamics of virus-cell interactions using specific disease examples. Lecture and discussion emphasis on modern molecular methods of studying virus systems.

**BIOL 602 Current Topics in Virology and Immunology**

4 crs. • F • No S/U Grade Option • P: BIOL 300/BIOL 500, CHEM 325, and one of the following: BIOL 302, BIOL 304, BIOL 361/BIOL 561, CHEM 352 OR CHEM 452/CHEM 652; or consent of instructor.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0

• Cross-listed with BIOL 402. Credit may not be earned in both courses.

Lectures and readings in immunology and virology. Emphasis on the mode of thinking and reasoning that led to earlier solutions. Discussions of current advances in the fields.

**BIOL 704 Research Techniques**

2 crs. • May be repeated for a maximum of 6 credits • No S/U Grade Option • Instructor Consent Required

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

Emphasis on experimental design and specific techniques appropriate to the various subdisciplines in biology.

**BIOL 791 Directed Studies**

1-3 crs. • F, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • Instructor Consent Required

Lectures, laboratory, or field study covering specific areas not normally included in regular classes, and of special interest to students and/or faculty.

**BIOL 797 Independent Study**

1-3 crs. • F, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • Department Consent Required

Independent study projects under direction of a faculty member.

## COURSES OFFERED AT THE GULF COAST RESEARCH LABORATORY (GCRL), OCEAN SPRINGS, MISSISSIPPI

The University of Wisconsin-Eau Claire maintains a formal affiliation arrangement with the Gulf Coast Research Laboratory (GCRL) in Ocean Springs, Mississippi. Through this arrangement, students may take field courses at the graduate level in the marine sciences. Graduate credits for these courses are awarded through the University of Southern Mississippi and will be accepted as transfer credit at UW-Eau Claire.

Students may obtain more information about GCRL and admission to the summer program by contacting Dr. David Lonzarich, On-Campus Affiliate Coordinator, UW-Eau Claire Department of Biology or by writing the Office of Student Services, Department of Coastal Sciences, Gulf Coast Research Laboratory, Ocean Springs, MS 39564. Phone: (228) 872-4200; or visit the Web site at [www.usm.edu/gcrl](http://www.usm.edu/gcrl).

Courses in chemistry are taken as part of graduate programs in other areas.

All 500- and 600-level graduate courses include requirements or assignments which differentiate them from their companionate 300- and 400-level undergraduate offerings. Students who have taken a course at the 300- or 400-level may

not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level.

## CHEM

### CHEM 601 Inorganic Chemistry

3 crs. • *Sp odd years* • *No S/U Grade Option* • *P: CHEM 218; and CHEM 433/CHEM 633 or concurrent registration.*

Lecture/Discussion: 3 | Lab/Studio: 0

• Cross-listed with CHEM 401. Credit may not be earned in both courses.

Structure, bonding, and reactivity of inorganic compounds. Symmetry and group theory, vibrational analysis, and molecular orbital theory. Arrhenius and Lewis acid/base concepts. Organometallic and bioinorganic compounds, reactions, and mechanisms.

### CHEM 611 Survey of Industrial Chemistry

3 crs. • *F* • *Field Trip(s) Required* • *No S/U Grade Option* • *P: CHEM 218 and CHEM 326.*

Lecture/Discussion: 3 | Lab/Studio: 0

• Cross-listed with CHEM 411. Credit may not be earned in both courses.

Survey of manufacturing processes, applications, and economics of major inorganic and organic chemicals and polymers, including those involved in the production of plastics, fibers, elastomers, pesticides, pharmaceuticals, detergents, electronics, and pollution control technologies.

### CHEM 626 Modern Organic Chemistry

3 crs. • *F even years* • *No S/U Grade Option* • *P: CHEM 326*

Lecture/Discussion: 3 | Lab/Studio: 0

• Cross-listed with CHEM 426. Credit may not be earned in both courses.

Selected advanced topics in organic chemistry, including reaction mechanisms and synthesis, with emphasis on recent developments in the field.

**CHEM 633 Physical Chemistry I**

Continuation of Chemistry 433/633. The quantitative study of the physical properties of matter emphasizing the microscopic perspective. Topics include: quantum theory, atomic and molecular structure, chemical bonding, molecular symmetry, spectroscopy, resonance techniques, and statistical mechanics.

**CHEM 638 Physical Analysis Laboratory**

2 crs. • Sp • Special Course Fee Required • No S/U Grade Option • P: CHEM 434/CHEM 634 or concurrent registration.

Lecture/Discussion: 0 | Lab/Studio: 6

• Cross-listed with CHEM 438. Credit may not be earned in both courses.

An advanced, project-oriented laboratory course in physical and analytical chemistry. Beyond reinforcing the fundamental concepts in these sub-fields, particular emphasis will be placed on technical writing, and the development of hands-on laboratory skills.

**CHEM 642 Instrumental Analysis**

3 crs. • Sp even years • No S/U Grade Option • P: CHEM 218; CHEM 434/CHEM 634 or concurrent enrollment and CHEM 438/CHEM 638 or concurrent enrollment.

Lecture/Discussion: 4 | Lab/Studio: 0

• Cross-listed with CHEM 442. Credit may not be earned in both courses.

The theory, operation, and analytical applications of chemical instrumentation, including areas such as spectroscopy, separation science, and electrochemistry.

**CHEM 652 Biochemistry I**

3 crs. • F • No S/U Grade Option • P: CHEM 326 or CHEM 323. Credit may not be earned in both CHEM 352 and CHEM 452/652.

Lecture/Discussion: 3 | Lab/Studio: 0

### CJ

#### **CJ 501 Intercultural Communication**

3 crs. • F, Sp • No S/U Grade Option • P: Grade of C or above in CJ 201 or CJ 202.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 301. Credit may not be earned in both courses.

Develops an awareness, appreciation, and understanding of the complexity of communicating across different cultures. Analysis and application of appropriate principles and theories.

#### **CJ 507 Small Group Communication**

3 crs. • F, Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 307. Credit may not be earned in both courses.

Theories, concepts, and skills to improve small group communication. Includes principles of group dynamics, decision-making, problem-solving, interpersonal conflict, leadership, and team-building.

#### **CJ 510 Communication Analysis**

3 crs. • F • No S/U Grade Option • P: CJ 207

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 310. Credit may not be earned in both courses.

A study of the methods for analysis of messages and their application to examples of contemporary communication.

#### **CJ 515 Freedom of Expression**

3 crs. • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 315. Credit may not be earned in both courses.

A study of the origins and evolution of the ideas behind the American concept of free speech and press.

#### **CJ 550 Human Resource Development**

3 crs. • F, Sp • No S/U Grade Option • P: Grades of C or above in CJ 300/CJ 500 and CJ 307/CJ 507, or grades of C or above in BSAD 280 and MGMT 340.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 350. Credit may not be earned in both courses.

Introduction to the human resource development field, emphasizing training and development. HRD needs assessment; design, delivery, and evaluation of programs for employee development.

#### **CJ 551 Strategic Event Planning**

3 crs. • F • SL-Half; Field Trip(s) Required • No S/U Grade Option • P: Grades of C or above in CJ 250 or CJ 265 or CJ 270.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 351. Credit may not be earned in both courses.

Theory and practice of using events to advance impressions of organizations. Focus on the role of effective communication in assessing needs, and designing, delivering and evaluating events. Students will plan and execute an event.

#### **CJ 555 Advanced Organizational Communication: Strategic Message Design**

3 crs. • No S/U Grade Option • P: Grades of C and above in CJ 202 and CJ 250.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 355. Credit may not be earned in both courses.

Analysis and design of messages for use in a variety of organizational contexts. Emphasis on key role of messages in organizations, analysis of organizational needs, and creation of messages to address them.

#### **CJ 557 Professional Communication**

3 crs. • F, Sp • No S/U Grade Option • P: Grade of C or above in CJ 202.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CJ 357. Credit may not be earned in both courses.

Theories, skills, and strategies needed to become an effective communicator in business and professional settings. Special attention given to developing ethical and mindful interviewing and professional speaking skills and strategies.

**CJ 606 Persuasion**

3 crs. • F • No S/U Grade Option • P: Grade of C or above in CJ 202.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with CJ 406. Credit may not be earned in both courses.

Theoretical perspectives for the study, analysis, and design of persuasive communication. Emphasis on ethical, logical, and psychological bases of persuasion.

**CJ 607 Leadership Communication**

3 crs. • No S/U Grade Option • P: Grades of C or above in CJ 300/CJ 500 and CJ 307/CJ 507, or grades of C or above in MGMT 340 and MATH 245 or MATH 246.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with CJ 407. Credit may not be earned in both courses.

Theories, concepts, and skills for effective leadership communication. Focuses on leader traits, behaviors, influence, values, and ethics; on follower characteristics and needs; on situational variables; and on the influence of gender and diversity on leadership dynamics.

**CJ 614 Mass Media Law**

3 crs. • F, Sp • No S/U Grade Option • P: Grade of C or above in CJ 300.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with CJ 414. Credit may not be earned in both courses.

American law as applied to mass communication constitutional guarantees, libel, privacy, access to information, fair trial vs. free press, source protection, contempt of court, obscenity, copyright, regulation of advertising, broadcasting, and media as a business.

**CJ 650 Human Resource Development Seminar**

3 crs. • Sp • No S/U Grade Option • P: Grade of C or above in CJ 350/CJ 550.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with CJ 450. Credit may not be earned in both courses.

Advanced study of human resource development: emerging issues in HRD; performance management and coaching; management development; organization development and change; HRD in a culturally-diverse environment.

**CJ 652 Health Communication**

3 crs. • F • No S/U Grade Option • P: CJ 250 and CJ 300, or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with CJ 452. Credit may not be earned in both courses.

Study and use of communication strategies to inform and influence individual and community decisions that enhance health.

**CJ 695 Directed Studies**

1-3 crs. • F, Sp • May be repeated for a maximum of 3 credits • No S/U Grade Option • Department Consent Required

• Cross-listed with CJ 495.

Study of special topics structured to fit the needs, interests, and goals of the students.

Marie Stadler, Ph.D. (Program Coordinator)

There are five additional instructional personnel in the Department of Communication Sciences and Disorders who hold the doctoral or master's degree and a Certificate of Clinical Competence in Speech-Language Pathology or Audiology from the American Speech-Language-Hearing Association. Graduate faculty members and the other instructional personnel teach some academic courses in Communication Sciences and Disorders and are clinical instructors of students enrolled in practicum experiences.

**PROGRAMS****MS—Communication Sciences and Disorders**

The program leading to the degree in Communication Sciences and Disorders is designed to prepare the student to function independently as a speech-language pathologist within the profession of communication disorders. To accomplish that objective, it is necessary that the student develop knowledge and/or competencies in several areas: (1) normal speech, hearing, and language development and behavior; (2) nature, evaluation, and management in various work settings of the disorders of speech, hearing, and language in children and adults; and (3) investigative procedures in communication disorders.

Completion of a master's degree is required prior to earning certification in speech-language pathology from the American Speech-Language-Hearing Association and prior to earning a license from the Wisconsin Department of Public Instruction for employment in public schools. Almost all employment in speech-language pathology requires the master's degree. The master's degree program in speech-language pathology at this University is accredited by the Council on Academic Accreditation

## COMMUNICATION SCIENCES AND DISORDERS

of the American Speech-Language-Hearing Association and is approved by the Wisconsin Department of Public Instruction. There is no program in audiology at UW-Eau Claire.

Practicum experience is planned to serve the needs and interests of graduate students in communication sciences and disorders. They may obtain a diversity of clinical experience through the Center for Communication Disorders on campus and its many affiliated practicum sites. Under the supervision of qualified University personnel and qualified on-site employees at affiliated practicum sites elsewhere, students have opportunities to encounter clients ranging in age across the lifespan who exhibit all types of communication disorders. The affiliated practicum sites are varied, including hospitals, clinics, community agencies, and schools.

To be considered for admission, an applicant must meet the following minimal criteria: (1) a baccalaureate degree, preferably including a major in communication sciences and disorders; (2) a minimum of 30 earned semester credits in communication sciences and disorders coursework prior to matriculation into the graduate program; (3) a resident and total GPA of 2.75 and a GPA of 3.00 in communication sciences and disorders coursework; (4) a grade of B or above in any graded practicum experience; and (5) submission of all required application materials prior to the application deadline, which is usually February 1st. These application materials include: application to the CSD department, university application with offi-

cial undergraduate transcripts, and three letters of recommendation.

The fact that a student has met the minimal criteria listed above does not guarantee admission to the program. The enrollment in the graduate program is limited to a maximum number of students determined annually by the program faculty. In recent years, the number of students admitted annually has been 16 to 20. Applications for admission are reviewed only once per year in the spring semester. Students begin their graduate programs as full-time students during the fall semester following admission.

The master's degree program requires successful completion of at least 54 CSD graduate semester credits. Each student must complete the following academic courses in the Department of Communication Sciences and Disorders at the graduate level unless equivalent courses have been taken previously: 648, 706, 715, 716, 725, 726, 729, 730, 737, 748, 754, and 774 (26 credits total). A student must enroll in six clinical practicum credits: CSD 769 or 770. In addition, each graduate student completes two externships (12 credits for the two externships combined), which may be located in schools (CSD 780) and/or rehabilitation settings (CSD 781). Prior to the externship, the student must complete the methods course for that setting (CSD 749 and/or 750). Altogether there are 18 required clinical practicum credits in the graduate program, including externships and practicum enrollments. The remaining credits in the graduate program may be

from a list of designated elective courses shown below. To summarize the graduate curriculum, the curriculum includes: 26 credits in specific academic coursework; 18 credits in clinical experiences (practica and externships); at least four credits of electives from this list of courses: CSD 673, 731, 746, 747, and 799; other elective credits from the above list or these: CSD 521, 526, 552, 558, 578, 610, 611, 640, 695, 745, 749, 750, 793, 797. Typical program duration encompasses four semesters and the summer session midway through the program. Students must enroll in a full-time schedule unless special permission is granted by the Communication Sciences and Disorders graduate faculty to work toward the degree on a part-time basis.

Students may elect either a thesis or non-thesis option. All students must successfully complete a written comprehensive examination prior to graduation, except students writing theses.

## COURSES

Graduate credit may be earned in courses with numbers between 500 and 799. The academic coursework in each student's program is planned in conjunction with an assigned academic adviser so that the student meets requirements for state and national credentialing.

## CSD

### CSD 511 Language Development and Disorders: Related Disciplines

3 crs. • F, Su • No S/U Grade Option

• Cross-listed with CSD 311. Credit may not be earned in both courses. No credit for communication sciences and disorders majors.

Biological, cognitive, perceptual, and social bases of language development. Developmental skills and processes related to components of the language system. Language interaction with learning and teaching including identification of deficits and language enhancing strategies.

### CSD 521 Aural Rehabilitation

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with CSD 321. Credit may not be earned in both courses. No credit if taken after CDIS 376/576. CSD 373 or a basic audiology course is recommended prior to enrollment in this course.

Effects of hearing loss on perceptual, cognitive, communicative, educational, occupational, social, and emotional aspects of life, for all age ranges, are studied. Common intervention techniques associated with hearing loss are presented.

### CSD 526 Voice and Resonance Disorders

3 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CSD 326. Credit may not be earned in both courses. CSD 256 and CSD 353 or equivalent courses are required prior to enrollment in this course.

Normal aspects of respiration, phonation, and resonance. Causes and characteristics of various voice and resonance disorders. Introduction to the prevention, evaluation, and treatment of voice and resonance disorders. Introduction to speech/voice instrumentation.

### CSD 552 Fluency Disorders

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CSD 352. Credit may not be earned in both courses.

The nature and theories of stuttering and other fluency disorders. Clinical intervention for people who stutter and understanding how theories can be clinically useful.

### CSD 558 Phonological Disorders

3 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with CSD 358. Credit may not be earned in both courses. CSD 257 or equivalent course is required prior to enrollment in this course.

This course addresses the nature, assessment, and treatment of phonological disorders in children and dialect variations of phonology in adults.

### CSD 578 Introduction to Sign Language

3 crs. • F, Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Open to all students. • Cross-listed with CSD 378. Credit may not be earned in both courses.

An introduction to various systems of manual communication with a strong emphasis on developing beginning skills in Signing Exact English and fingerspelling.

### CSD 610 Communication Changes and Disorders of the Older Adult

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Open to all students. Cross-listed with CSD 410. Credit may not be earned in both courses.

Normal aging and its effects on speech, voice, oral motor skills, language, and hearing. Overview of the nature and treatment of communication disorders of the older adult. Physiological, psychological, and sociological aspects will be considered.

### CSD 611 Facilitating Communication in Preschool Children

2 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with CSD 411. Credit may not be earned in both courses. CSD 257 or equivalent course is required prior to enrollment in this course.

Foundations for the evaluation of preschool children, program planning, and program implementation in early childhood/handicapped classrooms. Focus includes contexts for communication, content and sequence of communication programs, and techniques for facilitating communication.

## COMMUNICATION SCIENCES AND DISORDERS

### **CSD 619 Assistive Technology and Augmentative and Alternative Communication: Related Disciplines**

2 crs. • F, Su • No S/U Grade Option

• Cross-listed with CSD 419. Credit may not be earned in both courses. CSD 257 or CSD 311/CSD 511 or equivalent course is required prior to enrollment in this course. No credit for communication sciences and disorders comprehensive majors.

Augmentative and alternative communication, plus assistive technologies for adapted play, environmental control, mobility, and work site modifications are explored across disabilities and lifespan. Current research, public policy issues, and effective clinical practices will be emphasized.

### **CSD 640 Neurological Aspects of Communication**

2 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with CSD 440. Credit may not be earned in both courses. CSD 256 or equivalent course is required prior to enrollment in this course.

Neuroanatomical and neurophysiological bases of communication with an emphasis on normal aspects.

### **CSD 648 Aphasia and Related Disorders**

2 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with CSD 448. Credit may not be earned in both courses. CSD 440/660 or equivalent course is required prior to enrollment in this course.

Differential diagnosis and treatment of the aphasia and related language disorders.

### **CSD 670 Clinical Practicum in Communication Disorders I**

2 crs. • F, Sp • May be repeated for a maximum of 4 credits • No S/U Grade Option • P: CSD 370 and CSD

331 or CSD 358. • Department Consent Required  
Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with CSD 470.

Capstone course in treatment of speech and language disorders. With supervisory guidance, students earn hours conducting assessment and treatment activities in the Center for Communication Disorders.

### **CSD 673 Applications in Audiology**

2 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with CSD 473. Credit may not be earned in both courses. CSD 373 or equivalent course is required prior to enrollment in this course.

Practical application of audiology practices for Speech Language Pathology and Audiology students are presented. There is a special emphasis on screening for hearing loss, middle ear disorder screening, auditory processing disorder, auditory training, and amplification.

### **CSD 685 Serving Diverse Populations**

2 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with CSD 485. Credit may not be earned in both courses. CSD 370 or equivalent course is required prior to enrollment in this course.

This course will heighten students' awareness of issues in diversity and will also introduce students to knowledge and skills relevant to serving diverse populations across diversity dimensions, lifespan, and service settings.

### **CSD 695 Directed Studies**

1-3 crs. • Special Course Fee Required • May be repeated • No S/U Grade Option • Department

Consent Required

• Cross-listed with CSD 495.

Permits groups of students to study topics of mutual interest in the field of communication disorders.

### **CSD 706 Language Assessment**

3 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

Assessment of language disorders: differences and delay addressed through representative case studies, contributing and perpetuating factors, test selection, test biases, hypothesis formulation, data interpretation, legal guidelines, and information dissemination explored.

### **CSD 715 Research in Communication Sciences and Disorders**

2 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

Application of information about research procedures to the profession of communication disorders. Preparation of students to function as consumers and producers of research.

### **CSD 716 Essential Applications for Graduate Studies in Communication Sciences and Disorders**

1 cr. • F • Special Course Fee Required • No S/U Grade Option • P: Limited to CSD graduate students.

Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0

Learn about and participate in activities associated with critical applications related to the field of communication sciences and disorders including: technology, principles of measurement, ASHA Code of Ethics, and professionalism/clinical disposition.

### **CSD 725 Counseling in Communication Disorders**

2 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

Knowledge, skills, and attitudes important for speech-language pathologists in counseling individuals with communication disorders and their families.

• CSD 440/CSD 640 or equivalent course is required prior to enrollment in this course.

Normal and abnormal anatomy and physiology of swallowing. Evaluation and treatment of swallowing disorders, with primary emphasis on the adult population. Discussion of issues in service delivery, treatment efficacy, and treatment ethics.

**CSD 745 Topics in Speech-Language-Hearing**

2 crs. • Su • May be repeated • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

Topics covered will be determined by selecting from current professional, clinical, and research domains in the field of communication disorders.

**CSD 746 Seminar in Language Disorders**

2 crs. • F even years • May be repeated for a maximum of 4 credits • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

In-depth study of topics in language disorders. Topics will be selected from current professional, clinical, and research domains in the field of communication disorders (e.g., specific language impairment, language, and literacy).

**CSD 747 Seminar in Speech Disorders**

2 crs. • F odd years • May be repeated for a maximum of 4 credits • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

Topics will be selected from current professional, clinical, and research areas in speech disorders (e.g., stuttering or phonology/articulation).

**CSD 748 Motor Speech Disorders**

3 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• CSD 440/CSD 640 or equivalent course is required prior to enrollment in this course.

Acquired and pediatric neurological motor speech disorders: syndrome recognition, differential diagnosis, treatment strategies, and case management issues.

**CSD 749 Communication Disorders: School Methods**

3 crs. • Su • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• CSD 770 or equivalent course is required prior to enrollment in this course.

Roles, responsibilities, and strategies essential to effective functioning in a public school setting. Educational foundations and legal mandates/guidelines which determine education practices will be emphasized.

**CSD 750 Rehabilitation Methods in Communication Disorders**

2 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• CSD 770 or equivalent course is required prior to enrollment in this course.

Issues related to the rehabilitation processes including the structure of institutions, interdisciplinary approaches, documentation, and professional issues.

**CSD 754 Acquired Cognitive-Communicative Disorders**

3 crs. • F • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• CSD 440/CSD 640 or concurrent enrollment or equivalent course is required prior to enrollment in this course.

Nature of dementias, traumatic brain injury (TBI), and right hemisphere brain damage (RHBD). Principles and practices of assessment and intervention of cognitive-communication disorders in persons with dementia, TBI, or RHBD.

**CSD 769 Graduate Clinical Practicum**

1 cr. • F, Su • May be repeated for a maximum of 2 credits • No S/U Grade Option • P: CSD 470/CSD 670 • Department Consent Required

Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0

Supervised clinical experience for first and third semester graduate students.

**CSD 770 Clinical Practicum in Communication Disorders II**

2 crs. • F, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: CSD 706 and CSD 769, or CSD 706 and instructor permission. • Instructor Consent Required

Supervised clinical experience with persons having communication disorders.

**CSD 774 Pediatric Dysphagia**

1 cr. • Su • No S/U Grade Option

Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0  
• CSD 440/CSD 640 or concurrent enrollment or equivalent course is required prior to enrollment in this course.

Nature, assessment, and treatment of pediatric dysphagia.

**CSD 780 Externship in Communication Disorders-Educational Settings**

6 crs. • F, Sp • IN • May be repeated for a maximum of 12 credits • No S/U Grade Option • P: CSD 749; grade of B or above in all enrollments in CSD 769 and CSD 770.

• Criminal background check may be required.

Professional clinical experience for eight weeks in a cooperating educational setting under the supervision of a state and nationally-certified speech-language pathologist, as well as appropriately-credentialed University personnel.

**CSD 781 Externship in Communication Disorders-Rehabilitation Settings**

6 crs. • F, Sp, Su • IN • May be repeated for a maximum of 12 credits • No S/U Grade Option • P: CSD 750; grade of B or above in all enrollments in CSD 769 and CSD 770.

• Criminal background check required.

Professional clinical experience for eight weeks in a cooperating hospital, residential treatment center, and/or rehabilitation agency under the supervision of a state and nationally-credentialed speech-language pathologist, as well as appropriately-credentialed University personnel.

### PROGRAMS

#### MST—Elementary Education

For those engaged in elementary/middle school teaching or supervision, the graduate degree in elementary/middle education is designed to provide broad, practical, and up-to-date information about, and analysis of, educational issues. It offers the potential for guided research, curriculum development, and specialization in topics of interest to the student. Course offerings are constantly being reevaluated and refined to reflect contemporary aspects of methodology, theory, and knowledge in the field. In addition, new courses are being developed as appropriate.

The basic goal of the master degree program in elementary education is the development of competencies which will enable a teacher to operate more effectively in varying elementary/middle school instructional roles. More specifically, graduates of the MST program in elementary/middle education will be better equipped to serve as teachers in schools with various organizational designs. They can prepare for new roles as team leaders or as members of a team.

Requirements of the program include: (a) minimum of 30 semester credits in graduate courses,

of which 15 credits must be in courses open only to graduate students (700 and higher), with overall GPA of 3.00; (b) ES 730 or 738, ES 788, and ES 740, only if the thesis option is chosen; (c) minimum of 15 semester credits in area of specialization (cluster of courses selected in consultation with adviser based on student's educational objectives); (d) minimum of six semester credits in Professional Education to include ES 730 or 738, and 788; (e) minimum of six semester credits of free electives (may be in area of specialization, professional education, or any other area); and (f) an approved degree program plan. The final project for all candidates is a choice of one of the following options: (1) a standard written comprehensive examination, (2) a take-home written comprehensive examination, (3) a portfolio, or (4) a scholarly paper/ research paper, or thesis. For all candidates, an oral examination must be successfully passed prior to graduation.

A teacher pursuing the MST in elementary education may specialize in many areas of the curriculum, such as science, mathematics, social sciences, language arts, theatre arts, and gifted and talented.

#### **MST—Reading**

Designed for secondary and elementary teachers, this program provides training in the teaching of reading leading to licensure as a Reading Teacher (Lic. 316) and Reading Specialist (Lic. 17) in the state of Wisconsin. A prerequisite for admission to the program is a Wisconsin teacher's license based upon the bachelor's degree.

The professional education component contains four specific requirements: an education research course, ES 788; a language development course, CSD 311/511; a learning disabilities course, Sped 330/530 or Sped 400/600 (for Elementary Education majors) or Sped 300/500 (for Secondary Education majors); and a children/adolescent literature course, Lmed 305/505 for Elementary Education majors or Lmed 306/506 for Secondary Education majors or Lmed 730 for either certification.

The area of specialization component requires: ES 705, 706, 726, 731, 746, 753, 765, and 768.

If the individual's program permits free electives, free electives may be chosen under the guidance of one's adviser. A minimum of 30 credits is required for the degree program. A portfolio is required for the 316 and 17 licenses by Wisconsin DPI. Therefore, the recommended final project

for all MST-Reading candidates is a portfolio. For all candidates, an oral examination must also be successfully passed prior to graduation.

#### **Master of Education—Professional Development**

The program assists participants in development of professional competencies in education. A specific concentration is available for library science and media education. A hybrid weekend and online cohort program with an established plan of study in pedagogy also is available. The next cohort program is planned to begin in 2012. Other emphases may be selected from combinations of the following: curriculum development techniques, instructional techniques and technology, human relations/communications, evaluation techniques, computer education, middle/junior high school education, research techniques, and educational foundations. Opportunity also is provided to strengthen competencies in a teaching content specialty.

In addition to meeting the general requirements for admission to the graduate school, applicants to the program must provide: (a) documented commitment to teaching or education-related profession (teaching certification, statement from supervisor, or equivalent); (b) a minimum of two years teaching experience or equivalent; (c) a resumé of career-related experiences; (d) a statement of professional aspirations and related needs; and (e) a proposed program of study, including a statement of purposes or goals reflecting needs and courses planned to achieve the purposes.

The program is offered by the Education Studies Department with assistance from other departments offering graduate study. Participants are assigned an adviser and a committee of at least two other graduate faculty members, including at least one member from a department other than Education Studies, to assist in planning and carrying out the program of study. The purpose of the advising procedure is to plan individually with participants and thereby devise a professional development program in accord with the individual's particular aspirations and goals. Applicants to the ME-PD program should note that this advising procedure, and therefore the entire admissions procedure, takes considerable time and should take this into account when submitting applications.

## EDUCATION STUDIES

Requirements of the program include ES 788, Introduction to Educational Inquiry. The remainder of the 30 required minimum credits are to be selected from courses in the College of Education and Human Sciences and departments in other colleges offering supportive graduate courses, with a maximum of 12 credits in one teaching content specialty and a maximum of nine credits in Independent Study. At least one-half of the credits in the program must be in graduate only courses (700-level courses). Alternatives of research paper, thesis, or equivalent credits in courses are available. The final project for all candidates is a choice of one of the following options: (1) a standard written comprehensive examination, (2) a take-home written comprehensive examination, (3) a portfolio, or (4) a scholarly paper/research paper or thesis. For all candidates, an oral examination must be successfully passed prior to graduation.

### CERTIFICATION PROGRAM

The sequence of courses leading to eligibility for state certification as a 902 Professional Instructional Library Media Specialist is made up of a minimum of 15 credits, including one or more courses from each of the following areas:

1. All of the following courses are required:

Lmed 760	Advanced Production of Instructional Media	3 crs.
Lmed 730	Trends and Issues in Literature: K-12	3 crs.
Lmed 770	Administering District Media Programs	3 crs.
2. One of the following courses is required:

Lmed 608	Computers in Education: Online Communication and Information Retrieval	3 crs.
Lmed 650	Computers in Libraries/IMCs	3 crs.
ES 670	Computers in Education: Instructional Applications	3 crs.
3. One of the following courses is required at a level other than that of the student's undergraduate major:

ES 657	Middle Grade Methods and Curriculum	3 crs.
ES 730	Current Trends and Issues in Curriculum 1-12	3 crs.
ES 738	Techniques of Curriculum Construction	3 crs.

4. Prepare and submit a professional portfolio.  
A student must be eligible for initial 902 certification before undertaking coursework to meet the requirements for 902 professional certification.  
Coursework to qualify for 902 professional certification must be completed after the bachelor's degree.
5. Orally defend the professional portfolio (oral defense).

### COURSES

All 500- and 600-level graduate courses include requirements or assignments which differentiate them from 300- and 400-level undergraduate courses. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level. Course restrictions listed are based on the undergraduate course. Questions regarding course restrictions for graduate students should be directed to the appropriate department office.

### ES

#### ES 501 General Education Literacy Instruction PK-8

3 crs. • F, Sp • No S/U Grade Option • P: Limited to Special Education majors admitted to College of Education and Human Sciences. SPED 301/501 must be taken concurrently with ES 301/501 and provides field experience in general education classrooms.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ES 301. Credit may not be earned in both courses. SPED 301/501 must be taken concurrently with ES 301/501 and provides field experience in general education classrooms.

This course examines theories and strategies prevalent in general education practices designed to support children in all aspects of literacy development.

#### ES 512 General Methods of Teaching

2 crs. • F, Sp • No S/U Grade Option • P: Admission to program. Concurrent enrollment in ES 317/517, ES 318, ES 328/528, and a prescribed special methods course. • Department Consent Required

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
• Cross-listed with ES 312. Credit may not be earned in both courses. Admission to program. Concurrent enrollment in ES 318, 328/528, and a prescribed special methods course.

Introduces models of teaching; lesson and unit planning; direct and indirect methods of instruction; audiovisual, computer, and other educational technologies; managing classrooms; and evaluating and grading student learning.

**ES 516 Writing in Response to Multicultural Literature in Grades K-12**

3 crs. • F • No S/U Grade Option • P: Limited to teaching majors admitted to College of Education and Human Sciences; teaching certification students may also enroll.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ES 316. Credit may not be earned in both courses.

This course examines what it means to have a multicultural perspective on the use of children's literature in the classroom and to use those understandings to design rigorous writing curricula for all grade levels.

**ES 517 Middle Level Methods and Curriculum**

2 crs. • F, Sp • Special Course Fee Required • No S/U Grade Option

• Cross-listed with ES 317. Credit may not be earned in both courses. Concurrent enrollment in ES 312, ES 318 or MUED 318, ES 328, and a prescribed methods course. Limited to teaching majors admitted to College of Education and Human Sciences. Examination of teaching methods appropriate for middle level students and an analysis of philosophies and organizational schemes of the middle level curriculum.

**ES 528 Content Area Reading and Study Strategies**

2 crs. • F • No S/U Grade Option • P: PSYC 261 or CSD 370 or consent of instructor. Limited to teaching majors admitted to College of Education and Human Sciences and school psychology students.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0

• Cross-listed with ES 328. Credit may not be earned in both courses.

Provides rationale and methods for determining the abilities of middle level and secondary students to read text in content areas and provides strategies for teaching effectively from text in a content area classroom.

**ES 533 Literacy Learning in Culturally and Linguistically Diverse Classrooms**

1 cr. • Sp, V • No S/U Grade Option • P: ES 210/211 or consent of instructor. Limited to teaching majors admitted to College of Education and Human Sciences. No credit if taken after ES 753.

Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0

• Cross-listed with ES 333. Credit may not be earned in both courses.

Designed for K-12 teachers, this course discusses literacy learning for diverse learners as well as a repertoire of literacy strategies to accomplish academic success.

**ES 538 Reading, Language, and Thinking**

3 crs. • F, Sp • No S/U Grade Option • P: ES 328/528, or CSD 370, or consent of instructor. Limited to teaching majors admitted to College of Education and Human Sciences and school psychology students.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ES 338. Credit may not be earned in both courses.

Study of teaching the interrelationships of critical thinking, reading, writing, speaking, and listening across content areas; practice in research-based procedures to use language to promote learning. Study of the interdisciplinary team approach and group process.

**ES 585 Social Foundations: Human Relations**

3 crs. • F, Sp, Su • No S/U Grade Option • P: One of the following: ES 149, ES 203, ES 210, ES 211, ES 212; SPED 205; CSD 257; SOC 101; ANTH/AIS 161; or consent of department chair.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ES 385. Credit may not be earned in both courses. Students are expected to accrue 15 of the 30 hours of volunteer/field work prior to the semester they are enrolled in ES 385/585.

Students will examine cultural contributions of racial, ethnic, cultural, gender, and economic groups. They will also examine forces of discrimination and racism on individuals, society, and education and analyze practices that promote dignity, social justice, and equality.

**QUALIFICATIONS FOR ADMISSION TO DEGREE PROGRAMS IN ENGLISH**

1. A bachelor's degree with a minimum of 24 semester credits of undergraduate English.
2. A GPA of 3.00 overall (or 3.15 in the second half of all undergraduate work) and 3.25 in English coursework.
3. A letter of intent from prospective student in which the student explains his or her academic and career goals and expectations.
4. A writing sample, such as an undergraduate research paper, which represents the student's best work.

NOTE 1: The English Department may consider admission of an applicant whose English GPA is no less than 3.00 and/or whose other qualifications do not meet all those specified above where there is convincing evidence that he or she is capable of performing satisfactory graduate work in the department. Admission under these circumstances is conditional. Completion of six credit hours of graduate work with a grade of B or above in each course and removal of all deficiencies will lead to full standing.

NOTE 2: Course deficiencies may be completed after admission if approved by the English Graduate Executive Committee. These course deficiencies must be completed in addition to the minimum credit hours required for the degree.

NOTE 3: The English Department encourages students to find a mentor in the university to help with the application process.

## PROGRAMS

### MA—English: Literature and Textual Interpretation

Designed for persons who plan to teach in high school or in college, to pursue careers requiring a high level of communication skills, or to pursue further graduate work in English or related fields, the English Department's MA—English: Literature and Textual Interpretation program offers courses in literature, theory, film, technical and creative writing, pedagogy, and linguistics. Advanced courses in literature and film emphasize textual interpretation from a variety of theoretical perspectives and provide practical training in literary and film research and criticism. Other advanced courses focus on theories of pedagogy, writing, and language.

The applicant must have a baccalaureate degree with a minimum of 24 semester credits of English. Any deficiency in credits must be made up at the undergraduate level. After admission to the program, the student must complete a minimum of 27-30 semester credits in graduate course offerings (all but three credits must be in English), including six credits of required core course offerings: Engl 711 Critical Thinking, Reading, and Writing and Engl 715 Critical Theory and English Studies. At least nine of the additional credits in English must come from 700-level literature umbrella courses, with three different umbrellas represented. The program may include no more than three semester credits of either independent or directed study courses. Independent and directed study credits must be approved in advance

by the English Graduate Director. A 3.00 GPA in all graduate work is required.

### MA—English: Writing

Designed for persons who plan to teach in high school or in college, to pursue careers requiring a high level of communication skills, or to pursue further graduate work in English or in related fields, the English Department's MA—English: Writing program offers courses in literature, theory, film, creative and technical writing, pedagogy and linguistics. Advanced workshops in prose and poetry writing emphasize professional production in literary genres. Other advanced courses focus on theories of composition pedagogy, scientific and technical writing, literature and language.

The applicant must have a baccalaureate degree with a minimum of 24 semester credits of English. Any deficiency of credits must be made up at the undergraduate level. After admission to the program, the student must complete a minimum of 27 semester credits in graduate course offerings (all but three must be in English), including six credits of required core course offerings: Engl 711 Critical Thinking, Reading, and Writing and Engl 715 Critical Theory and English Studies. Twelve to fifteen additional credits must come from graduate-level writing/language courses, including six credits from 700-level writing/language umbrella course offerings. In addition, students must take six credits of graduate-level literature courses, with three of those credits coming from 700-level literature umbrella courses. The program may include no more than three semester credits of independent or directed study courses. Independent and directed study credits must be approved in advance by the English Graduate Director. A 3.00 GPA in all graduate work is required.

### MST—English

Designed for persons certified to teach English, the MST program offers courses in literature; theory; film; technical and creative writing; pedagogy; and linguistics. Advanced courses in literature and film emphasize textual interpretation viewed from a variety of theoretical perspectives and provide practical training in literary and film research and criticism. Other advanced courses focus on theories of pedagogy, writing, and language.

## ENGLISH

The applicant must have a baccalaureate degree with a minimum of 24 semester credits of English. Any deficiency in credits must be made up at the undergraduate level. After admission to the program, the student must take from 12 to 18 semester credits in English graduate offerings, including six credits of required core course offerings: Engl 711 Critical Thinking, Reading, and Writing and Engl 715 Critical Theory and English Studies. In addition, students must take nine semester credits in Professional Education Offerings; and up to six semester credits of Free Electives, depending on how many English credits are needed (any Free Elective may be taken in English). At least half of the credits in English must be in 700-level courses, excluding Engl 796, 797, 799. (NOTE: At least 15 credits in the student's entire MST program must be at the 700-level.) The program may include no more than three semester credits of either independent or directed study courses. Independent and directed study credits must be approved in advance by the English Graduate Director. A 3.00 GPA in all graduate work is required. (See the Master of Science in Teaching Degree Program description for further information.) Students need a minimum of 42 semester credits in English (including undergraduate credits).

### THESIS OPTIONS

In order to best meet the diverse needs of master's degree students, four thesis options are available within the program.

#### *Critical Interpretive Thesis (six crs.):*

The traditional critical interpretive thesis is an option for all graduate students. The critical thesis will consist of an argument of approximately 60 pages that the student will complete under the guidance of a committee of two English department graduate faculty members and one outside graduate faculty member in a related field, and which the student will defend in an oral exam. Writing the thesis provides experience in designing and executing a sustained research-based writing project that requires effective independent research, writing, and revision. Students will demonstrate knowledge of the field by including a literature review appropriate to the project and a sustained, theoretically informed main argument. The project increases the student's depth of knowledge in a chosen area of inquiry within English Studies.

#### *Scholarly Publishable Paper (three crs.):*

An alternative option for the exceptional student in the MA—English: Literature and Textual Interpretation or the MST programs is the scholarly publishable paper. A student may, with the approval of the Director of Graduate English and an English graduate faculty member, produce a scholarly paper of publishable caliber. The publishable paper will typically originate from a writing project completed in a graduate seminar course or an independent study experience. It will consist of an advanced work of textual criticism of approximately 25-30 pages that the student will complete under the guidance of two English department graduate faculty members and one outside graduate faculty member in a related field, and which the student will defend in an oral exam. The project will include an explicit and compelling, if brief, argument for the contribution the article will make to prevailing disciplinary conversations. The paper will make a rhetorically sophisticated and theoretically informed argument. The project will demonstrate that the student has achieved familiarity with the audience expectations of relevant publications. This work must be submitted to a peer-reviewed publication to qualify as completed. This option will give students experience in preparing the kind of publication they will be expected to produce as practicing scholars in literary criticism, including the research and argumentation skills necessary to produce a rigorous and compelling textual analysis.

Students writing a publishable paper to complete their degree must take a minimum of 30 course credits in addition to three thesis credits.

#### *Creative Thesis (six crs.):*

A student enrolled in the MA—English: Writing program may offer six credits of creative work consisting of a minimum of 30 pages of original poetry or 75 pages of original prose or drama to complete the program. These creative theses, which must include an introduction, will demonstrate a student's ability to produce work of a publishable caliber. In order to be eligible for this option, students must acquire the approval of two members from the creative writing graduate faculty or, as appropriate to the project, the approval of one graduate faculty member from science and technical writing and one

graduate faculty member from creative writing. The student will work under the guidance of a committee of two English department graduate faculty members and one outside graduate faculty member in a related field and will defend the thesis in an oral exam.

*Pedagogy Paper (three crs.):*

Students in our MA or MST programs who are currently working in the field as middle or high school teachers may use this option to explore a teaching question related to textual analysis and/or production in English that has emerged from their graduate studies. The project will consist of a paper of approximately 25-30 pages intended for other practitioners in the field, which the student will complete under the guidance of one specialist in English Education, one English department faculty member who is not in English Education, and one outside faculty member in a field related to the study, and which the student will defend in an oral exam. The study will bring contemporary practices of textual analysis and/or production to bear on classroom practice, and it must include a review of literature that theoretically informs the research question and justifies the selected mode of inquiry. This option will provide middle and high school teachers a bridge from the study of textual analysis and/or production to classroom practice.

Students writing a pedagogy paper to complete their degree must take a minimum of 30 course credits in addition to three thesis credits.

## COURSES

Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the cases of creative writing workshops and special topics courses when the topic is not the same as that taken at the undergraduate level. Questions regarding course restrictions for graduate students should be directed to the appropriate department office.

A significant contribution above and beyond that of the undergraduate students will be expected of all graduate students enrolled in 500- and 600-level courses.

Whenever possible, the instructor should meet with all enrolled graduate students to explain this requirement and consult with the stu-

dents as to what specific form this requirement will take.

Graduate students, upon consultation with the instructor, may be required to do up to 50 percent more reading and/or writing than undergraduate students.

Graduate students, upon consultation with the instructor, may also be asked, either in place of or in addition to the above requirements, to participate in research, class presentations, or other special projects.

Graduate credit may be earned in each of the following modes:

*Traditional Classroom Setting.* This mode includes double-numbered courses on the 500-600 level, seminars or courses on the 700 level, and coursework earned in areas outside English.

*Tutorially Supervised Study.* Tutorials are available in any of the topical areas identified under seminar and course headings at the 700 level, with the exception of English 711 and 715, when they are not offered as classroom courses. Before registering in a tutorial, students must apply to an instructor who specializes in the area to be studied and receive his/her permission. Tutorial Contract forms, along with a list of specific courses, are available through the English department office. Tutorials may be used for no more than six credit hours.

*Individual Research.* This mode includes Engl 796, Directed Studies; Engl 797, Independent Study; and Engl 799, Thesis.

**Course Scheduling.** A tentative schedule of 700-level offerings for 2010-2012 includes:

2011-2012: 711, 715, 724, 727, 753, 789

2012-2013: 711, 715, 721, 723, 743, 769

Enrollment in 700-level courses requires admission to the program or the consent of the graduate director.

To help students with their degree planning, the department provides a tentative semester-by-semester course list and a summer course list. Prior to each semester's registration, the Graduate Director provides more detailed descriptions of upcoming offerings. These are available on the Web and in the department office.

Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level.

### GEOLOGICAL

#### **GEOLOGICAL 515 Hydrogeology I**

4 crs. • F • *Field Trip(s) Required* • No S/U Grade Option • P: GEOL 106, or GEOL 110, or GEOL 115, or GEOL 130 and GEOL 131; MATH 112, or MATH 114, or MATH 215. • *Instructor Consent Required*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 3

• Cross-listed with GEOL 315. Credit may not be earned in both courses.

The hydrologic cycle, runoff and streamflow, saturated groundwater flow, contaminant transport, geology of groundwater occurrence, aquifer characterization, groundwater flow to wells, hydrogeologic field techniques, groundwater flow and contaminant transport computer modeling, groundwater development and management.

#### **GEOLOGICAL 536 Introduction to Geochemistry**

3 crs. • Sp • No S/U Grade Option • P: GEOL 312; CHEM 104 or CHEM 115. • *Instructor Consent Required*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with GEOL 336. Credit may not be earned in both courses.

Application of chemistry to geologic problems. Principles of isotope geochemistry, thermodynamics, chemistry of natural waters, and computer modeling of geochemical systems.

#### **GEOLOGICAL 537 Analytical Geochemistry Laboratory**

1 cr. • No S/U Grade Option • P: GEOL 336/GEOL 536 or concurrent registration. • *Instructor Consent Required*

Lecture/Discussion Hours: 0 | Lab/Studio Hours: 2

• Cross-listed with GEOL 337. Credit may not be earned in both courses.

Theory and application of geochemical instrumentation including x-ray diffraction, x-ray microanalysis, scanning electron microscopy, atomic absorption spectrometry, mass spectrometry, and neutron activation analysis.

#### **GEOLOGICAL 616 Hydrogeology II**

4 crs. • Sp • *Field Trip(s) Required* • No S/U Grade Option • P: GEOL 315/GEOL 515 • *Instructor Consent Required*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 2

• Cross-listed with GEOL 416. Credit may not be earned in both courses.

Review of principles of groundwater flow and contaminant transport, reactive groundwater contamination, groundwater remediation, chemical evolution of natural groundwater, flow in the unsaturated zone, advanced groundwater flow and contaminant transport computer modeling, water law.

#### **GEOLOGICAL 645 Engineering Geology and Geophysics**

5 crs. • F • *Field Trip(s) Required* • No S/U Grade Option • P: GEOL 312; PHYS 211 or PHYS 231; MATH 114 or consent of instructor. • *Instructor Consent Required*

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 2

• Cross-listed with GEOL 445. Credit may not be earned in both courses.

Application of geological and geophysical principles to solve human problems. Discussion of soil and rock mechanics, slope stability, earthquake analysis and seismic planning, and geophysical techniques including seismic, gravity, magnetic, electrical, and electromagnetic surveying.

#### **GEOLOGICAL 691 Advanced Special Topics**

1-4 crs. • *May be repeated* • No S/U Grade Option • *Instructor Consent Required*

• Cross-listed with GEOL 491.

Topics of special interest and current relevance to the advanced geology student; includes field excursions. Topics vary.

#### **GEOLOGICAL 793 Directed Studies**

1-4 crs. • *May be repeated* • No S/U Grade Option • *Instructor Consent Required*

Permits groups of students to study topical areas in an intensive way under the direction of department faculty members.

#### **GEOLOGICAL 797 Independent Study**

1-3 crs. • *May be repeated* • No S/U Grade Option • *Department Consent Required*

Independent study projects under direction of faculty members.

**QUALIFICATIONS FOR ADMISSION TO DEGREE PROGRAMS IN HISTORY**

1. Applicants must hold a bachelor's degree with a minimum of 24 semester credits of undergraduate history. The department strongly recommends at least 30 semester credits.
2. A GPA of 3.00, or 3.15 in the second half of all undergraduate work and a 3.30 in the history concentration.
3. A letter of intent from prospective student in which the student explains his or her academic and career goals and expectations.
4. Three letters of recommendation by professors who are familiar with the applicant's past work and potential to do graduate work. These letters may also be used for applying for graduate assistantships and fellowships.
5. Completion of an undergraduate research seminar involving the writing of a major research paper (minimum 10 pages preferred), a copy of which should accompany the application, together with a letter from the supervising professor. This letter may be counted as one of the three letters of recommendation. (A student meeting the above criteria, but not this one, may be admitted conditionally, and must take Hist 488 and 489 at the beginning of enrollment in the program. Conditional status is removed

upon completion of Hist 488 and 489 with grades of B or above. The four undergraduate credits involved are in addition to the 30 graduate credits required for the degree.)

**Further Notes to Applying Students**

1. It is strongly recommended that a student have completed two years of foreign language study at the college level or its equivalent. It is further recommended that the language be related to the intended area of concentration.
2. The department may consider admission of a student whose GPA and/or other qualifications do not meet all those specified above where there is convincing evidence that he or she is capable of performing satisfactory graduate work in the department. Admission under these circumstances is conditional. Completion of nine hours of graduate work with a grade of B or above in each course and removal of all deficiencies will lead to full standing.

**PROGRAMS****MA—History**

The Master of Arts-History is intended for those who wish to increase their backgrounds in history and for those students who intend to do further advanced work in history. Graduate students who complete the program are expected to broaden and deepen their knowledge and understanding of history and techniques of historical research to ensure a sound, factual knowledge and a grasp of pertinent historical literature in the fields in which they study, to appreciate the historical method of searching for truth, and to recognize the complex nature of historical developments.

To complete the program, students must earn a minimum of 30 credits including a thesis for six credits; earn 30 credits including a research paper for three credits; or earn 33 graduate credits of coursework, with no research paper or thesis required. Up to nine credits may be from disciplines outside of History with the approval of the adviser. All students must attain a GPA of 3.00 or higher and complete Hist 793. Students are required to complete Hist 719 preliminary to writing the thesis or research paper. At least 18 credits must be taken in courses open only to graduate students.

## HISTORY

Degree requirements have been arranged and a counseling system devised with the intention of providing each student a program encompassing both breadth and depth. Students prepare themselves in a field of concentration designed to meet their needs and interests.

### Graduate Certificates Program in History

**The Graduate Certificates Program in History** is for individuals who would like to expand their competence and knowledge in a particular area of history. The program is designed to offer flexibility based upon the specific needs or interests of students. Graduate certificates emphasize specialization and depth of knowledge in a specific area of interest. The program is available to those admitted as special students and graduate students admitted to the MA Program in History who may choose to pursue certificates within the MA program. Special students seeking admission to the MA Program should apply before nine credits have been completed in the Graduate Certificates Program.

### Requirements for Admission to the Graduate Certificates Program in History

1. A bachelor's degree from an accredited college or university, including a minimum of nine hours in history at the college level.
2. An overall GPA of 3.00, or 3.15 in the second half of all undergraduate work.
3. A letter of intent from the prospective student in which the student explains his or her goals and expectations, as well as the area of history in which the student wishes to concentrate.

### Requirements for Graduate Certificates

To complete a graduate certificate, students must earn a minimum of 15 credits in an area of concentration including six credits in courses open only to graduate students (700-level courses). Students may include a total of three credits from Hist 797 and up to three transfer credits in a certificate program. Three graduate credits are permitted from disciplines outside the Department of History with the approval of the history graduate director. All students must maintain a GPA of 3.00 or higher in every course and have a minimum 3.00 GPA upon completion of the certificate.

### Fields of Concentration for Graduate Certificates

African American History  
Asian History  
European History  
Global History  
Historical Research and Writing  
Latin American History  
Military History  
Native American History  
Race and Ethnic History  
United States History  
Women, Family, and Gender History

Students may also design other areas of concentration based upon region or topic.

### Public History Graduate Certificate

The graduate certificate in public history prepares students for a wide range of career options by familiarizing them with museum work, historic preservation, archives and other public history subfields, and by providing hands-on experience through internships and other opportunities. The Wisconsin Historical Society's Division of Public History and Historic Preservation opened its Northern Field Services Office in the History Department in 2006. The Field Services program provides programming and assistance to history and preservation organizations statewide and collaborates with the Public History program to coordinate internships and other opportunities in public history.

## COURSES

All 500- and 600-level graduate courses include requirements or assignments which differentiate them from their companionate 300- and 400-level undergraduate offerings. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level.

Political, economic, and social development.

### **HIST 686 Seminar in Public History**

3 crs. • *Sp* • *Field Trip(s) Required* • *May be repeated*

*for a maximum of 6 credits* • *No S/U Grade Option*

• *P: HIST 386/HIST 586*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with HIST 486.

The seminar in public history is organized around completing a project in a particular field in the discipline. Students will conduct research and complete a written seminar paper that will serve as a part of a larger class product.

### **HIST 691 Special Topics**

1-3 crs. • *May be repeated for a maximum of 9*

*credits* • *No S/U Grade Option*

• Cross-listed with HIST 491.

Topics will vary depending on interest of students and faculty. Topics may be specific themes or eras of history.

### **HIST 701 Readings in European History**

3 crs. • *May be repeated* • *No S/U Grade Option*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

**HIST 703 Readings in World History**

3 crs. • *May be repeated* • *No S/U Grade Option*  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

**HIST 705 Studies in History for Teachers**

1-3 crs. • *May be repeated for a maximum of 6 credits* • *No S/U Grade Option*  
• Only three credits may count toward graduate-only credit.  
A concentrated study of an historical topic for one or more weeks, depending on number of credits for which course is offered.

**HIST 707 Reading Historical Texts**

1-3 crs. • *V* • *May be repeated for a maximum of 3 credits*  
• *No S/U Grade Option* • *Instructor Consent Required*  
Readings of historical texts in-translation or original language.

**HIST 711 Readings in U.S. History**

3 crs. • *May be repeated* • *No S/U Grade Option*  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Familiarizes students with major issues of historical debate in the field by reading a book per week or commensurate articles. Term paper summarizing and evaluating views on a specific issue is shared with other students.

**HIST 715 Colloquium in History**

3 crs. • *May be repeated* • *No S/U Grade Option*  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Various topics are offered as indicated in the current Class Schedule. Emphasizes mastery of major secondary literature. A paper treating the literature on a specific subject is required.

**HIST 719 Readings in Area of Thesis**

3 crs. • *No S/U Grade Option* • *P: Nine graduate credits of history.* • *Instructor Consent Required*  
Independent study format. Reading in depth in area of concentration for thesis or research paper. Thesis/research paper adviser is instructor. Culminates in presentation of prospectus to thesis committee.

**HIST 725 Seminar in History**

3 crs. • *No S/U Grade Option*  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Various topics are offered as indicated in the schedule of classes. Introduces students to secondary literature on a topic as preparation for research in original sources leading to the writing of a paper to be presented to the class.

**HIST 790 Internship in Public History**

1-3 crs. • *IN* • *May be repeated for a maximum of 6 credits* • *No S/U Grade Option* • *P: HIST 586 or consent of instructor, nine credits of graduate work in history.* • *Department Consent Required*  
Supervised assignment to museum, archives, historical site, or other agency for working experience as a public historian. Work will apply research skills and knowledge of history to help solve community problems.

**HIST 793 Current Trends in History**

3 crs. • *No S/U Grade Option*  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Examines the emergence of history as a profession, major subfields today within the discipline of history, methodologies and models currently influencing the work of historians, and dominant issues presently engaging the attention of historians.

**HIST 795 Research Paper**

1-3 crs. • *May be repeated* • *PR Only Grade Basis*  
• *P: HIST 719*

**HIST 797 Independent Study**

1-3 crs. • *May be repeated* • *No S/U Grade Option*  
• *Department Consent Required*

**HIST 799 Thesis**

1-6 crs. • *May be repeated* • *PR Only Grade Basis*  
• *P: HIST 719*  
• Full-time equivalent.

### PROGRAMS

No graduate degree programs offered.

### COURSES

All 500- and 600-level graduate courses include requirements or assignments which differentiate them from their companionate 300- and 400-level undergraduate offerings. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level.

### INTS

#### INTS 595 Directed Studies

1-3 crs. • May be repeated • No S/U Grade Option

• Department Consent Required

• Cross-listed with INTS 395. The student must have successfully completed at least one course that directly relates to the subject chosen for the directed study.

A scholarly investigation of a subject appropriate to the country in which the student is studying. Directed by a member of the UW-Eau Claire resident faculty and assisted by a local resource person.

#### INTS 698 International Education Internship

1-6 crs. • F, Sp, Su • IN • May be repeated for a maximum of 12 credits • A-F Grades Only • Department Consent Required

• Cross-listed with INTS 498. Student must apply for internship, interview, and be offered a position.

Pre-professional internships intended to provide students with concrete, applicable experience in the field of International Education. A complete description of all internships is available in the Center for International Education.

### KINS

#### KINS 512 Psychology of Sport and Physical Activity

3 crs. • F, Sp, Su • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with KINS 312. Credit may not be earned in both courses.

The course will examine psychological aspects which affect peak performance in sport, along with exploring the effect that sport and physical activity have on individuals.

#### KINS 513 Sociology of Sport and Physical Activity

3 crs. • F, Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with KINS 313. Credit may not be earned in both courses.

Introduction to the social influences on sport and physical activity as well as the influence sport has on society.

#### KINS 535 Introduction to School Health Education and Current Health Issues

3 crs. • V • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with KINS 335. Credit may not be earned in both courses.

A theory and activity based course in which students will discover the importance of health education in the schools and explore current health issues surrounding our nation's youth.

### **KINS 536 Strategies and Assessment in School Health Education**

3 crs. • V • No S/U Grade Option • P: KINS 335/ KINS 535

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with KINS 336. Credit may not be earned in both courses.

This course will focus on using experiential learning techniques and developing authentic assessments to be used in school health education classes.

### **KINS 537 Health Education Curriculum Design**

3 crs. • V • No S/U Grade Option • P: KINS 336/ KINS 536

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with KINS 337. Credit may not be earned in both courses.

Students will design and evaluate the effectiveness of School Health Education Curricula. Students will plan effective comprehensive health instruction with special emphasis on making curricular connections to effectively integrate health content into multiple disciplines.

### **KINS 546 Athletic Training Apprenticeship**

1-3 crs. • F, Wi, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: KINS 204 or consent of instructor. • Instructor Consent Required  
• Cross-listed with KINS 346.

Experience for qualified students, selected and supervised by faculty members to facilitate teaching and learning in an athletic training setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

### **KINS 547 Coaching Apprenticeship**

1-3 crs. • F, Wi, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: KINS 292 or consent of instructor. • Instructor Consent Required  
• Cross-listed with KINS 347.

Experience for qualified students, selected and supervised by faculty members to facilitate coaching and learning in a coaching setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

### **KINS 548 Human Performance Apprenticeship**

1-3 crs. • F, Wi, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: KINS 309 or consent of instructor. • Instructor Consent Required  
• Cross-listed with KINS 348.

Experience for qualified students, selected and supervised by faculty members to facilitate teaching and learning in a human performance setting. Students enhance their knowledge and their ability to communicate that knowledge to other students.

### **KINS 550 Apprentice in Teaching Physical Education**

1-3 crs. • F, Wi, Sp, Su • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: KINS 290 or consent of instructor. • Instructor Consent Required  
• Cross-listed with KINS 350.

Experience for qualified students, selected and supervised by faculty members to facilitate teaching and learning in a specific course. Students enhance their knowledge and their ability to communicate that knowledge to other students.

### **KINS 557 Essentials of Strength and Conditioning**

3 crs. • F, Sp • Special Course Fee Required • No S/U Grade Option • P: KINS 304 AND 308.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with KINS 357. Credit may not be earned in both courses. Completion of KINS 117 is strongly recommended prior to enrollment in this course for students who do not possess a basic knowledge of strength training technique. This course provides an introduction to strength and conditioning program design, implementation, and evaluation.

### **KINS 591 Special Topics**

1-3 crs. • V • No S/U Grade Option  
• Cross-listed with KINS 391.  
Special topic in kinesiology.

### **KINS 617 Soft Tissue Manipulation in a Clinical Practice**

1 cr. • F • A-F Grades Only • P: BIOL 314 or equivalent; KINS 415 or concurrently; and limited to admitted athletic training majors.

Lecture/Discussion Hours: 0 | Lab/Studio Hours: 1  
This course is designed to provide an understanding of soft tissue manipulation and how it is integrated into the full spectrum of patient management, via the use of manual and instrument assisted techniques.

### **KINS 645 Basic Electrocardiography**

3 crs. • F, Wi, Sp, Su • No S/U Grade Option • P: BIOL 151 OR BIOL 214; KINS 308; or consent of instructor.  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with KINS 445. Credit may not be earned in both courses.

This course is designed to fill the needs of students who desire the ability to interpret the resting, normal, and abnormal ECG, as well as provide an overview of cardiac anatomy, function, and neurophysiology.

### **KINS 650 Applied Nutrition in Kinesiology**

3 crs. • V • No S/U Grade Option • P: BIOL 151 or BIOL 214, or other equivalent course.  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with KINS 450. Credit may not be earned in both courses.

The purpose of this course is to gain insight into nutritional issues related to various populations. Students will assess dietary, physical, and performance standards related to these populations and develop alternative plans for healthy lifestyles.

**KINS 660 Psychosocial Aspects of Injury and Illness**

3 crs. • V • *No S/U Grade Option* • P: PSYC 100; BIOL 151 or BIOL 214.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with KINS 460. Credit may not be earned in both courses.

This course is designed to explore the psychosocial aspects of injury and illness, the psychosocial impact that injury/illness can have on a patient/client, and to develop skills in assisting patients/clients to respond effectively to injury/illness.

**KINS 687 Assessment in Adapted Physical Education**

3 crs. • Sp • *No S/U Grade Option* • P: KINS 484 and SPED 200.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with KINS 487. Credit may not be earned in both courses.

A theory and lab course examining the appropriate assessment tools and procedures for special populations in physical education.

**KINS 692 Coaching Practicum and Seminar**

4 crs. • V • CP; *Special Course Fee Required* • *No S/U Grade Option* • P: KINS 292 • *Department Consent Required*

Seminar Hours: 2 | Practicum Hours: 4  
 • Cross-listed with KINS 492. Credit may not be earned in both courses.

A capstone experience where the student develops a coaching portfolio. Seminar focuses on special topics in sport. Field experience of a minimum of 60 hours will apply teaching, administrative, and management skills in coaching.

**KINS 693 Practicum in Special Physical Education**

3 crs. • F, Sp • *Special Course Fee Required* • *No S/U Grade Option* • P: SPED 210 or SPED 306; KINS 484, KINS 487/KINS 687 or concurrent enrollment in KINS 487/KINS 687. • *Department Consent Required*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with KINS 493. Credit may not be earned in both courses.

A lab course applying principles of programming and assessment in the special physical education environment.

**KINS 695 Directed Studies in Physical Education**

1-3 crs. • F, Sp, Su • *May be repeated* • *No S/U Grade Option* • *Department Consent Required*  
 • Cross-listed with KINS 495.

Group study, under the immediate direction of a physical education faculty member, of a defined problem not covered in existing courses.

**KINS 797 Independent Study**

1-3 crs. • F, Sp, Su • *May be repeated for a maximum of 9 credits* • *No S/U Grade Option* • *Department Consent Required*

**LAS**

**LAS 509 Latin America Through Independence**

3 crs. • *No S/U Grade Option*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with LAS 309 and HIST 309/509. Credit may only be earned in one of these courses.

Pre-Columbian background, establishment of Spanish and Portuguese empires and institutions in the New World, and the struggle for independence.

**LAS 511 Latin America Since Independence**

3 crs. • *No S/U Grade Option*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with LAS 311 and HIST 311/511. Credit may only be earned in one of these courses.

Political, economic, and cultural development from independence to present. Primary emphasis on Mexico and Brazil.

**LAS 512 Latinos in the U.S.**

2 crs. • F, Sp • *No S/U Grade Option* • P: SPAN 301 or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with LAS 312 and SPAN 312/512. Credit may only be earned in one of these courses.

Issues relevant to the Latino population in the U.S. will be analyzed and discussed through readings, films, presentations, class discussions, and other activities. Readings and films will be primarily in English; discussions will be in Spanish.

**LAS 521 Geography of Latin America**

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 321 AND GEOG 321/521. Credit may only be earned in one of these courses.

The physical and cultural landscapes of Latin America, including North, Central, and South America and the Caribbean Islands, with attention to the major cultural, economic, social, and political currents of each region.

**LAS 550 Spanish-American Literature in Translation**

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 350 and FLTR 350/550. Credit may only be earned in one of these courses.

This course introduces students to Spanish-American authors and their writings in a historical and social context.

**LAS 552 Contemporary Spanish American Civilization**

3 crs. • F, Sp • No S/U Grade Option • P: SPAN 302 or consent of instructor. No credit if taken after SPAN 351.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 352 and SPAN 352/552. Credit may only be earned in one of these courses.

Introduction to the historical background necessary for comprehending contemporary Latin America. Analysis of current social, political, and economic issues, with consideration of influential personalities in present-day Latin American society.

**LAS 567 Survey of Spanish American Literature**

3 crs. • E, Sp • No S/U Grade Option • P: SPAN 302 or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 367 and SPAN 367/567. Credit may only be earned in one of these courses. This course is recommended to be taken after study abroad.

Study and literary analysis of the work of the principal writers of Spanish American Literature from indigenous to contemporary literature.

**LAS 676 The Novel in Spanish America I: 1850-1950**

3 crs. • No S/U Grade Option • P: SPAN 363/SPAN 563, or SPAN/LAS 367/SPAN/LAS 567, or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 476 and SPAN 476/676. Credit may only be earned in one of these courses.

Study of the most important novelists of Spanish America, from 1850 to 1950.

**LAS 677 The Novel in Spanish America II: 1950-Present**

3 crs. • No S/U Grade Option • P: SPAN 363/SPAN 563, or SPAN/LAS 367/SPAN/LAS 567, or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 477 and SPAN 477/677. Credit may only be earned in one of these courses.

Continuation of SPAN/LAS 676. Covers period from 1950 to the present.

**LAS 680 Spanish American Literature and Film**

3 crs. • F even years • No S/U Grade Option • P: SPAN 363/SPAN 563 or SPAN/LAS 367/SPAN/LAS 567.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 480 and SPAN 480/680. Credit may only be earned in one of these courses.

This course is an in-depth study of contemporary Spanish American literature and the film versions of the literature in their historical and social contexts.

**LAS 691 Special Topics**

3 crs. • V • May be repeated for a maximum of 9 credits • No S/U Grade Option • P: SPAN 302 or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with LAS 491. See current Class Schedule for specific topic.

In-depth study of a special topic in the area of literature, linguistics, or cultures of Latinos in the United States and/or the Spanish-speaking world.

## MATH

### MATH 507 Mathematics and Music

3 crs. • Su • No S/U Grade Option • P: MATH 114 (or equivalent) or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 307. Credit may not be earned in both courses.

Using mathematics to understand, appreciate, and create music. Free audio processing software will be emphasized. Rock, jazz, classical, and experimental music will be analyzed. Connections are made to brain science and medicine.

### MATH 511 Differential Equations

3 crs. • F, Sp • No S/U Grade Option • P: MATH 216. Credit may not be earned in both MATH 311/MATH 511 and MATH 312.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 311. Credit may not be earned in both courses.

Ordinary differential equations of first and second order, linear differential equations, Laplace transforms, series solutions, and systems of linear differential equations.

### MATH 513 Digital Signal Processing

3 crs. • F • No S/U Grade Option • P: MATH 215 or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 313. Credit may not be earned in both courses.

Fundamentals of digital signal processing. Fourier series, Fourier transforms and computerized Fourier transforms (FFTs) are described and applied to the analysis of digitized audio and digitized images.

### MATH 514 Discrete Mathematics

3 crs. • F, Sp • No S/U Grade Option • P: MATH 114 or MATH 212. No credit if taken after CS 240.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 314. Credit may not be earned in both courses.

Introductory course in discrete mathematics. Topics include elementary combinatorics, graph theory, trees, and Boolean algebra. The course emphasizes an algorithmic approach to problem solving.

### MATH 515 Advanced Calculus I

3 crs. • No S/U Grade Option • P: MATH 216 and MATH 324/MATH 524.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 315. Credit may not be earned in both courses.

Differential and integral calculus of several variables; vector calculus; line, surface, and space integrals including Green's theorem, Divergence theorem, and Stokes' theorem.

**MATH 516 Introduction to Real Analysis**

3 crs. • F, Sp • No S/U Grade Option • P: MATH 216 and MATH 324/MATH 524.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 316. Credit may not be earned in both courses.

Real numbers, introductory topological topics, limits, sequences of numbers, continuity, sequences of functions, and series.

**MATH 518 Introduction to Complex Variables**

3 crs. • Sp • No S/U Grade Option • P: MATH 216

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 318. Credit may not be earned in both courses.

Elementary functions of a complex variable, complex integrals, and residue theory.

**MATH 524 Linear Algebra and Matrix Theory**

3 crs. • F, Sp • No S/U Grade Option • P: MATH 215

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 324. Credit may not be earned in both courses.

An introductory course in linear algebra including matrix algebra, systems of linear equations, vector spaces, linear transformations, and eigenvalues.

**MATH 530 Modern Geometry**

3 crs. • F, Sp • No S/U Grade Option • P: MATH 114

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 330. Credit may not be earned in both courses. Requires basic knowledge of Euclidean Geometry.

Contemporary and classical Euclidean geometry, with emphasis on constructions, transformations, and proof. The Mira and geometry software will be used to illustrate these topics. Some non-Euclidean geometry included.

**MATH 535 Introduction to Point-Set Topology**

3 crs. • F even years • No S/U Grade Option • P: MATH 316/MATH 516.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 335. Credit may not be earned in both courses.

Theory of sets, continuity of functions, neighborhoods of points, topological and metric spaces, connectedness and compactness.

**MATH 545 Introduction to Probability and Mathematical Statistics**

4 crs. • F • No S/U Grade Option • P: MATH 215 or concurrent registration. Credit may not be earned in both MATH 345/MATH 545 AND MATH 346/MATH 546.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0

• Cross-listed with MATH 345. Credit may not be earned in both courses. MATH 246 may not be taken for credit after or concurrently with MATH 345/MATH 545.

Counting techniques, discrete and continuous random variables, probability distributions, sampling distributions, estimation, hypothesis testing, linear regression, correlation, nonparametric statistics. Students who desire more extensive probability and statistics should take MATH 346/MATH 546, MATH 347/MATH 547.

**MATH 546 Introduction to Probability**

3 crs. • F • No S/U Grade Option • P: MATH 215. Credit may not be earned in both MATH 345/MATH 545 and MATH 346/MATH 546.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 346. Credit may not be earned in both courses.

Probability in discrete and continuous sample spaces, conditional probability, counting techniques, probability functions, moment generating functions, and the binomial, Poisson, and normal distributions.

**MATH 547 Mathematical Statistics**

4 crs. • Sp • No S/U Grade Option • P: MATH 215; MATH 346/MATH 546.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0

• Cross-listed with MATH 347. Credit may not be earned in both courses. MATH 246 may not be taken for credit after or concurrently with MATH 347/MATH 547.

Transformations of variables; normal, chi-square, t, and F distributions; estimation; hypothesis testing; regression; correlation; nonparametric statistics; and analysis of variance.

**MATH 551 Numerical Analysis I**

3 crs. • F • No S/U Grade Option • P: MATH 215 and either one of the following: CS 163, CS 170, CS 255, or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 351. Credit may not be earned in both courses.

Nonlinear equations, interpolation and approximation, least squares, systems of linear equations, and error analysis.

**MATH 552 Numerical Analysis II**

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with MATH 352. Credit may not be earned in both courses.

Numerical solution of differential equations, numerical differentiation and integration, and the eigenvalue problem.

**MATH 554 Introduction to Mathematical Modeling**

4 crs. • Sp • No S/U Grade Option • P: MATH 215

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0

• Cross-listed with MATH 354. Credit may not be earned in both courses.

Discrete dynamical systems, discrete and continuous stochastic models, empirical modeling using regression theory and interpolation techniques, modeling with differential equations and, depending on the interests of the instructor and students, topics from optimization and dimensional analysis.

## MATHEMATICS

### **MATH 555 Linear Programming**

3 crs. • F odd years • No S/U Grade Option • P: MATH 215

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with MATH 355. Credit may not be earned in both courses.

Introductory topics in linear programming including computational development of the simplex method, duality theory of linear programming, dual simplex method, transportation problem, and the use of a linear programming package.

### **MATH 558 Introduction to Optimization**

3 crs. • Sp odd years • No S/U Grade Option • P: MATH 215

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with MATH 358. Credit may not be earned in both courses.

An introduction to the theory and application of optimization techniques. Analytic and numerical methods for linear and nonlinear problems of both constrained and unconstrained type will be considered.

### **MATH 563 Studies of Women in Mathematics**

1-3 crs. • V • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: WMNS 100 or WMNS 215 or WMNS 250 or WMNS 301.

• Cross-listed with MATH 363 and WMNS 363/563.

Studies of the history and contributions of women in mathematics, and of special interest to students and faculty. The particular focus will vary.

### **MATH 625 Abstract Algebra I**

3 crs. • F, Sp • No S/U Grade Option • P: MATH 324/MATH 524. No credit if taken after or concurrently with MATH 322.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with MATH 425. Credit may not be earned in both courses.

An introduction to the abstract concepts of algebra such as groups, rings, and fields. Topics such as direct products, group homomorphisms, factor groups, integral domains, and polynomial rings will be included.

### **MATH 626 Abstract Algebra II**

3 crs. • F, Sp • No S/U Grade Option • P: MATH 425/MATH 625. No credit if taken after MATH 322.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with MATH 426. Credit may not be earned in both courses.

A continuation of Math 425 including more advanced topics from groups, rings, and fields, such as the Sylow theorems, prime and maximal ideals, unique factorization domains, and finite fields.

### **MATH 650 Foundations of Actuarial Science**

3 crs. • F • No S/U Grade Option • P: MATH 425/MATH 625. No credit if taken after MATH 322.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with MATH 450. Credit may not be earned in both courses.

Actuarial theory of financial mathematical models for contingent events as applied to insurance, annuities, pensions, and reserving. Together with Math 460, this course prepares students the actuarial exam covering contingent payments.

### **MATH 651 Teaching Mathematics with Technology for EA-A Certification**

3 crs. • Sp • No S/U Grade Option • P: ES 210/ES 211 and MATH 215.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with MATH 451. Credit may not be earned in both courses.

In this course students will investigate teaching mathematics effectively with technology. Technology used includes graphing calculators, spreadsheets, interactive software, and calculator based laboratories. Topics include functions, statistics, probability, geometry, and mathematical modeling.

### **MATH 653 Integrated Mathematics and Science Using Technology for Grades 5-9 Teachers**

2 crs. • F • No S/U Grade Option • P: MATH 114

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
• Cross-listed with MATH 453. Credit may not be earned in both courses.

An integration of mathematics and physical science content where students will be exploring and investigating realistic, integrated, hands-on activities that utilize calculator technologies to collect raw data for analysis and also emphasize appropriate pedagogy for the teaching of grades 5-9.

### **MATH 656 Operations Research**

2-3 crs. • Sp even years • No S/U Grade Option • P: MATH 215

• Cross-listed with MATH 456. Credit may not be earned in both courses. Students who have earned credit in an upper division linear programming course may earn only two credits in this course. This two-credit option is available only to those who have taken such a course. For students earning two credits due to this restriction, attendance will be optional during the linear programming unit.

An introduction to the theory and application of operations research techniques. Several important topics including linear programming, inventory models, waiting time models, and replacement models will be discussed.

### **MATH 660 Continent Payment Analysis**

3 crs. • Sp • No S/U Grade Option • P: MATH 450/MATH 650

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 3  
• Cross-listed with MATH 460. Credit may not be earned in both courses.

Actuarial theory of reserves, multiple life models, multiple decrement models, Poisson processes, and multi-state transition models. Together with Math 450, this course prepares students for the actuarial exam covering contingent payments.

**MATH 662 History of Mathematics**

3 crs. • *No S/U Grade Option* • P: MATH 114  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with MATH 462. Credit may not be earned in both courses.  
 A study of mathematics from a historical point of view beginning with the work of the early Greek mathematicians and including selected mathematicians and periods of mathematical development up to the present.

**MATH 670 Mathematical Models for Financial Economics**

4 crs. • F • A-F Grades Only  
 Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
 • Cross-listed with MATH 470. Credit may not be earned in both courses.  
 Mathematical theory of options including binomial and Black-Scholes pricing models, interest rate models, lognormal models and volatility measurement. This course is meant, in part, to prepare students for the actuarial exam covering financial economics.

**MATH 691 Special Topics**

1-3 crs. • *May be repeated for a maximum of 9 credits* • *No S/U Grade Option*  
 • Cross-listed with MATH 491.  
 A variable content course designed to allow a breadth of study through investigation of mathematical topics not covered in other courses. Special interests of instructors will be utilized to provide topics.

**MATH 694 Mathematics Seminar**

1 cr. • F, Sp • *May be repeated for a maximum of 3 credits* • *No S/U Grade Option*  
 Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0  
 • Cross-listed with MATH 494.  
 An intensive study of selected topics in mathematics. The exact topics to be studied will vary according to the interests of the professor and the seminar participants.

**MATH 704 Mathematics for Middle School Teachers**

3 crs. • *No S/U Grade Option*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Topics include number and number sense, probability, statistics, reasoning, problem solving, patterns and functions, geometry, measurement, and algebra.

**MATH 707 Current Issues in Mathematics Teaching**

3 crs. • *May be repeated* • *No S/U Grade Option*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 A particular current trend in mathematics education will be the theme for each offering. Focus will be on mathematical content necessary to design instruction and develop curriculum. Nonthematic issues will also be discussed.

**MATH 710 Selected Topics in Calculus**

1-3 crs. • *No S/U Grade Option* • P: *Minimum eight credits of Calculus or consent of instructor* • *Instructor Consent Required*  
 An in-depth investigation of elementary calculus from an advanced viewpoint, including functions, limits, continuity, integrals, derivatives, and related applications.

**MATH 719 Introduction to Real Analysis**

3 crs. • *No S/U Grade Option* • P: MATH 215  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Selected topics including sets, the real number system, mappings, sequences, limits, continuity, the derivative, and the integral.

**MATH 721 Foundations of Algebra**

3 crs. • *No S/U Grade Option* • P: MATH 425/625  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Set theory, mappings, the integers, groups, rings, and vector spaces.

**MATH 731 Vector Methods in Geometry**

3 crs. • *No S/U Grade Option*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Applications of vector methods to Euclidean geometry.

**MATH 732 Advanced Geometry**

3 crs. • *No S/U Grade Option* • P: *One course in Calculus*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Advanced study of geometry including Euclidean, non-Euclidean, projective, and affine geometries.

**MATH 742 Logic and Mathematics**

3 crs. • *No S/U Grade Option*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Symbolic logic and its use in mathematics, including proof, demonstration, and applications in abstract mathematical systems.

**MATH 748 Applied Statistical Procedures**

3 crs. • *No S/U Grade Option* • P: MATH 246 or consent of instructor.  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Includes methods of estimation, parametric and non-parametric tests of significance, linear regression and correlation, and analysis of variance for one-way or two-way crossed classified data. Applications include the use of computers.

**MATH 749 Probability and Statistics Workshop**

3 crs. • *No S/U Grade Option* • *Instructor Consent Required*  
 Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 Applications of probability and statistics which can be used by the secondary school teacher to motivate and enrich traditional mathematics classes and as topics in upper-level classes where some course content in probability or statistics is desired.

## MATHEMATICS/MBA PROGRAM

### **MATH 751 Technology in Mathematics**

3 crs. • No S/U Grade Option • P: MATH 216  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Requires basic knowledge of Euclidean geometry.

The use of graphing calculators and computer software to enhance understanding of mathematical concepts and to formulate statements of theorems and solutions to problems is explored.

### **MATH 755 Linear and Nonlinear Programming**

3 crs. • No S/U Grade Option • P: MATH 216 and MATH 324/MATH 524.  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Introductory topics in linear and nonlinear programming including the simplex method for solving a linear program and Wolf's method for solving a quadratic program; and duality theory for linear, quadratic, and nonlinear programming.

### **MATH 765 Number Theory**

3 crs. • No S/U Grade Option  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Foundations of number theory emphasizing congruences, selected number theoretic functions, Diophantine equations, continued fractions, and other classical problems.

### **MATH 791 Special Topics**

3 crs. • F, Sp, Su • May be repeated for a maximum of 12 credits • No S/U Grade Option • P: Limited to MAT/MST MATH or MEPD program.  
Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Permission of academic program adviser required.  
A variable content course designed to allow breadth of study through investigation of mathematical topics not covered in other courses.

### **MATH 793 Directed Studies**

1-3 crs. • May be repeated • No S/U Grade Option  
Permits students to undertake independent studies under the direction of a graduate faculty member.

### **MATH 794 Graduate Mathematics Seminar**

1 cr. • May be repeated • No S/U Grade Option • Instructor Consent Required  
Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0

### **MATH 795 Research Paper**

1-2 crs. • May be repeated • PR Only Grade Basis • Instructor Consent Required

### **MATH 797 Independent Study**

1-3 crs. • May be repeated • No S/U Grade Option  
• Department Consent Required

### **MATH 799 Thesis**

1-6 crs. • May be repeated • PR Only Grade Basis • Instructor Consent Required  
• Full-time equivalent.

## GRADUATE PROGRAM REQUIREMENTS

The MBA program consists of the following:

- *A Required Core* of study (MBA 711—Managing Ongoing Operations, MBA 712—Developing New Products and Services, MBA 713—Strategic Competitiveness in a Global Environment, and MBA 714—Leading the Organization of the Future), totaling 16 credits.
- *Also required* (MBA 733—Understanding a Diverse Work Force), one credit; (MBA 715—Leadership), one credit; and *Electives*, 12 credits.
- *One Professional Development Option*. Students complete one of the following: Coursework, Directed Project, or Thesis.

Students who select the Coursework Option complete 12 credits of electives. Students who select the Directed Project complete a three credit field project and nine credits of electives. Students who select the Thesis Option complete a three credit thesis and nine credits of electives. They graduate from the MBA program with a minimum of 30 credits.

A maximum of six credits of dual-numbered courses may be substituted for Electives. Additional information about Electives and dual-numbered courses is available in the College of Business MBA Program office, Schneider 215.

## MBA PROGRAM COURSE PREREQUISITES

Individuals must complete the following MBA program course prerequisites prior to receiving full admission status in the MBA program:

- Algebra for Calculus
- Elementary Statistics
- Information Systems in Business
- Operations Management
- Organizational Behavior
- Principles of Accounting I and II
- Principles of Finance
- Principles of Macroeconomics
- Principles of Microeconomics
- Principles of Marketing

Course prerequisites may be satisfied by taking either graduate coursework, undergraduate coursework, or a combination of both from an institution accredited by The Association to Advance Collegiate Schools of Business (AACSB International). Individuals who have completed course prerequisites at a non-AACSB Interna-

tional institution may request a special course review by members of the UW-Eau Claire MBA faculty or complete validation examinations.

**MBA Foundation Courses.** MBA Foundation Courses are graduate-level courses that enable students to complete MBA program course prerequisites at an accelerated pace. The entire Foundation program can be completed in one year. All graduate coursework must be completed with a grade of B (3.00) or above.

Acct	703	Accounting Foundations for Business Decisions
Acct	704	Accounting Foundations for Management Decisions
Econ	703	Microeconomics Foundation
Econ	704	Macroeconomics Foundation
Fin	720	Foundations of Managerial Finance
IS	740	Managing Information Technology Foundation
Math	109	Algebra for Calculus
Math	246	Elementary Statistics
		<i>or</i>
Bsad	702	Statistical Analysis Foundation
Mgmt	740	Organizational Management Foundation
Mgmt	741	Operations Foundation
Mktg	730	Marketing Analysis Foundation

**Foundations of Business Certificate.** A 13-credit certificate is offered for those without an undergraduate degree in business who are completing their business course prerequisites. Courses in the certificate program can be applied towards the MBA program course prerequisites. Seven credits must be completed from Acct 703 and 704, Mktg 730, and Mgmt 740. Six additional credits may be selected from the following: Econ 703 and 704, IS 740, Mgmt 741, and Bsad 702. Students should contact the MBA office to begin the certificate.

**Undergraduate Course Prerequisites.** Students may complete MBA Program Course Prerequisites through enrollment in undergraduate courses at UW-Eau Claire or any other AACSB International accredited institution. All undergraduate coursework must be completed with a grade of C (2.00) or above.

## MBA PROGRAM

Acct	201	Principles of Accounting I
Acct	202	Principles of Accounting II
Econ	103	Principles of Microeconomics
Econ	104	Principles of Macroeconomics
Fin	320	Principles of Finance
IS	240	Information Systems in Business

Mgmt	340	Organizational Behavior
Mgmt	341	Operations Management
Mktg	330	Principles of Marketing

Courses taken at other institutions will be evaluated for equivalency with the above courses only if taken at a regionally accredited college or university.

### ADMISSION REQUIREMENTS

To be admitted to the MBA program in full standing, an applicant must (1) have a cumulative undergraduate GPA of at least 2.75, (2) present a satisfactory Graduate Management Admission Test (GMAT) or equivalent Graduate Record Exam (GRE) score, and (3) successfully complete all MBA Program Course Prerequisites.

Students may apply for admission at any time during the year. A candidate for admission must submit to the Admissions office, at least 45 days prior to the anticipated date of enrollment, the following documents:

- (1) a completed application form accompanied by payment of a \$56 non-refundable application fee;
- (2) a completed Graduate Residence Information Sheet;
- (3) official transcripts (to be sent directly from each institution at which the applicant has attempted undergraduate or graduate work);
- (4) official notice of the applicant's score on the GMAT or GRE.

### ADMISSION STATUS

Students enrolled in the MBA program will be classified according to the criteria outlined below.

### FULL STANDING

Qualification as a student in full standing requires the following:

- (1) a cumulative GPA in all undergraduate coursework of 2.75 or higher (A = four points);
- (2) an acceptable score on the GMAT or GRE;
- (3) successful completion of all MBA Program Course Prerequisites.

A student with probationary or conditional status will be reclassified to full standing when all requirements have been satisfied.

### CONDITIONAL STATUS

Conditional status may be granted to a student who (1) has not satisfactorily completed all MBA Program Course Prerequisites, or (2) has not submitted a satisfactory score on the GMAT or GRE, or (3) is currently completing a baccalaureate degree at UW-Eau Claire and has been permitted to enroll in courses for graduate credit, or (4) has not submitted all credentials required for evaluation prior to first registration.

Conditional students will not be allowed to register for MBA modules, the electives/dual-numbered courses, thesis, or the directed project until they gain full standing.

There are two exceptions to conditional students not being allowed to enroll in the graduate MBA program. First, an undergraduate student who is currently enrolled at UW-Eau Claire and has satisfactorily completed all foundation coursework, received a satisfactory score on the GMAT or GRE, and obtains a written recommendation from their adviser, department chair, and MBA program director will be permitted to enroll in the MBA graduate program for a limited time. Secondly, a student who has completed all admission requirements except for a satisfactory GMAT or GRE score may be permitted to enroll in MBA 711 or a limited number of electives, but will not be permitted to register in subsequent electives without a satisfactory GMAT or GRE scores.

### SATISFACTORY ACADEMIC PROCESS

Satisfactory progress is defined as the maintenance of a GPA of 3.00 or higher in the program. A student not making satisfactory progress toward the degree may be placed on probation or dropped from the program on the recommendation of the director of the MBA program.

A 3.00 overall GPA in courses counting toward the MBA is required for graduation. A course in which a grade of less than C is earned will not be counted toward the 30-credit MBA minimum, but will be computed in the GPA. A maximum of six credits of C work will be accepted.

A student earning a D or F in a graduate level course will be dropped from the program regardless of whether the course was taken at UW-Eau Claire or at another college or university.

The student may petition for readmission to the program by writing to the director of the MBA program. For additional information contact the MBA office, Schneider 215, 715-836-6019.

## COURSES

All 500- and 600-level graduate courses include requirements or assignments which differentiate them from 300- and 400-level undergraduate courses. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level. Course restrictions listed are based on the undergraduate course. Questions regarding course restrictions for graduate students should be directed to the appropriate department office.

## ACCOUNTING AND FINANCE COURSES ACCT

### ACCT 501 Intermediate Accounting I

3 crs. • F, Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 301. Credit may not be earned in both courses.

Development and implementation of the conceptual and practical aspects of valuation and income determination, time value of money, accounting changes, inventory valuation, and current and noncurrent assets. Special emphasis on GAAP as it relates to topics being covered.

### ACCT 502 Intermediate Accounting II

3 crs. • F, Sp • No S/U Grade Option • P: ACCT 301/501. COB admission or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 302. Credit may not be earned in both courses.

Development and implementation of the conceptual and practical aspects of valuation and income determination, with emphasis on intangible assets, retained earnings and contributed capital, earnings per share, pensions, leases, tax allocation, current and long-term liabilities, statement of cash flows, statement analysis, interim and segment reporting. Special emphasis on GAAP as it relates to topics being covered.

### ACCT 505 Environmental and Sustainability Accounting

3 crs. • Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 305. Credit may not be earned in both courses.

An introduction to environmental accounting and its role in financial/managerial accounting. Topics include environmental liabilities, sustainability reporting, external agencies, and the attest function, socially responsible investing, emissions trading, tax considerations, and eco-efficiency indicators.

### ACCT 513 Auditing

3 crs. • F, Sp • No S/U Grade Option • P: ACCT 302/502.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 313. Credit may not be earned in both courses. This course requires access to a laptop computer which can be brought to class when required.

Basic coverage of all steps in creating audit programs according to the audit risk model, and current issues in auditing. Specific coverage includes company risk evaluation, internal control, company analysis, and audit reporting.

### ACCT 514 Cost Accounting

3 crs. • F, Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 314. Credit may not be earned in both courses.

Principles of cost accounting, emphasizing analysis of materials, labor, and factory overhead; application of standard costing to job order and process cost systems; analysis of cost behavior in the manufacturing firm with exposure to cost-profit-volume relationships, break-even analysis, and direct costing.

### ACCT 521 Introduction to Income Tax

3 crs. • F, Sp • No S/U Grade Option

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 321. Credit may not be earned in both courses.

Introduction and application of accounting and legal concepts underlying federal and Wisconsin income tax laws applicable to gross income, exclusions, business and nonbusiness deductions, gains and losses, credits, and tax computations.

### ACCT 534 Advanced Cost Accounting

3 crs. • V • No S/U Grade Option • P: ACCT 314/514.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0

• Cross-listed with ACCT 334. Credit may not be earned in both courses.

A continuation of Acct 314/514, with special emphasis on managerial profit analysis, planning, and control; direct costs, distributed costs by-product and joint product costs; differential and comparative costs, and variances.

**ACCT 601 Advanced Financial Accounting**

3 crs. • F, Sp • No S/U Grade Option • P: ACCT 302/502.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 401. Credit may not be earned in both courses.

Accounting for multiunit business enterprises; consolidated balance sheets, income statements, and statement of cash flows; Security and Exchange Commission reporting; foreign currency transactions and translation; international operations; and liquidation of partnerships.

**ACCT 602 Contemporary Issues in Accounting**

3 crs. • V • No S/U Grade Option • P: ACCT 401/601 and ACCT 313/513 or concurrent enrollment in ACCT 313/513.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 402. Credit may not be earned in both courses.

An analysis of advanced accounting issues designed to provide a bridge between accounting "theory" and "practice."

**ACCT 604 Income Tax Assistance**

1 cr. • Sp • SL-Half • May be repeated for a maximum of 2 credits • No S/U Grade Option • P: ACCT 321/521 and BSAD 300.

Lecture/Discussion Hours: 1 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 404.

An in-depth analysis of relevant accounting topics adapted to student and program needs with emphasis on student interests and faculty expertise.

**ACCT 605 International Accounting**

3 crs. • Sp • No S/U Grade Option • P: ACCT 302/502.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 405. Credit may not be earned in both courses.

A study of the international dimensions of accounting, including the patterns of accounting development found in other nations, the promulgation of worldwide accounting standards, and the accounting problems associated with multinational corporate operations.

**ACCT 609 Seminar in Accounting**

1-3 crs. • Sp • May be repeated for a maximum of 3 credits • No S/U Grade Option • P: ACCT 321/521 or concurrent enrollment.

• Cross-listed with ACCT 409.

An in-depth analysis of relevant accounting topics adapted to student and program needs with emphasis on student interests and faculty expertise.

**ACCT 610 Investment and Retirement Plan Accounting**

3 crs. • F • No S/U Grade Option • P: ACCT 302/502 and ACCT 321/521.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 410. Credit may not be earned in both courses.

Coverage of investment planning and advising for clients, retirement plan accounting, and tax considerations in retirement planning.

**ACCT 615 Advanced Auditing and Consulting**

3 crs. • F • No S/U Grade Option • P: ACCT 313/513.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 415. Credit may not be earned in both courses. This course requires access to a laptop computer which can be brought to class when required.

In-depth analysis of current audit topics and research, including legal liability, operational audits, audit effectiveness, environmental costs, and statistical sampling. Concentration includes EDP auditing.

**ACCT 617 Governmental and Nonprofit Organization Accounting**

3 crs. • V • No S/U Grade Option • P: ACCT 302/502.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 417. Credit may not be earned in both courses.

An introduction to accounting principles for governmental units; educational institutions; hospitals; voluntary health and welfare organizations; and other nonprofit organizations. Includes budgetary and financial reporting requirements of these organizations.

**ACCT 619 Financial Accounting Theory**

3 crs. • V • No S/U Grade Option • P: ACCT 302/502.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Cross-listed with ACCT 419. Credit may not be earned in both courses.

In-depth analysis of several selected problems of contemporary interest in the areas of valuation and income determination as related to the broader topics of concepts of income and formulation of accounting theory, with extensive readings of the Financial Accounting Standards and professional journal articles.

2 crs. • V • *Special Course Fee Required; Special Course Fee Varies by Section; Higher Cost Per Credit • No S/U Grade Option • P: Limited to MBA students.*

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
• Students need basic Excel proficiency and competence in college algebra, finance, and statistics.  
This calculation-intensive course uses computational software to teach decision techniques (problem structuring, decision trees, influence diagrams, utility theory applications, multi-attribute problems, simulation).

**MBA 794 Business Process Simulation**

2 crs. • V • *Special Course Fee Required; Special Course Fee Varies by Section; Higher Cost Per Credit • No S/U Grade Option • P: Limited to MBA students.*  
Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
This course will establish basic proficiency in simulation model development, verification, validation, and analysis.

**MBA 795 Research Paper**

1-3 crs. • F, Sp, Su • *Special Course Fee Required; Special Course Fee Varies by Section; Higher Cost Per Credit • May be repeated • PR Only Grade Basis • P: Limited to MBA students. • Department Consent Required*  
Development of a thesis-type paper on a topic of interest to student.

**MBA 796 Directed Project**

1-3 crs. • F, Sp, Su • *Special Course Fee Required; Special Course Fee Varies by Section; Higher Cost Per Credit • May be repeated • No S/U Grade Option • P: Limited to MBA students. • Department Consent Required*  
Permits a student to pursue a defined problem in an intensive way under the direction of a graduate faculty member.

**MBA 797 Independent Study**

1-3 crs. • F, Sp, Su • *Special Course Fee Required; Special Course Fee Varies by Section; Higher Cost Per Credit • May be repeated • No S/U Grade Option • P: Limited to MBA students. • Department Consent Required*  
An in-depth study of a topic of interest to the student and faculty member.

**MBA 799 Thesis**

1-3 crs. • F, Sp, Su • *Special Course Fee Required; Special Course Fee Varies by Section; Higher Cost Per Credit • May be repeated for a maximum of 3 credits • PR Only Grade Basis • P: MBA 711. Limited to MBA students. • Department Consent Required*  
• Full-time equivalent. Completion of minimum of 15 graduate credits including MBA 711. Consent of MBA program director.  
Development and completion of research project using formal investigative methodology.

**Master of Science in Nursing (M.S.N.)**

A graduate of the Master of Science in Nursing (MSN) program will be prepared to:

1. Analyze, synthesize, and apply knowledge from nursing science and other disciplines related to the health of adults, older adults, and families.
2. Synthesize, critique, evaluate, and utilize theory to guide advanced nursing roles.
3. Synthesize, evaluate, and utilize research to improve client outcomes for adults, older adults, and families.
4. Demonstrate expertise in ethically based, advanced clinical decision-making of human responses in diverse populations.
5. Integrate leadership and management theories into the advanced nursing roles.
6. Analyze and synthesize current nursing and health care issues and policies within the context of advanced nursing roles.
7. Integrate knowledge and theory of health policy, organizations, and financing of health

## NURSING

care as a basis for the provision of quality, cost effective care.

8. Assume beginning advanced nursing roles across health care settings demonstrating effective advocacy for diverse populations.
9. Engage in lifelong learning and scholarship for the advancement of professional nursing.

Requirements for the Master of Science degree in Nursing are 41 to 44 credits (educator or administrator role preparation) or 48 to 51 credits (advanced clinical practice role preparation as Adult-Gerontologic or Family Nurse Practitioner or Adult-Gerontologic Clinical Nurse Specialist) in the academic program, including an option of thesis or a scholarly project and public presentation. Completion of the program usually requires four semesters of full-time study and up to seven credits taken in Summer or Winterim. Beginning in 2015, the MSN no longer will be a degree option for students pursuing the nurse practitioner, clinical nurse specialist, or administration role preparations, in keeping with the American Association of Colleges of Nursing (AACN) decision to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level. Thus it will be important to complete all MSN degree requirements for those role preparations prior to 2015. The last class of MSN students for the nurse practitioner, clinical nurse specialist, or administration role preparations was admitted for the summer of 2011; these students need to follow either a full-time (2 years) or three-year part-time plan. The MSN degree option will continue to be offered for students interested in the nursing education role preparation.

## QUALIFICATIONS FOR M.S.N. ADMISSION

Criteria for admission into the Master of Science in Nursing (MSN) graduate program include:

1. An undergraduate degree in nursing from a nationally accredited (CCNE or NLN) nursing program, with a GPA of 3.00 or higher. (see Notes 1 and 2);
2. Registration as a professional nurse in Wisconsin;
3. Knowledge/coursework in statistics at the undergraduate level;
4. Satisfactory evidence of personal qualification and capacity for graduate study in nursing;
5. Competence in health assessment;
6. Previous practice experience. Consideration will also be given to choice of population focus and role preparation and residency in an underserved area.

NOTE 1: A portfolio approach may be used for students who have not graduated from an appropriately accredited program. Contact the College of Nursing and Health Sciences Associate Dean for more information.

NOTE 2: A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

NOTE 3: Priority admission application deadline is January 15.

NOTE 4: Must complete and be current with health requirements, CPR certification, and background check in order to be enrolled in courses.

## M.S.N. CURRICULUM

The core courses are required of all students. All of the core courses are nursing courses. Students select a population focus in Adult-Gerontologic or Family Health Nursing. Functional role preparation requires specific nursing courses which build on a core of nursing knowledge. Cognate courses will be selected by students and their advisers to augment their core knowledge, area of population focus, or functional role preparation. Graduate students must earn a grade of C or above in courses and practica to successfully progress.

**Post-masters Certificate Programs in Nursing:**

The College of Nursing and Health Sciences post-master’s certification program is designed to meet the needs of increasing numbers of master’s-prepared nurses returning to the university for credit-bearing role preparation courses. The primary goal is to educate master’s-prepared nurses to assume new leadership roles in the areas of nursing clinical practice (nurse practitioner or clinical nurse specialist), education, or administration or to prepare for a post-master’s Doctor of Nursing Practice program.

- Post-MSN Nursing Education
- Post-MSN Nursing Administration
- Post-MSN Adult-Gerontologic Nurse Practitioner
- Post-MSN Family Nurse Practitioner
- Post-MSN Adult-Gerontologic Clinical Nurse Specialist

**Admission Requirements:**

- a. Successful completion of a nationally accredited (CCNE or NLN) nursing master’s degree program with a GPA of 3.00 or higher.
- b. Registration as a Professional Nurse in Wisconsin.
- c. Additionally, the nurse practitioner role preparation sequence requires a student to have a population focus in either adult-gerontologic or family health nursing and the clinical nurse specialist in adult-gerontologic health nursing.

Students who do not have this will be required to complete the necessary courses, Human Responses in Health and Illness: Adults & Older Adults (Nrsg 719), Advanced Theory and Practice of Adults and Older Adults I (Nrsg 720), and Advanced Theory and Practice of Adults and Older Adults II (Nrsg 721); or Advanced Theory and Practice of Family Health Nursing I (Nrsg 725), Advanced Theory and Practice of Family Health Nursing II (Nrsg 726), and Individual, Family, and Community Responses (Nrsg 722). Review of individual transcripts may reveal the need for additional specific courses.

**Number and Array of Courses**

Students would enroll in courses for the following role preparation areas:

**Nursing Education**

- Nrsg 730, Nursing Education I (4 credits)
- Nrsg 731, Nursing Education II (5 credits)
- Nrsg 760, Transition to Advanced Practice (or equivalent) (2 credits)

**Nursing Administration**

- Nrsg 750, Nursing Administration I (5 credits)
- Nrsg 751, Nursing Administration II (5 credits)
- Nrsg 760, Transition to Advanced Practice (or equivalent) (2 credits)

**Adult-Gerontologic Health—Nurse Practitioner\***

- Nrsg 704, Adult Health: Advanced Health Assessment and Diagnostic Reasoning (2 credits)
- Nrsg 709, Advanced Physiological and Pathophysiological Concepts (3 credits)
- Nrsg 712, Pharmacotherapeutics for Advanced Clinical Practice (3 credits)
- Nrsg 742, Adult-Gerontologic Health: Advanced Clinical Practice I (7 credits)
- Nrsg 746, Adult-Gerontologic Health: Advanced Clinical Practice II (7 credits)
- Nrsg 760, Transition to Advanced Practice (or equivalent) (2 credits)

## NURSING

Nrsg 746, Adult-Gerontologic Health: Advanced Clinical Practice II (7 credits)

Nrsg 760, Transition to Advanced Practice (or equivalent) (2 credits)

\*Students should consult with the Director of Graduate Studies in Nursing to assure they will have sufficient clinical hours (usually 500 hours) to qualify for certification examinations. This may require additional credits.

### Doctor of Nursing Practice (DNP)

UW-Eau Claire offers a Doctor of Nursing Practice (DNP) degree option for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration. During the initial years of the program, the DNP degree is being offered as a post-master's option only. Beginning in the 2012-2013 academic year, both MSN-to-DNP and BSN-to-DNP options will be offered.

A graduate of the DNP program will be prepared to:

1. Expand advanced nursing practice by integrating the art and science of nursing with theory and knowledge from biophysical, psychosocial, political, ethical, technical, analytical,

cultural, spiritual, environmental, and organizational realms.

2. Promote culturally sensitive, holistic advanced nursing practice care and services in a global community, with emphasis on disease/illness prevention and health/wellness promotion as well as restoration and maintenance.
3. Synthesize leadership skills, systems analysis, and advocacy expertise.
4. Integrate clinical expertise and competence with population-focused management, evidence-based practice, and health care policy.
5. Analyze health-related information systems and technology for the improvement of health care.
6. Develop, implement and evaluate evidence-based approaches to advanced nursing practice.
7. Evaluate the outcomes of advanced nursing practice.
8. Apply clinical scholarship and leadership skills to advanced nursing practice.
9. Evaluate personal scholarship, professional growth, and excellence in practice.

### DNP Admission Requirements:

Criteria for admission into the DNP Post-Master's Program include:

1. Acceptance as a graduate student in good standing in the University.
2. An undergraduate degree in nursing from a nationally accredited (CCNE or NLN) nursing program, with a GPA of 3.00 or higher.
3. A master's degree in nursing from a nationally accredited (CCNE or NLN) nursing program, with a role preparation in Advanced Practice Nursing as an Adult (-Gerontologic) or Family Nurse Practitioner, Adult (-Gerontologic) Clinical Nurse Specialist, or Nurse Administrator, with a GPA of 3.00 or higher.
4. Evidence of at least 550 hours of master's level clinical practicum (or national certification by a body approved by the Wisconsin State Board of Nursing).
5. Evidence of basic epidemiology content.
6. Evidence of graduate level pharmacology (not required for nursing administration students).
7. Evidence of graduate level nursing research and nursing theory.
8. Wisconsin Registered Nurse licensure (needed by July 1st following admission). Current nursing licensure in one of the jurisdictions of the United States required at time of application.

9. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
10. Completed application materials including a DNP Demographic Form, essay, resume, University application, official transcripts from all postsecondary institutions attended, three references from individuals who are knowledgeable of the applicant's clinical expertise and/or potential for graduate study, and all application fees.
11. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

**Criteria for admission into the DNP Post-Baccalaureate Program include:**

1. Acceptance as a graduate student in good standing in the University.
2. An undergraduate degree in nursing from a nationally accredited (CCNE or NLN) nursing program, with a GPA of 3.00 or higher.
3. Evidence of course work in statistics at the undergraduate level.
4. Wisconsin Registered Nurse licensure (needed by July 1st following admission). Current nursing licensure in one of the jurisdictions of the United States required at time of application.
5. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
6. Competence in health assessment.
7. Completed application materials including a DNP Demographic Form, essay, resume, University application, official transcripts from all postsecondary institutions attended, three references from individuals who are knowledgeable of the applicant's clinical expertise and/or potential for graduate study, and all application fees.
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

The DNP program includes 30 credits of nursing courses offered over three terms for post-master's entry students (Summer, Fall, and Spring) for full-time and two years for part-time. The DNP program includes approximately 70-76 credits over three academic years for full-time post-baccalaureate students and four to six years for part-time. Further information may be obtained from the Associate Dean, College of Nursing and

Health Sciences. Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the 800-level DNP courses involve additional course fees.

**CURRICULUM**

The post-master's and post-baccalaureate DNP options include 28 to 30 credits of courses at the 800-level, including core and seminar and practicum courses. A DNP capstone project with presentation is required. Students complete a minimum of 1,000 hours of clinical for the BSN-to-DNP option and a minimum of 450 hours of clinical for the MSN-to-DNP option. In addition to the 800-level courses, the post-baccalaureate DNP option includes courses at the 700-level being transitioned from the MSN program.

**NRSG 560 Death and Bereavement**

3 crs. • *Field Trip(s) Required • No S/U Grade Option*  
 • P: SOC 101 or PYSC 100 or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with NRSG 360 and SW 360/560. Credit may only be earned in one of these courses. No credit if taken after SOC 318, PSYC 339 or SW 350.

Through the study of current theory and research, this interdisciplinary course is designed to facilitate student understanding of death and bereavement from a life span, family, and cultural perspective.

**NRSG 589 Cross Cultural Health**

3 crs. • *No S/U Grade Option* • P: GEOG 111 or SOC 101 or ANTH 161 or consent of instructor.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
 • Cross-listed with NRSG 389. Credit may not be earned in both courses.

Enhances insight and understanding of the impact of culture on health, illness, and wellness within the Black/African American, Hispanic/Latino, Asian/Hmong, and Native American cultures. Analyze and synthesize information to develop culturally congruent health care.

## NURSING

### **NRSNG 626 Contemporary Issues in Critical Care**

3 crs. • F, Sp • *Special Course Fee Required* • No S/U Grade Option • P: NRSNG 352 or consent of instructor. Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Distance education fee for students in Marshfield section. Cross-listed with NRSNG 426. Credit may not be earned in both courses.

The complexity and impact of critical illness/injury on patients, families, and nurses are examined. Selected pathophysiologic, care priority, and multidisciplinary considerations are analyzed within the context of the health care delivery system. Observational clinical may be included.

### **NRSNG 700 Evidence-based Practice through Nursing Informatics**

2 crs. • *May be repeated for a maximum of 4 credits* • No Auditors • P: Limited to graduate students in the MSN program. Minimum graduate standing. • *Instructor Consent Required*

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
• No credit after completion of 12 graduate credits.

Develop knowledge and skills needed to use nursing informatics for graduate professional nursing education and evidence-based practice. Focus is on levels of critical thinking skills and evaluation of scholarly resources.

### **NRSNG 701 Nursing Research: Methods**

4 crs. • F • *Special Course Fee Required; Special Course Fee Varies by Section* • No S/U Grade Option • P: Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
• Distance education fee for Marshfield students.

Philosophies of science, research methodologies, and qualitative and quantitative data analyses are examined. Legal and ethical issues applicable to nursing research are discussed.

### **NRSNG 702 Nursing Research: Application**

2 crs. • Sp • *Special Course Fee Required; Special Course Fee Varies by Section* • No S/U Grade Option • P: NRSNG 701. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
• Distance education fee for Marshfield students.

Nursing research studies critically examined. Collective findings appraised as foundation for evidence-based practice. Sources and methods of research funding are discussed.

### **NRSNG 704 Adult Health: Advanced Health Assessment and Diagnostic Reasoning**

2 crs. • Wi • *Special Course Fee Required* • No S/U Grade Option • P: NRSNG 709 or consent of instructor. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 1.5 | Lab/Studio Hours: .5  
Focuses on the development of advanced clinical practice assessment and diagnostic reasoning skills. Builds upon basic physical assessment and documentation skills in the management of adults. Lab included.

### **NRSNG 705 Cultural Immersion Seminar: International Health**

2 crs. • No S/U Grade Option • P: Limited to graduate students in the MSN program. • *Department Consent Required*

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
Immersion in language, cultural values, social etiquette, interpersonal and family patterns, teacher-student interaction, and daily life in a country of choice, as preparation for study, clinical experiences, or web-based interaction in another country.

### **NRSNG 706 Cultures, Communities, and Health Care**

3 crs. • *Field Trip(s) Required* • No S/U Grade Option • P: Limited to graduate students in the MSN program. • *Instructor Consent Required*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Focuses on cultural competence and the evaluation of health care system models around the world in light of each country's culture, economic issues, public health, and threats to people's health.

### **NRSNG 707 Interdisciplinary Health Care Across Cultures**

3 crs. • No S/U Grade Option • P: Limited to graduate students in the MSN program. • *Department Consent Required*

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Health care teams, types of service, roles, and interdisciplinary interaction will be studied as they relate to policies, economics, ethics, and ethnic issues in various countries.

### **NRSNG 708 Family Health: Advanced Health Assessment and Diagnostic Reasoning**

2 crs. • Wi • *Special Course Fee Required* • No S/U Grade Option • P: NRSNG 709 or consent of instructor. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 1.5 | Lab/Studio Hours: .5  
This course focuses on the development of advanced health assessment, diagnostic reasoning, and documentation skills for the management of individuals across the lifespan. A symptom approach to body system assessment is used.

### **NRSNG 709 Advanced Physiological and Pathophysiological Concepts**

3 crs. • F • No S/U Grade Option • P: Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Undergraduate coursework in anatomy, physiology, biochemistry, and pathophysiology, or consent of instructor.  
In-depth study of selected physiological and pathophysiological concepts. Emphasis on human physiology and pathophysiology and current research findings.

**NRSNG 712 Pharmacotherapeutics for Advanced Clinical Practice**

3 crs. • Su • No S/U Grade Option • P: NRSNG 709 or consent of instructor. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Emphasis is on scientific and theoretical knowledge as the basis for diagnosing and treating common health conditions, emphasizing pharmacotherapeutic interventions and decision-making for advanced clinical practice. Developmental factors affecting pharmacotherapeutics are included.

**NRSNG 714 Scholarly Writing in Nursing**

2 crs. • A-F Grades Only • P: Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
Application of writing principles to explore nursing content at the graduate level. Focus included summarizing professional literature, with emphasis on synthesis. Paper organization, grammar, and APA format. Examines process of writing for publication.

**NRSNG 715 Leadership and Health Policy in Nursing**

3 crs. • Sp • Special Course Fee Required; Special Course Fee Varies by Section • No S/U Grade Option • P: Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
• Distance education fee for Marshfield students.  
Leadership application for the graduate-prepared nurse with an analysis of external and internal influences. Examination of health policy, personal and professional transitions, and evolving advanced nursing roles.

**NRSNG 716 Family Nursing Theory, Assessment, and Intervention Across Cultures**

3 crs. • No S/U Grade Option • P: NRSNG 718 and 719; or Certificate Program. For international students: requirements of home university. Limited to graduate students in the MSN program. • Instructor Consent Required

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 0  
Selected family theories, family assessment, intervention, and evaluation. Culture, ethnicity, and economic status and their influence on family structure and processes. Practicum application in work with families.

**NRSNG 717 Integration Practicum and Seminar in Cross-Cultural Family Nursing**

1 cr. • No S/U Grade Option • P: NRSNG 716 or concurrent enrollment. Limited to graduate students in the MSN program. • Instructor Consent Required

Lecture/Discussion Hours: 0 | Lab/Studio Hours: 1  
Students apply learning from experience with another country or culture in assessment and intervention with families, and in facilitating change in their home country health care setting.

**NRSNG 718 Conceptual and Theoretical Foundations of Nursing**

2 crs. • Su • No S/U Grade Option • P: Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
The basic philosophies, concepts and theories, and ethical decision-making frameworks underlying the development of the discipline of nursing are examined. Emphasis is focused on the development of nursing knowledge.

**NRSNG 719 Human Responses in Health and Illness: Adults and Older Adults**

4 crs. • F • No S/U Grade Option • P: NRSNG 718 or concurrent enrollment. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
• Credit may not be earned in both NRSNG 719 and NRSNG 722.  
A theory- and research-based approach to selected human responses in health and illness in adults and older adults within seven human response systems (spiritual, cultural, social, family, cognitive, emotional, and physical).

**NRSNG 720 Advanced Theory and Practice of Adults and Older Adults I**

5 crs. • Sp • No S/U Grade Option • P: NRSNG 701 and 719. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 2  
Clinical decision-making with adults and older adults within the context of nursing, adult, older adult, developmental, and related theories.

**NRSNG 721 Advanced Theory and Practice of Adults and Older Adults II**

2 crs. • F • Special Course Fee Required; Special Course Fee Varies by Section • No S/U Grade Option • P: NRSNG 720; NRSNG 715 or concurrent enrollment.

Limited to graduate students in the MSN program.  
Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
Health promotion, risk reduction, and clinical decision-making with adult and older adult groups and populations, including vulnerable populations.

**NRSNG 722 Individual, Family, and Community Responses**

4 crs. • F • No S/U Grade Option • P: Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
• Credit may not be earned in both NRSNG 722 and NRSNG 719.  
A theory-based approach to selected theories/concepts of individual, family, and community responses in health and illness.

**NRSNG 725 Advanced Theory and Practice of Family Health Nursing I**

5 crs. • Sp • No S/U Grade Option • P: NRSNG 701, 718, and 722. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 3 | Lab/Studio Hours: 2  
Theory and evidence-based clinical decision-making with children, adults and families (as unit). This course integrates ethics, cultural influences, and social awareness in providing holistic care to families.

## NURSING

### **NRSRG 726 Advanced Theory and Practice of Family Health Nursing II**

2 crs. • F • No S/U Grade Option • P: NRSRG 715 and 725. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
Health promotion, risk reduction, and clinical decision-making with family as unit and community, including vulnerable populations. Emphasizes intervention and evaluation with family. Facilitates student transition into the leadership role with family in community.

### **NRSRG 729 Spirituality, Healing, and Caring**

3 crs. • Sp even years • No S/U Grade Option • P: Limited to graduate students in the MSN program. A theory-based advanced exploration of three major phenomena: spirituality, healing, and caring; emerging as decisive in quality of life, and health and illness situations.

### **NRSRG 730 Nursing Education I**

3-4 crs. • F even years • No S/U Grade Option • P: NRSRG 702, 715; either (NRSRG 721 or concurrent) or (NRSRG 726 or concurrent); or consent of instructor. Limited to graduate students in the MSN Program. Lecture/Discussion Hours: 3 | Lab/Studio Hours: 1  
Examination of education, the educator role, and teaching/learning theory. Curriculum development and education issues explored, considering personal values, research, and societal and health-care trends.

### **NRSRG 731 Nursing Education II**

5 crs. • Sp odd years • No S/U Grade Option • P: NRSRG 730. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 2 | Lab/Studio Hours: 3  
Role of nurse educator as a learning facilitator, evaluator, and faculty member is examined. Research, theoretical foundations, and strategies are explored with application to class and clinical teaching.

### **NRSRG 741 Clinical Nurse Specialist I: Adult and Older Adult Health**

7 crs. • F odd years • No S/U Grade Option • P: NRSRG 704/708, 712; 721 or concurrent enrollment; or consent of instructor. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 4 | Lab/Studio Hours: 3  
First clinical role course for students in advanced clinical practice preparing to become clinical nurse specialists. Exploration, analysis, and implementation of CNS role components with adults and older adults.

### **NRSRG 742 Advanced Clinical Practice for Adults and Older Adults I**

7 crs. • F • No S/U Grade Option • P: NRSRG 704/708, 712; 721 or concurrent enrollment; or consent of instructor. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 4 | Lab/Studio Hours: 3

• Credit may not be earned in both NRSRG 742 and NRSRG 744. Advanced nursing clinical decision-making including health promotion, maintenance, and prevention for adults and older adults. Interventions focus on developmental life changes, cultural and environmental stressors, and health patterns. Practicum experience in primary care is emphasized.

### **NRSRG 744 Family Health: Advanced Clinical Practice I**

7 crs. • F • No S/U Grade Option • P: NRSRG 708, 712, and 726 or concurrent. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 4 | Lab/Studio Hours: 3

• Credit may not be earned in both NRSRG 742 and NRSRG 744. Advanced nursing clinical decision-making including health promotion, maintenance, and prevention for individuals and families. Interventions focus on developmental life changes, cultural and environmental stressors, and health patterns. Practicum experience occurs in primary care settings.

### **NRSRG 746 Advanced Clinical Practice for Adults and Older Adults II**

7 crs. • Sp • No S/U Grade Option • P: NRSRG 702, and NRSRG 741 or 742; or consent of instructor. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 4 | Lab/Studio Hours: 3  
• Credit may not be earned in both NRSRG 746 and NRSRG 748. Focuses on advanced clinical decision-making with emphasis on acute and chronic health deviations in adults, older adults, and communities. Clinical decision-making expands to facilitate advanced clinical practice nursing and collaborative practice in a variety of settings.

### **NRSRG 748 Family Health: Advanced Clinical Practice II**

7 crs. • Sp • No S/U Grade Option • P: NRSRG 702 and NRSRG 744. Limited to graduate students in the MSN program. Lecture/Discussion Hours: 4 | Lab/Studio Hours: 3  
• Credit may not be earned in both NRSRG 746 and NRSRG 748. Focuses on advanced clinical decision-making with emphasis on acute and chronic health deviations in individuals, families, and communities. Clinical decision-making expands to facilitate advanced clinical practice nursing and collaborative practice in a variety of settings.

**NRSRG 750 Nursing Administration I**

5 crs. • F odd years • No S/U Grade Option • P: NRSRG 702, 715; either NRSRG 721 or NRSRG 726 or concurrent; or consent of instructor. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 2  
Exploration of administration and managerial theories and the nurse administrator role functions as applied to the organization and delivery of nursing care services.

**NRSRG 751 Nursing Administration II**

5 crs. • Sp even years • No S/U Grade Option • P: NRSRG 750. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 3  
Application of administration and managerial principles and methods in selected nursing organizational settings and in the delivery of nursing care services.

**NRSRG 760 Transition to Advanced Practice**

2 crs. • Sp • CP • No S/U Grade Option • P: NRSRG 731, NRSRG 751, NRSRG 746/NRSRG 748 or concurrent enrollment. Limited to graduate students in the MSN program.

Lecture/Discussion Hours: 2 | Lab/Studio Hours: 0  
This capstone course integrates concepts, theories, and role development related to advanced professional nursing. Emphasis is on the role transition to advanced professional nursing roles, with special attention to the contexts of health care.

**NRSRG 793 Directed Study in Nursing**

1-3 crs. • F, Sp • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: Limited to graduate students in the MSN program. • Instructor Consent Required

Investigation of a small-scale problem under faculty direction.

**NRSRG 794 Scholarly Project**

1-2 crs. • Sp • May be repeated for a maximum of 2 credits • S/U Only Grade Basis • P: NRSRG 701, 702; NRSRG 721 or NRSRG 726 or concurrent enrollment. Limited to graduate students in the MSN program. • Instructor Consent Required

• Permission of scholarly project adviser.  
Selection and implementation of an aspect of the scholarship/research process with guidance from a nursing graduate faculty adviser. Project culminates in a product and an oral presentation.

**NRSRG 797 Independent Study**

1-3 crs. • F, Sp • May be repeated for a maximum of 6 credits • No S/U Grade Option • P: Limited to graduate students in the MSN program. • Department Consent Required

Individual research under faculty direction.

**NRSRG 798 Graduation Only**

1 cr. • May be repeated • PR Only Grade Basis • P: Limited to graduate students in the MSN program.

**NRSRG 799 Thesis**

1-3 crs. • F, Sp • May be repeated • PR Only Grade Basis • P: NRSRG 701, 702; NRSRG 721 and 726 or concurrent enrollment. Limited to graduate students in the MSN program. • Instructor Consent Required

- Full-time equivalent. Permission of thesis adviser.

Development and completion of research project using formal investigative methodology.

**NRSRG 801 Philosophical, Theoretical, and Ethical Foundations for Advanced Nursing Practice**

4 crs. • Su • Special Course Fee Required; Special Course Fee Varies by Section • A-F Grades Only • P: Graduate-level Nursing theory course; graduate equivalent ethics content; or consent of instructor. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0

- Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

Inquiry into the philosophical and theoretical perspectives/foundations of the discipline. Paradigms and strategies for theory development in advanced practice nursing are examined. Advanced nursing practice will be studied in the context of complex clinical, business, legal, ethical, and system issues that confront individual recipients of care, families, health care professionals, organizations, and society.

## NURSING

### **NRSNG 803 Advanced Epidemiology and Biostatistics for Population Health**

4 crs. • Su • Special Course Fee Required; Special Course Fee Varies by Section • A-F Grades Only • P: Graduate equivalent of health promotion content; Graduate equivalent of basic epidemiology content; or consent of instructor. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
• Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

Epidemiological research and concepts are synthesized and applied to clinical and population-based health to best identify and analyze the determinants of health, health promotion and risk reduction strategies, and to evaluate the distribution of health conditions. Epidemiological, biostatistical, and other scientific approaches are used to analyze population data to better understand determinants of health and illness.

### **NRSNG 805 Clinical Scholarship for Advanced Nursing Practice**

4 crs. • Sp • Special Course Fee Required; Special Course Fee Varies by Section • A-F Grades Only • P: A graduate level research course; or consent of instructor. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
• Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

Course focuses on the elements of advanced clinical scholarship. Content will include evidence-based practice processes, the translation of research into practice, the evaluation of practice, activities aimed at improving health care practice and outcomes, and participation in collaborative research. Principles of information technology will be integrated and applied to advance nursing practice.

### **NRSNG 809 Organizational Leadership and Health Policy for Advanced Nursing Practice**

4 crs. • F • Special Course Fee Required; Special Course Fee Varies by Section • A-F Grades Only • P: NRSNG 801 or NRSNG 801 concurrently; or consent of instructor. Limited to graduate students in the Doctor of Nursing Practice (DNP) program.

Lecture/Discussion Hours: 4 | Lab/Studio Hours: 0  
• Graduate equivalent of health policy content. Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

Course will focus on the systematic collection of information about the activities, characteristics, and outcomes of programs to improve health care and inform future programmatic decisions. Emphasis is placed on the strategies used in needs assessment and implementation of effective health care interventions, programs, and policies. This course prepares the advanced nursing professional to respond to current realities and provide enhanced leadership for future policy development and professional practice.

### **NRSNG 821 DNP Seminar & Practicum I**

4 crs. • F • Special Course Fee Required; Special Course Fee Varies by Section • A-F Grades Only • P: NRSNG 803; NRSNG 809 or concurrent enrollment; or consent of instructor.

Seminar Hours: 2 | Lab/Studio Hours: 2

• Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

First of two seminar/practica combining advanced nursing practice clinical/system focus and seminar discussion. Seminar and practicum will focus on collaboration of inter-professional teams and the roles of advanced nursing within this collaboration. Accountability for advancing leadership in advanced nursing clinical practice and contributing to the developing body of nursing practice knowledge will be emphasized. Addresses advocacy at all levels of health care policy implementation. This experience provides additional opportunities for practice expertise development and work with a target population and/or a complex health care environment.

### **NRSNG 822 DNP Seminar & Practicum II**

5 crs. • Sp • Special Course Fee Required; Special Course Fee Varies by Section • A-F Grades Only • P: NRSNG 821 Lecture/Discussion Hours: 2 | Lab/Studio Hours: 3

• Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

Second of two advanced nursing practice seminars and practica. The purpose of this course is to build upon knowledge and skills acquired and refined in the DNP Seminar and Practicum I. Students will refine leadership skills related to outcomes measurements and quality initiatives within the student's work environment. Seminar and practicum will focus on the development, implementation and evaluation of culturally-sensitive approaches to improve health status/access patterns and address gaps in care of populations within local, national, or global communities.

### **NRSNG 890 DNP Capstone Project I**

1 cr. • F, Sp • Special Course Fee Required; Special Course Fee Varies by Section • S/UI Only Grade Basis • P: NRSNG 801 or concurrent enrollment; NRSNG 803 or concurrent enrollment; NRSNG 809 or concurrent enrollment.

Seminar Hours: .5 | Lab/Studio Hours: .5

• Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

Part one of culminating experience for the DNP student designed as a specialized advanced nursing practice field project conducted over two semesters. This project is designed as a clinical scholarship project allowing students to demonstrate expertise in practice and will be individualized based on student's prior experience and projected career goals. The capstone project integrates the role of the DNP in a comprehensive health care environment that includes utilization of leadership, consultation, advocacy, and collaboration. In-depth work with experts from nursing and other disciplines will be incorporated to provide opportunities for meaningful student engagement in the health care environment.

**NRSRG 891 DNP Capstone Project II**

2 crs. • F, Sp • *Special Course Fee Required; Special Course Fee Varies by Section* • S/U Only Grade Basis • P: NRSRG 805 or concurrent enrollment; NRSRG 890 or concurrent enrollment.

Seminar Hours: 1.5 | Lab/Studio Hours: .5

• Students in the DNP program are assessed a special course fee for 800-level courses. For specific course fees, please refer to the course schedule.

### PROGRAMS

#### Ed.S.—School Psychology

The School Psychology program is a three-year sequence of training which leads to the Ed.S. degree and license to practice school psychology in the public schools. The major concern of school psychologists is the growth and development, learning, adjustment, and education of children and youth. To address these and many other service needs, the training of school psychologists is quite extensive. Training includes preparation in clinical and evaluation procedures; understanding the education system, professional ethics, diversity, due process rights, and student and family needs; providing in-service education/applied research services and program evaluation; and the delivery of services (such as consultation, counseling, parent training, behavioral intervention, and multidisciplinary team facilitation). While employment in the public schools is the primary focus of this training program, some graduates have sought employment in institutional settings, guidance clinics, post-high school educational settings, or pursued study at the doctoral level.

Applicants must submit an application, three

letters of reference (at least two from faculty), a written statement of professional goals, complete undergraduate transcripts of coursework, and the general aptitude scores of the Graduate Record Examination.

#### Program Degrees

**The M.S.E. Degree Phase** of the program provides the student with the academic background, introduction to research, professional seminars, and beginning practica in diagnostic and intervention skills. To complete the degree phase and earn the M.S.E.—School Psychology degree, the student must complete all first year required coursework, have a minimum of 31 graduate credits, earn a GPA of at least 3.00, and pass a written comprehensive examination.

**The Ed.S. Phase**, consisting of 37 graduate credits, provides the student with additional background in applied research, education foundations and methods, and advanced practica in the delivery of school psychological services. Students are placed in the public schools and in the on-campus interdisciplinary clinics. They also complete a multi-cultural practicum at the Lac Du Flambeau American Indian community's school. Students must register for and pass the National Association of School Psychologists qualifying examination for National Certification in School Psychology. This examination is usually taken during the second semester of the second year. Upon passing the NCSP examination and successful completion of all requirements during the first two years of the program, except the thesis, students are recommended for the initial license in school psychology and are eligible to enroll in Psyc 787 Internship in School Psychology.

The internship is the capstone of the school psychology training program: it provides a placement, usually salaried, in a full-time (minimum of 1,200 hours) supervised, professional work experience. The Ed.S. degree is conferred upon successful completion of all program requirements, including the internship and the Education Specialist thesis. Upon conferral of the Ed.S. degree, students are eligible to apply for national certification in school psychology (NCSP).

As undergraduates, applicants to the school psychology program must complete the following courses as prerequisites for admission: psychology of exceptional children, statistics,

psychopathology, and theories of counseling. Although a psychology major is strong preparation for the school psychology program, majors in education, communication sciences and disorders, social work, and nursing are also considered for admission. All applicants are encouraged to complete as many of the above prerequisite courses as possible prior to admission.

## COURSES

All 500- and 600-level graduate courses include requirements or assignments which differentiate them from their companionate 300- and 400-level undergraduate offerings. Students who have taken courses required in the school psychology program at the 300- or 400-level may not use them to meet requirements in the graduate program.

**PROGRAMS**

The University of Wisconsin-Madison School of Social Work offers its Master's in Social Work (MSW) program on the UW-Eau Claire campus in cooperation with the Department of Social Work.

The MSW program offers a social problem and social issues focus to the education and preparation of students as advanced practitioners and leaders across the fields of social work practice. Students find that the teaching of practice, knowledge, values, and skills with an analytic approach fosters the ability to acquire and translate knowledge into sound professional social work practice with individuals, families, groups, communities, and organizations.

The MSW program offered on the UW-Eau Claire campus is part-time and is designed to allow students who are not able to pursue full-time study to work toward an MSW degree on a structured time-extended basis:

- Courses are offered on Saturdays.
- Field work options can include places of employment.
- Advanced Standing is available for those individuals who have completed a BSW degree within the past seven years.
- Currently, the concentration that is available at UW-Eau Claire is Child, Youth, and Family.

Application information is available on the UW-Madison School of Social Work Web site at: [http://socwork.wisc.edu/new\\_web/?q=node/58](http://socwork.wisc.edu/new_web/?q=node/58).

For program information contact Diane Brandt at [dbrandt@wisc.edu](mailto:dbrandt@wisc.edu).
