THE UNIVERSITY OF WISCONSIN - EAU CLAIRE

105 Garfield Ave.
Eau Claire, Wisconsin 54702-4004
UW-Eau Claire website: http://www.uwec.edu/

Situated at the confluence of the Eau Claire and Chippewa rivers, the city of Eau Claire originated as a lumber town in the 1840s. Today, with a population of more than 69,000, Eau Claire is a commercial, medical, technological and educational center for the west-central region of Wisconsin. Eau Claire is located 90 miles east of Minneapolis/St. Paul and 247 miles northwest of Milwaukee. The city and the surrounding countryside abound in rivers, lakes and wooded areas of great natural beauty, where seasonal sports, camping and other recreational activities may be enjoyed throughout the year.

University of Wisconsin-Eau Claire

The University of Wisconsin-Eau Claire was founded in 1916 as the Eau Claire State Normal School, occupying a single building on land donated to the state by the city of Eau Claire. The academic history of the institution is reflected in its subsequent changes of name and mission. As the Eau Claire State Teachers College (1927-51), it awarded baccalaureate degrees in education; as the Wisconsin State College at Eau Claire (1951-64), it added degree programs in liberal arts. The state colleges were granted university status in 1964, and the Wisconsin State University-Eau Claire was organized into the schools of Arts and Sciences, Education and Graduate Studies. The School of Nursing was created in 1965 and the School of Business in 1966. The institution became the University of Wisconsin-Eau Claire in 1971 with the merger of the two state-supported university systems to form the University of Wisconsin System, which includes 13 universities, 13 freshman-sophomore colleges and UW-Extension. In 2004, an administrative restructuring created four colleges at the University of Wisconsin-Eau Claire: the College of Arts and Sciences, the College of Business, the College of Education and Human Sciences, and the College of Nursing and Health Sciences. Graduate programs are administered by each of the colleges.

The University of Wisconsin-Eau Claire today serves more than 10,000 students, offering a variety of undergraduate and graduate programs, and serving regionally as a center for continuing education. The main campus includes 30 major buildings located on a 333-acre, two-level campus, which embraces Putnam Park on the south bank of the Chippewa River and is connected by a footbridge to the Haas Fine Arts Center and the Human Sciences and Services building on the north bank. The university campus also includes The Priory, a facility three miles south of the main campus, and Haymarket Landing, a student apartment complex in downtown Eau Claire.

UW-Eau Claire – Barron County

Effective July 1, 2018, the 13 two-year campuses formerly known as University of Wisconsin Colleges were integrated as branch campuses with seven of the University of Wisconsin System’s four-year comprehensive or research institutions. As part of this restructuring, the former UW-Barron County became a branch campus of UW-Eau Claire and is now known as UW-Eau Claire – Barron County.

Select Mission of the University of Wisconsin-Eau Claire

In addition to the University of Wisconsin System mission and the core mission of the university cluster institutions, the University of Wisconsin-Eau Claire has the following select mission:

We foster in one another creativity, critical insight, empathy and intellectual courage, the hallmarks of a transformative liberal education and the foundation for active citizenship and lifelong inquiry.

We fulfill our mission through a pervasive university commitment to provide:

- Rigorous, intentional and experiential undergraduate liberal education for life and livelihood.
- Strong, distinctive professional and graduate programs that build on and strengthen our proud tradition of liberal education.
- Multicultural and international learning experiences for a diverse world.
- Exemplary student-faculty research and scholarship that enhance teaching and learning.
- An inclusive campus community that challenges students to develop their intellectual, personal, cultural and social competencies.
- Educational opportunities responsive to the needs of our communities, state, region and beyond.
- Academic leadership in transforming liberal education.

Organization of the university

The chancellor is the university’s chief administrative officer, responsible for all phases of university activity and accountable to the Board of Regents and UW System president. In the discharge of these obligations, the chancellor is assisted by other administrators and advised by the faculty, staff and students of the university.

Subject to the powers of the Board of Regents, the UW System president and the chancellor:

- University faculty has primary responsibility for academic and educational activities and faculty personnel matters.
- University academic staff has primary responsibility for academic staff personnel matters.
- University students have primary responsibility for policies concerning student life, services and extracurricular activities. They share responsibility with the chancellor and Board of Regents for the disposition of student fees constituting substantial support for student activities.

Administrative Organization and Personnel

CHANCELLOR
James C. Schmidt

PROVOST AND VICE CHANCELLOR FOR ACADEMIC AFFAIRS
Patricia A. Kleine

Academic Affairs Budget Planner
Stephanie Jamelske

Chief Information Officer and Director of Learning and Technology Services
Kent Gerberich

Director of Academic Planning and Assessment
Mary Hoffman

Director of Data Management, Analytics, and Reporting
Casey Rozowski

Executive Director of the Office of Research and Sponsored Programs
Erica Benson (Interim)

Associate Vice Chancellor for Academic Affairs and Dean of Graduate Studies
Mary Hoffman (Interim)

Director of Academic Skills Center
Audrey Robinson

Director of Center for Excellence in Teaching and Learning
Angie Stombaugh

Director of Center for Writing Excellence
Jonathan Rylander

Director of Human Development Center

Parking and Transportation Services: Parking and Transportation Services strives to find an equitable way to manage the parking spaces available to all members of the university community. Therefore, parking policies and regulations at UW-Eau Claire are aimed at easing the parking crunch on campus.
campus and in the neighborhoods adjacent to the campus. These policies and regulations are part of an overall parking plan, which incorporates a multifaceted approach to managing the parking spaces available on campus. It includes a differentiated pricing system for parking permits, penalties for violations and a free citywide transit service. Detailed and current parking information can be obtained from Parking and Transportation Services located within Blugold Central, 715-836-3000, or parking@uwec.edu.

Visitor Parking: If you are planning to visit the UW-Eau Claire campus, you can obtain a free visitor parking permit by contacting the Flesch Family Welcome Center.

Visiting the Campus: If you are a prospective student and/or family member wishing to schedule a campus visit, tours may be arranged through the Office of Admissions at 715-836-5415. Visitors may obtain a brochure describing the campus and its facilities from the Service Center, in the east lobby of Davies Center, or from the Flesch Family Welcome Center.

Academic Buildings

**Schofield Hall (1916)**, Garfield Avenue. Named for Harvey Schofield, first president of the Eau Claire State Normal School.

**L.E. Phillips Science Hall (1964; addition, 1969; a major renovation, 2002)**, lower campus, spanning Little Niagara Creek. Named for the Eau Claire industrialist whose major gift made possible the acquisition of special equipment.

**Nursing (1969; addition, 1985)**, lower campus at edge of Putnam Park.

**Haas Fine Arts Center (1970)**, Water Street, with footbridge spanning the Chippewa River to the main lower campus. Named for former chancellor Leonard Haas (1959-1980) and his wife, Dorellen.

**Human Sciences and Services (1982)**, Water Street, north campus overlooking the Chippewa River.

**Centennial Hall (2014)**, Park Avenue. Named to honor UW-Eau Claire’s Centennial in 2016.

**Residence Halls**

**Aspenson Mogensen Hall (2017)**, just across from lower campus on Water Street, 200-plus students. Named for Eau Claire business owners John Mogensen, his daughter Michelle Mogensen, and Lisa Aspenson in recognition of their gifts of more than $1 million to the UW-Eau Claire Foundation.

**Chancellors Hall (2000)**, upper campus. 81 apartments for 324 students. Named in honor of past, present, and future chancellors.

**Governors Hall (1962)**, upper campus. 134 men and 208 women.

**Haymarket Landing (2016)**, downtown Eau Claire. 417 students. Located next door to Pablo Center at the Confluence, a new campus-community arts center opened in fall 2018.

**Emmet Horan Hall (1961)**, upper campus. 206 men. Named for the businessman who was the first Eau Claire appointee to the Board of Regents of State Normal Schools.

**Karlgaard Towers Hall (1967; renovated 2017-18 and 2018-19)**, upper campus. 435 men and 897 women. Named for alumnus David Karlgaard, a 1967 mathematics graduate, and his wife, Marilyn, in recognition of their gifts of more than $6 million to the UW-Eau Claire Foundation.

Oak Ridge Hall (1969), upper campus. 64 men and 282 women.

Priory Hall (renovated 2014), three miles south of UW-Eau Claire’s main campus at The Priory. 48 single rooms for men or women. Located on 112 mostly wooded acres owned by a subsidiary of the UW-Eau Claire Foundation.

Laura E. Sutherland Hall (1965), upper campus. 144 men and 260 women. Named for a faculty member (History, 1921-1959; dean of women, 1939-1947).

University Centers

Flesch Family Welcome Center (2021), lower campus. Named in honor of Tom and Jeannie Flesch, UW-Eau Claire alumni who made a lead gift to the Foundation in support of this privately funded building. Houses the university’s Admissions, Foundation and Alumni Association offices. Serves as the main entry point for the more than 17,000 prospective students, parents and guests who typically visit campus during the year.

W.R. Davies Student Center (2012), lower campus. Named for the second president (1941-1959) of the Eau Claire State Teachers College. Davies Center is the hub of social and cultural interaction on the lower campus. Offering a number of meeting and program spaces, dining facilities and service areas, Davies Center is the administrative core of the University Centers. It is also home to the Student Senate, the primary vehicle for student involvement in university governance; the University Bookstore; Blugold Dining/Catering Services; Marketplace, The Cabin and Dulany Inn dining facilities; U.S. Bank; Blugold Card Services; the Gender & Sexuality Resource Center; Woodland Theater; Event Services; and Activities, Involvement and Leadership.

Crest Wellness Center (1965), upper campus. Home of Student Health Service, Crest Fitness Center, University Police and Eagle’s View Challenge Ropes Course.

Hilltop Recreation Center (1968), upper campus. Offering a number of recreation spaces; dining facilities including the main cafeteria and the Riverview Café; and program spaces and service areas. Hilltop Center is the home base for Recreation and Sport Operations. It is equipped with a billiards center, lounge space, bouldering wall, group fitness studios and the Environmental Adventure Center, which offers indoor archery as well as outdoor adventure equipment rental.

Schofield Auditorium (1916; renovated in 2009), Schofield Hall, lower campus. Renovated in 2009 through a collaborative effort of Student Senate, University Centers, the Chancellors Office and UW-Eau Claire Foundation. Managed by University Centers, Schofield Auditorium is the largest fixed-seat venue on campus. With its state-of-the-art lighting, sound, video and seating, the venue hosts hundreds of large events every year.

Zorn Arena (1951), lower campus on Garfield Avenue. Named in honor of Willis L. Zorn, former dean of men, director of athletics and head basketball coach. Bill Zorn began his distinguished 40-year career at Eau Claire in 1928. Elected to the NAIA Hall of Fame in 1958, Zorn promoted “athletics for all” through the Men’s Athletic Association. The former physical education teaching facility was completed in 1951 and first used in 1952. Originally known as the Fieldhouse, the building was renamed the University Arena in January 1969 and later renamed for Zorn after his death in 1987. Managed by University Centers, Zorn Arena is the largest multipurpose facility on campus. It is the home for men’s and women’s basketball games and also the site of commencement ceremonies in December and May. Many of the university’s Artists Series performers and Forum speakers make their presentations in Zorn Arena, which can seat up to 3,400 people.

Sites and Collections Supporting Instruction and Research

On Campus:

The John L. Buchholz Jazz Library is a rare and extensive collection of jazz charts and recordings donated in 2012 to the UW-Eau Claire Foundation in honor of John L. Buchholz, professor emeritus of English. The longtime jazz musician was among the founding members of the UW-Eau Claire Jazz Ensemble in 1962 and performed throughout the region. This one-of-a-kind collection of more than 1,000 charts and 900 recordings includes works by Count Basie, Sammy Nestico, Bill Holman, Tommy Dorsey, Benny Goodman and many more legends of jazz. It is located in Archives and Special Collections in McIntyre Library.

In 2014, the UW-Eau Claire Foundation acquired the Frederick G. and Joan Christopherson Schmidt Robert Frost Collection, a rare assemblage of works by the 20th-century American poet. The collection, which is housed in Special Collections and Archives in McIntyre Library, contains approximately 44 books authored by Frost, including several that have been signed and inscribed by the poet; dozens of books about Frost; and manuscript materials containing Frost’s handwritten poetry, Christmas cards and pamphlets.

The James Newman Clark Bird Museum, circular in shape, surrounds the planetarium in Phillips Science Hall. The collection of approximately 530 specimens and four dioramas depicting native birds in their natural habitats is used by students in biology. The museum is open to the public from 8 a.m. to 4:30 p.m. Monday through Friday, and at other times by appointment. For more information, contact the biology department at 715-836-4166 or biology@uwec.edu.

The L.E. Phillips Planetarium, located in the James Newman Clark Museum in Phillips Science Hall, contains a Spitz model A-3-P planetarium with a seating capacity of 50. The facility is used by classes in the physics and astronomy department. A limited number of public events also are held at the planetarium.

The Priory, formerly known as St. Bede’s Monastery, was purchased in 2011 by Blugold Real Estate LLC, a subsidiary of the UW-Eau Claire Foundation, as an ideal facility for expanding UW-Eau Claire academic programming. Located three miles south of UW-Eau Claire’s main campus, the property includes 112 mostly wooded acres in the Town of Washington and three building complexes totaling approximately 80,000 square feet.

The Children’s Nature Academy is located at The Priory, with UW-Eau Claire students who are parents as the primary users of its child care services, including the infant and toddler care program. In addition to students who use the academy’s child care services, hundreds of students either work, volunteer or engage in observation activities at the academy annually.

The Priory also is the site of Priory Hall, offering renovated and modernized housing for 48 students in single-occupancy rooms.

Putnam Park, a 230-acre nature preserve in the midst of the campus and the only urban state natural area in Wisconsin, provides an area for the study of flora and fauna within easy walking distance of classrooms, as well as a place for relaxation and hiking. The park is traversed by Putnam Drive and by a nature trail, for which printed guides are available at the Service Center in Davies Center. For more information, contact the biology department at 715-836-4166 or biology@uwec.edu.

The S.W. Casey Observatory, located atop Phillips Science Hall, contains a computer-controlled, seven-inch Maksutov-Cassegrain telescope with a charge-coupled-device (CCD) camera. The observatory is adjacent to an
observing deck with 11 stations for student use in astronomy laboratory classes. These stations use eight-inch telescopes.

**Off Campus — Wisconsin:**

The Hobbs Observatory, located 15 miles east of the campus at the Beaver Creek Reserve, contains a 24-inch computer-controlled telescope, a 14-inch Schmidt-Cassegrain telescope, a CCD camera and a classroom. This observatory is open to the public on Saturday nights, when clear, from May through October.

The James and Joan Leary Family Environmental Education Center consists of 168 acres located in a popular four-season recreational area at the confluence of the Flambeau and Chippewa rivers. The land is surrounded by Chippewa County forest land. The Leary Family Environmental Education Center will become an integral part of the university’s public health and environmental studies department. Information about the Leary Environmental Education Center is available from the public health and environmental studies department at phes@uwec.edu.

Nature Conservancy Tracts, owned by the UW-Eau Claire Foundation, include 320 acres of forest and marshland that are available for scientific investigations and class use. One of these, the Schmidt Tract, is approximately 30 miles east of Eau Claire in Clark County, and two are in Washburn County near Sarona and Spooner. More specific information concerning location and use of this land can be obtained from Dr. Winnifred Bryant, biology department, at bryantwm@uwec.edu.

**Off-Campus — Mississippi:**

The Gulf Coast Research Laboratory (GCRL), Ocean Springs, Mississippi, is an out-of-state institution affiliated with the University of Wisconsin-Eau Claire. The GCRL offers two summer terms and provides students instruction in a marine environment. For more specific information contact Dr. David Lonzarich, biology department, at lonzard@uwec.edu.

### Accreditation and Memberships

The University of Wisconsin-Eau Claire is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools. Address:

230 South LaSalle Street
Suite 7-500
Chicago, Illinois 60604
Specific programs or individual units of the University are accredited or approved by the following agencies, as explained in appropriate sections of the catalog:

AACSB International—the Association to Advance Collegiate Schools of Business
Accrediting Council on Education in Journalism and Mass Communication
American Chemical Society
American-Speech-Language-Hearing Association
Commission on Accreditation of Athletic Training Education
Commission on Collegiate Nursing Education
Council on Social Work Education
National Association of Boards of Examiners of Long Term Care Administrators
National Association of School Psychologists
National Association of Schools of Music
National Association for the Education of Young Children
National Environmental Health Science and Protection Accreditation Council
State Authorization Reciprocity Agreement
Wisconsin Department of Health and Social Services
Wisconsin Department of Public Instruction
Wisconsin State Board of Nursing

The university is a member of the American Association of Colleges of Nursing, the American Association of Colleges for Teacher Education, the American Association of State Colleges and Universities, the American Association of University Women, the American Council on Education, the Association of American Colleges and Universities, the Council for Graduate Schools, the Council on Opportunities in Education, the Council on Undergraduate Research, the Wisconsin Campus Compact and the Wisconsin Institute for Peace and Conflict Studies.

Continuing Education and Extended Campus

The “Wisconsin Idea”

The “Wisconsin Idea,” a concept named after the state that pioneered its development, holds that the function of a university is not only to educate full-time students on its home campus, but also to extend educational opportunities and services to all citizens of the state. The Wisconsin Idea is incorporated into the general mission of the University of Wisconsin System and into the particular missions of the various institutions.

The University of Wisconsin-Eau Claire has long supported the Wisconsin Idea and the related idea of education as a process continuing throughout the lifetime of an individual. The university welcomes contemporary learners who wish to attend credit and non-credit courses for personal or professional reasons.

University of Wisconsin-Extended Campus

To increase the availability of educational opportunities both on and off campus, the University of Wisconsin-Eau Claire and University of Wisconsin-Extended Campus cooperate in providing noncredit continuing education programs and credit courses designed for contemporary learners.

Continuing Education – Connecting Campus and Community

UW-Eau Claire Continuing Education is dedicated to supporting people seeking education to improve their lives by providing innovative programming in a variety of areas. Utilizing resources from UW-Eau Claire and UW-Extended Campus we develop our programming through collaboration with communities and professionals working in their fields. All our programs are designed with inclusivity in mind and are focused on providing the best educational value.

Here are a few things we do:

• We offer an extensive array of professional development programming helping professionals learn new skills and, in some cases, earn credits toward a certification or recertification.
• We provide support for several UW-Eau Claire graduate programs whether it is helping students get the courses they need to qualify for graduate programs to offering full certificate and degree programs.
• Through our Small Business Development Center, we support job growth by providing free counseling to small businesses whether they are just starting out or looking to expand.
• We provide personal enrichment programming for the community.

We believe in spreading the power of education no matter what stage of life you are in or where you want to go.

Information about current offerings may be obtained from the Office of Continuing Education (http://www.uwec.edu/ce/) at 715-836-3636, or toll-free 866-893-2423.
ABOUT THE CATALOG

A Bulletin of the University of Wisconsin-Eau Claire
Volume 107

The Undergraduate Catalog is available on the UW-Eau Claire website (http://www.uwec.edu/) and is supplemented by the following official publications of the University.

The class schedule (https://www.uwec.edu/blugold-central/academic-planning/register-classes/class-schedules/), course catalog, and information about fees, is available prior to each term on the Registrar’s website and CampS.

The Your Right to Know publication, from the Student Affairs and Dean of Students Office contains additional information about campus life, activities, services, policies and regulations, safety, student rights, and the various offices through which they are administered.

The Graduate Catalog contains information about graduate programs including admission and degree requirements.

The provisions of this catalog do not constitute a contract between a student at UW-Eau Claire and the University. The sole purpose of the catalog is to provide regulations, course listings, degree programs, and fee schedules which are in effect at the time of publication. UW-Eau Claire reserves the right to change the regulations in this catalog at any time during the period for which it is in effect and to add, modify, or withdraw courses at any time. UW-Eau Claire, with the concurrence of the System Administration and the Board of Regents of the University of Wisconsin System, also reserves the right to change fees and to add, modify, or withdraw degree programs at any time. Effective dates of changes will be determined by the proper University authorities and published through class schedules or other official publications of the University.

The University further reserves the right to ask the student to withdraw for cause at any time.

The University of Wisconsin-Eau Claire is committed to a policy of providing equal educational and employment opportunity for all persons in accordance with Board of Regents Policy and applicable law. Discrimination or harassment based on any protected category that has the purpose and effect of adversely affecting any aspect or condition of a person’s education, employment, housing, or participation in a university activity or program is prohibited.

As a part of its continuing commitment to eliminate discrimination and harassment, the university has established procedures for providing prompt and fair resolution of complaints. All complaints, questions, or requests for information should be referred to the Affirmative Action Office (http://www.uwec.edu/affirm/), Schofield 217, 715-836-2387, affirm01@uwec.edu.

The University of Wisconsin-Eau Claire makes available to the public, upon request, all consumer information required by Office of Education Rules and Regulations 178.1 through 178.8. Consumer information about the University includes, but is not necessarily limited to, the following: academic programs, educational costs, financial aid, academic progress requirements, student retention rates, career development, and employment data. Inquiries regarding this information may be made to the Student Affairs and Dean of Students Office, Schofield 240.

The University ensures students access to their official University records and maintains the confidentiality of personally identifiable information in accord with federal law. A Notice of Student Rights Under the Family Educational Rights and Privacy Act is available in the Your Right to Know (https://www.uwec.edu/kb/article/your-right-to-know-your-right-to-know/) publication.
# ACADEMIC CALENDAR

## Fall Semester 2023

### August
- 21 Monday: First Day of Faculty Contractual Period
- 30 Wednesday: Advising and Registration
- 31 Thursday: Advising and Registration

### September
- 1 Friday: Advising and Registration
- 4 Monday: Labor Day Holiday-University Closed
- 6 Wednesday: Classes Begin

### November
- 22 Wednesday: Fall Recess Begins- No Classes- University Open
- 23 Thursday: Thanksgiving Day Holiday-University Closed
- 24 Friday: No Classes-University Open
- 27 Monday: Classes Resume

### December
- 15 Friday: Last Day of Classes
- 16 Saturday: Commencement
- 23 Tuesday: Last Day of Classes

## Winterim 2024

### January
- 1 Monday: Holiday- University Closed
- 3 Wednesday: Classes Begin
- 15 Monday: Martin Luther King Jr. Holiday-University Closed
- 23 Tuesday: Last Day of Classes

## Spring Semester 2024

### January
- 25 Thursday: Advising and Registration
- 26 Friday: Advising and Registration
- 29 Monday: Classes Begin

### March
- 18 Monday through 22 Friday: Spring Break
- 25 Monday: Classes Resume

### May
- 10 Friday: Last Day of Classes
- 13 Monday through 17 Friday: Final Examinations Week
- 17 Friday: UW-Eau Claire- Barron County Commencement
- 18 Saturday: UW-Eau Claire Commencement
- 19 Sunday: Last Day of Faculty Contractual Period
- 27 Monday: Memorial Day Holiday-University Closed

## Three-Week Summer Session 2024

### May
- 20 Monday: Classes Begin
- 27 Monday: Memorial Day Holiday-University Closed

### June
- 7 Friday: Last Day of Classes

## Eight-Week Summer Session 2024

### June
- 10 Monday: Classes Begin

### July
- 4 Thursday: Independence Day Holiday-University Closed

### August
- 2 Friday: Last Day of Classes

Mission and Outcomes

The University of Wisconsin-Eau Claire provides graduate education in select programs that grow clearly from institutional undergraduate strengths and that meet identifiable regional and state needs. Graduate programs foster students’ intellectual development, contribute to the advancement of disciplines, and enhance students’ personal lives and their ability to contribute to their professions and communities. Graduate studies at UW-Eau Claire emphasize personal working relationships between faculty and students in a variety of learning situations.

A hallmark of graduate education is scholarly and creative activity, emphasizing discipline-specific research, the acquisition of new knowledge, or the application or transmission of existing knowledge. Expected outcomes for all UW-Eau Claire graduate programs are that graduates will have the ability to:

1. Demonstrate advanced mastery of the methodology, techniques, and practices specific to the field of study;
2. Excel in written and oral communication, with the ability to convey complex ideas clearly, consistently, and logically;
3. Demonstrate understanding and mastery for appropriately managing a range of general and discipline-specific ethical dilemmas;
4. Utilize the research or scholarship of the discipline and produce scholarly or creative products consistent with disciplinary standards.

Each of the Colleges is responsible for promoting high standards of scholarship, for offering professional preparation appropriate to societal needs, and for maintaining an appropriate balance between the academic and professional components of graduate programs.

Graduate Faculty and Council

The Graduate Faculty consists of about 400 faculty and academic staff who hold doctoral or appropriate terminal degrees, and who possess a broad array of special qualifications and backgrounds in their academic specialties.

The Graduate Faculty recommend to the Chancellor, and to the Board of Regents as appropriate, all major policies and programs relating to graduate studies.

The Graduate Council is a representative body of the Graduate Faculty and graduate students and acts on their behalf. The Graduate Council serves and acts to develop and maintain standards of academic quality in all graduate programs; to provide initiative and insight in developing graduate programs to meet current, new, and emerging needs; to formulate general academic policies and procedures relating to graduate programs in the University; to foster creativity and scholarship in graduate programs; to represent the interests of the Graduate Faculty and graduate students in the University; and to advise the Graduate Dean concerning the administration of graduate education.

Admission

Admission Procedure

The application for admission to a graduate program must be submitted to the Admissions Office with an application fee and additional materials if required. Information about specific dates and required materials can be found on
the Graduate Student website (https://www.uwec.edu/admissions/apply/application-process/graduate-student/).

The applicant must list all colleges and/or universities previously attended. An official transcript must be sent directly to the University of Wisconsin-Eau Claire either through secured electronic transmission or via the postal service (not email) for any institution where you a) obtained a degree (except UW-Eau Claire), b) completed course work necessary for admission to your graduate program, or c) graduate courses you wish to have considered for transfer credit to apply toward your intended degree program at UW-Eau Claire. Current or former UW-Eau Claire students do not need to provide transcripts from UW-Eau Claire; however, submission of an application constitutes authorization to review the UW-Eau Claire record. Additional transcripts may be required, particularly for certification and licensure programs, so please request these official transcripts as well. All transcripts become a part of your permanent file and cannot be returned.

An application for admission may be considered during an applicant’s last semester as an undergraduate student. Admission to graduate study in such cases is conditional, pending satisfactory completion of the baccalaureate requirements and meeting all other requirements for admission.

If you would like to be considered for a graduate assistantship, fellowship, or the Advanced Opportunity Program (AOP) grant, the priority application date is March 1 for the upcoming academic year. The Application for Graduate Assistantship and/or Fellowship (https://www.uwec.edu/academics/graduate-studies/assistantships-fellowships/) can be found on the Academics page under “Paying for graduate school,” and should be electronically submitted to the Office of Graduate Studies.

Graduate Application Fee Policy

A non-refundable graduate application fee of $56 shall be assessed by the University for the application for admission. The fee does not apply toward the student’s other tuition and fees. The fee is good for four full semesters (two years).

Graduate applicants may apply to one program at a time. There is no waiver of the application fee. If an applicant is applying for a second graduate degree, (the first from UW-Eau Claire), or if they previously have been admitted and enrolled in a UW-Eau Claire graduate program, they will not be assessed the application fee again. If the first graduate degree is from any other institution, an application fee will be assessed. Students applying to be reclassified will not be assessed an application (processing) fee. Reclassification is an accepted graduate student requesting to change programs. If an applicant is admitted, but does not enroll at any time during the first two years, they will need to reapply, update their application, and pay a new application fee.

If an applicant is denied admission to one program and then wants to be considered for the same or a different program within two years of the receipt of the initial application fee, a new fee is not required.

International Student Application

All international students whose native language is not English must submit an official Test of English as a Foreign Language (TOEFL) score of at least 79 Internet-based test (or 550 for the paper-based) or an International English Language Testing System (IELTS) overall band score of 7.0 for admission. International graduate students enrolled in on-campus programs are required to provide proof of financial resources as part of the admission process. Although on-campus employment may be available, an international student should not plan to secure any finances through employment in the United States.

All international students enrolled in on-campus programs are required to purchase the UW System accident and sickness insurance.

Notification of Admission

Upon completion of review of the application materials, the Graduate Dean (or Dean of the College of Business for MBA Program) will notify the applicant in writing of the disposition of the application for admission. A decision regarding admission may be appealed to the Dean, and the Dean may also initiate referral of individual cases to the Council. In all cases, the Graduate Dean will notify the applicant in writing of action taken on appeals or referrals.

Admission to a Degree Program

Admission to a degree program is based upon evaluation of the student’s academic record and previous experience by the graduate faculty of the department(s) offering the program. All applicants must have earned a baccalaureate degree from a regionally accredited college or university. Upon admission to a degree program, the student is assigned an advisor who is a member of the graduate faculty from the department offering the program. Students must consult their advisor(s) regarding program planning and enrollment in courses.

Admission to particular degree programs may include additional requirements in regard to minimum undergraduate GPA, entrance examinations, or prerequisite courses. See requirements for admission to specific degree programs as described elsewhere in this catalog.

Status of Admission

Full Standing: Applicants whose undergraduate GPA from their baccalaureate degree granting institution is 2.75 (on a 4.0 scale) or higher or whose GPA for the last half of undergraduate work is 3.0 or higher may be admitted with full standing to a particular graduate program upon recommendation of the Program Director, College Dean, and Graduate Dean. Additional requirements may be specified by particular degree programs.

Conditional: Applicants whose undergraduate GPA falls below 2.75, or who are currently completing a baccalaureate degree, or who have not met the prerequisite requirements for admission to a program, may be admitted conditionally upon recommendation of the Program Director, College Dean, and Graduate Dean, when other sufficient evidence of ability to complete graduate work is presented. Additional conditions or requirements for admission also may be specified by particular degree programs.

Non-Degree Seeking (Special) Graduate Student

Persons wishing to take courses for graduate credit without admission to a particular graduate program may apply to become a non-degree seeking (special) graduate student. To be eligible, an applicant must hold a bachelor’s degree from a regionally accredited institution. A student who fails to meet the minimum GPA requirement for admission to a graduate degree program also may be permitted to enroll as a non-degree seeking student. If application to a particular graduate program is made subsequently, credits earned as a non-degree seeking student will be considered on the basis of appropriateness to the degree program. No more than nine credits earned as a non-degree seeking graduate student may later apply to degree requirements without prior approval of the appropriate Graduate Program Director. Individuals who wish to register for graduate nursing courses as a non-degree seeking (special) student should consult with the Nursing Graduate Program Director in the College of Nursing and Health Sciences to receive permission to enroll. Non-degree seeking graduate students are not eligible for the financial aid programs described elsewhere in this catalog.
Students who have previously been academically dismissed from a graduate program are not eligible to return to the University as a non-degree seeking (special) student. Instead, they must go through the appeals process specified in their letter of dismissal.

Special Auditors
Board of Regents policy makes it possible for students to audit courses at reduced costs as follows: Wisconsin residents may audit classes by paying only 30 percent of the normal per credit academic fee and non-residents may audit by paying 50 percent of the non-resident academic fee. In both cases any special course fees or materials are additional.

Transfer of Credits
Up to nine* credits of transfer graduate coursework may be approved to count toward a graduate degree earned at UW-Eau Claire. This limit of nine* transfer credits includes both courses taken prior to admission and after admission. These credits must be earned from another regionally accredited institution that is offering a comparable graduate degree program. Only courses in which a B (GPA of 3.00) or above is earned and representing course content equivalent to that offered by the University of Wisconsin-Eau Claire will be accepted and applied toward graduate degree programs. Transfer course grades are not computed in the resident GPA at UW-Eau Claire. No credit toward a graduate degree will be allowed for correspondence work.

*The BSN to DNP degree program is an exception to the nine credit transfer policy. A maximum of 20 credits of graduate transfer course work may be accepted for the BSN to DNP program.

Transfer of Credits Earned Prior to Admission
An official transcript must be sent directly to the University of Wisconsin-Eau Claire either through secured electronic transmission or via the postal service (not email) for any institution where you a) obtained a degree (except UW-Eau Claire), b) completed course work necessary for admission to your graduate program, or c) graduate courses you wish to have considered for transfer credit to apply toward your intended degree program at UW-Eau Claire. Graduate credits earned prior to admission, but not reported on the application for admission nor documented, will not be considered for transfer after admission.

Transfer of Credits Earned After Admission
Students who wish to take courses at another institution and transfer the credits to their approved graduate program must obtain permission to do so before enrolling in the courses. Forms for this purpose are available on the Graduate Studies website (https://www.uwec.edu/academics/graduate-studies/deadlines-forms-documents/). Without prior permission, a student has no assurance that courses taken at another institution will be acceptable as part of the graduate program. The other institution at which the student wishes to earn graduate credits may provide a form for documentation by an official of the University of Wisconsin-Eau Claire of the student’s graduate standing, allowing registration at the other graduate school for the purpose of earning credits to be transferred. If such a procedure is not available, the student may be required by the other institution to file application for admission.

Credits Earned in Programs Established through Inter-Institutional Agreements
Graduate credits taken in a program developed between UW-Eau Claire and one or more other institutions and established by a formal inter-institutional agreement will not be considered transfer credits under these guidelines.

Transfer of Extension Credits
Credits earned in extension courses sponsored by UW-Eau Claire and in off-campus (outreach) courses offered by UW-Eau Claire are not considered transfer credits by UW-Eau Claire.

Paying for College
There are several financial opportunities for graduate students to take advantage of at UW-Eau Claire.

Assistantships and Fellowships
If you would like to be considered for a graduate assistantship, graduate fellowship, or the Advanced Opportunity Program (AOP), the priority application date is March 1 for the following academic year. The online Graduate Assistantship/Fellowship/AOP Application (https://www.uwec.edu/academics/graduate-studies/assistantships-fellowships/) can be found on the Admissions or Graduate Studies websites, and it is submitted electronically to the Office of Graduate Studies.

Initial assistantship and fellowship awards are made in early spring. The deadline for any subsequent competition for filling assistantships or fellowships after initial awards are made will be posted by the Graduate Dean. Applications for other forms of aid should be submitted as early as possible. Graduate students are considered eligible for assistantships if enrolled in a minimum of four graduate credits, a minimum of three graduate credits for fellowships, and at least four graduate credits for AOP grants. Enrollment in at least one thesis credit or in an applied field project (which is coded as FTE) is also considered full-time enrollment for financial aid and enrollment certification purposes.

Graduate Assistantships
Graduate assistantships are available to graduate students who have been admitted in “full standing” to a degree program. Although most graduate assistantship positions require that the student work 13.3-hours per week (part-time) for an academic department, graduate assistantship positions may range from as few as 5-6 hours per week up to 20 hours per week, which is full-time. Graduate assistants must be enrolled at least half-time, which is four credit hours during the fall/spring semesters, but no more than ten credit hours per semester, if employed as a full-time graduate assistant. Graduate assistants working at least 13.3-hours per week may be eligible for health insurance and other benefits, as well as out-of-state tuition remission.

University of Wisconsin-Eau Claire Foundation Fellowships/Scholarships
University of Wisconsin-Eau Claire Foundation Fellowships are awarded on the basis of scholarship and scholarly potential. Fellowship recipients must be admitted in full standing to a degree program or be eligible for admission upon completion of the baccalaureate degree. The Graduate Student Foundation Fellowship is awarded by the Office of Graduate Studies, but there are other scholarships available through the UW-Eau Claire Foundation. Within the list of Foundation scholarships in Gold for Blugolds (https://www.uwec.edu/academics/graduate-studies/scholarships/), select “Graduate Student” under “Student Status” to find scholarships available to graduate students. A student must be enrolled in at least three credit hours during the fall and spring
Advanced Opportunity Program (AOP) Grants
Advanced Opportunity Program (AOP) awards are based, in part, on admission to full standing in a degree program (or eligibility for full standing upon completion of the baccalaureate degree). AOP grants are intended for underrepresented racial/ethnic minority students, and economically disadvantaged non-minority graduate students; however, priority is given to economical disadvantaged minority students. Only students who are U.S. citizens or permanent residents are eligible for these awards. All AOP recipients must maintain good academic standing, make satisfactory academic progress in their graduate program, and demonstrate financial need. In the semester/session during which the award is received, recipients must carry an academic load of at least four credit hours (three credit hours during the summer session), or be enrolled in at least one thesis credit. To be considered for an AOP grant, students must have a Free Application for Federal Student Aid (FAFSA) filed with Financial Aid and be currently enrolled at least two months before the start of classes, and have submitted the AOP application with the Office of Graduate Studies. The priority date for filing an AOP application with the Office of Graduate Studies is March 1 for the upcoming academic year, including the following summer session; however, applications will continue to be accepted as funding remains available. All graduate students enrolled in a degree program at UW-Eau Claire are welcome to apply for the AOP grants; preference is given to full-time, on-campus, Wisconsin resident students. Out-of-state students who receive an AOP grant may be eligible to receive a partial or full non-resident tuition remission the semester/session in which the grant is received.

Tuition and Residency
A Wisconsin Statute requires the payment of nonresident tuition by students who are residents of states other than Wisconsin or who have not been bona fide residents of Wisconsin for one year (12 months) immediately preceding the beginning of the semester for which they are registering. Determination of resident status for tuition purposes is made by the Office of Admissions at the time of admission.

If the original residence status for tuition purposes is designated as nonresident, this status remains in effect unless the student requests and is granted reclassification. Such requests should be addressed to the Office of Admissions prior to the beginning of the semester in which reclassification is to take effect.

In some programs, especially those offered online, residency may not be a factor, as tuition and fees may be the same rate for all students.

Minnesota/Wisconsin Tuition Reciprocity
The current reciprocity agreement between Minnesota and Wisconsin enables a Minnesota resident to attend Wisconsin public institutions of higher education at rates approximating tuition prevailing in the Minnesota State University System. Those wishing to take advantage of this tuition remission must apply well in advance of their initial enrollment at a Wisconsin System institution. Approval covers the full year (including Interim and Summer Sessions) and is automatically renewed each year for the campus initially approved. Information is available from the State of Minnesota Office of Higher Education Reciprocity Program, 1450 Energy Park Drive, Suite 350, St. Paul, MN 55108-5227, Phone: 651-642-0567 or toll-free 800-657-3866.

Midwest Student Exchange Program (MSEP)
UW Eau Claire does not participate in the Midwest Student Exchange Program.

Tuition Remission
Wisconsin Statutes provide for awarding a limited number of tuition remissions to students who are not residents of Wisconsin and who are not enrolled in a flat rate tuition program. These awards range in value and can be up to the difference between resident and nonresident tuition. Students who are not residents of Wisconsin are considered for non-resident tuition remission by submitting the FAFSA. Students who are employed for a graduate assistantship of at least 13.3-hours per week during the academic term/year may be eligible for a non-resident tuition remission (if not enrolled in a flat-rate tuition program). Minnesota residents must apply for MN/WI tuition reciprocity.

International Student Tuition Remission
International graduate students who are NOT enrolled in a flat-rate tuition program are eligible for a non-resident tuition remission, whereby the University provides a full or partial waiver of the non-resident portion of tuition. If interested, please notify the Office of Graduate Studies as soon as possible; funds are limited.

Financial Assistance
Consideration for financial aid will be given following admission to a particular graduate program. An applicant who is completing a baccalaureate degree may be awarded graduate aid pending verification of successful completion of the degree. Applicants for financial aid are urged to submit their applications as early as possible. To apply for aid, students must complete the Free Application for Federal Student Aid (FAFSA), which is available online at: https://studentaid.gov/h/apply-for-aid/fafsa. Students must be enrolled on at least a half-time basis (four credits during fall or spring semester, three credits during summer session, or a

Fee Schedule
A fee schedule is established each year. The fees and procedures described in this section are estimates. Prospective students should refer to the Class Schedule, which will contain links to the up-to-date information about fees. Fee information can be found on the Tuition and Fee website (https://www.uwec.edu/tuition-financial-aid/tuition-fees/fall-graduate-tuition-fees/). The determination of student level (undergraduate or graduate) for the purpose of fee assessment is based on the student’s classification. A student who registers for graduate credit will be classified as a graduate student for the term and will be assessed graduate-level fees for all course work. Exceptions may be made for undergraduates taking graduate courses in accordance with the policy described in this catalog (see Enrollment of Undergraduates for Graduate Credit (http://catalog.uwec.edu/undergraduate/academic-policies-regulations/registration/in Registration section of Undergraduate Catalog). Some of the online courses and/or programs may have their own unique tuition and fees schedule.

The payment of fees entitles a student to a student identification (ID) card. This card entitles the student to attend most University activities and to make use of University facilities (see Your Right to Know handbook (https://www.uwec.edu/about/credentia/credit-right-to-know/) and Blugold Card Services (https://www.uwec.edu/blugold-card/) section).
minimum of one thesis credit) to be eligible for financial aid. Graduate students may be awarded one or a combination of different types of financial aid.

**Work Study and Student Employment**

Applicants applying for Federal Work Study must establish financial need by completing the FAFSA and meeting the job skill requirements established by the employer. Students may work up to their maximum work study award under the Federal work study program. Graduate students' job responsibilities are generally of a more complex nature and thus may be paid at a higher wage rate than undergraduate students. Both on- and off-campus work study positions are available.

Nonfederal Student Employment is open to all enrolled students who meet the job skill requirements. Students may work up to 20 hours per week as a student employee.

Contact Blugold Central Student Services for specific questions concerning eligibility and restrictions, 715-836-3000.

**Loans**

Graduate students who want to be considered for the Federal Direct Unsubsidized Loan must complete the FAFSA and be enrolled at least half-time (4 credits during the academic year; 3 credits during summer). Applicants may borrow up to their Financial Aid budget minus other aid, or a maximum of $20,500 per academic year, whichever is less (Maximum accumulated loan for both undergraduate and graduate degrees is $138,500).

**International Student Aid**

**International Student Tuition Remission Scholarships**

International graduate students who are in good academic standing and NOT enrolled in a flat-rate tuition program are eligible for an international student tuition remission scholarship, whereby the University provides a full or partial waiver of the non-resident portion of tuition. If interested, please notify the Office of Graduate Studies as soon as possible; funds are limited.

**Student Resources**

Students can leverage a wide scope of resources on campus to reach their full potential. The campus provides a variety of services and resources to guide students through their academic careers.

**Library and Technology Resources**

Classroom instruction at the University is supplemented by services provided to the entire academic community and by the specialized resources of individual departments, including a number of facilities and collections which are made available to the public.

**McIntyre Library**

McIntyre Library supports students, faculty, staff and the public through its collections, spaces, and services. For more information, please visit the Library’s (http://www.uwec.edu/library/) webpage (https://library.uwec.edu/).

**Spaces**

- Blugold Makerspace with 3d printers, laser cutter, sewing machines, vinyl cutter, tools, art supplies, and more, for student academic or personal use
- Digital Studio: a multimedia lab with equipment and support in video and audio recording, photography, graphic design and virtual reality
- quiet study areas of the 4th and 5th floor
- group and individual study rooms, collaborative and individual computer stations, an interview room
- Variety of individual and collaborative study areas in a 6-story structure
- a 24-hour study area
- McIntyre Library houses the Honors Center, the Center for Writing Excellence, and the university Test Center. Additionally, the library provides amenities supporting mind-body wellness, including exercise equipment, a SADD light station, yoga classes, and the “Rest Nest” relaxation space (a service of Student Health Services)

**Services**

- Research assistance, virtual and in-person. Meet with a librarian on a drop-in basis or by appointment.
- Makerspace and Digital Studio workshops and one-on-one training
- Fine-free checkout on most materials
- Borrowing services from other libraries, including all UW System libraries
- Events including therapy dog visits, yoga classes, After Dark welcome party, art installations, sustainability and recycling drives

**Collections**

- online databases providing access to millions of articles, e-books, streamed videos, statistical resources and more
- more than 500,000 print books, journals and media items
- popular reading collection
- Special Collections and Archives, including historical manuscripts, artifacts, documents, public records, maps, and photographs; rare books; university records and theses; and distinct digital collections
- Equipment for checkout, such as laptop computers, cameras and video/audio recording equipment, data projectors, device chargers, portable PA system and more
- children’s and young adult literature collection (Educational Materials Collection)

**Learning and Technology Services**

Through collaboration with others, we continue to develop innovative solutions to enhance information technology, learning, and teaching. Whether we lend our support to technology, infrastructure, or people, we are committed to the goal of excellence in education at UW-Eau Claire. For more information, visit the LTS (http://www.uwec.edu/lts/) website.

**LTS Help Desk**

In addition to providing effective and responsive resolution of information technology questions through telephone, email, and walk-in consultation, the LTS Help Desk is the front line of support regarding learning and technology services. Call the LTS Help Desk at 715-836-5711 (or any LTS staff member) for assistance with these services.

Primary service areas include the following:

**Communications**

- Maintain access to the voice and data communications network, including wireless
- Provide for the security and integrity of data
- Administer email
- Maintain information systems
Many instructors and advisers use email to contact students about class. It is a student’s responsibility to activate the University email account since the UW-Eau Claire uses email as a primary means of communication. If a student enrolls in consecutive terms, the email account will remain and PIN (Personal Identification Number) upon enrolling in any credit course. All students are automatically assigned an email account, username, ID#, and password. MyBlugold CampS also provides links to academic, career, and other resources for students. MyBlugold CampS allows students web-based access to registration, schedules, course information, and other common links. Students can access grades, request degree audits, and change personal information such as their address and password. MyBlugold CampS also provides links to academic, career, computing, and other resources for students.

Computing Services
(Vicki Lord Larson Hall 1106)

UW-Eau Claire continues to transition to the use of technologies which can put more control into users’ hands, speed up processes for students, and increase the efficient use of resources.

MyBlugold CampS allows students web-based access to registration, schedules, course information, and other common links. Students can access grades, request degree audits, and change personal information such as their address and password. MyBlugold CampS also provides links to academic, career, computing, and other resources for students.

All students are automatically assigned an email account, username, ID#, and PIN (Personal Identification Number) upon enrolling in any credit course. If a student enrolls in consecutive terms, the email account will remain continuously in effect.

UW-Eau Claire uses email as a primary means of communication. It is a student’s responsibility to activate the University email account since the University distributes grades, bills, and some financial aid information via email. Many instructors and advisers use email to contact students about class assignments and/or require students to correspond or participate via email in some way.

Some courses have web-based components which allow students to not only receive course information on the Web and/or use it for research, but also to communicate with the instructor or other class members, and to collaborate on group projects online. To feel comfortable using the system, an introduction is offered and the LTS Help Desk will provide support.

General Access and Residence Hall labs provide students with access to these campus computing resources as well as standard (e.g., Microsoft) and curricular-specific software. Students may also check out a laptop computer at no charge at the circulation desk in the Library. Students are provided with 200 MB of personal file storage space (the H drive). DeptDir (the W drive) is a network space that professors and students can use to exchange files.

Blugold Insider, MyBlugold CampS, Webmail, and Canvas are available on the university homepage (http://www.uwec.edu).

Educational and Community Services

Human Development Center

The Human Development Center (HDC) is an interprofessional program that works with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, student clinicians from Speech-Language Pathology, Education and Learning, Nursing, Psychology, Special Education, and Family Assessment provide evaluation, intervention, and consultation services to children, adolescents, young adults, and families referred from the community. The HDC also sponsors research programs involving academic assessment and intervention, behavioral health, and child and school psychology. The HDC is located on the first floor of the Human Sciences and Services building.

Psychological Services Center

The Psychological Services Center, a clinic staffed by faculty members from the School Psychology program, is located in the HDC. The center provides psychological and family assessment, parent training, and academic and behavioral consultation services to clients referred from the community. Allied disciplines also participate in the center, providing a variety of consulting services, including health, education, and assessment.

Academic Intervention Clinic

The Academic Intervention Clinic, a program sponsored by the HDC, provides school-aged children and adolescents with educational support in the areas of math and reading. Student clinicians conduct state-of-the-art academic evaluations, develop and implement a comprehensive intervention program, provide on-going progress monitoring, and consult with parents and teachers. The program is housed within the HDC with student clinicians also providing services in local elementary schools. Faculty-student collaborative research experiences that focus on applied practice are available to graduate students across disciplines.

Center for Communication Disorders

The Center for Communication Disorders provides diagnostic and intervention services to clients ranging in age from infants to the elderly. Graduate and undergraduate student clinicians, under the supervision of licensed speech-language pathologists (SLPs), work in the clinic with clients who would like support for voice, stuttering, speech sound production, hearing, traumatic brain injury, aphasia, and language disorders. The Center is located on the
first floor of the Human Sciences and Services building and provides services at no cost to all clients. Contact the Center for Communication Disorders at 715-836-4186 for additional information or to request services.

Continuing Education and UW Extended Campus

Continuing Education links the campus and the community by providing a variety of credit and noncredit learning opportunities. The unit, in cooperation with the University’s colleges, provides graduate and undergraduate courses both on- and off-campus in formats convenient to adult learners. Continuing Education courses are open to the general public. For additional information, call 715-836-3636 or visit the website (http://www.uwec.edu/ce/).

Student Services

Graduate students should become familiar with the resources and support outlined by the Dean of Students (https://www.uwec.edu/DOS/) office. Due to differences in fee structures, Student Health Services and in-person services of Counseling Services (https://www.uwec.edu/counseling-services/about/) are only available to students in the on-campus Communication Sciences and Disorders, History, Nursing, and School Psychology graduate programs.

All graduate students are eligible to use telehealth mental health services through Counseling Services (https://www.uwec.edu/counseling-services/) as well as all other on-campus, off-campus and national resources listed by the Dean of Students office.

Students with disabilities are encouraged to contact the Services for Students with Disabilities Office (https://www.uwec.edu/SSD/) to document disabilities and learn about resources.

Career Services (https://www.uwec.edu/career-services/) can assist graduate students with identifying career opportunities appropriate to their specialization, training, and abilities.

Academic support resources include the Academic Skills Center (https://www.uwec.edu/ASC/), and the Center for Writing Excellence (https://www.uwec.edu/writing-center/).

M (https://www.uwec.edu/equity-diversity-inclusion/edi-services-programs/multicultural-affairs/ultricultural-student-services/) is dedicated to cultivating a welcoming and inclusive campus environment and to foster the success of students of color.

The Oasis Room (room 266) in Davies Center, is a study lounge and meeting area designated for non-traditional and graduate students.

Children's Nature Academy

The UW-Eau Claire Children’s Nature Academy (CNA), is a five-star (Youngstarts) nature based early learning program, licensed by the state of Wisconsin. The program provides care and learning to children ages six weeks through age ten, on the University’s beautiful 112-acre Priory Campus. Priority enrollment is given to UWEC students. However, all families from the UWEC and surrounding community are welcome. The center operates from 7:00 a.m. to 5:30 p.m. Monday through Friday and some evening care upon request. The CNA offers flexible scheduling and special student discounted rates. The CNA also works with the Eau Claire Area School District to offer four-year-old kindergarten (EC4T) and AmeriCorps to offer ECLIPSE, a literacy and social skills program for preschool age (3-5) children. Please contact the Director at 715-836-2178 or children@uwec.edu for more information on enrollment. Online interest forms are also available on the website (https://www.uwec.edu/children/).

Advising of Students

Assistance, information, and counsel are provided by departments offering graduate programs, and by the office of the College Dean. Upon admission to a program, each graduate student is assigned an advisor who is a member of the graduate faculty and who shares the student’s area of interest. Admitted and graduate special students can obtain advising on an informal basis.

Academic Opportunities

Interdisciplinary Graduate Education/Human Development Center

Human Sciences and Services 160
715-836-5604
www.uwec.edu/HDC (http://www.uwec.edu/HDC/)

Graduate Faculty
Michael I. Axelrod, Ph.D. (Director)
Melissa Coolong-Chaffin, Ph.D.
Brian Orr, Ph.D.
Mary Beth Tusing, Ph.D.

The Human Development Center (https://www.uwec.edu/HDC/) (HDC) is a nationally known interdisciplinary program working with individuals and families from western Wisconsin. Under the direct supervision of faculty supervisors, graduate and undergraduate student clinicians from multiple disciplines (e.g., Communication Sciences and Disorders, Nursing, School Psychology, Education) provide assessment, intervention, and consultation services to children, adolescents, young adults, and families. The HDC offers faculty and students the opportunity to collaborate with other disciplines in clinical practice and research. Cooperative and individual research projects are encouraged. Major research projects are conducted by faculty members with assistance from graduate assistants employed at the HDC, or by graduate students working with faculty on theses or other research projects.

Students participate in the HDC as part of assessment, practicum, or internships courses that are offered within the various participating departments. An average of 70 graduate students participate directly in interdisciplinary assessment, intervention, and consultation activities each year.

Research Support

Some funding is available to assist graduate students in their research costs and research dissemination through the Office of Research and Sponsored Programs (https://www.uwec.edu/ORSP/students/grad.htm).

Use of Human Subjects in Research

Federal regulations and University policy require that research projects involving human subjects be designed to protect the rights of the subjects, the researcher, and the University. This pertains to all classes, independent studies, and thesis research as well as faculty/student research collaborations. Each proposal involving human subjects and its provisions for their protection must be reviewed and approved by the Institutional Review Board (IRB) for the Protection of Human Subjects prior to initiation of the work. Some research conducted as part of a course requirement or graduate program's curriculum may be covered through an Exemption obtained by the course instructor or program director. At the graduate level, most research studies, including theses
and capstone projects, involving human subjects require IRB approval. Before submitting IRB proposals through the online process, graduate students and their faculty advisors must complete the appropriate Collaborative Institutional Training Initiative (CITI) course at https://www.uwec.edu/orosp/citi-training/.

Research on regular and special education instructional strategies and research on the effectiveness of or comparison of instructional techniques, curricula, or classroom management methods are among the types of projects that may be handled by an expedited review process.

For more information on the IRB process, see the Policies and Procedures for Protection of Human Subjects in Research section at www.uwec.edu/orosp/IRB (https://www.uwec.edu/orosp/faculty-academic-staff/research-using-human-subjects/).

For specific help in submitting a proposal to the IRB, see How to Submit to the IRB at www.uwec.edu/orosp/IRB (https://www.uwec.edu/orosp/faculty-academic-staff/research-using-human-subjects/).

Use of Animals in Research and Teaching
All students involved in the care or use of vertebrate animals and all facilities used for such animals must operate within the guidelines of the Guide for the Care and Use of Laboratory Animals. Copies of the Guide and other pertinent materials may be obtained from the Chair of the Institutional Animal Care and Use Committee. For more information go to www.uwec.edu/orosp/IACUC.htm. (http://www.uwec.edu/orosp/IACUC.htm)

Academic Policies and Regulations
Academic policies and regulations apply to all graduate students. Students are responsible for knowing and following the policies and regulations stated in this section of the catalog and for satisfying all degree requirements.

Academic Load
Students registered for nine or more credits are considered full-time graduate students. Students registered for at least four credits but less than nine credits are considered half-time. The University standard is that no more than one graduate credit may be taken per week of attendance during summer session. Students registered for six or more credits in the summer session are considered full-time graduate students. Students enrolled for three to five-and-a-half credits are considered half-time.

Enrollment in at least one thesis credit or in an applied field project is also considered full-time enrollment for financial aid and enrollment certification purposes.

Graduate students may register for no more than 15 credits during a semester and no more than one credit per week for the summer session. Registrations in excess of these limits are appropriate only under very rare circumstances and are possible only with the approval of the College Dean.

Registration
Schedule of Classes
Graduate courses are offered at a variety of times, both on-campus and online. The schedule of classes is usually available online in March for the fall semester, October for the winterim session and spring semester, and in November for the summer session.

Registration in Courses
Students admitted to a particular graduate program are eligible to register early in the priority registration period. Students who are otherwise qualified but have not been admitted may also register early as graduate special students during priority registration.

Dates of registration and detailed instructions for registering are available on the Registrar’s website (https://www.uwec.edu/blugold-central/academic-planning/academic-registration-calendars/) in advance of the beginning of each registration period.

Repetition of Courses
Graduate students may repeat no more than two courses previously taken for graduate credit, with the exception of “repeatable” courses. Any repetition including repetition of courses from which students withdrew with a mark of W must have approval of the student’s adviser, and the Program Director and College Dean of the program in which the student is enrolled. A given course may be repeated no more than once, with the exception of “repeatable” courses. The grade earned in the repetition of the course replaces the grade earned initially.

In order to repeat a course, approval must be obtained from the College Dean’s office before the time of registration. Students who have taken a course at the 300 or 400 level may not include that course at the 500 or 600 level in a graduate program, except in case of special topic courses where the topic is not the same as that taken in the undergraduate level, or at the discretion of the program adviser.

Satisfactory/Unsatisfactory (S/U) Registration
In graduate course work, Satisfactory or Unsatisfactory (S/U) registration is allowed only for courses that explicitly require S/U registration in the UW-Eau Claire graduate catalog. S/U registration is not permitted for any non-clinical, non-practicum, or non-project based graduate courses.

S/U Grades
The grade of S is equivalent to at least a B or above in the standard grading system; it denotes that the student’s work was satisfactory and that credit is granted for the course. The grade of S is not computed into the student’s semester and resident GPAs.

The grade of U is equivalent to a B- or below in the standard grading system. No credit is granted. The grade of U is not computed into the student’s semester and resident GPAs.

Withdrawal from the University
Students intending to terminate their study during a semester when they are registered for courses must officially withdraw from the University (https://www.uwec.edu/blugold-central/academic-planning/registration-changes/withdraw-from-university/). Withdrawal from all courses in which a student is registered, even if only one course, constitutes withdrawal from the University.

Withdrawal from Courses
Forms for withdrawal from a course are available through Blugold Central (VLL 1108). Withdrawals from full-semester courses during the first two weeks of classes of spring or fall semesters will not be entered on the record.
Withdrawals from classes through the tenth week of classes will yield a record of W. The student may not withdraw from classes after the beginning of the eleventh week of classes. If there are unusual circumstances beyond the student’s control which force withdrawal, the student may request permission for late withdrawal from the Associate Dean for their College.

A student who stops attending a course and fails to withdraw officially will receive a grade of XF from the instructor, which indicates an unofficial withdrawal and appears as an F on the academic record.

Similar deadlines apply to eight-week courses in the summer session: no record for withdrawals the first week of classes; W for withdrawals during the second to fifth week; and no withdrawals after the fifth week. These deadlines are prorated for short courses and workshops.

The dates of these deadlines are displayed on students’ CampS Student Center.

**Enrollment of Undergraduates**

Upon the recommendation of the student’s adviser, course instructor, and chair of the department offering the course, a University of Wisconsin-Eau Claire undergraduate student may be allowed to enroll in a limited number of graduate courses, provided he or she has a 3.00 undergraduate GPA and has the approval of the College Dean. Qualified students may take up to, but not exceed, a total of nine credits of graduate-level course work, unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component. The graduate credits cannot be used to satisfy requirements for the bachelor’s degree, unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component. Application forms for enrollment in graduate courses as an undergraduate may be obtained from Blugold Central.

**Enrollment of Graduate Students in Undergraduate Coursework**

Upon the recommendation of the graduate program director or the chair of the department, a graduate student may enroll in undergraduate coursework for a specific semester. Upon receipt of the recommendation from the student’s graduate program, the Registrar will verify the student is accepted to a graduate degree program and is currently enrolled in at least one graduate course. Once the Registrar’s Office has created the undergraduate career for a specific semester, the graduate student may add the undergraduate course(s) to their schedule, assuming they are a) enrolled in at least one graduate course that term, 2) there is an open seat in the undergraduate course, and 3) the student meets all prerequisite requirements for the undergraduate course.

Graduate students should be aware that they cannot apply undergraduate credits toward their graduate degree requirements (unless enrolled in an approved accelerated graduate plan with a dual bachelor’s and master’s degree component), they will be charged graduate tuition and fees for all coursework (including undergraduate credits). Academic load is determined by graduate credit enrollment only. Financial aid may be available in the form of additional Unsubsidized Direct Loan if the student provides documentation from their graduate advisor that the undergraduate coursework is required for the graduate degree or is a pre-requisite. Please contact Blugold Central for questions.

**Grades**

**Grading Systems**

Graduate students may earn grades of A (A=Excellent), A-, B+ (B=Good), B-, C+, C (C=Fair), C-, D+, D (D=Poor), D-, or F (F=Failing) in courses. Grade point values are assigned on a four-point system as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Grade Point</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>4.00</td>
</tr>
<tr>
<td>A-</td>
<td>3.67</td>
</tr>
<tr>
<td>B+</td>
<td>3.33</td>
</tr>
<tr>
<td>B</td>
<td>3.00</td>
</tr>
<tr>
<td>B-</td>
<td>2.67</td>
</tr>
<tr>
<td>C+</td>
<td>2.33</td>
</tr>
<tr>
<td>C</td>
<td>2.00</td>
</tr>
<tr>
<td>C-</td>
<td>1.67</td>
</tr>
<tr>
<td>D+</td>
<td>1.33</td>
</tr>
<tr>
<td>D</td>
<td>1.00</td>
</tr>
<tr>
<td>D-</td>
<td>0.67</td>
</tr>
<tr>
<td>F</td>
<td>0.00</td>
</tr>
</tbody>
</table>

These grade point values, when multiplied by the number of course credits, give the total number of grade points earned for that particular course. Courses in which grades below C (GPA of 2.00) are earned are not applicable to degree requirements. Courses in which grades of C are earned may be applied toward degree requirements, providing the student has sufficient grades of A to achieve the required overall GPA of 3.00, or B average. All credits attempted in graduate courses at the University are utilized in computing the overall graduate GPA. Grades in transfer courses are not counted in the computation of the resident GPA at UW-Eau Claire.

Incomplete grades may be allowed in a course by the professor. An incomplete grade must be removed no later than the end of the regular semester following the term in which the incomplete was received, although the professor may set an earlier deadline. Grades of “incomplete” not removed by the deadline date are converted to a grade of F.

The letters PR indicate progress in the completion of the research paper and the thesis. The letters are used instead of a grade for courses numbered 795 and 799. Credit and a grade of “S” are recorded for these courses upon satisfactory completion of the oral examination and research paper/thesis.

Note: Some programs may have additional restrictions on specific grades.

**Transcripts**

An official transcript of a student’s record will be issued by the Registrar’s office per the student’s online request. No transcripts are released (except when requested by advisers or administrative officers within the University) without the permission of the student. An official transcript cannot be issued until all admission and financial obligations to the University have been met in full.

Unofficial transcripts are available to students for advising purposes and for applying for admission to professional programs. Students may also receive a degree audit report, which is a report of a student’s progress toward fulfilling degree requirements. All documents are available via CampS (https://my.uwec.edu/psp/CS90PRD/EMPLOYEE/HRMS/?cmd=login).

**Academic Standards**

**Satisfactory Academic Progress Policy**

Academic standing is determined after each semester/term. Graduate students, including both admitted and graduate non-degree seeking (special) registrants, are expected to maintain an overall 3.00 GPA. Students whose GPA falls below 3.00 are placed on probation. Students placed on probation must raise their overall graduate GPA to 3.00 or above at the conclusion of their next term of enrollment. Those who achieve the 3.00 are removed from probation.
and moved to full standing. Students who are on probation and who do not achieve the 3.00 GPA upon completion of the next term of enrollment will be academically dismissed unless the student's advisor, program director, and dean approve to extend the probationary period by an additional term.

MBA program students may be subject to additional requirements; see the MBA program section of this catalog for details.

**Duration and Time Limits of Graduate Programs**

While some graduate degree programs can be completed in an academic year, it may take longer to fulfill all requirements. For students who must satisfy undergraduate deficiencies or prerequisites, additional time will be required. Degree programs such as those leading to the MBA and MSN degree require longer than one academic year.

A period of seven years is allowed from the beginning to the completion of a graduate degree or a graduate certificate program; that is, the complete degree plan including all transfer credits allowed, must be fulfilled within seven years. The beginning date of the semester or summer session of enrollment for the earliest credits counted toward degree requirements marks the beginning of the seven-year period.

No extensions of this period will be granted except for unusual health reasons, leaves of absence for military purposes, or other extenuating circumstances approved by the Graduate Dean. A petition for extension may be filed with the Graduate Dean.

**Academic Integrity**

Graduate students must uphold the highest standard of integrity for their work and foster a personal and social ethic of honesty that meets academic and professional challenges as well as the needs of a democratic society and a diverse world. One of UW-Eau Claire’s expectations for graduate students is to avoid academic dishonesty in all forms through understanding the ethical standards of the university and the discipline.

Academic misconduct, intentional or unintentional, erodes the integrity of the pursuit of knowledge, which is primary to UW-Eau Claire’s mission. Any act of academic misconduct that results in undue advantage or violates the spirit of authorship is sanctionable. The Academic Integrity section of *Your Right to Know* student handbook describes both the process to be followed and the variety of sanctions that may be imposed by the instructor or program director in instances of academic misconduct. In the case of a finding of cheating or plagiarism on any graduate program project, examination or paper—including, but not limited to the comprehensive examination and graduate thesis—such action will result in expulsion from the graduate program or revocation of an awarded degree.

**University Graduation Requirements**

**Degree Program Requirements**

All graduate degree programs require a minimum of 30 credits of graduate course work (500 level and higher) in the area of specialization, with at least 50% of the minimum number of credits required in the degree program earned in 700 level courses or higher.

General requirements of programs are described in this catalog under degree programs and in the sections concerning specific disciplines and specializations. While faculty advisors are responsible for assisting students in the development of their programs, it is the student’s responsibility to know and to meet all the requirements for a specific degree.

**Degree Program Plan/Audit**

Students admitted to a graduate degree program will have an electronic degree audit available through CampS, which will include general University requirements, as well as program specific requirements. The degree audit can be viewed as an interactive online degree audit or PDF; the PDF version of the degree audit is recommended as it contains more information, such as petitions. Please note that in-progress courses will be treated as if already completed on the degree audit.

**Student Petitions**

Graduate students may petition the Graduate Dean for review of decisions concerning their degree requirements or academic standing. The petition must be in writing and must include justification for the petition, such as extenuating circumstances and pertinent facts not available for consideration in the initial decision, and it may require the completion of a form. To petition course work, University or degree requirements, a Graduate Program Change eForm is required and can typically be initiated by the student. For more unusual petitions, such as an extension of time to complete degree requirements, or a prior approval for a transfer course, a student should consult their program advisor or the Office of Graduate Studies.

**Culminating Experiences**

Most graduate programs require some kind of culminating experience. It might be a thesis, research project, internship, written or oral comprehensive examination, portfolio, etc. Program specific requirements may be found within this catalog under degree program requirements, or they will also appear on a student’s degree audit, if required. Below are some of the culminating experiences that are overseen by the Office of Graduate Studies.

**Written Comprehensive Examination**

Many graduate degree programs require successful performance on a written comprehensive examination toward the close of the student’s work for the degree. The written comprehensive examination consists of questions over broad areas of study within the field and/or over the student’s area of specialization. The student is expected to demonstrate knowledge and skills appropriate to the master’s level in integrating facts, concepts, and arguments from diverse sources into a systematic, well-reasoned, well-written narrative.

The comprehensive examination is prepared and evaluated by the graduate faculty of the department(s) in the student’s area of specialization. The scoring/grading standard is determined by the department(s) and will be made available to the student prior to the exam, upon request.

A student may take the written comprehensive examination during or after the semester in which all courses in the area of specialization are completed. Within the first week of the term, students must notify the Graduate Program Director in writing of their intention to take the examination. The Graduate Program Director may accept or decline late requests from students. The examination is administered by the graduate program no later than the eleventh week of the semester during the academic year and four weeks prior to the end of the summer session. The result of “satisfactory” or “unsatisfactory” is reported to the Graduate Dean not later than seven working days afterward, and the Graduate Dean notifies the student in writing not later than three working days after receiving the report from the Program Director.

A student whose performance is unsatisfactory may repeat the examination at the next regularly scheduled administration; students are not permitted to take the examination more than once in the same term. A student who has
taken the examination twice with unsatisfactory results will be academically dismissed from the program.

Students should consult the timetable published by their graduate program for the exact date when the examination will be administered during a specific term.

**Project or Portfolio**

A project can be a research paper, creative project, portfolio, non-research-based paper, or field-based project that results in a contribution to knowledge in one’s area of expertise. Generally, a project differs from a thesis in terms of the depth of work. A committee may, or may not, be involved in the project.

As part of degree requirements, a minimum number of project credits may be required. With the approval of their advisor, students may repeat these courses multiple times until they complete the project, although a limited number of credits may be applied toward a degree. The mark of “PR” rather than a grade is recorded for some project credits. Credit and a grade of “S” are recorded for these courses upon satisfactory completion of the project.

**Oral Examination**

In programs which require it, the oral examination may be the official oral defense of the student’s thesis, it may be an extension of the written comprehensive examination, or it may focus on the student’s research project or the area of specialization.

Oral examinations must be successfully completed at least 10 days prior to graduation. The oral examination must not be held until the student has satisfactorily completed the written comprehensive examination and/or, if appropriate, has had the thesis or project approved by their advisor. The scoring/grading standard is determined by the department(s) and will be made available to the student prior to the exam, upon request.

For students who are defending a thesis, the oral committee must consist of at least three members of the graduate faculty and must include a member of the graduate faculty from outside the student’s department(s) of specialization. For those completing a non-thesis oral exam, the committee must consist of at least one member with graduate faculty status, and at least two other members of the faculty or instructional academic staff who hold at least a master’s degree and have qualifying experience relevant to the exam topic. Programs may require that all oral committees meet the qualifications of those defending a thesis.

The committee is appointed by the Graduate Dean upon the advice and recommendation of the advisor and Program Director in the student’s area of specialization. The chair of the oral committee (typically the thesis or program advisor) reports the results of the examination as “satisfactory” or “unsatisfactory” to the Graduate Dean.

A student whose performance is unsatisfactory may repeat the examination at a time scheduled by the committee and approved by the Graduate Dean. A student who has taken the examination twice with unsatisfactory results will be academically dismissed from the program.

**Thesis**

A thesis is an extensive original research paper/creative project that results in a significant contribution to knowledge in one’s area of expertise. The student works with a full graduate faculty committee from the beginning through the completion of the thesis in order for the work to be as robust as possible.

For degree programs requiring or allowing the option of a thesis, a description of acceptable topics and the precise nature of the requirements is provided in the departmental program descriptions. As part of their degree requirements, students completing a thesis should register for a minimum number of thesis credits (courses numbered 799). With the approval of their advisor, students may repeat these courses multiple times until they complete the thesis, although a limited number of credits may be applied toward a degree. The mark of PR rather than a grade is recorded for thesis credits (courses numbered 799). Credit and a grade of “S” are recorded for these courses upon satisfactory completion of the oral examination (defense) and thesis. Unless some other guide is specified by the department, the latest edition of The University of Wisconsin-Eau Claire Thesis Manual governs the writing and form of the thesis. The thesis manual may be found within “Forms and Documents” on the Graduate Studies website (https://www.uwec.edu/Graduate/). An electronic copy (PDF) of the approved, final typed thesis must be submitted to the Graduate Dean no later than one week prior to the last day of classes of the semester or summer session in which the student plans to graduate. Please refer to the Graduate Studies Timetable on the Graduate Studies website for exact deadlines. A student may be academically dismissed from a program as a result of unsatisfactory progress on the thesis.

1 Please refer to the “Thesis Consent Form” on the Graduate Studies website (https://www.uwec.edu/academics/graduate-studies/deadlines-forms-documents/) for the different options for submitting a thesis.

**Graduation**

Each candidate for a graduate degree must apply for graduation via MyBlugold CampS by the end of the first week of classes of the semester or summer session during which the student expects to complete requirements for the degree. Graduate students must be admitted in “full standing” to a specific degree program, and be currently enrolled, to be eligible for graduation.

Students who have completed all enrollments for credits required for the degree and are working only on a thesis, project, and/or taking comprehensive examinations are required to enroll for “graduation only” (courses numbered 798 or 898) or another graduate credit during the semester in which they will be completing these degree requirements for graduation. The enrollment fee for “graduation only” will be equal to the established fee for one graduate credit.

**Commencement Exercises**

Candidates for graduation are encouraged to attend commencement ceremonies, which are held two times during the calendar year: at the close of the fall and spring semesters of the academic year. Caps, gowns, and hoods must be worn by all graduates. Details about the upcoming commencement ceremonies can be found on the Graduation/Commencement (https://www.uwec.edu/commencement/) website.

In order to participate in a commencement ceremony, students must file an application for graduation and must meet at least one of the following conditions:

1. completion of all requirements for the graduate degree, or
2. current enrollment in the courses necessary to complete all requirements, or
3. completion of all degree requirements with the exception of a mandatory internship or other field placement course requiring no more than six credits.

Students who will complete all requirements for the degree during the first Three-Week Summer Session are August graduates, but may request permission to attend the May commencement ceremony. Students completing all requirements for the degree in January may attend the prior December
ceremony; and students completing all requirements in August may attend the following December ceremony.

Certification/Licensure for Communication Sciences and Disorders and School Psychology

The degree programs in Communication Sciences and Disorders and School Psychology lead to licensure. It is important that students work with their department to determine if they have met all requirements for licensure.

All licensure programs require either a student teaching/externship or internship assignment. In addition, students must demonstrate content area proficiency through either earning a minimum 3.0/4.0 GPA in content courses or through obtaining a passing score on the appropriate Praxis II exam. The standardized examination and passing score shall be determined by the State Superintendent. Students must apply for field experience assignments one year in advance. Applications must be filed by the last day of final examinations in December for a summer or first-semester placement or by the last day of final examinations in May for a second-semester placement.

Failure to meet application deadlines may result in a delay of the student teaching/externship or internship assignment.

Candidates who satisfactorily complete all requirements in a teacher licensure program may ask the University to recommend them for teaching licenses. A College of Education and Human Sciences graduate who desires to teach in Wisconsin will apply for that license using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online).

Upon completion of all program and University requirements, a student’s information will be forwarded to WI DPI verifying program completion, (including the completion of all required tests), that a degree has been awarded, and what programs the teaching candidate shall be licensed in. Candidates will then apply for their license.

Certification/Licensure for Athletic Training

Athletic Trainers in Wisconsin and most states must be licensed as an Athletic Trainer by the Department of Regulation and Licensure, Department of Public Health, or Department of Professional Services, etc. in order to practice in that state. To be granted an Athletic Training license to practice, individuals must achieve a passing score on the Athletic Training Certification exam administered by the National Athletic Trainers’ Association Board of Certification (BOC). Graduates of UW-Eau Claire’s Master of Science in Athletic Training will be eligible to sit for the exam once they are registered for their last semester of course work. After students have completed all requirements for the MSAT Program, and fulfilled all CAATE associated educational competencies and proficiencies per accreditation standards, they will be eligible and given approval to register for the BOC, Inc. examination by the Program Director.

Graduate Programs/Courses

All graduate degree programs require a minimum of 30 credits of graduate course work (500 level and higher) in the area of specialization, with at least 50% of the minimum number of credits required in the degree program earned in 700 level courses or higher. Most degree programs also require a culminating experience. The culminating experience can be an examination, thesis, project, internship, portfolio, or a combination of the above. Programs without a culminating experience may require additional coursework. See information under the specific program for the requirement(s) for that program.

UW-Eau Claire Graduate Degrees

- Master of Arts
  - History
- Master of Business Administration
- Master of Education—Professional Development
- Master of Science
  - Athletic Training
  - Communication Sciences and Disorders (Speech-Language Pathology)
  - Data Science (Mathematics)
- Master of Science in Education
  - School Psychology
- Master of Science in Nursing
- Specialist in Education
  - School Psychology
- Doctor of Nursing Practice

Doctor of Nursing Practice (DNP)

- Post-Master’s DNP:
  - Nursing, DNP (Code 700-830)
  - Nursing, Nurse Executive (Code 700-837)
- Post-Baccalaureate DNP:
  - Nursing, Adult-Gerontology-Administration (Code 700-832)
  - Nursing, Adult-Gerontology-Primary Care Nurse Practitioner (Code 700-833)
  - Nursing, Adult-Gerontology-Clinical Nurse Specialist (Code 700-834)
  - Nursing, Family Health-Administration (Code 700-835)
  - Nursing, Family Health-Nurse Practitioner (Code 700-836)

The DNP degree is for individuals pursuing education in advanced practice nursing. It is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Courses address topics such as organizational and systems leadership, influencing health policy, evidence-based practice and research utilization, information systems and patient care technology, interprofessional collaboration, improving patient and population health outcomes and effecting change, and evaluating health outcomes. Both the MSN-to-DNP (post master’s) and BSN-to-DNP (post-baccalaureate) options are available at UW-Eau Claire.

Master of Arts (MA)

- History (Code 380-804)
- History-Public History (Code 380-808)

The Master of Arts degree serves persons who already have substantial preparation in the discipline in which they seek a graduate degree, and who wish to extend their knowledge and skills in their area of specialization for self-improvement, professional roles, or further graduate study.

Master of Business Administration (MBA)

- Business Administration, UW MBA Consortium Online (Code 740-801)
- Business Administration in Healthcare Management, UW MBA Consortium Online (Code 740-803)
The purpose of the College of Business MBA program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment in which it operates. The program is designed to develop each individual’s ability to recognize the needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global workforce and business environment; apply a variety of decision-making tools and techniques to dynamic business situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the workforce who wish to pursue an MBA on a part-time basis while continuing their full-time employment. See the MBA Program (https://catalog.uwec.edu/graduate/programs/mba-program/) section of this catalog for further information and specific degree requirements.

Master of Education-Professional Development (MEPD)

- Professional Development, MEPD (Code 949-807)

The Master of Education-Professional Development degree provides for the enhancement of professional competencies in education for experienced, certified educators. It is designed for individualized continuing education to assist educators in the development of competencies that relate specifically to their job needs and to their professional growth. To be admitted to a MEPD program an applicant must have a minimum of two years teaching experience or equivalent.

Master of Science (MS)

- Athletic Training (Code 995-801)
- Communication Sciences and Disorders, Residential (Code 622-806)
- Communication Sciences and Disorders, Online (Code 622-807)
- Data Science, Online (Code 181-801)

The Master of Science degree is awarded to students who have demonstrated mastery of a specific field of study or area of professional practice. Students may enter such programs with substantial preparation in the discipline in which they seek a higher degree or it may be a new area of study for an individual, depending upon the requirements of the program.

Master of Science in Education (MSE)

- School Psychology (Code 442-803)

The Master of Science in Education degree is designed to develop capabilities in special professional roles in the field of education. The MSE in School Psychology is earned at the completion of the first year of the three-year Specialist in Education degree.

Master of Science in Nursing (MSN)

- Nursing, Family Health-Education (Code 700-811)
- Nursing, Family Health-Administration (Code 700-812)
- Nursing, Adult-Gerontology-Administration (Code 700-816)
- Nursing, Adult-Gerontology-Education (Code 700-819)

The Master of Science in Nursing degree is designed to prepare nurses with a population focus in Adult-Gerontologic Health Nursing or Family Health Nursing to assume leadership roles in advanced professional nursing. The core curriculum is designed to develop and increase students' competencies in theory analysis and evaluation, concept clarification and development, research, and refined skills in clinical inquiry, ethics, leadership, and analysis of contemporary issues. Building on the core curriculum, students apply new knowledge and skills in the clinical setting.

The program provides functional role preparation as a nurse educator or nurse administrator/leadership and management. Required nursing courses focus on the functional dimensions of the role, its theory and expectations, and strategies for implementation.

Specialist in Education Degree (Ed.S.)

- School Psychology (Code 442-805)

The Specialist in Education degree is offered in School Psychology. This three-year program includes two years of full-time on-campus study, and a one-year, full-time internship. After successful completion of the first year of the program (31 credits of study and a passing grade on a comprehensive examination), students are awarded the Master of Science in Education degree. The Ed.S. degree requires an additional 37 graduate credits beyond the MSE degree. By earning this degree, students meet all of the requirements for certification by the State of Wisconsin as a School Psychologist and become eligible for National Certification in School Psychology.

Credit-Bearing Graduate Certificate Programs

- African American History (Code 380-614)
- Asian History (Code 380-615)
- Business Administration in Healthcare Management (Code 740-602)
- Communication and Leadership in Health Organizations (Code 583-602)
- Data Science (Code 181-601)
- Director of Special Education & Pupil Services (Code 950-604)
- European History (Code 380-616)
- Global History (Code 380-617)
- Historical Research and Writing (Code 380-618)
- Latin American History (Code 380-619)
- Military History (Code 380-621)
- Native American History (Code 380-622)
- Public History (Code 380-623)
- Race and Ethnic History (Code 380-624)
- United States History (Code 380-625)
- Women, Family & Gender History (Code 380-626)

Graduate certificates may be earned by graduate degree seeking or non-degree seeking students. Guidelines and standards are identical for both groups. Graduate certificate programs require no fewer than 12 credits, and all credits required for the graduate certificate program must be graduate-level credits (500-level and above). No fewer than six credits must be taken at the 700 level. At least 50 percent of the credits applied to the graduate certificate program requirements must be taken through UW-Eau Claire. Departments or colleges proposing graduate certificate programs have the right to specify

1. admission requirements for entry into a certificate program, and
2. minimum GPA requirements for course and certificate completion.

Additional details on the minimum standards, procedures, and process for approving new credit-bearing graduate certificates may be found on the Graduate Studies website.

Graduate Certificates
- Communication and Leadership in Health Organizations
Communication and Leadership in Health Organizations - Graduate Certificate  
(Code 583-602)

The graduate certificate in Communication and Leadership in Health Organizations provides professionals who work or wish to work in health care settings with communication knowledge and skills to attain leadership roles in their departments or enhance their performance in a current leadership role. All courses are entirely online and offered in 7-week sessions to accommodate the needs and preferences of working professionals. Coursework focuses on knowledge of the role of communication in effective leadership in a variety of contexts within and beyond organizational borders. Courses emphasize the application of knowledge and skills to challenges faced by contemporary health organizations.

A bachelor’s degree from an accredited institution is required to enroll in the courses and be eligible to earn the Graduate Certificate in Communication and Leadership in Health Organizations.

To earn the Certificate in Communication and Leadership in Health Organizations, students must complete the following 15 credits of coursework:

Total Credits 15

Communication Sciences and Disorders, Online - Master of Science  
(Code 622-807)

The program leading to the degree in Communication Sciences and Disorders is designed to prepare the student to function independently as a speech-language pathologist. To accomplish that objective, it is necessary that the student develop knowledge and/or competencies in several areas:

1. knowledge of the spectrum of communication and swallowing disorders within the context of normal development and behavior;
2. knowledge of the nature, prevention, evaluation, and treatment of communication and swallowing disorders in children and adults in various professional practice settings;
3. evidence-based practice.

Completion of a master’s degree is required prior to earning certification in speech-language pathology from the American Speech-Language-Hearing Association and prior to earning a license from the Wisconsin Department of Public Instruction for employment in public schools or from the Wisconsin Department of Safety and Professional Services for employment in all other settings. Almost all employment in speech-language pathology requires the master’s degree; licensure requirements vary by state. The master’s degree program in speech-language pathology at this University is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association and is approved by the Wisconsin Department of Public Instruction.

Practicum experiences are planned to serve the needs and interests of graduate students in communication sciences and disorders. Under the
supervision of qualified University personnel and qualified on-site speech-language pathologists at affiliated practicum sites, students have the opportunity to work with clients ranging in age across the lifespan with all types of communication disorders. The affiliated practicum sites vary, including hospitals, clinics, community agencies, and schools.

To be considered for admission, an applicant must meet the following minimal criteria:

1. a baccalaureate degree, from a regionally accredited university;
2. a minimum of 30 earned semester credits in specific communication sciences and disorders coursework prior to matriculation into the graduate program;
3. a minimum cumulative GPA of 2.75 from each post-secondary degree earned, and a minimum GPA of 3.25 in communication sciences and disorders coursework;
4. a grade of B or above in any graded practicum experience; and
5. submission of all required application materials prior to the application deadline.

These application materials include: application to CSDCAS (all official transcripts, 3 letters of recommendation, and personal essay) and application to the university.

The fact that a student has met the minimal criteria listed above does not guarantee admission to the program. Enrollment in the graduate program is limited to a maximum number of students determined annually by the program faculty. In recent years, the number of students admitted annually has been 23. Applications for admission are reviewed only once per year for each program.

UW-Eau Claire’s master’s program in CSD is offered in two modalities: Residential and online. Both require successful completion of at least 54 CSD graduate credits.

### Part-time online MS program

Application materials for our part-time program are due November 1st every year and students begin the program in the summer. This program requires that each student complete the following academic courses online in the Department of Communication Sciences and Disorders at the graduate level unless equivalent courses have been taken previously:

<table>

</tr>
</tbody>
</table>

Altogether there are 14 required clinical practicum credits in the graduate program, including externships and practicum enrollments. Practica and externships take place in the student’s geographical locale. Typical program duration encompasses three summer, three fall, two winterim, and three spring terms. Students are admitted to this part-time program as a cohort and are expected to complete it with their cohort. All students are required to come to campus one week each summer and must successfully complete an oral comprehensive examination prior to graduation.

### Communication Sciences and Disorders, Residential - Master of Science

(Code 622-806)

The program leading to the degree in Communication Sciences and Disorders is designed to prepare the student to function independently as a speech-language pathologist. To accomplish that objective, it is necessary that the student develop knowledge and/or competencies in several areas:

1. knowledge of the spectrum of communication and swallowing disorders within the context of normal development and behavior;
2. knowledge of the nature, prevention, evaluation, and treatment of communication and swallowing disorders in children and adults in various professional practice settings;
3. evidence-based practice.

Completion of a master’s degree is required prior to earning certification in speech-language pathology from the American Speech-Language-Hearing Association and prior to earning a license from the Wisconsin Department of Public Instruction for employment in public schools or from the Wisconsin
Department of Safety and Professional Services for employment in all other settings. Almost all employment in speech-language pathology requires the master’s degree. The master’s degree program in speech-language pathology at this University is accredited by the Council on Academic Accreditation of the American Speech-Language-Hearing Association and is approved by the Wisconsin Department of Public Instruction. There is no program in audiology at UW-Eau Claire.

Practicum experiences are planned to serve the needs and interests of graduate students in communication sciences and disorders. They obtain a variety of clinical experiences through the Center for Communication Disorders on campus and the department’s many affiliated practicum sites. Under the supervision of qualified University personnel and qualified on-site speech-language pathologists at affiliated practicum sites, students have the opportunity to work with clients ranging in age across the lifespan with all types of communication disorders. The affiliated practicum sites vary, including hospitals, clinics, community agencies, and schools.

To be considered for admission, an applicant must meet the following minimal criteria:

1. a baccalaureate degree, from a regionally accredited university;
2. a minimum of 30 earned semester credits in specific communication sciences and disorders coursework prior to matriculation into the graduate program;
3. a minimum cumulative GPA of 2.75 from each post-secondary degree earned, and a minimum GPA of 3.25 in communication sciences and disorders coursework;
4. a grade of B or above in any graded practicum experience; and
5. submission of all required application materials prior to the application deadline.

These application materials include: application to CSDCAS (all official transcripts, 3 letters of recommendation, and personal essay) and application to the university.

The fact that a student has met the minimal criteria listed above does not guarantee admission to the program. Enrollment in the graduate program is limited to a maximum number of students determined annually by the program faculty. In recent years, the number of students admitted annually has been 18. Applications for admission are reviewed only once per year for each program.

UW-Eau Claire’s master’s program in CSD is offered in two modalities: residential and online. Both require successful completion of at least 54 CSD graduate credits.

**Full-time residential MS program**

Application materials for our full-time program are due January 1st every year and students begin the program in the fall. This program requires that each student complete the following academic courses in the Department of Communication Sciences and Disorders at the graduate level, unless equivalent courses have been taken previously:

<table>

**Clinical Practicum**

Select four credits from the following:

- CSD 769 Graduate Clinical Practicum
- CSD 770 Clinical Practicum in Communication Disorders II
- CSD 771 Clinical Practicum in Communication Disorders III

**Externships**

Select two externships (10 credits combined), which may be located in schools and/or rehabilitation settings:

- CSD 780 Externship in Communication Disorders-Educational Settings
- CSD 781 Externship in Communication Sciences and Disorders—Non-School Setting
Prior to the externship, the student must complete the methods course for that setting (CSD 749 and/or CSD 750).

In total, there are 14 required clinical practicum credits in the graduate program, including externships and practicum enrollments. Typical program duration encompasses four semesters and the summer session midway through the program. Students must enroll in a full-time schedule, unless special permission is granted by the Communication Sciences and Disorders graduate faculty to work toward the degree on a part-time basis. Students may elect either a thesis or non-thesis option. The thesis option is available as elective credits. All students must successfully complete an oral comprehensive examination prior to graduation. Thesis students will complete an oral examination of their thesis.

Centennial Hall 3215
(715) 836-2013
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/education-equity-justice/)

The Department of Education for Equity and Justice prepares teachers for elementary, middle level, and high school classrooms through several programs. Through a series of courses and experiences emphasizing reflection, decision-making, and collaborative leadership, students develop knowledge, skills, and dispositions necessary for effective teaching. The department offers a Master of Education - Professional Development (MEPD) degree. The program gives participants a variety of opportunities to enhance their professional competencies in the areas of curriculum development and design; instructional strategies and technology; assessment and data-based decision making; leadership development; equity, diversity, and inclusivity; and research design and development.

Graduate Programs

• Professional Development - Master of Education - Professional Development

Professional Development - Master of Education - Professional Development
(Code 949-807)

This program is designed for educators interested in enhancing their professional competencies in the areas of curriculum development and design; instructional strategies and technology; assessment strategies and data-based decision making; leadership development; equity, diversity, and inclusion; and research design and development. The MEPD also provides opportunities to connect with educators across disciplines, grade levels, and geographic regions.

In addition to meeting the general requirements for admission to the graduate school, applicants to the program must provide:

1. documented commitment to teaching or education-related profession (teaching certification, statement from supervisor, or equivalent);
2. a minimum of two years teaching experience or equivalent prior to being accepted to program;
3. a résumé of career-related experiences;
4. a statement of professional aspirations and related needs; and
5. a proposed program of study, including a statement of purposes or goals reflecting needs and courses planned to achieve the purposes.

The program is offered by the Department of Education for Equity and Justice with assistance from other departments offering graduate study. Participants are assigned an advisor and a committee of at least two other graduate faculty members to assist in planning and carrying out the program of study. The purpose of the advising procedure is to devise a professional development
program that aligns with the individual’s particular aspirations and professional goals.

Requirements of the program include ES 788. The remainder of the 30 required minimum credits are to be selected from courses in the College of Education and Human Sciences and departments in other colleges offering supportive graduate courses, with a maximum of 12 credits in one teaching content specialty and a maximum of nine credits in Independent Study. At least one-half of the credits in the program must be in graduate only courses (700-level courses). Alternatives of research paper, thesis, or equivalent credits in courses are available. The final project for all candidates is a choice of one of the following options:

1. a standard written comprehensive examination,
2. a take-home written comprehensive examination,
3. a portfolio, or
4. a scholarly paper/research paper or thesis.

For all candidates, an oral examination must be successfully passed prior to graduation.

History
Hibbard 701
715-836-5501
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/history/)

The History Department offers the Master of Arts in History, Master of Arts in Public History, multiple graduate certificates, and graduate-level course work.

Qualifications for Admission to Degree Programs in History
1. Applicants must hold a bachelor’s degree with a minimum of 24 semester credits of undergraduate history. The department strongly recommends at least 30 semester credits.
2. A GPA of 3.00, or 3.15 in the second half of all undergraduate work and a 3.30 in the history concentration.
3. A letter of intent from prospective student, in which the student explains their academic and career goals and expectations.
4. Three letters of recommendation by professors who are familiar with the applicant’s past work and potential to do graduate work. These letters may also be used for applying for graduate assistantships and fellowships.
5. Completion of an undergraduate research seminar involving the writing of a major research paper (minimum 10 pages preferred), a copy of which should accompany the application, together with a letter from the supervising professor. This letter may be counted as one of the three letters of recommendation. (A student meeting the above criteria, but not this one, may be admitted conditionally.)

Further Notes to Applying Students
1. It is strongly recommended that a student have completed two years of foreign language study at the college level or its equivalent. It is further recommended that the language be related to the intended area of concentration.
2. The department may consider admission of a student whose GPA and/or other qualifications do not meet all those specified above where there is convincing evidence that he or she is capable of performing satisfactory undergraduate work in the department. Admission under these circumstances is conditional. Completion of nine hours of graduate work with a grade of B or above in each course and removal of all deficiencies will lead to full standing.

Graduate Certificates Program in History
The Graduate Certificates Program in History is for individuals who would like to expand their competence and knowledge in a particular area of history. The program is designed to offer flexibility based upon the specific needs or interests of students. Graduate certificates emphasize specialization and depth of knowledge in a specific area of interest.

The program is available to those admitted as special students and graduate students admitted to the MA Program in History who may choose to pursue certificates within the MA program. Special students seeking admission to the MA Program should apply before nine credits have been completed in the Graduate Certificates Program.

Requirements for Admission to the Graduate Certificates Program in History
1. A bachelor’s degree from an accredited college or university, including a minimum of nine hours in history at the college level.
2. An overall GPA of 3.00, or 3.15 in the second half of all undergraduate work.
3. A letter of intent from the prospective student, in which the student explains his or her goals and expectations, as well as the area of history in which the student wishes to concentrate.

Requirements for Graduate Certificates
To complete a graduate certificate, students must earn a minimum of 15 credits in an area of expertise including six credits in courses open only to graduate students (700-level courses). Students may include a total of three credits from HIST 797 and up to three transfer credits in a certificate program. Three graduate credits are permitted from disciplines outside the Department of History with the approval of the history graduate director. All students must maintain a GPA of 3.00 or higher in every course and have a minimum 3.00 GPA upon completion of the certificate.

Asian History - Graduate Certificate
(Code 380-615)

All students must maintain a GPA of 3.00 or higher in every course and have a minimum 3.00 GPA upon completion of the certificate.

History - Master of Arts
(Code 380-804)
The Master of Arts-History is intended for those who wish to increase their backgrounds in history and for those students who intend to do further advanced work in history. Graduate students who complete the program are expected to broaden and deepen their knowledge and understanding of history and techniques of historical research to ensure a sound, factual knowledge and a grasp of pertinent historical literature in the fields in which they study, to appreciate the historical method of searching for truth, and to recognize the complex nature of historical developments.

Degree requirements have been arranged and a counseling system devised with the intention of providing each student a program encompassing both breadth and depth.

Areas of Expertise and Exams: Graduate students prepare themselves in an area of expertise designed to meet their needs and interests. Areas of expertise may be defined by broad themes, topics, chronology, or geography. A required written comprehensive exam will be based upon substantial knowledge of the student's area of expertise based upon research, course work, and bibliographies created in consultation with faculty. During their final semester all students are also required to take an oral exam related to their area of expertise. Non-thesis students' oral exam will be based upon their course work and written comprehensive exam. For students completing a thesis, the oral exam will be related to their research. The oral exam committee includes the graduate coordinator, one or two additional history graduate faculty, and one graduate faculty from outside the Department of History.

History, Public History - Master of Arts
(Code 380-808)
Public History prepares students for a wide range of career options by familiarizing them with museum work, historic preservation, archives, and other public history subfields, and by providing hands-on experience through internships and other opportunities. The Wisconsin Historical Society’s Division of Public History and Historic Preservation opened its Northern Field Services Office in the History Department in 2006. The Field Services program provides programming and assistance to history and preservation organizations state-wide and collaborates with the Public History program to coordinate internships and other opportunities in public history. The Public History program also works closely with the UWEC Special Collections and Archives, which regularly hosts interns. The Archives is home to one of a network of 14 Area Research Centers (ARCs) which the Wisconsin Historical Society and UW System administer cooperatively, providing students access to the resources of the Society as well as the other 13 ARCs.

Program Requirements
To complete the Public History Program students must fulfill the following requirements:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>HIST 586</td>
<td>Introduction to Public History</td>

</tbody>
</table>

NOTES:
1. At least 18 credits must be taken in courses open only to graduate students (700-level).
2. Up to nine credits may be from disciplines outside of history with the approval of the advisor.
3. All students must attain a GPA of 3.00 or higher.
A minimum of 30 graduate credits in history which requires
a minimum/maximum of 3 credits of HIST 796 and a
minimum/maximum of 3 credits of HIST 799. HIST 795 does
not count toward this option.

HIST 719  Readings in Area of Thesis  3
HIST 796  Public History Thesis Practicum  3
HIST 799  Thesis  3

Option 3: Non-thesis
A minimum of 33 graduate credits in history with no thesis.
Maximum 3 credits of HIST 795 may apply toward this
option. HIST 796 and HIST 799 do not count toward this
option.

1 The practicum requires students to share their thesis research with a public
audience in cooperation with a community partner.

NOTES:
1. At least 18 credits must be taken in courses open only to graduate
students (700-level).
2. Up to nine credits may be from disciplines outside of history with the
approval of the advisor.
3. All students must attain a GPA of 3.0 or higher.

Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/kinesiology/)

The mission of the Department of Kinesiology is to foster purposeful learning in the science, application, and principles of kinesiology to understand the full nature of human movement across the lifespan. We live and promote this mission by developing and preparing transformative learners to lead others in the achievement of a healthy, physically active lifestyle, and an enhanced quality of life.

The Department of Kinesiology offers a Master of Science in Athletic Training program.

Athletic Training - Master of Science

(Code 995-801)
Athletic Training-Master of Science

INTRODUCTION

To be considered for admission, an applicant must meet the following minimal criteria:

1. an overall GPA of 3.0 at application with a BS/BA degree from a regionally accredited university completed prior to matriculating into the program; and
2. the following courses must be completed with a letter grade of C or better earned and documented on official transcripts prior to matriculating into the program:
   a. Two semesters of: Anatomy and Physiology w/lab
   b. One semester of: General Chemistry w/lab
   c. One semester of: General Psychology
   d. One semester of: General Physics
   e. One semester of: Biomechanics
   f. One semester of: Exercise Physiology
   g. One semester of: Statistics; and
3. Three (3) letters of recommendation - at least one letter must be from an instructor/professor. The letter must testify to integrity (i.e. professionalism, communication skills, work ethic) of the student; and
4. International students must meet the English Language Test score requirements as listed on the Admissions-Graduate Student web page (https://www.uwec.edu/admissions/graduate/) -- See International Graduate Application Process; and
5. Documentation of a minimum of 50 hours of observation completed under the direct supervision of a BOA certified and appropriately state licensed athletic trainer in a health care setting. 50 hours must be completed within one calendar year of application.

Application does not constitute acceptance into the program nor is acceptance guaranteed simply upon satisfactory completion of requirements. Admission requirements are weighted. Weighted criteria include overall GPA (35%), Anatomy/Physiology Grades (15%), GPA from Prerequisites (20%), evaluation of letter of recommendation (15%), and interview scores (15%). Exceptions to the requirements can be made on recommendation by the M.S. in Athletic Training Application Committee.

Admission Acceptance/Denial into the M.S. in Athletic Training: The M.S. in Athletic Training application process is a competitive process. A committee reviews completed graduate applications and selects applicants to interview. The committee will set up a time with the student to complete the interview process (video conference or in person). The committee will forward their recommendations regarding acceptance into the M.S. in Athletic Training to the Dean of Graduate Studies. All UW – Eau Claire Graduate Studies Policies will be followed accordingly.

Transfer Policy

Students who opt to transfer into this program must meet all UW - Eau Claire Graduate Studies and program requirements. The Athletic Training admissions committee will review all official transcripts to determine transfer eligibility of previous coursework.

NOTE: Additional program requirements can be found in the Master of Science in Athletic Training Policy and Procedures Manual.

Athletic Training-Master of Science Accelerated Program

The Master of Science in Athletic Training (MSAT) Accelerated Plan allows qualified students to start taking courses in the approved master’s degree while finishing their bachelor’s degree in Exercise Science. Graduate course sequencing allows undergraduate students to complete their fourth year of the Exercise Science major while completing the first-year coursework in the MSAT. This pathway allows students to apply to the Athletic Training program during their third year (junior) and complete the Master’s degree in Athletic Training in five years upon matriculation to UW-Eau Claire.

A student interested in the MSAT Accelerated plan should consult with academic advisors and the Program Director in Athletic Training and declare “pre-athletic training” as their course sequencing. A student will major in Exercise Science in the Department of Kinesiology and earn credits toward their Bachelor of Science degree. Upon successful completion of the fifth year in the MSAT program, a student would graduate with a Master of Science in Athletic Training degree and be eligible for the Board of Certification (BOC) Inc. national certification examination and state licensure as an entry-level athletic trainer.

To maintain good standing in the MSAT Accelerated Plan:

- Must maintain a minimum 3.0 GPA in all graduate level coursework.
- Failure to maintain a minimum 3.0 GPA in graduate level coursework could risk discontinuation from the MSAT Accelerated Plan and/or prevent future acceptance to the MSAT degree program.
Must earn a grade of C- or better in all graduate level coursework. A graduate course grade below C- will not be accepted to the MSAT degree program; grades below C- will need to be repeated.

The following MSAT courses will fulfill degree requirements for both the Exercise Science Major and the MSAT Program:

Data Science - Graduate Certificate

Online (Code 181-601)

The multidisciplinary field of data science is one of the fastest growing professions and academic disciplines in the 21st century. The curriculum of this fully online, graduate certificate program is designed primarily for working adults and nontraditional students who desire to continue their education, primarily to expand their knowledge and specialized skills in this area for career advancement.

This program provides the student those fundamental data science tools required to analyze real-world datasets and to communicate effectively about data science findings. The program features a multidisciplinary curriculum that draws primarily from computer science, statistics, and communication.

Students completing the program will have expertise in data warehousing, database infrastructures, data mining, machine learning, and analytics-based decision making.

15 credits required:

</tr>
</tbody>
</table>

Students must successfully complete all five courses to earn the certificate. Completion of the certificate will require a GPA of 3.0.

Requirements for Admission to the Graduate Certificate in Data Science Program:

1. A bachelor’s degree from a regionally accredited college or university;
2. 3.0 undergraduate GPA;
3. Program prerequisites will include coursework in elementary statistics, introductory computer programming, and introduction to databases. Relevant work experience may be considered in lieu of this coursework.

Data Science - Master of Science

Online (Code 181-801)

The multidisciplinary field of data science is one of the fastest growing professions and academic disciplines in the 21st century. The curriculum of this fully online, professional degree program focuses primarily on working adults and nontraditional students who desire to continue their education, primarily to expand their knowledge and specialized skills in this area for career advancement.

The program prepares the student to derive insights from real-world datasets—both structured and unstructured—using the latest data science tools and analytical methods, and to interpret and communicate data science findings effectively. It features a multidisciplinary curriculum that draws primarily from computer science, mathematics and statistics, management, and communication.

Graduates will leave the program with expertise in a number of specialized areas, including: data mining and warehousing, predictive analytics, statistical modeling, database infrastructures and data management, machine learning, and analytics-based decision making.

Requirements for Admission to the Master of Science in Data Science Program:

1. A bachelor’s degree from a regionally accredited college or university;
2. An undergraduate course in elementary statistics;
3. Either undergraduate coursework or prior work experience providing a foundational understanding of both programming concepts and databases.

This program consists of a fixed curriculum comprising 36 online credits that include a required capstone course, which represents the culminating experience.

Admission Requirements

MBA Program

To be admitted to the MBA program in full standing, an applicant must:

1. have a cumulative undergraduate GPA of at least 2.75 (on a 4.0 scale),
2. successfully complete Algebra for Calculus (or equivalent), either through coursework or by examination.

Conditional admission may be granted to those who are currently completing a baccalaureate degree or who have not successfully completed Algebra for
Calculus (or equivalent). A student with probationary or conditional status will be reclassified to full standing when all requirements have been satisfied.

A candidate for admission may apply to a specific term at any time during the year. An applicant must submit the following documents to be considered for admission.

1. a completed application form accompanied by payment of a $56 non-refundable application fee;
2. current resume or curriculum vitae;
3. two letters of recommendation (both from professional references);
4. official transcripts (to be sent directly from each institution at which the applicant has completed undergraduate or graduate coursework).

Certificate Program
To be admitted to a certificate program in full standing, an applicant must:

1. have a cumulative undergraduate GPA of at least 2.75 (on a 4.0 scale),
2. successfully complete Algebra for Calculus (or equivalent), either through coursework or by examination.

Conditional admission may be granted to those who are currently completing a baccalaureate degree or who have not successfully completed Algebra for Calculus (or equivalent). A student with probationary or conditional status will be reclassified to full standing when all requirements have been satisfied.

A candidate for admission may apply to a specific term at any time during the year. An applicant must submit the following documents to be considered for admission.

1. a completed application form accompanied by payment of a $56 non-refundable application fee;
2. current resume or curriculum vitae;
3. two letters of recommendation (both from professional references);
4. official transcripts (to be sent directly from each institution at which the applicant has completed undergraduate or graduate coursework).

Graduate Program
• Business Administration in Healthcare Management-Graduate Certificate
• Business Administration in Healthcare Management, UW MBA Consortium Online
• Business Administration, UW MBA Consortium Online

Business Administration in Healthcare Management,
UW MBA Consortium Online- Masters of Business Administration
(Code 740-803)

Graduate Program Requirements
The MBA, Healthcare Management emphasis program consists of 36 graduate credits. Additionally, the capstone course (MBA 710) requires an impact project that must include application of a general MBA program goal and a Healthcare Management program goal.

• Business Essentials courses (4 credits): Students must complete four credits of Business Essentials coursework. Students may have MBA 708 and/or MBA 709 waived by demonstrating mastery of course competencies through a program-approved process. Students will complete an additional two to four credits of electives, if one or both of these courses are waived.
• Core courses (22 credits): Students must complete 22 credits of Core classes.
• Elective courses (10 credits): To earn the Healthcare Management emphasis, the remaining 10 credits must come from emphasis electives listed below.

</tbody>
</table>

At least six credits must be taken from the following group of courses: MBA 780, MBA 781, MBA 782, MBA 783, MBA 786, MBA 789.

### Satisfactory Academic Progress

Satisfactory progress is defined as the maintenance of a cumulative GPA of 3.00 or higher in the program. A student not making satisfactory progress toward the degree may be placed on probation or dismissed from the program on the recommendation of the academic director of the MBA program.

A 3.00 cumulative GPA in courses counting toward the MBA is required for graduation. A course in which a grade of C- or lower is earned will not be counted toward the 36-credit MBA minimum, but will be computed in the GPA. A maximum of six MBA credits of C or C+ work will be accepted. A student who receives a C- will need to take a replacement course. A student earning a D+ or lower in a graduate-level course will be dismissed from the program, regardless of where the course was taken. The student may petition for readmission to the program by writing to the academic director of the MBA program.

### Graduation Requirement

Students need to be registered for a course in the term they are graduating.

### Business Administration in Healthcare Management-Graduate Certificate

**Code 740-602**

The Healthcare Management certificate consists of 12 credits, including eight required credits plus four additional credits from the list of elective courses below. Students may have MBA 708 waived by demonstrating mastery of course competencies through a program-approved process. Students will complete an additional two credits if this course is waived.

Department Website (https://www.uwec.edu/academics/college-nursing-health-sciences/departments-programs/nursing/)

The University of Wisconsin-Eau Claire College of Nursing and Health Sciences educates nurses at the baccalaureate, master’s, and doctoral levels. At the graduate level we offer the Master of Science in Nursing (MSN) degree and the Doctor of Nursing Practice (DNP) degree. The MSN degree is designed to enable students to assume leadership roles in advanced professional nursing.
Students interested in the MSN degree choose a role preparation in either nursing education or nursing administration/leadership and management. They select a population focus in adult-gerontologic or family nursing. The DNP degree is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. The DNP degree is offered as a post-baccalaureate (BSN-to-DNP) option and as a post-master’s (MSN-to-DNP) option. The BSN-to-DNP option includes adult-gerontologic primary care nurse practitioner (NP), family NP, adult-gerontologic clinical nurse specialist (CNS), and nurse administrator/nurse executive (adult-gerontologic or family population focus) options. The post-master’s MSN-to-DNP option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The college also offers a post-master’s certification program for nurses with master’s degrees in nursing who are interested in credit-bearing administration or nursing education role preparation courses. Further and current information may be obtained from the Nursing Graduate Programs Director and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/).

Accreditation
The nursing programs are approved by the Wisconsin State Board of Nursing. The baccalaureate degree program in nursing, master’s degree program in nursing, and the Doctor of Nursing Practice program at the University of Wisconsin-Eau Claire are accredited by the Commission on Collegiate Nursing Education (CCNE), 655 K Street NW, Suite 750, Washington, DC 20001, (202) 887-6791, through December 31, 2031.

Health/Clinical Requirements
Admitted students must present evidence of having met current health requirements, such as immunity against diphtheria, pertussis, tetanus, varicella, rubeola (measles), mumps, rubella, and hepatitis B, annual influenza vaccination, and tuberculin skin testing (evidence of two-step TB skin test is required if the student has never been tested for TB). Please refer to the specific health requirement information delineated on the college (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/) website. Additional vaccinations and testing including laboratory titers and medical follow-up may be required. To secure admission acceptance, all health requirements, evidence of CPR certification, RN licensure, background check information, etc. must be submitted, along with the appropriate fee(s).

Admitted students must maintain their immune status against infectious diseases. Tuberculin skin tests are offered at the Student Health Service. Any student whose skin test converts from negative to positive while enrolled in the program must have a chest X-ray and a medical evaluation, and provide a statement of the clinician’s findings and recommendations. Annual interferon-gamma release assays (IGRAs) including QFT-Gold and T-Spot results may be acceptable in lieu of TB skin test results. Students are not permitted to participate in clinical course work and experiences unless all immunizations, TB tests, CPR certification, RN licensure, background checks, and other health or clinical requirements are current and cleared/approved. Clinical facilities may have additional requirements, such as COVID-19 vaccinations, which must be met. Non-immune status may affect clinical placement and ability to progress or complete the program. BSN Completion program and graduate students must have current and appropriate RN licensure for admission and clinical placement and participation. The RN licensure must be maintained throughout the duration of the program, including Wisconsin RN licensure for graduate students.

All expenses associated with RN licensure, health surveillance, and care are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the College, the practicum facility, or the practicum institution. In addition, workers’ compensation insurance does not cover students while engaged in clinical practice. If a student suffers a needle stick or is injured while in practicum, they are personally responsible to pay for all medical bills and therefore will need personal health insurance.

Due to occupational exposure to blood or other potentially infectious materials, health care workers are at risk of acquiring Hepatitis B Virus infection and other serious infections. Students are considered to be at increased risk for needle-stick injuries. Such accidents can also be costly (e.g., student and patient testing, ER injury management, chemoprophylaxis, and potential illness care). The student, not the College, University, or clinical agency, is responsible for these expenses should an accidental exposure occur during a clinical experience.

Some clinical sites require students to show proof of health insurance; therefore, students are required to maintain health insurance for the duration of their education. Students must be able to provide proof of personal health insurance coverage if requested. Students are under a continuing obligation to notify the dean’s office of the college of any lapse in personal health insurance coverage.

Students in need of accommodations are to work with the Services for Students with Disabilities Office to provide documentation and are to contact the appropriate course faculty as soon as possible, preferably prior to the start of each term.

CPR Certification
All students must hold Cardiopulmonary Resuscitation (CPR) certification at the Basic Life Support for Healthcare Providers (American Red Cross) or Basic Life Support (BLS) Provider (American Heart Association) level. Evidence of CPR certification must be submitted at the time of admission. Admitted students must keep their certification current.

Student Background Check Requirements
Based on Wisconsin State law, clinical agencies must have completed background checks for all students. Consequently, the College of Nursing and Health Sciences requires students admitted to the nursing programs to complete background check materials which are submitted by the students to CastleBranch (https://www.castlebranch.com/).

CastleBranch, (https://www.castlebranch.com/) conducts Wisconsin and out of state criminal record and healthcare fraud and abuse searches, and includes the Wisconsin Department of Health and Family Services (DHFS) Background Information Disclosure (BID), a release for a Wisconsin Department of Justice Criminal Background Check. More information regarding the Wisconsin Caregiver Law can be obtained from DHFS’s (https://www.dhs.wisconsin.gov/) website. Students participating in clinicals in Minnesota may be required to complete further background checks (with associated fees). Additional, including out of state background checks (with associated fees) may be required by the college and by the clinical agencies. Clinical agencies may conduct further background checks. In addition to providing student background check findings, some clinical agencies require the College to submit photo images of students for identification and safety surveillance purposes.

Final admission status to the nursing program is contingent upon return of criminal background check(s) with no findings that would prevent participation in the program. Because of background check or BID findings, clinical agencies may refuse placement of students. This may prevent progression in or

Graduate Options

The University of Wisconsin-Eau Claire College of Nursing and Health Sciences educates nurses at the baccalaureate, master’s, and doctoral levels. At the graduate level we offer the Master of Science in Nursing (MSN) degree and the Doctor of Nursing Practice (DNP) degree.

The Master of Science in Nursing (MSN) degree is designed to enable students to assume leadership roles in advanced professional nursing. Students interested in the MSN degree choose a role preparation in either nursing education or nursing administration/leadership and management. They select a population focus in adult-gerontologic or family nursing.

- Nursing, Family Health-Education - Master of Science in Nursing
- Nursing, Adult-Gerontology-Education - Master of Science in Nursing
- Nursing, Adult-Gerontology-Administration - Master of Science in Nursing
- Nursing, Family Health-Administration - Master of Science in Nursing

The Doctor of Nursing (DNP) degree is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. The DNP degree is offered as a post-baccalaureate (BSN-to-DNP) option and as a post-master’s (MSN-to-DNP) option. Further and current information may be obtained from the Nursing Graduate Programs Director and the College (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/) website.

The BSN-to-DNP option includes adult-gerontologic primary care nurse practitioner (NP), family NP, adult-gerontologic clinical nurse specialist (CNS), and nurse administrator/nurse executive (adult-gerontologic or family population focus) options.

- Nursing, Adult-Gerontology-Administration - Doctor of Nursing Practice
- Nursing, Adult-Gerontology-Primary Care Nurse Practitioner - Doctor of Nursing Practice
- Nursing, Adult-Gerontology-Clinical Nurse Specialist - Doctor of Nursing Practice
- Nursing, Family Health-Administration - Doctor of Nursing Practice
- Nursing, Family Health-Nurse Practitioner - Doctor of Nursing Practice

The post-master’s MSN-to-DNP option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option.

- Nursing – Doctor of Nursing Practice (Post-Master’s DNP)
- Nursing, Nurse Executive - Doctor of Nursing Practice (Post-Master’s)

Graduate Certificates

The College of Nursing and Health Sciences offers a post-master’s certification program for nurses with master’s degrees in nursing who are interested in credit-bearing nursing administration or nursing education role preparation courses.

- Post-MSN Nursing Administration
- Post-MSN Nursing Education

Nursing - Doctor of Nursing Practice

(Code 700-830)

Post-master’s (MSN-to-DNP) option for advanced clinical practice (for nurse practitioners or clinical nurse specialists).

Program Requirements

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:
Criteria for admission into the DNP Post-Master’s Program include (also see notes):

1. Acceptance as a graduate student in good standing in the university.

2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.

3. A master’s degree in nursing from a nationally accredited nursing program, with a role preparation in Advanced Practice Nursing, with a GPA of 3.00 or higher.

4. Evidence of at least 550 hours of master’s-level clinical practicum (or national certification by a body approved by the Wisconsin State Board of Nursing).

5. Evidence of basic epidemiology content.

6. Evidence of graduate-level pharmacology (not required for nursing administration students).

7. Evidence of graduate-level nursing research and nursing theory.

8. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.

10. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).

11. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

NOTE 2: WI RN licensure needed by July 1 following admission.
4. Integrate clinical expertise and competence with population-focused management, evidence-based practice, and health care policy.
5. Analyze health–related information systems and technology for the improvement of health care.
6. Develop, implement and evaluate evidence-based approaches to advanced nursing practice.
7. Evaluate the outcomes of advanced nursing practice.
8. Apply clinical scholarship and leadership skills to advanced nursing practice.
9. Evaluate personal scholarship, professional growth, and excellence in practice.

Nursing, Adult-Gerontology-Administration - Doctor of Nursing Practice

(Code 700-832)

Program Requirements

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:

- Adult-gerontologic primary care nurse practitioner
- Adult-gerontologic clinical nurse specialist
- Family nurse practitioner
- Nurse administrator/nurse executive (adult-gerontologic or family population focus)

The post-baccalaureate DNP program includes approximately 68 credits for administration/nurse executive students and approximately 73 credits for advanced clinical practice students (nurse practitioner, clinical nurse specialist). The courses are taken over three academic years for full-time students and four to five years for part-time students.

Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the DNP courses involve additional course fees. Graduate students must earn a grade of C or above in courses and practica to successfully progress. No more than 2 C’s may be earned in the graduate program. Further and current information may be obtained from the Nursing Graduate Programs Director, College of Nursing and Health Sciences and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/).

Criteria for admission into the DNP Post-Baccalaureate Program include (also see notes):

1. Acceptance as a graduate student in good standing in the university.
2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
3. Evidence of course work in statistics (grade of C or better) at the undergraduate level.
4. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
5. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
7. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).

8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

NOTE 2: WI RN licensure needed by July 1st following admission.

NOTE 3: Consideration may be given to previous practice experience and choice of population focus and role preparation.

NOTE 4: A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

NOTE 5: Priority admission application deadline is January 4, unless otherwise specified.

NOTE 6: Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

Nursing, Adult-Gerontology-Administration/ Nurse Executive Curriculum

Post-baccalaureate DNP (BSN-to-DNP) students interested in the nursing administration/nurse executive role preparation may choose an adult-gerontologic or family population focus. The full-time program plan is for 3 years, with 4- and 5-year part-time options available. Consult with the Nursing Graduate Programs Director regarding role preparation course scheduling.

For the adult-gerontologic nursing administration/nurse executive option, the post-baccalaureate DNP program consists of approximately 68 credits (including 7 credits of cognates/electives) and 1,050 clinical hours. The program includes 36 credits of courses at the 800 level, comprising core, role preparation, seminar, and practicum courses. Thirty-two credits are taken at the 700 level and include core, population focus, cognate, and role preparation theory and clinical practicum courses. A DNP project with presentation is required. No more than 2 C’s may be earned in the graduate program.

Program Learning Outcomes

A graduate of the DNP program will be prepared to:
1. Expand advanced nursing practice by integrating the art and science of nursing with theory and knowledge from biophysical, psychosocial, political, ethical, technical, analytical, cultural, spiritual, environmental, and organizational realms.
2. Promote culturally sensitive, holistic advanced nursing practice care and services in a global community, with emphasis on disease/illness prevention and health/wellness promotion as well as restoration and maintenance.
3. Synthesize leadership skills, systems analysis, and advocacy expertise.
4. Integrate clinical expertise and competence with population-focused management, evidence-based practice, and health care policy.
5. Analyze health-related information systems and technology for the improvement of health care.
6. Develop, implement and evaluate evidence-based approaches to advanced nursing practice.
7. Evaluate the outcomes of advanced nursing practice.
8. Apply clinical scholarship and leadership skills to advanced nursing practice.
9. Evaluate personal scholarship, professional growth, and excellence in practice.

Nursing, Adult-Gerontology-Administration - Master of Science in Nursing

(Code 700-816)

Program Requirements

The Master of Science in Nursing (MSN) program is designed to prepare students in adult-gerontologic or family nursing to assume leadership roles in advanced professional nursing. Students are prepared for roles in nursing education or nursing administration/leadership & management. Requirements for the Master of Science in Nursing degree are 39 to 40 credits and include an option of thesis or a scholarly project and public presentation. Completion of the program usually requires four semesters of full-time study with 3 credits taken in a Winterim term. For full-time students, the first year of courses generally are on Mondays and the second year of courses usually are on Tuesdays, with the first year courses being taught in a hybrid fashion (combination of face-to-face immersion and online synchronous and asynchronous modalities) and the didactic portions of the second year clinical courses being online (combination of synchronous and asynchronous). The winterim course tends to be online with remote synchronous immersion days. A part-time plan of study may be required based on the year of admission.

Consult the Nursing Graduate Programs Director regarding course scheduling. Total clinical hours equal approximately 525 hours. The MSN no longer is a degree option at UW-Eau Claire for students pursuing the nurse practitioner or clinical nurse specialist role preparations, in keeping with the American Association of Colleges of Nursing (AACN) recommendation to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level. Note that program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the nursing graduate courses involve additional course fees.
Qualifications for M.S.N. Admission

Criteria for admission into the Master of Science in Nursing (MSN) graduate program include (also see notes):

1. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.

2. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.

3. Evidence of coursework in statistics (grade of C or better) at the undergraduate level.

4. Satisfactory evidence of personal qualification and capacity for graduate study in nursing.

6. Completed and submitted all application materials including but not limited to a MSN demographic form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant's clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).

7. Previous practice experience. Consideration will also be given to choice of population focus and role preparation and residency in an underserved area.

8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN. A portfolio approach may be used for students who have not graduated from an appropriately accredited program. Contact the College of Nursing and Health Sciences Nursing Graduate Programs Director for more information.

NOTE 2: WI RN licensure needed by July 1st following admission.

NOTE 3: A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

NOTE 4: Priority admission application deadline is January 4, unless otherwise specified.

NOTE 5: Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

M.S.N. Curriculum

The core courses, all of which are nursing courses, are required of all MSN students. Students select a population focus in Adult-Gerontology or Family Nursing in addition to the education or nursing administration/leadership & management role preparation. Functional role preparation requires specific nursing courses which build on a core of nursing knowledge. Cognate courses will be selected by nursing administration students and their advisers to augment their core knowledge, area of population focus, or functional role preparation. Graduate students must earn a grade of C or above in courses and practica to successfully progress.

No more than 2 C's may be earned in the graduate program.

Program Learning Outcomes

A graduate of the Master of Science in Nursing (MSN) program will be prepared to:

1. Analyze, synthesize, and apply knowledge from nursing science and other disciplines related to the health of adults, older adults, and families.
2. Synthesize, critique, evaluate, and utilize theory to guide advanced nursing roles.
3. Synthesize, evaluate, and utilize research to improve client outcomes for adults, older adults, and families.
4. Demonstrate expertise in ethically based, advanced clinical decision-making of human responses in diverse populations.
5. Integrate leadership and management theories into the advanced nursing roles.
6. Analyze and synthesize current nursing and health care issues and policies within the context of advanced nursing roles.
7. Integrate knowledge and theory of health policy, organizations, and financing of health care as a basis for the provision of quality, cost effective care.
8. Assume beginning advanced nursing roles across health care settings demonstrating effective advocacy for diverse populations.
9. Engage in lifelong learning and scholarship for the advancement of professional nursing.

Nursing, Adult-Gerontology-Clinical Nurse Specialist - Doctor of Nursing Practice

Specialist (Code 700-834)

For post-baccalaureate DNP (BSN-to-DNP) students interested in the adult-gerontologic clinical nurse specialist (CNS) option, please see the Nursing Graduate Programs Director and College (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/) website regarding the availability of this offering. The curriculum for the CNS option is undergoing revisions and therefore will likely differ from the plan listed below, if offered.

Program Requirements

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:

- Adult-gerontologic primary care nurse practitioner
- Adult-gerontologic clinical nurse specialist
- Family nurse practitioner
- Nurse administrator/nurse executive (adult-gerontologic or family population focus)

The post-baccalaureate DNP program includes approximately 68 credits for administration/nurse executive students and approximately 73 credits for advanced clinical practice students (nurse practitioner, clinical nurse specialist). The courses are taken over three academic years for full-time students and four to five years for part-time students.

Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the DNP courses involve additional course fees. Graduate students must earn a grade of C or above in courses and practica to successfully progress. No more than 2 C’s may be earned in the graduate program. Further and current information may be obtained from the Nursing Graduate Programs Director, College of Nursing and Health Sciences and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/).

Criteria for admission into the DNP Post-Baccalaureate Program include (also see notes):

1. Acceptance as a graduate student in good standing in the university.
2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
3. Evidence of course work in statistics (grade of C or better) at the undergraduate level.
4. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
5. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
7. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

NOTE 2: WI RN licensure needed by July 1st following admission.

NOTE 3: Consideration may be given to previous practice experience and choice of population focus and role preparation.

NOTE 4: A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

NOTE 5: Priority admission application deadline is January 4, unless otherwise specified.

NOTE 6: Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

Nursing, Adult-Gerontologic-Clinical Nurse Specialist Curriculum

Post-baccalaureate DNP (BSN-to-DNP) students interested in the clinical nurse specialist (CNS) role preparation choose the adult-gerontologic population focus. When offered, the full-time program plan is for 3 years, with 4- and 5-year part-time options available. CNS role preparation courses are scheduled on alternate years, depending on demand. Please consult the Nursing Graduate Programs Director regarding availability and scheduling. Note: The curriculum for the CNS option is undergoing revisions and therefore will likely differ from the plan listed below, if offered.

For the clinical nurse specialist role preparation, the post-baccalaureate DNP program consists of about 73 credits and approximately 1,125 clinical hours.
The program includes core, population focus, role preparation, seminar, and practicum courses. A DNP project with presentation is required. No more than 2 C's may be earned in the graduate program.

### Program Learning Outcomes

A graduate of the DNP program will be prepared to:

1. Expand advanced nursing practice by integrating the art and science of nursing with theory and knowledge from biophysical, psychosocial, political, ethical, technical, analytical, cultural, spiritual, environmental, and organizational realms.

2. Promote culturally sensitive, holistic advanced nursing practice care and services in a global community, with emphasis on disease/illness prevention and health/wellness promotion as well as restoration and maintenance.

3. Synthesize leadership skills, systems analysis, and advocacy expertise.

4. Integrate clinical expertise and competence with population-focused management, evidence-based practice, and health care policy.

5. Analyze health–related information systems and technology for the improvement of health care.

6. Develop, implement and evaluate evidence-based approaches to advanced nursing practice.

7. Evaluate the outcomes of advanced nursing practice.

8. Apply clinical scholarship and leadership skills to advanced nursing practice.

9. Evaluate personal scholarship, professional growth, and excellence in practice.

### Nursing, Adult-Gerontology-Education - Master of Science in Nursing

(Code 700-819)

### Program Requirements

The Master of Science in Nursing (MSN) program is designed to prepare students in adult-gerontologic or family nursing to assume leadership roles in advanced professional nursing. Students are prepared for roles in nursing education or nursing administration/leadership & management. Requirements for the Master of Science in Nursing degree are 39 to 40 credits and include an option of thesis or a scholarly project and public presentation. Completion of the program usually requires four semesters of full-time study with 3 credits taken in a Winterim term. For full time students, the first year of courses generally are on Mondays and the second year of courses usually are on Tuesdays, with the first year courses being taught in a hybrid fashion (combination of face-to-face immersion and online synchronous and asynchronous modalities) and the didactic portions of the second year clinical courses being online (combination of synchronous and asynchronous). The winterim course tends to be online with remote synchronous immersion days. A part-time plan of study may be required based on the year of admission. Consult the Nursing Graduate Programs Director regarding course scheduling. Total clinical hours equal approximately 525 hours. The MSN no longer is a degree option at UW-Eau Claire for students pursuing the nurse practitioner or clinical nurse specialist role preparations, in keeping with the American

### Credits

1 Note: The curriculum for the CNS option is undergoing revisions and therefore will likely differ from this plan, if offered.
Association of Colleges of Nursing (AACN) recommendation to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level. Note that program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the nursing graduate courses involve additional course fees.

**Qualifications for M.S.N. Admission**
Criteria for admission into the Master of Science in Nursing (MSN) graduate program include (also see notes):

1. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
2. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
3. Evidence of coursework in statistics (grade of C or better) at the undergraduate level.
4. Satisfactory evidence of personal qualification and capacity for graduate study in nursing.
6. Completed and submitted all application materials including but not limited to a MSN demographic form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant's clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
7. Previous practice experience. Consideration will also be given to choice of population focus and role preparation and residency in an underserved area.
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

**NOTE 1:** Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN. A portfolio approach may be used for students who have not graduated from an appropriately accredited program. Contact the College of Nursing and Health Sciences Nursing Graduate Programs Director for more information.

**NOTE 2:** WI RN licensure needed by July 1st following admission.

**NOTE 3:** A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

**NOTE 4:** Priority admission application deadline is January 4, unless otherwise specified.

**NOTE 5:** Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

**M.S.N. Curriculum**
The core courses, all of which are nursing courses, are required of all MSN students. Students select a population focus in Adult-Gerontologic or Family Nursing in addition to the education or nursing administration/leadership & management role preparation. Functional role preparation requires specific nursing courses which build on a core of nursing knowledge. Cognate courses will be selected by nursing administration students and their advisers to augment their core knowledge, area of population focus, or functional role preparation. Graduate students must earn a grade of C or above in courses and practica to successfully progress.

No more than 2 C's may be earned in the graduate program.

### Program Learning Outcomes
A graduate of the Master of Science in Nursing (MSN) program will be prepared to:

1. Analyze, synthesize, and apply knowledge from nursing science and other disciplines related to the health of adults, older adults, and families.
2. Synthesize, critique, evaluate, and utilize theory to guide advanced nursing roles.
3. Synthesize, evaluate, and utilize research to improve client outcomes for adults, older adults, and families.
4. Demonstrate expertise in ethically based, advanced clinical decision-making of human responses in diverse populations.
5. Integrate leadership and management theories into the advanced nursing roles.
6. Analyze and synthesize current nursing and health care issues and policies within the context of advanced nursing roles.
7. Integrate knowledge and theory of health policy, organizations, and financing of health care as a basis for the provision of quality, cost effective care.
8. Assume beginning advanced nursing roles across health care settings demonstrating effective advocacy for diverse populations.
9. Engage in lifelong learning and scholarship for the advancement of professional nursing.

Nursing, Adult-Gerontology-Primary Care Nurse Practitioner - Doctor of Nursing Practice
(Code 700-833)

For post-baccalaureate DNP (BSN-to-DNP) students interested in the primary care nurse practitioner role preparation with an adult-gerontologic population focus.

Program Requirements

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:

- Adult-gerontologic primary care nurse practitioner
- Adult-gerontologic clinical nurse specialist
- Family nurse practitioner
- Nurse administrator/nurse executive (adult-gerontologic or family population focus)

The post-baccalaureate DNP program includes approximately 68 credits for administration/nurse executive students and approximately 73 credits for advanced clinical practice students (nurse practitioner, clinical nurse specialist). The courses are taken over three academic years for full-time students and four to five years for part-time students.

Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the DNP courses involve additional course fees. Graduate students must earn a grade of C or above in courses and practice to successfully progress. No more than 2 C’s may be earned in the graduate program. Further and current information may be obtained from the Nursing Graduate Programs Director, College of Nursing and Health Sciences and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/).

Criteria for admission into the DNP Post-Baccalaureate Program include (also see notes):

1. Acceptance as a graduate student in good standing in the university.
2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
3. Evidence of course work in statistics (grade of C or better) at the undergraduate level.
4. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
5. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
7. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

NOTE 2: WI RN licensure needed by July 1st following admission.

NOTE 3: Consideration may be given to previous practice experience and choice of population focus and role preparation.

**Nursing, Family Health-Administration - Doctor of Nursing Practice**

(Code 700-835)

For post-baccalaureate DNP (BSN-to-DNP) students interested in the administration/nurse executive role preparation with a family population focus.

**Program Requirements**

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:

- Adult-gerontologic primary care nurse practitioner
- Adult-gerontologic clinical nurse specialist
- Family nurse practitioner
• Nurse administrator/nurse executive (adult-gerontologic or family population focus)

The post-baccalaureate DNP program includes approximately 68 credits for administration/nurse executive students and approximately 73 credits for advanced clinical practice students (nurse practitioner, clinical nurse specialist). The courses are taken over three academic years for full-time students and four to five years for part-time students.

Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the DNP courses involve additional course fees. Graduate students must earn a grade of C or above in courses and practica to successfully progress. No more than 2 C's may be earned in the graduate program. Further and current information may be obtained from the Nursing Graduate Programs Director, College of Nursing and Health Sciences and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/).

Criteria for admission into the DNP Post-Baccalaureate Program include (also see notes):

1. Acceptance as a graduate student in good standing in the university.
2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
3. Evidence of course work in statistics (grade of C or better) at the undergraduate level.
4. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
5. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
7. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant's clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

NOTE 2: WI RN licensure needed by July 1st following admission.

NOTE 3: Consideration may be given to previous practice experience and choice of population focus and role preparation.

NOTE 4: A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

NOTE 5: Priority admission application deadline is January 4, unless otherwise specified.

NOTE 6: Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

Nursing, Family Health-Administration/Nurse Executive Curriculum

Post-baccalaureate DNP (BSN-to-DNP) students interested in the administration/nurse executive role preparation choose an adult-gerontologic or family population focus. The fulltime program plan is for 3 years, with 4- and 5-year part-time options available. Consult the Nursing Graduate Programs Director regarding role preparation course scheduling.

For the family administration/nurse executive option, the post-baccalaureate DNP program consists of approximately 68 credits (including 7 credits of cognates/electives) and 1,050 clinical hours. The program includes 36 credits of courses at the 800 level, comprising core, role preparation, seminar, and practicum courses. Thirty-two credits are taken at the 700 level and include core, population focus, cognate, and role preparation theory and clinical practicum courses. A DNP project with presentation is required. No more than 2 C's may be earned in the graduate program.

Note 1: Select from the following Cognates/Electives (others also may be appropriate):

- MBA 773  Communicating for Success: Writing for Results
- MBA 778  Managing Technology in Turbulent Times
- MBA 780  Leading the Healthcare Workforce
- MBA 782  Health Care Finance & Economics
- 700-level Nursing courses

Program Learning Outcomes

A graduate of the DNP program will be prepared to:

1. Expand advanced nursing practice by integrating the art and science of nursing with theory and knowledge from biophysical, psychosocial, political, ethical, technical, analytical, cultural, spiritual, environmental, and organizational realms.
2. Promote culturally sensitive, holistic advanced nursing practice care and services in a global community, with emphasis on disease/illness prevention and health/wellness promotion as well as restoration and maintenance.
3. Synthesize leadership skills, systems analysis, and advocacy expertise.
4. Integrate clinical expertise and competence with population-focused management, evidence-based practice, and health care policy.
5. Analyze health–related information systems and technology for the improvement of health care.
6. Develop, implement and evaluate evidence-based approaches to advanced nursing practice.
7. Evaluate the outcomes of advanced nursing practice.
8. Apply clinical scholarship and leadership skills to advanced nursing practice.
9. Evaluate personal scholarship, professional growth, and excellence in practice.

Nursing, Family Health-Administration - Master of Science in Nursing

(Code 700-812)

Program Requirements

The Master of Science in Nursing (MSN) program is designed to prepare students in adult-gerontologic or family nursing to assume leadership roles in advanced professional nursing. Students are prepared for roles in nursing education or nursing administration/leadership & management. Requirements for the Master of Science in Nursing degree are 39 to 40 credits and include an option of thesis or a scholarly project and public presentation. Completion of the program usually requires four semesters of full-time study with 3 credits taken in a Winterim term. For full time students, the first year of courses generally are on Mondays and the second year of courses usually are on Tuesdays, with the first year courses being taught in a hybrid fashion (combination of face-to-face immersion and online synchronous and asynchronous modalities) and the didactic portions of the second year clinical courses being online (combination of synchronous and asynchronous). The winterim course tends to be online with remote synchronous immersion days. A part-time plan of study may be required based on the year of admission. Consult the Nursing Graduate Programs Director regarding course scheduling. Total clinical hours equal approximately 525 hours. The MSN no longer is a degree option at UW-Eau Claire for students pursuing the nurse practitioner or clinical nurse specialist role preparations, in keeping with the American Association of Colleges of Nursing (AACN) recommendation to transition advanced practice nursing preparation to the Doctor of Nursing Practice (DNP) degree level. Note that program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the nursing graduate courses involve additional course fees.

Qualifications for M.S.N. Admission

Criteria for admission into the Master of Science in Nursing (MSN) graduate program include (also see notes):

1. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
2. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
3. Evidence of coursework in statistics (grade of C or better) at the undergraduate level.
4. Satisfactory evidence of personal qualification and capacity for graduate study in nursing.
6. Completed and submitted all application materials including but not limited to a MSN demographic form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
7. Previous practice experience. Consideration will also be given to choice of population focus and role preparation and residency in an underserved area.
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN. A portfolio approach may be used for students who have not graduated from an appropriately accredited program. Contact the College of Nursing and Health Sciences Nursing Graduate Programs Director for more information.

NOTE 2: WI RN licensure needed by July 1st following admission.

NOTE 3: A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.
NOTE 4: Priority admission application deadline is January 4, unless otherwise specified.

NOTE 5: Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

M.S.N. Curriculum

The core courses, all of which are nursing courses, are required of all MSN students. Students select a population focus in Adult-Gerontologic or Family Nursing in addition to the education or nursing administration/leadership & management role preparation. Functional role preparation requires specific nursing courses which build on a core of nursing knowledge. Cognate courses will be selected by nursing administration students and their advisers to augment their core knowledge, area of population focus, or functional role preparation. Graduate students must earn a grade of C or above in courses and practica to successfully progress.

No more than 2 C's may be earned in the graduate program.

Program Learning Outcomes

A graduate of the Master of Science in Nursing (MSN) program will be prepared to:

1. Analyze, synthesize, and apply knowledge from nursing science and other disciplines related to the health of adults, older adults, and families.
2. Synthesize, critique, evaluate, and utilize theory to guide advanced nursing roles.
3. Synthesize, evaluate, and utilize research to improve client outcomes for adults, older adults, and families.
4. Demonstrate expertise in ethically based, advanced clinical decision-making of human responses in diverse populations.
5. Integrate leadership and management theories into the advanced nursing roles.
6. Analyze and synthesize current nursing and health care issues and policies within the context of advanced nursing roles.
7. Integrate knowledge and theory of health policy, organizations, and financing of health care as a basis for the provision of quality, cost effective care.
8. Assume beginning advanced nursing roles across health care settings demonstrating effective advocacy for diverse populations.
9. Engage in lifelong learning and scholarship for the advancement of professional nursing.

**Nursing, Family Health-Nurse Practitioner - Doctor of Nursing Practice**

(Code 700-836)

For post-baccalaureate DNP (BSN-to-DNP) students interested in the family nurse practitioner option.

**Program Requirements**

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:

- Adult-gerontologic primary care nurse practitioner
- Adult-gerontologic clinical nurse specialist
- Family nurse practitioner
- Nurse administrator/nurse executive (adult-gerontologic or family population focus)

The post-baccalaureate DNP program includes approximately 68 credits for administration/nurse executive students and approximately 73 credits for advanced clinical practice students (nurse practitioner, clinical nurse specialist). The courses are taken over three academic years for full-time students and four to five years for part-time students.

Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the DNP courses involve additional course fees. Graduate students must earn a grade of C or above in courses and practica to successfully progress. No more than 2 C’s may be earned in the graduate program. Further and current information may be obtained from the Nursing Graduate Programs Director, College of Nursing and Health Sciences and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/).

**Criteria for admission into the DNP Post-Baccalaureate Program include (also see notes):**

1. Acceptance as a graduate student in good standing in the university.
2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
3. Evidence of course work in statistics (grade of C or better) at the undergraduate level.
4. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
5. Satisfactory evidence of personal qualifications and capacity for doctoral study in nursing.
7. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
8. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

**NOTE 1:** Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

**NOTE 2:** WI RN licensure needed by July 1st following admission.

**NOTE 3:** Consideration may be given to previous practice experience and choice of population focus and role preparation.

**NOTE 4:** A graduate special student may not take more than two nursing courses or six credits in nursing before being admitted to the graduate program.

**NOTE 5:** Priority admission application deadline is January 4, unless otherwise specified.

**NOTE 6:** Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

**Nursing, Family Health-Nurse Practitioner Curriculum**

Post-baccalaureate DNP (BSN-to-DNP) students interested in the primary care nurse practitioner role preparation choose the adult-gerontologic or family population focus. The fulltime program plan is for 3 years, with 4- and 5-year part-time options available.

For the family nurse practitioner option, the post-baccalaureate DNP program consists of 73 credits and approximately 1,125 clinical hours. The program includes 50 credits of courses at the 800 level, comprising core, role preparation, seminar, and practicum courses. Twenty-three credits are taken at the 700 level and include core, population focus, and role preparation theory and clinical practicum courses. A DNP project with presentation is required. No more than 2 C’s may be earned in the graduate program.

9. Evaluate personal scholarship, professional growth, and excellence in practice.

**Nursing, Nurse Executive - Doctor of Nursing Practice**

(Code 700-837)

Post-master’s DNP (MSN-to-DNP) Nurse Executive option.

**Program Requirements**

UW-Eau Claire offers Doctor of Nursing Practice (DNP) degree options for individuals pursuing education in advanced practice nursing. The DNP is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice nursing (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Both MSN-to-DNP and BSN-to-DNP options are offered.

The post-master’s (MSN-to-DNP) option includes an advanced clinical practice option (for nurse practitioners or clinical nurse specialists) or a nurse executive option. The MSN-to-DNP option typically is a part-time two-and-a-half-year program that includes 31 credits of nursing courses. The plan requires students to take courses during Summer, Fall, Winterim, and Spring terms.

The post-baccalaureate (BSN-to-DNP) option includes an adult-gerontologic or family nursing population focus and a primary care nurse practitioner (NP), clinical nurse specialist, or nurse administrator/nurse executive role preparation. Students choose from the following BSN-to-DNP options:

- Adult-gerontologic primary care nurse practitioner
- Adult-gerontologic clinical nurse specialist
- Family nurse practitioner
- Nurse administrator/nurse executive (adult-gerontologic or family population focus)

The post-baccalaureate DNP program includes approximately 68 credits for administration/nurse executive students and approximately 73 credits for advanced clinical practice students (nurse practitioner, clinical nurse specialist). The courses are taken over three academic years for full-time students and four to five years for part-time students.

Program costs are higher than typical University of Wisconsin-Eau Claire graduate programs and thus the DNP courses involve additional course fees. Graduate students must earn a grade of C or above in courses and practica to successfully progress. No more than 2 C's may be earned in the graduate...
program. Further and current information may be obtained from the Nursing Graduate Programs Director, College of Nursing and Health Sciences and the College website (https://www.uwec.edu/academics/college-nursing-health-sciences/graduate-programs/).

Criteria for admission into the DNP Post-Master’s Program include (also see notes):

1. Acceptance as a graduate student in good standing in the university.
2. An undergraduate degree in nursing from a nationally accredited nursing program, with a GPA of 3.00 or higher.
3. A master’s degree in nursing from a nationally accredited nursing program, with a role preparation in Advanced Practice Nursing, with a GPA of 3.00 or higher.
4. Evidence of at least 550 hours of master’s-level clinical practicum (or national certification by a body approved by the Wisconsin State Board of Nursing).
5. Evidence of basic epidemiology content.
6. Evidence of graduate-level pharmacology (not required for nursing administration students).
7. Evidence of graduate-level nursing research and nursing theory.
8. Wisconsin Registered Nurse licensure. Current nursing licensure in one of the jurisdictions of the United States required at time of application.
10. Completed and submitted all application materials including but not limited to a DNP Demographic Form, essay, resume, university application, official transcripts from all postsecondary institutions attended, three references (forms provided) from individuals who are knowledgeable of the applicant’s clinical expertise and/or potential for graduate study, and all application fees (nonrefundable).
11. Completed health record, background check, and evidence of current CPR certification and other related requirements (needed by July 1st following admission).

NOTE 1: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

NOTE 2: WI RN licensure needed by July 1 following admission.

NOTE 3: Examples of role preparations in Advanced Practice Nursing include Adult (-Gerontologic) or Family Nurse Practitioner, Adult (-Gerontologic) Clinical Nurse Specialist, and Nurse Administrator.

NOTE 4: Priority admission application deadline is January 4, unless otherwise specified.

NOTE 5: Must complete and be current with health requirements, CPR certification, WI RN licensure, and background checks in order to be enrolled in courses.

Program Learning Outcomes

A graduate of the DNP program will be prepared to:

1. Expand advanced nursing practice by integrating the art and science of nursing with theory and knowledge from biophysical, psychosocial, political, ethical, technical, analytical, cultural, spiritual, environmental, and organizational realms.
2. Promote culturally sensitive, holistic advanced nursing practice care and services in a global community, with emphasis on disease/illness prevention and health/wellness promotion as well as restoration and maintenance.
3. Synthesize leadership skills, systems analysis, and advocacy expertise.
4. Integrate clinical expertise and competence with population-focused management, evidence-based practice, and health care policy.
5. Analyze health–related information systems and technology for the improvement of health care.
6. Develop, implement and evaluate evidence-based approaches to advanced nursing practice.
7. Evaluate the outcomes of advanced nursing practice.
8. Apply clinical scholarship and leadership skills to advanced nursing practice.
9. Evaluate personal scholarship, professional growth, and excellence in practice.
Post-MSN Nursing Administration - Graduate Certificate
(Code 700-607)

The College of Nursing and Health Sciences post-master’s certification program is designed to meet the needs of master’s-prepared nurses returning to the university for credit-bearing nurse educator or nurse administrator role preparation courses.

Admission Requirements:

1. Successful completion of a nationally accredited nursing master’s degree program with a GPA of 3.00 or higher.
2. Wisconsin Registered Nurse licensure.

NOTE: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

Post-MSN Nursing Education - Graduate Certificate
(Code 700-608)

The College of Nursing and Health Sciences post-master’s certification program is designed to meet the needs of master’s-prepared nurses returning to the university for credit-bearing nurse educator or nurse administrator role preparation courses.

Admission Requirements:

1. Successful completion of a nationally accredited nursing master’s degree program with a GPA of 3.00 or higher.
2. Wisconsin Registered Nurse licensure.

NOTE: Examples of national accreditation for nursing programs include CCNE, NLN, and ACEN.

Alexandria Viegut, Ph.D.

**Graduate Programs**

- School Psychology - Master of Science in Education
- School Psychology - Education Specialist

**School Psychology - Education Specialist**  
(Code 442-805)

The School Psychology program is a three-year sequence of training which leads to the Ed.S. degree and license to practice school psychology in the public schools. School psychologists apply expertise in mental health, learning, and behavior to help children and youth succeed academically, socially, behaviorally, and emotionally. To meet these goals, the training of school psychologists is quite extensive. Training includes preparation in data-based decision-making; collaboration and consultation; student-level and system-level educational and mental health services; family partnerships; ethics, law and legal issues; research and program evaluation; and culturally competent practice. While employment in the public schools is the primary focus of this training program, some graduates have sought employment in institutional settings, behavioral health clinics, post-high school educational settings, or pursued study at the doctoral level.

As undergraduates, applicants to the school psychology program are encouraged to complete the following courses: statistics, behavior modification, developmental psychology, and research methods. Although a psychology major is strong preparation for the school psychology program, other majors (e.g., education, communication sciences and disorders, social work) are also considered for admission.

Applicants must submit an application, three letters of reference, a written personal statement, and complete undergraduate transcripts of coursework. Full admission to the program requires the completion of a criminal background check.

The **Ed.S. Degree Phase**, consisting of 37 graduate credits, provides the student with additional background in applied research, education foundations and methods, and advanced practica in the delivery of school psychological services. Students are placed in the public schools and in the on-campus interdisciplinary clinic. They also complete an immersion experience in a diverse educational setting. Students must register for and pass the National Association of School Psychologists Praxis II Examination. This examination is usually taken during the second semester of the second year. Upon passing the Praxis II examination and successful completion of all requirements during the first two years of the program, except the capstone or thesis, students are eligible to enroll in PSYC 787 Internship in School Psychology.

The internship is the capstone of the school psychology training program: it provides a placement, usually salaried, in a full-time (minimum of 1,200 hours) supervised, professional work experience. The Ed.S. degree is conferred upon successful completion of all program requirements, including the internship and either an Education Specialist capstone or Education Specialist thesis. Upon conferment of the Ed.S. degree, students are eligible to apply for national certification in school psychology (NCSP).

**School Psychology - Master of Science in Education**

(Code 442-803)

The School Psychology program is a three-year sequence of training which leads to the Ed.S. degree and license to practice school psychology in the public schools. School psychologists apply expertise in mental health, learning, and behavior to help children and youth succeed academically, socially, behaviorally, and emotionally. The training of school psychologists is quite extensive. Training includes preparation in data-based decision-making; consultation and collaboration; student-level and systems-level interventions; family partnerships; ethics, law and legal practices; research and program evaluation; and culturally competent practice. While employment in the public schools is the primary focus of this training program, some graduates have sought employment in institutional settings, behavior health clinics, post-high school educational settings, or pursued study at the doctoral level.

Applicants must submit an application, three letters of reference, a written personal statement, and complete undergraduate transcripts of coursework. Full admission to the program requires the completion of a criminal background check.

**The M.S.E. Degree Phase** of the program provides the student with the academic background, introduction to research, professional seminars, and beginning practice in assessment and intervention skills. To complete the degree phase and earn the M.S.E.—School Psychology degree, the student must complete all first year required coursework, have a minimum of 31 graduate credits, earn a GPA of at least 3.00, and pass a written comprehensive examination.

Special Education and Inclusive Practices

Centennial Hall 3723
715-836-5352
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/special-education-inclusive-practices/)

The special education program in the Department of Special Education and Inclusive Practices is designed to provide students with experiences that develop skills in assessing students as well as planning, implementing, and evaluating interventions. Special education graduates are prepared for a variety of specialized jobs. Those who prefer to teach may be employed in public or private schools, institutions, or agencies. Those seeking other careers may work as house parents or home trainers or directors of service agencies. Some graduates will continue their study in other areas of special education, while others may engage in research, develop curricular and instructional materials, or lead in-service teacher training.

The Department of Special Education and Inclusive Practices offers graduate-level course work but no graduate degree programs. The department does offer a graduate certificate for Director of Special Education and Pupil Services.

Total Credits 15

A Master's degree in Special Education, School Psychology, School Counseling, Social Work, or other pupil services professions as well as a current Professional/Teaching License in the aforementioned pupil services professions is required. Students must have three years successful full time classroom teaching in special education OR successful experiences as pupil services professionals including at least 540 hours documented classroom teaching of children with special education eligibility.

Students must earn a B or higher in each course in order to continue in the DSEPS Certificate program and maintain a minimum total GPA of 3.0 for graduate level coursework.
COURSE DESCRIPTIONS

Course Numbering System

The first digit in a course number indicates the level of the course:

1-99 courses that cannot be counted toward minimum degree requirements
100-199 courses primarily for freshmen
200-299 courses primarily for sophomores
300-499 courses open to juniors and seniors
700A-799A courses open to students in accelerated master’s program for undergraduate credit
500-699 junior-senior courses approved for graduate credit
700-799 courses open only to graduate students
800-899 course open only to Doctor of Nursing Practice (DNP) students

1 Graduate students in such courses are required to meet expectations beyond those required of undergraduates. These expectations will vary and may include, but are not limited to: additional readings, oral presentations, additional or more sophisticated experiments or research, and additional written work. Students who have taken a course at the 300- or 400-level may not include that course at the 500- or 600-level in a graduate program, except in the case of special topics courses when the topic is not the same as that taken at the undergraduate level or at the discretion of the program advisor.

2 Students approved for participation in an approved dual bachelor’s and master’s degree program are eligible to enroll in specific 700-level courses.

Cross-listed Courses

Courses are cross-listed when the curriculum is interdisciplinary in nature and the course is offered through multiple departments. That is, two course listings identify the same courses. The listings will have identical numbers—only the course prefix varies.

Some certifications, licensures, and programs may require a specific number of credits from certain curricular disciplines. Therefore, students should review program constraints before enrolling for cross-listed courses.

UW-Eau Claire Graduate Degrees
- Master of Arts  
- History
- Master of Business Administration
- Master of Education—Professional Development
- Master of Science
  - Athletic Training
  - Communication Sciences and Disorders (Speech-Language Pathology)
  - Data Science (Mathematics)
- Master of Science in Education
  - School Psychology
- Master of Science in Nursing
- Master of the Arts in Education
  - School Psychology
- Doctor of Nursing Practice

**Doctor of Nursing Practice (DNP)**
- Post-Master's DNP:
  - Nursing, DNP (Code 700-830)
  - Nursing, Nurse Executive (Code 700-837)
- Post-Baccalaureate DNP:
  - Nursing, Adult-Gerontology-Administration (Code 700-832)
  - Nursing, Adult-Gerontology-Primary Care Nurse Practitioner (Code 700-833)
  - Nursing, Adult-Gerontology-Clinical Nurse Specialist (Code 700-834)
  - Nursing, Family Health-Administration (Code 700-835)
  - Nursing, Family Health-Nurse Practitioner (Code 700-836)

The DNP degree is for individuals pursuing education in advanced practice nursing. It is a clinical doctorate designed to prepare nurses to assume leadership roles in the areas of advanced clinical practice (nurse practitioner or clinical nurse specialist) or nursing administration/nurse executive. Courses address topics such as organizational and systems leadership, influencing health policy, evidence-based practice and research utilization, information systems and patient care technology, interprofessional collaboration, improving patient and population health outcomes and effecting change, and evaluating health outcomes. Both the MSN-to-DNP (post master’s) and BSN-to-DNP (post-baccalaureate) options are available at UW-Eau Claire.

**Master of the Arts in Education (MA)**
- History (Code 380-804)
- History-Public History (Code 380-808)

The Master of Arts degree serves persons who already have substantial preparation in the discipline in which they seek a graduate degree, and who wish to extend their knowledge and skills in their area of specialization for self-improvement, professional roles, or further graduate study.

**Master of the Arts in Education (MSE)**
- School Psychology (Code 442-803)

The Master of Science in Education degree is designed to develop capabilities in special professional roles in the field of education. The MSE in School Psychology is earned at the completion of the first year of the three-year Specialist in Education degree.

**Master of Science in Nursing (MSN)**
- Nursing, Family Health-Education (Code 700-811)
- Nursing, Family Health-Administration (Code 700-812)
- Nursing, Adult-Gerontology-Administration (Code 700-816)
- Nursing, Adult-Gerontology-Education (Code 700-819)

The Master of Science in Nursing degree is designed to prepare nurses with a population focus in Adult-Gerontologic Health Nursing or Family Health Nursing to assume leadership roles in advanced professional nursing. The core curriculum is designed to develop and increase students’ competencies in theory analysis and evaluation, concept clarification and development, research, and refined skills in clinical inquiry, ethics, leadership, and analysis of contemporary issues. Building on the core curriculum, students apply new knowledge and skills in the clinical setting.

The program provides functional role preparation as a nurse educator or nurse administrator/leadership and management. Required nursing courses focus
on the functional dimensions of the role, its theory and expectations, and strategies for implementation.

**Specialist in Education Degree (Ed.S.)**

- School Psychology (Code 442-805)

The Specialist in Education degree is offered in School Psychology. This three-year program includes two years of full-time on-campus study, and a one-year, full-time internship. After successful completion of the first year of the program (31 credits of study and a passing grade on a comprehensive examination), students are awarded the Master of Science in Education degree. The Ed.S. degree requires an additional 37 graduate credits beyond the MSE degree. By earning this degree, students meet all of the requirements for certification by the State of Wisconsin as a School Psychologist and become eligible for National Certification in School Psychology.

**Credit-Bearing Graduate Certificate Programs**

- African American History (Code 380-614)
- Asian History (Code 380-615)
- Business Administration in Healthcare Management (Code 740-602)
- Communication and Leadership in Health Organizations (Code 583-602)
- Data Science (Code 181-601)
- Director of Special Education & Pupil Services (Code 950-604)
- European History (Code 380-616)
- Global History (Code 380-617)
- Historical Research and Writing (Code 380-618)
- Latin American History (Code 380-619)
- Military History (Code 380-621)
- Native American History (Code 380-622)
- Public History (Code 380-623)
- Race and Ethnic History (Code 380-624)
- United States History (Code 380-625)
- Women, Family & Gender History (Code 380-626)

Graduate certificates may be earned by graduate degree seeking or non-degree seeking students. Guidelines and standards are identical for both groups. Graduate certificate programs require no fewer than 12 credits, and all credits required for the graduate certificate program must be graduate-level credits (500-level and above). No fewer than six credits must be taken at the 700 level. At least 50 percent of the credits applied to the graduate certificate program requirements must be taken through UW-Eau Claire. Departments or colleges proposing graduate certificate programs have the right to specify

1. admission requirements for entry into a certificate program, and
2. minimum GPA requirements for course and certificate completion.

Additional details on the minimum standards, procedures, and process for approving new credit-bearing graduate certificates may be found on the Graduate Studies website.
