---

1. In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Demonstrate knowledge of diverse pedagogical techniques for their applicable performance medium.
**Course Information**

- **MUSI 1XX Applied Major Instrument**: 3 credits
- **MUSI 1XX Ensemble**: 1 credit
- **MUSI 229 Music History & Society II**: 3 credits
- **LE Option**: 3 credits

**TOTAL**: 14 credits

**THIRD YEAR**

**FIRST SEMESTER**

- **MUSI 305 Analyzing Global Traditions in Music**: 3 credits
- **MUSI 3XX Applied Major Instrument**: 3 credits
- **MUSI 3XX Ensemble**: 1 credit
- **MUSI 350 Conducting**: 2 credits
- **MUSI 315 Piano Pedagogy**: 3 credits
- **LE Option**: 3 credits

**TOTAL**: 15 credits

**SECOND SEMESTER**

- **MUSI 404 Music History Seminar**: 3 credits
- **MUSI 3XX Applied Major Instrument**: 3 credits
- **MUSI 3XX Ensemble**: 1 credit
- **MUSI 3XX Ensemble**: 1 credit
- **Foreign Language (LE-S1)**: 4 credits
- **LE Option**: 3 credits

**TOTAL**: 15 credits

**FOURTH YEAR**

**FIRST SEMESTER**

- **MUSI 3XX Ensemble**: 1 credit
- **MUSI 3XX Ensemble**: 1 credit
- **MUSI 3XX Applied Major Instrument**: 3 credits
- **MUSI XXX Elective**: 2 credits
- **Foreign Language (LE-S1)**: 4 credits
- **LE Option**: 3 credits

**TOTAL**: 14 credits

**SECOND SEMESTER**

- **MUSI 497 Senior Recital**: 2 credits
- **MUSI 3XX Ensemble**: 1 credit
- **MUSI 3XX Applied Major Instrument**: 3 credits
- **MUSI 481 Piano Literature**: 3 credits
- **LE Option**: 3 credits
- **LE Option**: 3 credits

**TOTAL**: 15 credits

**Minimum total for the baccalaureate degree = 120 credits**

**Note**: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

**Application to Major**

Admittance to major is through audition to the Music Program and jury at end of first semester of study.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, Faculty-Student Collaborative Research into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
- Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or a minor.

**Music, Applied Instrumental, Comprehensive Major, B.M.**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.
### First Year

#### First Semester
- MUSI 141 Theory Written I 3
- MUSI 142 Theory Aural I 1
- MUSI 1XX Applied Major Instrument 2
- MUSI 1XX Ensemble (LE-S3 with two ensembles) 1
- MUSI 106 Class Piano (if necessary, does not count toward degree) (2)
- MATH - University Requirement (LE-S2) 4
- LE Option 3

#### Second Semester
- MUSI 146 Theory Written II 3
- MUSI 147 Theory Aural II 1
- MUSI 1XX Applied Major Instrument 4
- MUSI 1XX Ensemble (LE-S3 with two ensembles) 1
- MUSI 108 Advanced Class Piano (if necessary, does not count toward degree) (2)
- WRIT 1XX - Univ. Writing Requirement (LE-S1) 5
- Total 28 (32 with class piano)

### Second Year

#### First Semester
- MUSI 246 Theory Written III 3
- MUSI 247 Theory Aural III 1
- MUSI 1XX Applied Major Instrument 4
- MUSI 1XX Ensemble 1
- MUSI 227 Music History & Society I 3
- LE Option 4

#### Second Semester
- MUSI 248 Theory Written IV 3
- MUSI 249 Theory Aural IV 1
- MUSI 1XX Applied Major Instrument 4
- MUSI 1XX Ensemble 1
- MUSI 229 Music History & Society II 3
- LE Option 3
- Total 31

### Third Year

#### First Semester
- MUSI 305 Analyzing Global Traditions in Music 3
- MUSI 3XX Applied Major Instrument 4
- MUSI 3XX Ensemble 1
- MUSI 350 Conducting 2
- LE Option 3
- LE Option 3

#### Second Semester
- MUSI 404 Music History Seminar 3
- MUSI 3XX Applied Major Instrument 4
- MUSI 3XX Ensemble 1
- Foreign Language (LE-S1) 4
- LE Option 3
- Total 32

### Fourth Year

#### First Semester
- MUSI XXX Ensemble 1
- Foreign Language (LE-S1) 4
- LE Option 3

#### Second Semester
- MUSI 497 Senior Recital 2
- MUSI 3XX Ensemble 1
- MUSI 3XX Applied Major Instrument 4
- MUSI XXX Elective 2
- LE Option 3
- LE Option 3
- Total 30

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

### Course Information
- See catalog for details of ensemble requirement.
- Music Theory sequence should begin in 1st year
- Piano Proficiency Exam must be passed prior to MUSI 350.
- See catalog for foreign language competency requirement.
- Music electives include MUSI 150, MUSI 170, MUSI 325, MUSI 335, MUSI 407, Secondary Applied Instrument. Note: 1) MUSI 404 may be used as an elective with advisor approval when the topic differs from initial enrollment. 2) A sophomore and/or junior recital may also be given for credit and included as a music elective.

### Application to Major
Admittance to major is through audition to the Music Program and jury at end of first semester of study.

### Recommendations for High Impact Practices (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, (https://studyabroad.apps.uwec.edu/) Intercultural Immersion (https://www.uwec.edu/immersion/), Internship, (https://www.uwec.edu/career-services/info-students/internships/) and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or a minor.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number
of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**Knowledge Goal**

<table>

**Service-Learning Goal**
College Degree Requirements

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
- Demonstrate knowledge of diverse pedagogical techniques for their applicable performance medium.

### Sample Degree Plan

**Music, Applied Voice, Comprehensive Major, B.M.**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree, if necessary - does not count to degree).

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

1 Minimum of two semesters from MUSI 190/MUSI 390.

**Other Requirements**

Language proficiency at the 102 level in French, German, or Italian.

**NOTE:** No music course may be taken under the Satisfactory/Unsatisfactory option.
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
- Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or a minor.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Music, Composition, Comprehensive Major
(Code 060-048)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation 1 120
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36

Academic Concentrations

Grade Point Requirements 2
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama | maximum 12 credits
Single course band, chorus, drama | maximum 4 credits

Extension credits
UW-System | no maximum
Other extension/correspondence | maximum ¼ of total

USAFI | maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS | a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) | Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) | Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) | One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) | Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) | One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) | One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) | Two (2) learning experiences

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) | One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) | One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) | Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) | 30 hours

College Degree Requirements

Bachelor of Music

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Music Degree in the College of Arts and Sciences (B.M.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency can be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).
Major Requirements
(Code 060-048)

All students majoring in composition must earn a grade of at least C in each theory and each composition course.

Electives in Music 5

Piano Proficiency - passed prior to graduation

Total Credits 77

1 Students who wish to take a full eight semesters of applied lessons may do so, at the discretion of the studio teacher, by applying music elective credits toward applied study.

Other Requirements

Freshman and transfer students interested in majoring in composition are strongly urged to present a composition portfolio to a member of the composition faculty before registering for any composition course. No possible credit for composition at another institution will be awarded before the end of the first semester of study at UW-Eau Claire.

NOTE: No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
• Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
• Apply culturally specific analytical techniques and approaches to musical compositions.
• Make comparative written statements about aesthetics and function for multiple compositional styles.
• Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
• Demonstrate mastery of a range of traditional and current compositional styles.
• Demonstrate mastery of composing idiomatically as appropriate for the selected media.

Sample Degree Plan

Music, Composition, Comprehensive Major, B.M.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the...
summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits
Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

Course Information

- See catalog for details of ensemble requirement.
- Music Theory sequence should begin in 1st year.
- Piano Proficiency Exam must be passed prior to MUSI 350.
- Class piano is not accepted in lieu of the applied piano requirement.
- See catalog for foreign language competency requirement.
- Keyboard (non-piano emphasis) – MUSI 151, 3 sem. (piano emphasis students must substitute at least 3 additional credits of music electives or supporting electives, see University Catalog).

Application to Major

Admittance to major is through audition to the Music Program

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.

- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Applicability of Credits Toward Graduation

## Junior College or Two-Year College Credits
A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

### Extension Credits
Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

### WTCS Credits
A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

### USAFI Credit
UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

### Activity Credit (band, chorus, drama, KINS 100-184 courses)
Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

### Other Restricted Credits
For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

MUSI 262/462  Chamber Choir
MUSI 265/465  Vocal Jazz Ensemble
MUSI 268/468  Piano Ensemble

Piano Proficiency - passed prior to graduation

Total Credits 46

1 No more than 2 credit from MUSI 183.

NOTE: No music course may be taken under the Satisfactory/Unsatisfactory option.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
• Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
• Apply culturally specific analytical techniques and approaches to musical compositions.
• Make comparative written statements about aesthetics and function for multiple compositional styles.
• Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.

Sample Degree Plan
Music, Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

FIRST YEAR

FIRST SEMESTER
MUSI 141  Theory Written I 3
MUSI 142  Theory Aural I 1
MUSI 1XX Applied Major Instrument 1
MUSI 1XX Ensemble (LE-S3 with two ensembles) 1
MUSI 106  Class Piano (If necessary - does not count to degree) 2
LE Option 3
WRIT 1XX University Writing Requirement 5
TOTAL 16

SECOND SEMESTER
MUSI 146  Theory Written II 3
MUSI 147  Theory Aural II 1
MUSI 1XX Applied Major Instrument 1
MUSI 1XX Ensemble (LE-S3 with two ensembles) 1
MUSI 108  Advanced Class Piano (If necessary - does not count to degree) 2
MATH XXX University Math Requirement (LE-S2) 4
LE Option 3

Minimum total for the baccalaureate degree = 120 credits

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

Course Information

- See catalog for details of ensemble requirement.
- Music Theory sequence should begin in 1st year.
- Piano Proficiency Exam must be passed prior to MUSI 350.
- See catalog for foreign language competency requirement.
- See University Catalog for distinction between B.A. and B.S.

Application to Major

Admittance to major is through audition to the Music Program.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to seek an internship related to the performing arts during the final two years of the program. See internship possibilities in the performing arts on the Music and Theatre Arts Homepage.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

The interdisciplinary curriculum of the Recording Arts Certificate addresses diverse interests in both sound and technology. It offers a foundation in musicianship, design, and recording technology, and opportunities for students to pursue specific interests in areas of composition, design, music history, physics of sound or business. The program includes required and elective courses, and at least one internship. Applications are available through the Department of Music and Theatre Arts. Acceptance into the program may be limited due to available resources, internships, and needs of the program.

### Recording Arts, Certificate

**Title**

- **MUSI 255/455** String Ensemble
- **MUSI 256/456** Brass Ensemble
- **MUSI 257/457** Woodwind Ensemble
- **MUSI 258/458** Percussion Ensemble
- **MUSI 259/459** Jazz Combo
- **MUSI 260/460** Contemporary Music Ensemble
- **MUSI 262/462** Chamber Choir
- **MUSI 265/465** Vocal Jazz Ensemble
- **MUSI 268/468** Piano Ensemble

**Music Electives**

A minimum of four to five credits elected from any course with a MUSI prefix for a minimum total of 24 credits and with the exception of MUSI 100, MUSI 102, MUSI 103, MUSI 104, and MUSI 118, which do not count toward a music minor. Maximum of two credits from elective ensembles, and maximum of two credits from applied music.

1 MUSI 182/MUSI 382 or MUSI 193/MUSI 393 may be used by permission.

**NOTES:**

1) No music course may be taken under the Satisfactory/Unsatisfactory option.

2) The piano proficiency exam is a requirement and must be passed prior to graduation. MUSI 106 prepares students for MUSI 108. Students without piano skills are encouraged to take both MUSI 106 and MUSI 108 which prepare students for the piano proficiency exam.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
- Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
- Apply culturally specific analytical techniques and approaches to musical compositions.
- Make comparative written statements about aesthetics and function for multiple compositional styles.
- Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.

### Songwriting, Certificate

**Title**

- **MUSI 309** Electronic Music
- **MUSI 317** Sound Technology Principles
- **MUSI 498** Music Internship

**Electives to be selected from the following:**

- **BSAD 125** Essentials of Marketing
- **BSAD 305** Legal and Regulatory Environment
- **ACCT 201** Introduction to Accounting
- **CJ 241** Audio and Video Production Process
- **MATH 307** Mathematics and Music
- **MATH 313** Digital Signal Processing
- **MUSI 102** Fundamentals of Music
- **MUSI 139** Music Theory Fundamentals
- **MUSI 150** Beginning Composition
- **MUSI 217** Topics in Sound Recording
- **MUSI 225** Global Traditions in Music
- **MUSI 325** Orchestration
- **MUSI 309** Orchestration
- **MUSI 317** Orchestration
- **MUSI 325** Orchestration
- **MUSI 393** Orchestration

**Credits**

- **MUSI 108** Electives to be selected from the following:
- **MUSI 217** or **MUSI 317**

**Credits**

1 In semesters when MUSI 309 is not offered, students may take MUSI 217 to fulfill this requirement.

2 MUSI 217 may not be used to fulfill both requirements and electives.

**NOTES:**

- A maximum of three credits from the certificate can count to the major.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Record sound with diverse variables, including both live and studio contexts.
- Mix and edit sound with digital recording software.

### Songwriting, Certificate

**Title**

- **ENGL 220** Introduction to Creative Writing
- **BSAD 276** Poetry
- **MUSI 112** History of Rock and Pop
- **MUSI 139** Music Theory Fundamentals

**Credits**

- **ENGL 220** or **BSAD 276**

- **Credits**

<td>3-4</td>
</tr>
</tbody>
</table>

**Credits**

Eighteen semester credits, including:

Required:
or MUSI 141 and MUSI 142
MUSI 326 Songwriting Seminar 3

Electives to be selected from the following:
MUSI 103 Introduction to Electric Guitar
MUSI 106 Class Piano
or MUSI 108 Advanced Class Piano
MUSI 114 Evolution of Jazz
MUSI 116 Folk Guitar in Culture across Time
MUSI 117 Beginning Guitar
MUSI 118 Introduction to Singing
MUSI 119 Classical and Folk Guitar
MUSI 150 Beginning Composition
MUSI 278 Functional Piano
MUSI 326 Songwriting Seminar (a total of 6 credits from MUSI 326 can be applied to the certificate)

Note 1: Students cannot pursue the Music Major and Songwriting Certificate to meet graduation requirements for completing a first and second degree program.

Note 2: A maximum of three credits from the certificate can count to the major.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Students demonstrate an understanding of how the different elements of a song contribute to its effectiveness.
- Students demonstrate the ability to create original songs.

- THEA 179 Special Effects/Sound Facilitator
- THEA 370 Acting-Major Roles
- THEA 371 Stage Manager/Assistant Director/Assistant Choreographer

Note: Courses cannot be counted in both the major and certificate program.

Program Learning Options
Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one’s own creative work and the creative work of others.
- Demonstrate competency in the principles of design.

Theatre Arts, Comprehensive Major
Liberal Arts (Code 601-001)

| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than one credit of KINS 100-184 courses. Any combination of activity courses (excluding KINS 110-184 courses)

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

One S2 to meet the University Mathematics Requirement
Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Minimum two credits chosen from:

- Any DNCE course

Four different credits from:

- THEA 170 Acting-Minor Roles/Chorus
- THEA 171 Assistant Stage Manager
- THEA 172 Scenic Construction Crew
- THEA 173 Light/Sound Board Operator
- THEA 174 Costume Crew
- THEA 175 Stage/Properties Crew
- THEA 176 Makeup Crew
- THEA 177 Publicity Crew
- THEA 178 Electrics Crew
- THEA 179 Special Effects/Sound Facilitator
- THEA 351 Advanced Costume Shop Practicum
- THEA 352 Advanced Scenic Shop Practicum
- THEA 353 Advanced Light/Sound Shop Practicum
- THEA 370-379 Theatre Production Practicum
- THEA 371 Stage Manager/Assistant Director/Assistant Choreographer
- THEA 372 Assistant Scenic Design/Technical Direction
- THEA 373 Assistant Lighting Design
- THEA 374 Assistant Costume Design/Shop Supervisor
- THEA 375 Properties Coordinator
- THEA 376 Makeup Design
- THEA 377 Publicity/Program Design
- THEA 378 Lead Electrician
- THEA 379 House Manager

Six credits chosen from:

- Any THEA course numbered 200 or above

Six credits chosen from:

- Any THEA class numbered 300 or above

---

### Sample Degree Plan

**Theatre Arts, Comprehensive Major, B.A.**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

  - LE Option: Responsibility 3 (LE-R3) Civic and Environmental Issues and LE Option: Knowledge 2 (LE-K2) Social Sciences 3
  - LE Option: Integration (LE-I1) and LE Option: Knowledge 4 (LE-K4) Fine Arts 3
- TOTAL: 13

**SECOND SEMESTER**
- THEA 323, 330, 344, 414 or 432: Acting III, Historical Stage 3
- Design, Costume History, Playwriting, or Advanced Directing 2
- THEA Elective 300+ level 3
- LE Option: Responsibility 1 (LE-R1) Equity, Diversity, and Inclusivity 3
- LE Option: Knowledge 3 (LE-K3) Humanities 3
- LE Option: Integration (LE-I1) 3
- TOTAL: 12

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**Course Information**

- THEA 121, THEA 124, and THEA 130 should be taken in the first year. It is ideal for students to take THEA 221 and THEA 231 in their second year. Students should see the catalog for specific Theatre Practicum requirements, and they are encouraged to be involved in productions from the first year. Students should take THEA 271 whenever available.
- THEA 223 is taught Spring odd years. THEA 239 is taught Spring even years. THEA 220 is taught Spring odd years. Some courses are taught at Pablo Center.

**Application to Major**

Program audition is not required.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.
- Students are strongly encouraged to consider a Recording Arts Certificate, an Arts Administration Certificate, or minor.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

## University Requirements

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

**Applicability of Credits Toward Graduation**

- **Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

- **Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

- **WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

- **USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

---

**Theatre Arts, Major - Liberal Arts**

Liberal Arts (Code 601-223)
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and
total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
• Explain, critique, and evaluate one’s own creative work and the creative work of others.
• Demonstrate competency in the principles of design.

Sample Degree Plan
Theatre Arts, Major - Liberal Arts, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. 

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1L, LE-S2, LE-R1, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

1 Students are required to take THEA 321, THEA 324, or THEA 327. It is recommended to take it during the third year.

Minimum total for the baccalaureate degree = 120 credits
Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

Course Information
In the third and fourth years, a lot can be swapped between THEA and Minor requirements.
THEA 121, THEA 124, and THEA 130 should be taken in the first year. It is ideal for students to take THEA 221 and THEA 231 in their second year. Students should see the catalog for specific Theatre Practicum requirements, and they are encouraged to be involved in productions from the first year.
Students should take THEA 271 whenever available.
THEA 223 is taught Spring odd years.
THEA 239 is taught Spring even years.
THEA 220 is taught Spring odd years.
THEA 330 is taught in Fall odd years.
THEA 323 is taught in Fall odd years.
THEA 414 is taught Spring odd years.
THEA 432 is taught Spring even years.
THEA 344 is taught every third Spring.
Some courses are taught at Pablo Center.

Application to Major
Program audition is not required.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in "Quest," the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Apply for graduation on CampS.  

---  

1 Certain programs exceed this minimum.  
2 See special requirements in each College.  

---  

**Applicability of Credits Toward Graduation**  
**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.  

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.  

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/ EAU_S5_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.  

**USAHI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).
Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residence as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and
total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Piano proficiency - passed prior to graduation

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Understand theatre’s diverse genres, styles, and forms within their cultural, theoretical, and historical contexts.
- Demonstrate competency as an actor, director, technician, and/or stage manager in a realized production.
- Demonstrate competency in all stage crafts.
- Explain, critique, and evaluate one’s own creative work and the creative work of others.
- Demonstrate competency in the principles of design.
- Demonstrate advanced competence in one or more theatre specializations in design, performance, scholarship (history, literature, criticism, performance), and musical theatre.

Sample Degree Plan

Theatre Arts, Musical Theatre, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following categories will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

**Application to Major**

Admittance to major is through audition to the Music Program. Musical Theatre majors must pass the piano proficiency exam to meet graduation requirements.

**RECOMMENDATIONS FOR OPTIONAL HIGH IMPACT PRACTICES (HIPs)**

- Students are encouraged to consider a cultural immersion program, such as the Spring Break trip to New York City, in the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**Course Information**

- THEA 121, THEA 124, and THEA 130 should be taken in the first year.
- It is ideal for students to take THEA 221 and THEA 231 in their second year.
- Students should see the catalog for specific Theatre Practicum requirements, and they are encouraged to be involved in productions from the first year.
- Students should take THEA 271 whenever available.
- THEA 223 is taught Fall odd years.
- THEA 293 is taught Spring even years.
- THEA 320 could be taken in the Fall of the third or fourth year so that more LE could be taken earlier.
- THEA 303 could be taken in the Spring of the third or fourth year so that more LE could be taken earlier.
- THEA 321, THEA 324, or THEA 327 could be taken in the fourth year Spring.
- Some courses are taught at Pablo Center.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Religious Studies is the multi-disciplinary exploration of the phenomena of human experience commonly called “religious.” This includes study of the genesis and interpretation of religious texts; the formation, history, beliefs, and practices of religious communities and traditions; the role of religion in society and culture; issues in religion and science, including the psychology of religious experience; religion in literature and the arts; religious morality; philosophy of religion. The academic study of religion provides an excellent “window” into other cultures, while enhancing students’ understanding of their own society and its history. A degree in Religious Studies provides an excellent foundation for a wide range of careers, as well as preparing students for demanding graduate programs.

Student Organizations

Theta Alpha Kappa (Honor Society in Religious Studies)

Philosophy Club

Honors Program in Philosophy and Religious Studies

The Honors Program in Philosophy and Religious studies enables outstanding students to engage in challenging Honors coursework and creative Honors research experiences.

Eligibility: Admission is by departmental invitation to students who have demonstrated excellent intellectual potential. To be considered, students must have a minimum 3.5 GPA in the major and in all university coursework.

Requirements:

1) Complete an Honors Capstone Thesis as the outcome of the departmental seminar — either PHIL 485 (Seminar in Problems in Philosophy) or RELS 490 (Seminar in Religious Studies) — or an appropriately crafted Independent Study project.

2) Present the thesis research at or in a suitable local, regional, or national venue.

Majors

• Major: Philosophy, Liberal Arts - B.A./B.S.

• Major: Religious Studies, Liberal Arts - B.A./B.S.

Minors

• Minor: Philosophy, Liberal Arts

• Minor: Religious Studies, Liberal Arts

Certificates

• Certificate: Analytical Reasoning

• Certificate: Ethics

• Certificate: World Religions
Analytical Reasoning, Certificate
(Code 400-602)

For advising, contact the Philosophy and Religious Studies Department.

The Analytical Reasoning Certificate is for students in a variety of majors and minors, especially for students interested in a career in the law, as well as for students who are interested in Philosophy but for whom a philosophy major or minor might be impractical. The Analytical Reasoning Certificate is a natural complement to any program of study outside of Philosophy.

</tr>
</tbody>
</table>

NOTE: Courses applied to the certificate cannot be applied to the student’s major. Students cannot pursue the Philosophy Major and Analytical Reasoning Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Analyze ethical, social, and cultural issues with objectivity and open-mindedness.
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

Ethics, Certificate
(Code 400-601)

Advisor: S. McAleer (Philosophy and Religious Studies).

The Ethics Certificate is for students in a variety of majors and minors, especially pre-professional programs with existing ethics requirements, and students interested in graduate study and careers in health care ethics, legal ethics, business and corporate ethics and compliance. The Ethics Certificate is a natural complement to the Leadership Studies Certificate currently offered through the College of Business’s Department of Management and Leadership Programs.

Total Credits 12

Note 1: Up to three credits from ethics courses from the student’s major or minor field of study (e.g., CJ 413, PSYC 357, ACCT 425) may be applied with advisor approval.

Note 2: Students must earn at least 48 unique credits between the certificate program and major for purposes of meeting graduation requirements for first and second degree programs. Students cannot pursue the Philosophy Major and Ethics Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Options

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of the major ethical theories and be able to thoughtfully apply them to particular ethical issues and dilemmas.
- Approach questions of value with clarity, balance, open-mindedness, and rational rigor.
- Clearly articulate ethical concepts and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding of themselves as moral agents.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

I1 to represent the learning outcomes students will meet via completion of sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to include the Liberal Education (LE) Core. LE Core course work in the following to earn a degree, students must fulfill all University Graduation Requirements, each year. In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits in a timely period. This sample degree plan is just a guide. Please consult of courses that may enable prepared students to fulfill their requirements cannot guarantee all courses will be offered as shown, but will provide a range on the course of study selected (second major, minor, etc.). UW-Eau Claire in the fall semester. Your own degree plan may differ depending is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### Capstone: All philosophy majors shall complete a reflection paper, usually during the senior year, in which the student analyzes and reflects on his or her learning experiences as a philosophy major in light of the philosophy major’s learning goals and outcomes.

Note: Students pursuing the Philosophy major and the Mental Health and Well-Being certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge of the major questions, central methods, issues, figures, and arguments in the core areas of philosophy and its history.
- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Approach questions of value with clarity, balance, open-mindedness, and rational rigor.
- Make connections across texts and philosophical traditions and/or between philosophy and everyday life.
- Read and interpret texts in accurate and philosophically sophisticated ways.
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

### Sample Degree Plan

#### Philosophy, Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of

i PHIL 280 counts toward the major and for LE-DDIV Design for Diversity, LE-I1, and LE-R1

Note 1: Upon approval of the department, up to six credits from courses other than philosophy may be applied to the major (e.g., POLS 309, POLS 310, POLS 311)

Note 2: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

S2 – Mathematics; one experience (must satisfy the University math competency requirement).
S3 – Creativity; one experience (can be fulfilled in a student’s major).
R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
R2 – Global Perspectives; one experience.
R3 – Civic and Environmental Issues; one experience.
I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
SL—Service Learning: 30 hours

Additional LE Core Information
Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 experience and the R2 experience.
S2 – Math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
I1 – Any semester long study abroad program can fulfill one I1 experience.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge of the major questions, central methods, issues, figures, and arguments in the core areas of philosophy and its history.
- Employ the tools of formal and informal logic to identify, construct, analyze, evaluate, and respond to arguments.
- Make connections across texts and philosophical traditions and/or between philosophy and everyday life.
- Clearly articulate ideas and arguments in writing and speech.
- Engage in self-reflection and achieve greater self-understanding, exhibiting openness to alternative possibilities and conceptual frameworks.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### College Degree Requirements
**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major, including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.
College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

</table>

1 Plus completion of the capstone essay for that course. The essay must be approved for capstone credit by the faculty teaching the course. Other upper-level courses also may be considered (prior approval by faculty required). Students must submit a major research paper produced for the course in order to fulfill the capstone requirement.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Apply a variety of methodological approaches to the student of religions and incorporate in research and writing.
- Analyze the complex interrelation between religions and cultures.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

**Sample Degree Plan**

**Religious Studies, Major, B.A.**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/)
undergraduate/graduation-requirements/#header1 for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

Note 1: RELS 100 and RELS 110 are disallowed for credit toward the major after the student has completed 9 credits in Religious Studies.

Note 2: A maximum of three credits from any combination of RELS 395, RELS 399, RELS 498, and RELS 499 may be counted toward the major.

Note 3: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

**Course Information**

REL 100 counts for LE-DDIV, R1, K3
REL 110 counts for LE-K3, R2
REL 203/WGSS 203 counts for LE-DDIV, R1, K3
REL 210 counts for LE-R1
REL 303 counts for LE-K3, R2
REL 304 counts for LE-R2
REL 307 counts for LE-K3
REL 309 counts for LE-K3
REL 312 counts for LE-K3, R2
REL 323 counts for LE-K3
REL 334 counts for LE-K3
REL 342 counts for LE-DDIV, R1, K3
REL 348 counts for LE-K3
REL 390 counts for LE-K3
REL 490 counts for LE-S3

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion, (https://www.uwec.edu/immersion/) Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.
• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning: 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Seminar course

Three credits taken in junior or senior year from the following: 3

| RELS 490 | Seminar in Religious Studies                           |         |
| RELS 491 | Special Topics                                          |         |
| RELS 499 | Independent Study - Seniors                            |         |

Monotheistic Religions:

A minimum of six credits from: 6

| RELS 303 | Early Christianity                                     |         |
| RELS 304 | Modern Christianity                                    |         |
| RELS 307 | Judaism                                                |         |
| RELS 309 | Islam                                                  |         |

Asian Religions:

A minimum of six credits from: 6

| RELS 312 | Buddhism: Past and Present                             |         |
| RELS 323 | Chinese and Japanese Religions                         |         |
| RELS 314 | Hinduism                                               |         |
| RELS 326 | Asian Religious Philosophies                           |         |

The remaining coursework may be taken from the two previous categories and any of the courses listed below:

Methodological Approaches:

A minimum of three credits from: 3

| ANTH 463 | Religion and Culture                                   |         |
| RELS 230 | Old Testament/Hebrew Bible                             |         |
| RELS 240 | New Testament                                          |         |
| RELS 315 | Psychology of Religion                                 |         |
| RELS/PHIL 345 | Philosophy of Religion                           |         |

Topical and Historical Approaches:

| RELS/WGSS 203 | Women and World Religions                            |         |
| RELS 210 | Religion and Morality                                 |         |
| RELS 290 | Sacred Earth: Religion and Nature                      |         |
| RELS/AIS 330 | Indigenous Religions of the Americas               |         |
| RELS 334 | Music in Judaism, Christianity and Islam             |         |
| RELS 342 | African American Religion                             |         |
| RELS 348 | Religious Themes in Literature                       |         |
| RELS 378 | The Holocaust, 1933-1945                              |         |
| RELS 390 | Religion in America                                   |         |
| RELS 490 | Seminar in Religious Studies                          |         |

Other:

| RELS 291 | Special Topics                                         |         |
| RELS 395 | Directed Studies                                      |         |
| RELS 396 | Research Apprenticeship in Religious Studies          |         |
opportunities offered by this certificate program. Students pursuing any disciplinary major can benefit greatly from the learning globalized world. The impact of religions on world events is undeniable, and negotiate the complex challenges of life in an increasingly interconnected and impact of the world's major religious traditions that will enable them to students a foundational understanding of the beliefs, practices, and cultural sciences, or the humanities. The World Religions certificate program offers is education, business, health care, psychology, music and the arts, the potential graduate students and employees, whether their career goal the Religious Studies major/minor who desire to enhance their marketability Advisor: S. Fink (Philosophy and Religious Studies).

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

World Religions, Certificate
(Code 411-601)

Advisor: S. Fink (Philosophy and Religious Studies).

The World Religions Certificate is intended for undergraduates outside of the Religious Studies major/minor who desire to enhance their marketability as potential graduate students and employees, whether their career goal is education, business, health care, psychology, music and the arts, the sciences, or the humanities. The World Religions certificate program offers students a foundational understanding of the beliefs, practices, and cultural impact of the world’s major religious traditions that will enable them to negotiate the complex challenges of life in an increasingly interconnected and globalized world. The impact of religions on world events is undeniable, and students pursuing any disciplinary major can benefit greatly from the learning opportunities offered by this certificate program.

Note: A maximum of three credits may be applied to both the student’s major and the certificate program. Students cannot pursue the Religious Studies Major and World Religions Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate basic knowledge of the history, beliefs, practices, and values of the major western and non-western religious traditions.
- Deconstruct uniform conceptions of religious traditions through familiarity with the diversity of religious expression.
- Display empathetic non-judgmental engagement with alternative religious viewpoints.

Physics and Astronomy
Phillips 230
715-836-3148
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/physics-astronomy/)

Physics, the science of matter and energy, is the study of the deepest mysteries of our universe, ranging from subatomic particles to cosmology. Exploring ideas of space, time, matter, energy, and radiation, it serves as the basis for the physical sciences. Modern society is influenced by physics in countless ways, including recent developments in such fields as laser optics, miniaturized electronics, nuclear energy, and medical instrumentation.

Beyond the earth, astronomy applies the ideas of physics to the study of planets, stars, galaxies and all celestial phenomena within reach of our telescopes. Since the two areas share a vast array of common ideas and knowledge, new discoveries in physics often aid progress in astronomy and vice versa.

Special learning opportunities associated with the department include the Materials Science + Engineering Center (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/materials-science-engineering/materials-science-engineering-center/), the L.E. Phillips Planetarium, and Hobbs Observatory at the Beaver Creek Reserve (www.beavercreekreserve.org (http://www.beavercreekreserve.org)).

Departmental Honors in Physics

Departmental Honors is a way for a student to experience the thrill of innovative research and discovery in an area of interest within Physics and Astronomy. One of the most significant benefits of Departmental Honors is that it fosters one-on-one interaction between students and professors, which substantially enhances a student’s educational experience and serves as a springboard for excellence in graduate studies or professional employment after graduation.

Eligibility: Complete PHYS 332 and maintain both a resident GPA and a major GPA of at least 3.50.

Procedure: A written application for Departmental Honors in Physics and Astronomy must be approved by the student’s academic advisor, the student’s project advisor, and the chair of the Physics and Astronomy Department.
Requirements:

1. Complete the required courses for one of the three emphases for the Liberal Arts major in Physics.

2. Complete two courses selected from among:
   - PHYS 367 Astrophysics
   - PHYS 375 Electromagnetic Fields
   - PHYS 430 Advanced Laboratory Techniques
   - PHYS 445 Thermal Physics
   - PHYS 465 Quantum Mechanics

3. Complete a significant scholarly activity and disseminate the results of the activity by completing a written research paper and presenting at an appropriate on-campus or off-campus venue (Physics Thursday, CERCA, Provost's Honors Symposium, etc.) or making a presentation at a professional meeting or publishing an article in a professional journal. The quality of the activity and dissemination will be evaluated by a three-member faculty panel. Upon approval by the panel, the student will receive the designation of Departmental Honors in Physics and Astronomy on his/her official transcript and a special notation in the graduation ceremony program.

Majors
- Major: Physics, Liberal Arts - B.A./B.S.
- Major: Physics, Applied Physics Emphasis, Liberal Arts - B.A./B.S.
- Major: Physics, Astrophysics Emphasis, Liberal Arts - B.A./B.S.
- Major: Physics, Dual Degree Engineering Emphasis, Liberal Arts - B.A./B.S.
- Comprehensive Major: Science Teaching, Physics Emphasis - B.S. (College of Education and Human Sciences Secondary Education Program)

Minors
- Minor: Physics, Liberal Arts

Certificates
- Certificate: LabVIEW

Physics, Liberal Arts Emphasis, Major
Liberal Arts (Code 230-201)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36

Academic Concentrations

- Grade Point Requirements:
  - Total: 2.00 average
  - Resident: 2.00 average
  - Major: 2.00 average
  - Minor: 2.00 average
  - Certificate: 2.00 average

University Residency Requirements
- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation
- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).
Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.
**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 230-201)**

The Liberal Arts emphasis is the traditional physics major, providing preparation for graduate school as well as a broad range of careers in business and industry following completion of the baccalaureate degree.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>PHYS 186</td>
<td>Introductory Seminar</td>
<td>0.5</td>
</tr>
<tr>
<td>PHYS 231</td>
<td>University Physics I</td>
<td>5</td>
</tr>

<td>Electric and Electronic Circuits</td>
<td>4</td>
</tr>
<tr>
<td>PHYS 340</td>
<td>Optics</td>
<td>4</td>
</tr>
</tbody>
</table>

The Liberal Arts Emphasis requires 36 credits of physics coursework including:

- PHYS 186: Introductory Seminar (0.5 credits)
- PHYS 231: University Physics I (5 credits)
- PHYS 232: University Physics II (5 credits)
- PHYS 332: University Physics III (3 credits)
- PHYS 333: Quantum Physics (3 credits)
- PHYS 350: Electric and Electronic Circuits (4 credits)
- PHYS 340: Optics (4 credits)

or PHYS 360: Electronics (4 credits)
PHYS 365: Theoretical Mechanics (4 credits)
PHYS 486: Senior Seminar (0.5 credits)

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

**Required courses not counted toward credits in major:**

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 312</td>
<td>Differential Equations and Linear Algebra</td>
</tr>
<tr>
<td>PHYS 240</td>
<td>Computational Physics ¹</td>
</tr>
<tr>
<td>or CS 145</td>
<td>Programming for New Programmers</td>
</tr>
<tr>
<td>or CS 163</td>
<td>Introduction to Programming in C++</td>
</tr>
<tr>
<td>or CS 170</td>
<td>Computing for the Sciences and Mathematics</td>
</tr>
</tbody>
</table>

¹ Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

Chemistry (CHEM 115 or CHEM 105, CHEM 106, and CHEM 109) is strongly recommended.

**NOTE 1:** An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details).

**NOTE 2:** A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

**NOTE 3:** Limit of 3 credits of PHYS 495 counted toward major.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Solve Schrödinger’s equation for a number of physically important problems.
- Solve a number of physically important problems using noninertial reference frames.
Sample Degree Plan
Physics, Liberal Arts Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

a. Offered only in fall semesters.
b. Offered only in spring semesters.
c. PHYS 333 offered only in fall of even numbered years.
d. Select from the following: any physics course numbered 325 or higher, including PHYS 374/MSE 374 and MSE 315, MSE 357, MSE 372, and MSE 451.
e. Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level).

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional.
high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** —Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical
College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-203)

This emphasis focuses on physics applications of relevance to industrial and engineering employment environments following completion of the baccalaureate degree.

</tr>
</tbody>
</table>

1 Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

NOTE 1: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details)

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Use microcontrollers and electronic sensors to build devices to perform specific tasks.

Sample Degree Plan

Physics, Applied Physics Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.
Physics Elective - See elective list  
Minor  3
Elective  3
Elective  3
TOTAL  26.5
Minimum total for the baccalaureate degree = 120 credits

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on Campus.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement
**Skills Outcome 3 (S3): Creativity**

One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity

Two (2) learning experiences

One R1 must satisfy Design for Diversity

Responsibility Outcome 2 (R2): Global Perspectives

One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues

One (1) learning experience

**Integration Goal**

Integration Outcome 1 (I1): Integration

Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

---

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

---

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

---

**Major Requirements**

**Liberal Arts (Code 230-207)**

The Astrophysics Emphasis provides preparation for astrophysics or astronomy graduate school, as well as a broad range of careers in technical fields in business/industry settings following completion of the baccalaureate degree.

**Code** | **Title** | **Credits**
---|---|---
PHYS 186 | Introductory Seminar | 0.5
PHYS 226 or PHYS 229 | Astronomy-Solar System | 4
PHYS 231 | University Physics I | 5
PHYS 232 | University Physics II | 5
PHYS 332 | University Physics III | 3
PHYS 333 | Quantum Physics | 3
PHYS 340 | Optics | 4
PHYS 365 | Theoretical Mechanics | 4
PHYS 367 | Astrophysics | 3
PHYS 430 | Advanced Laboratory Techniques | 2

Select one of the following: 3-4 credits

| PHYS 445 or PHYS 375 or PHYS 465 | Thermal Physics or Electromagnetic Fields or Quantum Mechanics |

| PHYS 486 | Senior Seminar | 0.5 |

Required courses not counted toward credits in major:

| MATH 312 | Differential Equations and Linear Algebra |
| PHYS 240 or CS 145 | Computational Physics 1 Programming for New Programmers |
Sample Degree Plan

Physics, Astrophysics Emphasis, Major, B.S.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-

or CS 163 Introduction to Programming in C++
or CS 170 Computing for the Sciences and Mathematicsor DS 150 Computing in Python: Fundamentals and Procedural Programming

1 Many upper division physics courses require proficiency in Python, so PHYS 240 is preferred. If CS 145, CS 163, CS 170 or DS 150 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

NOTE: An approved research project must be completed prior to PHYS 486 (see PHYS 486 course description for details).

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and human-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Use physical principles to model astronomical objects and to explain observations of astronomical objects.

Sample Degree Plan

**Minimum total for the baccalaureate degree = 120 credits**

- a Offered only in fall semesters.
- b Offered only in spring semesters.
- c Fall odd years only
- d PHYS 375 is offered spring even years only, PHYS 465 is offered spring odd years only
- e Fall even years only
- f Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level).

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL — Service Learning; 30 hours

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION
Credit Restrictions

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 230-206)

This emphasis combines the benefits of a traditional physics degree with those of a formal engineering education. In this program students receive a UW-Eau Claire physics degree in conjunction with a bachelor’s degree in engineering from UW-Madison, UW-Milwaukee, UW-Stout, or the University of Minnesota-Twin Cities.

Select one of the following:

**PHYS 365** Theoretical Mechanics

OR

**PHYS 255** Statics

& **PHYS 356** and Dynamics (option depends on engineering program)

The remaining Physics credits are to be selected from any physics course above 325 (including PHYS 374/MSE 374) and MSE 315, MSE 357, MSE 372, and MSE 451.

Required courses not counted toward credits in major:

**MATH 312** Differential Equations and Linear Algebra

Select one of the following:

**PHYS 240** Computational Physics

| or **CS 145** Programming for New Programmers |
| or **CS 163** Introduction to Programming in C++ |
| or **CS 170** Computing for the Sciences and Mathematics |

Complete an engineering degree

1 Many upper division physics courses require proficiency in Python so PHYS 240 is preferred. If CS 145, CS 163 or CS 170 is taken, Python proficiency will be required prior to enrollment in relevant upper division physics courses. Contact the department to complete the required programming exercise.

2 To receive the UW-Eau Claire Dual Degree Engineering Emphasis physics degree, the student must complete an engineering degree from one of the above schools. Students will typically complete most of the UW-Eau Claire Liberal Education Core and Dual Degree physics requirements while at UW-Eau Claire before transferring to the engineering school. Students must complete 84 semester credits before transferring to the engineering school, 56 of which must be taken in residency at UW-Eau Claire, with a minimum of 12 upper-division credits of physics and a minimum of six credits of mathematics taken at UW-Eau Claire.

NOTE 1: The UW-Eau Claire physics degree will not be awarded until an official copy of the student’s engineering degree has been sent to UW-Eau Claire’s Registrar’s Office. If the engineering degree is not completed, then students must satisfy all of the requirements for another degree program at UW-Eau Claire.

NOTE 2: A maximum of six credits of any combination of PHYS 399, PHYS 491, and PHYS 499 can be counted toward the major.

NOTE 3: Limit of 3 credits of PHYS 495 counted toward major.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.
- Communicate verbally, graphically, and in writing the results of theoretical analysis, numerical computations, and laboratory experiments in a clear and concise manner that incorporates the stylistic conventions used by physicists worldwide.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Model mechanical systems and solve problems using differential quantities.
- Demonstrate basic engineering abilities by completing an ABET accredited bachelor’s degree in an engineering discipline.

### Sample Degree Plan

**Physics, Dual Degree Engineering Emphasis, Major, B.S.**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

The Dual Degree Emphasis is for students who wish to obtain a physics degree at UWEC and an engineering degree at one of our partner institutions. This plan outlines a path to complete the UWEC portion of the dual degree in three years.

- Each minor has its own requirements beyond the number of credits, and it is the student's responsibility to investigate those and to be sure to have fulfilled those requirements. This plan assumes a minor in Mathematics.

- The additional credits needed to satisfy the 36 credit minimum for the UWEC Physics major can be satisfied by engineering courses that transfer as 300 level physics courses or above or by UWEC major courses and electives. 300 level or above engineering courses will be considered individually as 300 level physics electives by the UWEC Physics Department Chair.

- Students need to be aware of the degree requirements of the institution they plan to transfer to for the engineering degree. That institution will have their own degree requirements. Courses taken at UWEC can be used to meet those requirements but it requires careful planning. Students should consult with their academic and faculty advisors regarding their academic plan at least once every semester.

- Students should try to satisfy the Service Learning Requirement while at UW-Eau Claire (see University Graduation Requirements).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin–Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.

**Notes**

- The Dual Degree Emphasis is for students who wish to obtain a physics degree at UWEC and an engineering degree at one of our partner institutions. This plan outlines a path to complete the UWEC portion of the dual degree in three years.

- Each minor has its own requirements beyond the number of credits, and it is the student's responsibility to investigate those and to be sure to have fulfilled those requirements. This plan assumes a minor in Mathematics.

</tbody>
</table>

**Minimum total for the baccalaureate degree = 120 credits**

- a Offered only in fall semesters.
- b Offered only in spring semesters.
- c Select from the following: any physics course numbered 325 or higher, including PHYS 374/ME 374 and MSE 315, MSE 357, MSE 372, and MSE 451.
- d Electives need to be carefully selected to ensure that a student’s degree comprises at least 39 credits of upper division courses (300-400 level).
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

**Additional LE Core Information**

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

1. Except PHYS 100, PHYS 211, and PHYS 212

It is recommended that students minoring in physics consult the chair of the Department of Physics and Astronomy while planning a program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

• Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
• Convert a physical situation described in English into a mathematical model.
• Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
• Design experiments and demonstrate the ability to use measurement technology, computational tools, and statistical techniques to collect and analyze data.

**LABVIEW, Certificate**

(Code 230-601)

For advising, contact the Physics and Astronomy Department.

The LabVIEW Certificate Program provides UW-Eau Claire students and engineers in local and regional industry with an in-depth understanding of the computer interfacing and data acquisition software package called LabVIEW. LabVIEW has become an industry standard in this technical area. LabVIEW provides an extensive environment in which a scientist or engineer can accomplish a variety of instrument control, data collection and data processing tasks. The UW-Eau Claire LabVIEW Certificate program has also been designed to provide students with the skills and experiences required to pass the first two levels of professional LabVIEW programming certification offered by National Instruments, which is required for many industry positions that involve LabVIEW programming.

The academic goals of the LabVIEW Certificate Program are:

1. to provide students with a working knowledge of electronics which they will get from PHYS 350 and PHYS 360;
2. an understanding of the basics of computer interfacing principles which they get from PHYS 360 and the three LabVIEW courses;
3. an in-depth knowledge of the LabVIEW programming environment which they get from the three LabVIEW courses;
4. an introduction to Field Programmable Gate Arrays (a revolutionary new technology) which they get from the last LabVIEW cRIO course.

To be admitted to the program, UW-Eau Claire students must have completed PHYS 232 with a grade of C or better and be currently enrolled in PHYS 350. Special students must have completed at least 8 credits of electrical engineering coursework equivalent to that in PHYS 350 and PHYS 360.

</tbody>
</table>

**Total Credits:** 13

Note: Students cannot pursue the Physics Major and LabVIEW Certificate to meet graduation requirements for completing a first and second degree program.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:
• Demonstrate a working knowledge of electrical circuits and electronics.
• Demonstrate an understanding of the basics of computer interfacing principles.
• Demonstrate an in-depth knowledge of the LabVIEW programming environment.
• Demonstrate familiarity of an introduction to Field Programmable Gate Arrays.

Political Science
Hibbard Humanities Hall 401
715-836-5744
Department Website (https://www.uwec.edu/academics/college-arts-sciences/ departments-programs/political-science/)

Political Science examines various systems of government within and among nation-states and the principles on which they are based. It familiarizes the student with political concepts and issues, their historical backgrounds, and their relevance to the cultural systems in which they arise. The study of political science provides methods for analyzing political issues and the policies designed to address them.

Honor Societies and Student Organizations:
Pi Sigma Alpha, the national honor society, promotes student interest in political science and sponsors forums on current political topics and workshops on applying to and attending graduate school and law school. The honor society accepts qualified students each fall and spring semester for membership, based on political science coursework and academic standing. Contact the faculty adviser in the department for further details.

Model United Nations Club (MUNC) is a student organization whose primary purpose is to educate its members and the student body about the United Nations and its activities. The organization is open to all students interested in global affairs and the UN. MUNC members attend two United Nations mock conferences each year and participate in a number of other group activities.

Pre-Law Club is a student organization whose primary purpose is to inform its members of the various aspects of the legal profession. The organization is open to all students from various academic majors who are considering attending law school and share an interest in the legal profession. The organization sponsors speakers from various law-related occupations, organizes trips to law schools and law school fairs, and provides practice tests for the Law School Admission Test.

The Society of Politics is open to all students with an interest in politics and political science. The Society functions as both a social and professional organization for students to help them make connections and broaden the scope of their political knowledge. The Society hosts several events during the year, including a fall picnic, roundtables, and forums for the students and political science faculty to meet and discuss important issues.

Mock Trial Team is an academic competition in which teams prepare both sides of a hypothetical legal case to present to a panel of judges. This academic competition builds one’s logical reasoning, analytical reasoning, and persuasive oratory skills. Mock Trial is an excellent educational experience for students who plan to attend law school, work in law enforcement, or be an expert witness in court, as well as those who want to learn more about how the judicial system operates.

Departmental Honors Program in Political Science
1. Goals and Objectives
   a. To provide an enriched educational experience for subsequent graduate study, professional activities, or public life.
   b. To allow concentrated and individualized study in selected areas of interest in the field of political science.
   c. To stimulate, encourage, and challenge students to gain a better understanding of political research and analysis in addition to usual instruction.
   d. To develop capabilities for independent thought and analysis.
2. Entrance Requirements for Honors in Political Science
   a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and a GPA of 3.50 in political science courses.
   b. Applications for Political Science Departmental Honors should be made in writing to the department chair during the junior year.
3. Satisfactory Completion of Requirements for Graduation with Honors in Political Science.
   a. Minimum of 36 semester credit hours in the political science department.
   b. Resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in the major program at time of graduation.
   c. During the senior year, complete a semester research project under the direction of a faculty mentor (3 credits of POLS 496) culminating in both a final written paper for the faculty mentor and a final product for public presentation (e.g., paper, poster, pamphlet, project, or workshop). The paper and presentation must be original for POLS 496 and cannot replicate work done for a different course or project.

Majors
• Comprehensive Major: Political Science, Legal Studies Emphasis, Liberal Arts - B.A./B.S.
• Comprehensive Major: Political Science, World Politics Emphasis, Liberal Arts - B.A./B.S.
• Major: Political Science, Liberal Arts - B.A./B.S.

Minors
• Minor: Political Science, Liberal Arts
Certificates
• Certificate: Campaign Consulting
• Certificate: International Affairs
• Certificate: Legal Studies

Campaign Consulting, Certificate
(Code 420-601)

The Certificate in Campaign Consulting is designed for the student seeking an opportunity to learn the skills of campaign organization and management. Students develop campaigning skills including organization of workers, marketing of candidates, issue development, use of media, and campaign finance. The certificate in Campaign Consulting is the only university course of study providing training and experience in local elections.

Currently enrolled degree-seeking students are eligible to complete a certificate in Campaign Consulting.

Total Credits 18

NOTE: Students cannot pursue the Political Science Major and Campaign Consulting Certificate to meet graduation requirements for completing a first and second degree program.

All of these courses are regularly offered in the department.

Students seeking a certificate in Campaign Consulting will be assigned an advisor within the Department of Political Science.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Communication Skills: Political Science students will be able to write and speak effectively.
• Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
• Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.

International Affairs, Certificate
(Code 420-602)

The Certificate in International Affairs is designed for those students interested in global awareness, cultural and political diversity, and economic globalization. A certificate in International Affairs will indicate that a student has undergraduate level awareness of global concepts, basic issues, terminology, structures, and perspectives. The certificate in International Affairs provides knowledge and skills that will help prepare students for employment in a global political economy, as well as familiarize them with specializations, concepts, jargon, and methods for graduate concentrations in various aspects of world politics.

Currently enrolled degree-seeking students are eligible to complete a certificate in International Affairs. This certificate is not intended for political science comprehensive majors with a world politics emphasis.

Total Credits 18

NOTE: Students cannot pursue the Political Science Major and International Affairs Certificate to meet graduation requirements for completing a first and second degree program.

Students are strongly encouraged to take only one course from a geographic or cultural region. All of these courses are regularly offered in the department.

Students seeking a certificate in International Affairs will be assigned an advisor within the Department of Political Science.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Communication Skills: Political Science students will be able to write and speak effectively.
• Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
• Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
• Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.

Legal Studies, Certificate
(Code 420-603)

The Certificate in Legal Studies is designed for those students interested in law school or paralegal work who have a strong interest in providing evidence of coursework in law. Students will be given the opportunity to concentrate coursework in legal studies, develop skill in preparing legal briefs, and develop skill in participating in Socratic dialogue as practiced in law schools and other arenas that teach law. The certificate in Legal Studies provides a liberal arts approach to the study of law and is not intended to provide the kind of clerical training associated with some paralegal training.

Currently enrolled degree-seeking students are eligible to complete a certificate in Legal Studies. This certificate is not intended for political science comprehensive majors with a legal studies emphasis.

Students are required to earn a total of 18 credits toward the certificate.

Total Credits 18

NOTE: Students cannot pursue the Political Science Major and Legal Studies Certificate to meet graduation requirements for completing a first and second degree program.

Junior standing and POLS 110, are prerequisites for 400 level classes. All of these courses are regularly offered in the department.

Students seeking a certificate in Legal Studies will be assigned a pre-law advisor within the Department of Political Science.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Communication Skills: Political Science students will be able to write and speak effectively.
• Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
• Knowledge of Constitutional Law and Legal Arguments: Political Science, Legal Studies students will analyze U.S. Supreme Court cases and contending legal arguments.

**University Residency Requirements**

| Minimum total                        | 30     |
| Senior year                           | 23     |
| Major, Standard, upper division in residence | 12     |
| Major, Comprehensive, upper division in residence | 21     |
| Certificate                            | 25 percent of credits |

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses
other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), Registration; Transfer of Credits. College or departmental restrictions may also be placed on Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer ofCredits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

<table>
<thead>
<tr>
<th>Knowledge Goal</th>
</tr>
</thead>
<tbody>
<tr>
<td>Knowledge Outcome 1 (K1): Natural Sciences (<a href="http://catalog.uwec.edu/undergraduate/attribute-k1/">http://catalog.uwec.edu/undergraduate/attribute-k1/</a>)</td>
</tr>
<tr>
<td>One experience in laboratory science must be selected from either K1 or K2.</td>
</tr>
<tr>
<td>Knowledge Outcome 2 (K2): Social Sciences (<a href="http://catalog.uwec.edu/undergraduate/attribute-k2/">http://catalog.uwec.edu/undergraduate/attribute-k2/</a>)</td>
</tr>
<tr>
<td>One experience in laboratory science must be selected from either K1 or K2.</td>
</tr>
<tr>

</tbody>
</table>

Integration Goal
Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
following four course groupings:

Political Science courses at the 200 level and above are classified into the
Minors

Information for Political Science Majors and
Minors

Political Science courses at the 200 level and above are classified into the
following course groupings:

American Politics
POLS 217 Freedom of Speech 3
POLS 301 State and Local Politics 3
POLS 305 Survey of U.S. Constitutional Principles 3
POLS 338 Judicial Politics 3
POLS 340 Congress and the Presidency 3
POLS 341 Political Parties, Elections, and Voting 3
POLS 342 Public Opinion and Political Behavior 3
POLS 343 Public Administration 3
POLS 344 Media and Politics 3
POLS 345 Film and Politics 3
POLS 346 Public Policy in the United States 3
POLS 350 Group and Minority Politics 3
POLS 353 Afro-American Politics 3
POLS 403 U.S. Constitutional Principles - Powers of Government 3
POLS 404 U.S. Constitutional Principles - Civil Liberties 3
POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law 3
POLS 406 U.S. Constitutional Principles - Equality and Privacy 3
POLS/AIS 250 American Indian Politics 3
POLS/WGSS 351 Women and Politics 3

International Relations
POLS 325 Model United Nations 3
POLS 330 U.S. Foreign Policy 3
POLS 331 International Organization and Law 3
POLS 332 International Conflict 3
POLS 334 International Political Economy 3
POLS 335 International Relations Theory 3
POLS 336 Arab-Israeli Conflict 3

Comparative Government
POLS 260 Introduction to Comparative Politics 3
POLS 321 Politics of the Middle East 3
POLS 322 Politics of Russia 3
POLS 323 Politics of Eastern Europe 3
POLS 324 Politics of Asia 3
POLS 327 Politics of Continental Europe 3

Total Credits 60

Note: MATH 246 or its equivalent must be completed as part of the Liberal
Education Core requirements. Credits will not count toward the major.

Program Learning Outcomes

Students completing this program will be expected to meet the following
learning outcomes:

• Communication Skills: Political Science students will be able to write and
  speak effectively.
• Research Skills: Political Science students will be able to construct research
  questions and use appropriate sources and methods to answer them.
• Knowledge of American Politics: Political Science students will analyze
  political behavior, institutions, and law or policy.
• Knowledge of Political Theory: Political Science students will analyze core
  intellectual traditions in political thought and apply to political issues.
• Knowledge of International Relations: Political Science students will
  analyze the behavior of international actors and the nature of their
  interactions.
• Knowledge of Comparative Politics: Political Science students will analyze
  the political systems of states.
• Civic Responsibility: Political Science students will demonstrate sense of
  responsibility necessary to become constructive global citizens.
• Integration: Political Science students will connect academic knowledge to
  their own experiences and make connections across disciplines.
• Knowledge of Constitutional Law and Legal Arguments: Political Science,
  Legal Studies students will analyze U.S. Supreme Court cases and
  contending legal arguments.

Sample Degree Plans
Political Science, Legal Studies Emphasis,
Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It
is based on the 120-credit graduation requirement and assumes no transferred
credits, no requirements waived by placement tests, no courses taken in the
summer or winter, no repeated courses, and no remedial courses that may be
required. This sample degree plan is intended for first-year students entering
UW-Eau Claire in the fall semester. Your own degree plan may differ depending
on the course of study selected (second major, minor, etc.). UW-Eau Claire
cannot guarantee all courses will be offered as shown, but will provide a range
of courses that may enable prepared students to fulfill their requirements
in a timely period. This sample degree plan is just a guide. Please consult
your advisor, your degree audit, and the catalog to create your own degree
plan. Note: In order to earn the required minimum of 120 credits for the degree
in four years, you should plan to take 15 credits each semester or 30 credits
each year.
To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

a. Electives from other disciplines are required for the Legal Studies Emphasis. Choose a total of 15 credits from the following: ACCT 201, ACCT 202, CJ 202, CRMJ 319, CRMJ 342, ECON 103, ECON 104, ECON 303, ECON 304, ECON 311, ECON 316, ECON 321, HIST 114, HIST 115, PHIL 120, PHIL 150, PHIL 310.

b. Two courses in Political Theory grouping. See Information for Political Science Majors and Minors for a list of the appropriate courses.

c. In addition to minimum requirements in each of the groupings, two courses must be taken from any of the four groupings. These two courses do not need to be from the same grouping.

d. One course in International Relations grouping. See Information for Political Science Majors and Minors for a list of the appropriate courses.

e. Two courses in Comparative Government grouping. See Information for Political Science Majors and Minors for a list of the appropriate courses.

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Student/Faculty Collaborative Research, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

The Political Science Department encourages our majors to consider all of the available High Impact Practices. The most common ones among our majors are internships, study abroad programs, and collaborative research opportunities.

### Liberal Education (LE) Core Guidance

<table>
<thead>
<tr>
<th>Liberal Education Core (LE Core)</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
</tr>
</tbody>
</table>

See Information for Political Science Majors and Minors for a list of the appropriate courses.
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**Liberal Education Core Requirements**

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 420-201)

Political Theory
POLS 309 Classical Political Thought 3
POLS 310 Modern Political Thought 3
POLS 311 Contemporary Political Thought 3
POLS 312 American Political Thought 3
POLS 314 The Idea of Tolerance in the Western Political Tradition 3

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Students are strongly encouraged to develop a 15-credit topical theme as a part of their major course of study. Recommended themes include:

American Political Development Theme
Core: POLS 305 and POLS 312
Electives: POLS 250/AIS 250, POLS 301, POLS 330, POLS 338, POLS 340, POLS 341, POLS 342, POLS 343, POLS 344, POLS 346, POLS 350, POLS 351, POLS 403

Constitutional Studies Theme
Core: POLS 305 and at least two of the following: POLS 403, POLS 404, POLS 405, POLS 406
Electives: POLS 301, POLS 310, POLS 312, POLS 330, POLS 338, POLS 340, POLS 350, POLS 351, POLS 353

Electoral Politics Theme
Core: POLS 341 and POLS 260
Electives: POLS 301, POLS 310, POLS 312, POLS 321, POLS 322, POLS 327, POLS 340, POLS 342, POLS 344, POLS 350, POLS 404

Global Conflict Resolution Theme
Core: POLS 332 and POLS 335
Electives: POLS 311, POLS 321, POLS 323, POLS 325, POLS 327, POLS 330, POLS 331, POLS 334, POLS 336

Global Diversity Theme
Core: POLS 260 and POLS 390
Electives: POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 336

Global Human Rights Theme
Core: POLS 332

Electives: POLS 260, POLS 309, POLS 311, POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 331, POLS 334, POLS 336, POLS 350

Representation & Action Theme
Core: POLS 311 and POLS 325
Electives: POLS 301, POLS 331, POLS 340, POLS 341, POLS 342, POLS 344, POLS 346, POLS 350, POLS 351, POLS 353, POLS 390, POLS 404

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.

Sample Degree Plan
Political Science, Major - Liberal Arts, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by
foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**TOTAL** 27

**Minimum total for the baccalaureate degree = 120 credits**

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**Recommended Topical Themes**

Students are strongly encouraged to develop a 15-credit topical theme as a part of their major course of study. Recommended themes include:

- **American Political Development Theme**
  Core: POLS 305 and POLS 312
  Electives: POLS 250/AIS 250, POLS 301, POLS 330, POLS 338, POLS 340, POLS 341, POLS 342, POLS 343, POLS 344, POLS 346, POLS 350, POLS 351, POLS 353

- **Constitutional Studies Theme**
  Core: POLS 305 and at least two of the following: POLS 403, POLS 404, POLS 405, POLS 406
  Electives: POLS 301, POLS 310, POLS 312, POLS 330, POLS 338, POLS 340, POLS 350, POLS 351, POLS 353

- **Electoral Politics Theme**
  Core: POLS 341 and POLS 260
  Electives: POLS 301, POLS 310, POLS 312, POLS 321, POLS 322, POLS 327, POLS 340, POLS 342, POLS 344, POLS 350, POLS 404

- **Global Conflict Resolution Theme**
  Core: POLS 332 and POLS 335
  Electives: POLS 311, POLS 321, POLS 323, POLS 325, POLS 327, POLS 330, POLS 331, POLS 334, POLS 336

- **Global Diversity Theme**
  Core: POLS 260 and POLS 390
  Electives: POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 336

- **Global Human Rights Theme**
  Core: POLS 332
  Electives: POLS 260, POLS 309, POLS 319, POLS 321, POLS 322, POLS 324, POLS 325, POLS 327, POLS 331, POLS 334, POLS 336, POLS 350

- **Representation & Action Theme**
  Core: POLS 311 and POLS 325
  Electives: POLS 301, POLS 331, POLS 340, POLS 341, POLS 342, POLS 344, POLS 346, POLS 350, POLS 351, POLS 353, POLS 390, POLS 404

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural...
Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

The Political Science Department encourages our majors to consider all of the available High Impact Practices. The most common ones among our majors are internships, study abroad programs, and collaborative research opportunities.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Political Science, Minor - Liberal Arts

NOTE: All majors should take POLS 290 before taking any 300 level courses.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.

Liberal Arts (Code 420-002)

University Requirements
GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation 1 120

Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations
Grade Point Requirements 2
Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).
Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

| Knowledge Goal | Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)| Two (2) learning experiences |
|               | Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)| Two (2) learning experiences |
|               | Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)| Two (2) learning experiences |
|               | Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)| Two (2) learning experiences |
|               | Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)| Two (2) learning experiences |
|               | Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)| One (1) learning experience |

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.
**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 420-002)**

A comprehensive major in Political Science combines political science with courses in other disciplines. Students choose either the Legal Studies emphasis or the World Politics emphasis.

The World Politics emphasis provides an emphasis for students interested in graduate work or employment in world affairs, international relations, and comparative government.

**Information for Political Science Majors and Minors**

Political Science courses at the 200 level and above are classified into the following four course groupings:

### American Politics
- POLS 217 Freedom of Speech 3
- POLS 301 State and Local Politics 3
- POLS 305 Survey of U.S. Constitutional Principles 3
- POLS 338 Judicial Politics 3
- POLS 340 Congress and the Presidency 3
- POLS 341 Political Parties, Elections, and Voting 3
- POLS 342 Public Opinion and Political Behavior 3
- POLS 343 Public Administration 3
- POLS 344 Media and Politics 3
- POLS 345 Film and Politics 3
- POLS 346 Public Policy in the United States 3
- POLS 350 Group and Minority Politics 3
- POLS 353 Afro-American Politics 3
- POLS 403 U.S. Constitutional Principles - Powers of Government 3
- POLS 404 U.S. Constitutional Principles - Civil Liberties 3
- POLS 405 U.S. Constitutional Principles - Due Process and Criminal Law 3
- POLS 406 U.S. Constitutional Principles - Equality and Privacy 3
- POLS/AIS 250 American Indian Politics 3
- POLS/WGSS 351 Women and Politics 3

### International Relations
- POLS 325 Model United Nations 3
- POLS 330 U.S. Foreign Policy 3
- POLS 331 International Organization and Law 3
- POLS 332 International Conflict 3
- POLS 334 International Political Economy 3
- POLS 335 International Relations Theory 3
- POLS 336 Arab-Israeli Conflict 3

### Comparative Government
- POLS 260 Introduction to Comparative Politics 3
- POLS 321 Politics of the Middle East 3
- POLS 322 Politics of Russia 3
- POLS 323 Politics of Eastern Europe 3
- POLS 324 Politics of Asia 3
- POLS 327 Politics of Continental Europe 3
- POLS 329 Political Violence 3
- POLS/WGSS 352 Gender and Politics in Global Perspective 3
- POLS 390 Culture and Politics 3
- POLS/LAS 319 Politics of Latin America 3

### Political Theory
- POLS 309 Classical Political Thought 3

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Communication Skills: Political Science students will be able to write and speak effectively.
- Research Skills: Political Science students will be able to construct research questions and use appropriate sources and methods to answer them.
- Knowledge of American Politics: Political Science students will analyze political behavior, institutions, and law or policy.
- Knowledge of Political Theory: Political Science students will analyze core intellectual traditions in political thought and apply to political issues.
- Knowledge of International Relations: Political Science students will analyze the behavior of international actors and the nature of their interactions.
- Knowledge of Comparative Politics: Political Science students will analyze the political systems of states.
- Civic Responsibility: Political Science students will demonstrate sense of responsibility necessary to become constructive global citizens.
- Integration: Political Science students will connect academic knowledge to their own experiences and make connections across disciplines.
- Knowledge of World Politics Theory: Political Science World Politics students will analyze the contending theoretical explanations for state and non-state actor behavior, international conflict, and international cooperation.
- Knowledge of World Political Economy: Political Science World Politics students will analyze the contending theoretical explanations for global political-economic relations and the principal causes and solutions for global economic inequalities and underdevelopment.

**Sample Degree Plan**

Political Science, World Politics Emphasis, Comprehensive Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-...
I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**MINIMUM TOTAL FOR THE BACCALAUREATE DEGREE = 120 CREDITS**

a One 300 level course or higher in American Politics (see Information for Political Science Majors and Minors for a list of these courses).

b Two courses in International Relations (see Information for Political Science Majors and Minors for a list of these courses).

c Four courses in Comparative Government (see Information for Political Science Majors and Minors for a list of these courses).

d Two courses in Political Theory grouping; at least one of which must be from “Traditional for Political Science Majors and Minors for a list of these courses).

(3rd Upper Division LE course could come from this list as it must be other than POLS):

e Choose 15 credits (with no more than 6 credits from the same prefix) from the following: ANTH 315; CJ 319; ECON 351, ECON 353, ECON 355, ECON 356/LAS 356; ENGL 130, ENGL 230, ENGL 330; Foreign Language 201 and higher; GEOG 301, GEOG 308, GEOG 319, GEOG 321/LAS 321, GEOG 378/ENV 378, GEOG 446; HIST 309/LAS 309, HIST 311/LAS 311, HIST 326, HIST 360, HIST 362, HIST 375, HIST 383, HIST 387, HIST 388, HIST 389; MUSI 225; RELS 307, RELS 309, RELS 312, RELS 314, RELS 323, RELS 326, RELS 378

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

International Relations-group b | 3
POLS Comparative Government - group c | 3
POLS - Political Theory - group d | 3
LE Option: Knowledge 1 (LE-K1) Natural Sciences | 3
Elective | 3

**TOTAL** | **30**
The Political Science Department encourages our majors to consider all of the available High Impact Practices. The most common ones among our majors are internships, study abroad programs, and collaborative research opportunities.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.

- **I1** – Any semester long study abroad program can fulfill one I1 experience.

**Psychology**

Hibbard Humanities Hall 277
715-836-5733
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/psychology/)

Psychology is the scientific investigation of mental processes (thinking, remembering, feeling, etc.) and behavior. Psychology lies in the center of the academic pursuits of the university because of its strong connections with other scholarly areas. Psychology is not only an academic discipline, but also a profession. There are both academic psychologists, who engage in teaching and research, and practicing psychologists, who apply psychological knowledge in clinics, businesses, and other settings.

**The Psychology Department has adopted the American Psychological Association (2013) learning goals for the major and minor.**

- **Goal 1:** Knowledge Base in Psychology
- **Goal 2:** Scientific Inquiry and Critical Thinking
- **Goal 3:** Ethical and Social Responsibility in a Diverse World
- **Goal 4:** Communication
- **Goal 5:** Professional Development

Credit for PSYC 100, PSYC 230, and PSYC 260 can be awarded through CLEP examinations. Credit for PSYC 100 and Statistics (MATH 246/PSYC 265) can be awarded through AP examinations.

University Requirements
GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
Minimum total for graduation 1
Upper division credits (courses numbered 300 and higher) 39
Liberal Education Core 36
Academic Concentrations
Grade Point Requirements 2

Total 2.00 average
Resident 2.00 average
Major 2.00 average
Minor 2.00 average
Certificate 2.00 average

University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM,EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major, Standard maximum 1 course
Major, Comprehensive maximum 2 courses
Minor maximum 1 course

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total

USAFI
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

**Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

**Bachelor of Science Degree in the College of Arts and Sciences (B.S.)**

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve satisfactorily on the MATH 112 competency test. This test may be attempted no more than two times.
Major Requirements

Liberal Arts (Code 440-202)

Recommended for students who are interested in becoming a behavioral services provider for individuals afflicted with autism, developmental disabilities, head injuries, and substance-abuse disorders. This major also provides essential preparation for students who are interested in attending graduate school for more advanced training.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe key concepts, principles, and overarching themes in psychology.
- Use scientific reasoning to interpret psychological phenomena.
- Apply ethical standards to evaluate psychological science and practice.
- Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity.
- Communicate effectively in a variety of formats (oral, written, technological).
- Attend to and monitor the quality of their self-regulatory processes (e.g., thought, behavioral, and/or emotional regulation).
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.
- Demonstrate the ability to identify and describe the main principles of behavior analysis.

Sample Degree Plans

Psychology, Behavior Analysis, Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**SOME TIME IN THE FOURTH YEAR**

| LE Option | 3 |
| Elective - Major, Minor/Second Program, LE, or UD Elective | 9 |
| LE Core Option | 3 |
| TOTAL | 30-32 |

Minimum total for the baccalaureate degree = 120 credits

a Enrollment in PSYC 480 (Internship in Behavior Analysis) will be 3-6 credits per term depending on the Internship. The Service Learning requirement can be completed through the PSYC 480 internship.
b Major Electives include: PSYC 302 (Principles of Learning), PSYC 377 (Psychopharmacology), PSYC 396 (Research Apprentice in Psychology), and PSYC 397 (Student Academic Apprentice in Psychology). PSYC 397 (Academic Apprentice in Psychology) would fit well in this semester.
c For PSYC 396 or PSYC 397 credits to count toward the Behavior Analysis major, PSYC 396 must be behavior analytic research and PSYC 397 credit must be earned by serving as a Student Academic Apprentice for a Behavior Analysis course (e.g., PSYC 281, PSYC 390).

Note: All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Internships: Students will complete a 9-credit Internship and will speak with a behavior analytic faculty member to identify the internship experience that best matches the student's interests. PSYC 480 (Internship in Behavior Analysis) credits will be arranged with the assistance of the supervising faculty member. Students complete the Internship over two or three semesters, enrolling in no more than 6-credits of Internship per semester. Completing PSYC 390 with a B or above is a prerequisite to Internship enrollment.
- Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.
- Student Academic Apprenticeships: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned an A or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.
- Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who...
plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year.

**Psychology, Behavior Analysis, Major, B.S.**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Students must complete a minimum of 36 credits in courses approved for the Liberal Education Core (LE Core). The LE Core comprises 17 learning experiences across 11 learning outcomes.

**Total**

Minimum total for the baccalaureate degree = 120 credits

- a. Enrollment in PSYC 480 (Internship in Behavior Analysis) will be 3-6 credits per term depending on the Internship. The Service Learning requirement can be completed through the PSYC 480 internship.
- b. Major Electives include: PSYC 302 (Principles of Learning), PSYC 377 (Psychopharmacology), PSYC 396\textsuperscript{a} (Research Apprentice in Psychology), and PSYC 397\textsuperscript{b} (Student Academic Apprentice in Psychology). PSYC 397\textsuperscript{b} (Academic Apprentice in Psychology) would fit well in this semester.
- c. For PSYC 396 or PSYC 397 credits to count toward the Behavior Analysis major, PSYC 396 must be behavior analytic research and PSYC 397 credit must be earned by serving as a Student Academic Apprentice for a Behavior Analysis course (e.g., PSYC 281, PSYC 390).

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

**Recommendations for High Impact Practices (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- Internships: Students will complete a 9-credit Internship and will speak with a behavior analytic faculty member to identify the internship experience that best matches the student’s interests. PSYC 480 (Internship in Behavior Analysis) credits will be arranged with the assistance of the supervising faculty member. Students complete the Internship over two or three semesters, enrolling in no more than 6-credits of Internship per semester. Completing PSYC 390 with a B or above is a prerequisite to Internship enrollment.
- Research: Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.
- Student Academic Apprenticeships: Students have the option of serving as a Student Academic Apprentice for a course which they have previously completed and typically earned an A or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.
- Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

Liberal Education Core Requirements

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

Major Requirements

Liberal Arts (Code 440-201)

The psychology major develops knowledge, skills, and values consistent with a liberal arts education. Recommended for students who are interested in pursuing advanced degrees in psychology or other related disciplines. Students who complete the major are also well prepared to pursue a variety of careers immediately following graduation.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>

</tbody>
</table>
At least 18 credits from 300- and 400-level courses are required for the major. Completion of core domain requirements may be satisfied by enrollment in selected offerings of PSYC 395, PSYC 396, PSYC 399, PSYC 491, and PSYC 499 with departmental approval.

### Biological
- IDIS 125 Brain: Introduction to Neuroscience
- PSYC 362 Clinical Neuroscience
- PSYC 363 Psychology of Addictions
- PSYC 372 Individual Differences and Behavior Genetics
- PSYC 373 Evolutionary Psychology
- PSYC 374 Cognitive Neuroscience
- PSYC 376 Psychology of Perception
- PSYC 377 Psychopharmacology
- PSYC 387 Behavioral Neuroscience

### Developmental
- PSYC 230 Human Development
- PSYC 331 Child Psychology
- PSYC 332 Psychology of Adolescence
- PSYC 333 Psychology of Adulthood and Aging
- PSYC 435 Theories and Research in Developmental Psychology

### Learning and Cognition
- PSYC 260 Educational Psychology
- PSYC 281 Introduction to Behavior Analysis and Therapy
- PSYC 302 Principles of Learning
- PSYC 379 Cognitive Psychology
- PSYC 380 Introduction to Behavior Modification
- PSYC 390 Advanced Applied Behavior Analysis
- PSYC 412 Experimental Analysis of Behavior

### Sociocultural
- PSYC 245 Social Psychology
- PSYC 251 Abnormal Psychology
- PSYC 286 Understanding Suicide
- PSYC 334 Psychology of the Exceptional Child
- PSYC/WGSS 336 Psychology of Women
- PSYC 340 Personality Psychology
- PSYC/WGSS 348 Black Psychology
- PSYC 349 Psychology of Stigma, Prejudice and Intergroup Relations
- PSYC 353 Health Psychology

Remaining credits to total 36 selected from any Psychology courses. RELS 315 also may be counted toward the 36 credits for the major.

1. At least 18 credits from 300- and 400-level courses are required for the major.
2. A maximum of nine credits earned in PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the major.
3. Completion of core domain requirements may be satisfied by enrollment in selected offerings of PSYC 395, PSYC 396, PSYC 399, PSYC 491, and PSYC 499 with departmental approval.
4. No credit may be earned under the Satisfactory/Unsatisfactory option for any of the requirements listed below.
5. A maximum of seven credits earned in PSYC 291 and PSYC 491 may count toward the major.

Note: Students pursuing the Psychology major and the Mental Health and Well-Being certificate to meet graduation requirements for completing a first and second degree program must earn a minimum of 48 unique credits between the major and the certificate.

### Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Describe key concepts, principles, and overarching themes in psychology.
- Use scientific reasoning to interpret psychological phenomena.
- Apply ethical standards to evaluate psychological science and practice.
- Understand how privilege, power, and oppression produce prejudice, discrimination, and inequity.
- Communicate effectively in a variety of formats (oral, written, technological).
- Attend to and monitor the quality of their self-regulatory processes (e.g., thought, behavioral, and/or emotional regulation).
- Formulate career plans based on accurate self-assessment of abilities, motivation, and personal demeanor.

### Sample Degree Plans

#### Psychology, Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

**Minimum total for the baccalaureate degree = 120 credits**

a. PSYC 397 (Academic Apprentice in Psychology) would fit well in this semester.
b. PSYC 396 (Research Apprentice in Psychology) could be taken this semester. PSYC 396 can be taken for repeated credit as research experiences may last longer than a semester.
c. Many students who complete an internship do so in their fourth year. PSYC 498 (Internship in Psychology) credits could be earned during this semester.
d. The PSYC 401 Big Issues Capstone is taken in a student's final semester. At least 9 credits of upper-division Psychology courses must be completed before enrolling in PSYC 401.

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orps/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- **Internships:** Students are encouraged to speak with an advisor to identify an internship experience that matches the student's interests. PSYC 498 (Internship in Psychology) credits can be arranged with the assistance of a faculty member.
- **Research:** Students are encouraged to explore collaborative research experiences with Psychology faculty. PSYC 396 (Research Apprentice in Psychology) credits can be earned for this experience.
- **Student Academic Apprenticeships:** Students have the option of serving as a Student Academic Apprentice for a course which they have previously
completed and typically earned a B or better in. PSYC 397 (Student Academic Apprentice) credits can be earned for this experience.

- Study Abroad and/or Immersion: Psychology majors may consider a Study Abroad or National Student Exchange experience (for 1-2 semesters), and/or shorter Immersion Trips. It is recommended that Psychology majors who plan to Study Abroad for an entire semester or more do so in their second year, though Study Abroad is still possible after the second year. See Your Major + Study Abroad (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-AS55-SA9F-7AA625856C21266F) for listings of psychology courses offered abroad.

Psychology, Major, B.S.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. 

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

FIRST YEAR

FIRST SEMESTER

PSYC 100 Introduction to Psychology (LE-K2) 3
LE Option: Knowledge 3 (K3) Humanities and LE Option: Responsibility 2 (R2) Global Perspectives or other LE 3

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Twenty-four semester credits, including: 1, 2, and 3

Remaining credits to total 24 selected from any Psychology courses. IDIS 125 and RELS 315 also may be counted toward the 24 credits for the minor.

1 At least 6 credits from 300- and 400-level courses are required for the minor.
2 A maximum of 3 credits from PSYC 395, PSYC 396, PSYC 397, PSYC 399, and PSYC 499 may count toward the minor.
3 No credit may be earned under the Satisfactory/Unsatisfactory option for any of the requirements listed above.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Describe key concepts, principles, and overarching themes in psychology
• Use scientific reasoning to interpret psychological phenomena
• Apply ethical standards to evaluate psychological science and practice
• Understand how privilege, power, and oppression produces prejudice, discrimination, and inequity
• Communicate effectively in a variety of formats (oral, written, technological)
• Attend to and monitor the quality of their self-regulatory processes (e.g, thought, behavioral, and/or emotional regulation)

Public Health and Environmental Studies

Hibbard Humanities Hall 384

Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/public-health-environmental-studies/)

Health, Justice, and Sustainability

Public Health and Environmental Studies offers high impact and interdisciplinary learning experiences in public health and environmental and sustainability studies and sciences.

Students interested in Public Health can pursue one of two majors or the minor:

• Environmental Public Health Comprehensive Major (Code 640-001)
• Public Health Major (Code 488-201)
• Public Health Minor (Code 488-401).

Students interested in Environmental and Sustainability Studies can enroll in one of two minors or the certificate:

• Environmental Science Minor (Code 155-400)
• Environment, Society, and Culture Minor (Code 489-401)
• Sustainability and Climate Action Certificate (Code 488-601)

Students in all of our programs take advantage of service learning opportunities, practicum/internship experiences, engage with activities and organizations on campus and in the community, and participate in faculty/student collaborative research.

Environmentally-themed comprehensive majors are also available in other departments, including Ecology and Environmental Biology Emphasis (Code 080-001), Environmental Geography (Code 140-007), and Geology Environmental Science Emphasis (Code 160-011). Students wishing for a broader understanding of Environmental Studies can also seek to develop a program of study in the Liberal Studies Comprehensive Major (Code 370-001).

Mission

We work collaboratively to build healthy, just, and sustainable human and ecological communities.

Values

We accomplish this mission through the application of the following principles in all we do:

• We collaborate across the campus and within the community, involving a broad range of interdisciplinary perspectives.
• Our efforts are centered on our students and their development.
• Both students and faculty are encouraged to be bold in how we teach and learn.
• We focus on imparting skills for life and career.
• Our program is distinctive—accomplishing our mission in innovative ways.
• We seek to be engaged in the world with our studies.
• At the same time, we are place-centered, recognizing the value of learning from and positively influencing our surroundings.
• We remain ecologically aware.
• We are ethically intentional in all these efforts.

Public Health and Environmental Studies consists of the faculty members listed on the faculty tab and affiliate members found in other home departments, programs, and units including: Art & Design, Biology, Blugold Dining Services, Chemistry and Biochemistry, Communication and Journalism, Economics, English, Geography and Anthropology, Geology and Environmental Science, Music and Theatre Arts, Philosophy and Religious Studies, and Sociology.

### Majors
- Comprehensive Major: Environmental Public Health - B.S.E.P.H.
- Major: Public Health - B.A./B.S.

### Minors
- Minor: Environment, Society, and Culture, Liberal Arts
- Minor: Environmental Science, Liberal Arts
- Minor: Public Health, Liberal Arts

### Certificates
- Certificate: Sustainability and Climate Action

## Environment, Society, and Culture, Minor

**Liberal Arts (Code 489-401)**

Advisors: J. Boulter (Public Health and Environmental Studies), J. Phillips (Chemistry and Biochemistry), C. Pierce (Public Health and Environmental Studies).

The Environment, Society, and Culture minor enables students to apply interdisciplinary approaches to investigate the human and ecological dimensions of environmental issues, including climate change, environmental justice, pollution, and sustainable food systems. The minor provides the opportunity to integrate courses from a variety of disciplines, including economics, environmental science, ethics, gender studies, geography, history, policy, public health, and sociology. Concepts and tools from these disciplines empower students to address environmental challenges at local-to-global scales. The minor is open to all students and is designed to be flexible so that students can tailor their courses to meet their particular needs and interests.

In addition, students gain real world research skills and apply principles of environmental justice, civic engagement, sustainability, and strategic policy development to learn about the underlying drivers of critical challenges such as climate change, air and water pollution, biodiversity loss, urbanization, and infectious disease outbreaks. Students in the minor examine social and environmental conflicts and the policies and strategies to address these conflicts. The Environment, Society, and Culture minor challenges students to think critically and holistically to understand the social and environmental dynamics of environmental concerns.

### Code | Title | Credits
---|---|---
Minimum of 24 credits, with at least 12 credits from courses at the 300-level or above, including:

#### Select at least one gateway course from the following:

<td>Social Class and Inequality</td>
</tr>
</tbody>
</table>
Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Examine the human impacts on environmental systems using scientific inquiry.
- Describe political, economic, and social dimensions of environmental problems.
- Recognize the spiritual and philosophical interconnections between humans and the environment.
- Integrate scientific, socioeconomic, and ethical perspectives to address environmental issues.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFO Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

</tbody>
</table>

1 Must take either GEOG 178 or BIOL 180 as the gateway course as a prerequisite to BIOL 328.
2 CHEM 105, CHEM 106, and CHEM 109 may be used in lieu of CHEM 115 but only six credits may be counted toward the minor from these courses.

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through the Honors program, International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: A minimum of 48 unique credits must be earned between the student’s major and this minor for purposes of meeting graduation requirements for first and second degree programs.
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### LIBERAL EDUCATION CORE REQUIREMENTS

### College Degree Requirements

#### Bachelor of Science in Environmental Public Health

**University Graduation Requirements**. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages**. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements**. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors (if available) for completing a first and second degree program.

**Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.**

**Acceptable academic program combinations are determined at the college level.** A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits**. Earn at least 90 credits in courses offered by the College of Arts and Sciences.
Bachelor of Science in Environmental Public Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work).

Major Requirements (Code 640-001)

Advisors: J. Boulter, C. Pierce, L. Suppes.

Practitioners in the field of environmental public health control environmental health hazards and preserve and improve environmental factors for the achievement of optimum health, safety, comfort, and well-being. Students gain the educational background necessary to appreciate cultural values and protect air, water, soil and food resources. Graduates are employed in regulatory agencies and industries concerned with environmental quality and the public’s health. This comprehensive major includes both foundation classes in biology, chemistry, physics, and mathematics, and specialized courses in environmental and public health, such as food and water sanitation, air pollution, industrial hygiene, vector-borne disease control, and environmental toxicology.

Mission

The Environmental Public Health (ENPH) major provides undergraduate students with a comprehensive understanding of science and its application to protect human environmental health. The degree prepares students for careers as Environmental Health Professionals and safety specialists, integrating a scientific background, technical skills, and professional ethics.

Goals

The ENPH major strives to prepare graduates with the knowledge, awareness, and skills to:

1. Understand the natural world through applied chemistry, biology, physics, and mathematics;
2. Identify short- and long-term hazards to human and environmental health through critical thinking;
3. Serve the public by addressing human health risks through research, communication and intervention;
4. Identify and address cross-cultural, economic, and technological barriers to serving public health interests; and
5. Demonstrate professional ethics, values, and responsibility in all areas of practice.

Scholarships

Ten scholarships are available to students in the ENPH major. Additional information may be obtained from the faculty or by visiting the Financial Aid Website. Students are invited to participate in the Student National Environmental Health Degree in the College of Arts and Sciences (B.S.E.P.H.)

Bachelor of Science in Environmental Public Health (B.S.E.P.H.)

The B.S.E.P.H. degree is accredited by the National Environmental Health Science and Protection Accreditation Council. Graduates are prepared to take the National Environmental Health Association exam for the Registered Environmental Health Specialist/Registered Sanitarian credential.

Sample Degree Plan
Environmental Public Health, Comprehensive Major, B.S.E.P.H.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the scientific principles associated with environmental health hazards, risk assessment, and inequitable burden across communities.
- Apply methods to analyze environmental health hazards and risks.
- Communicate environmental health risks to the public.
- Apply and evaluate interventions to protect the public’s health and foster sustainability.
- Demonstrate professional ethics, values, responsibility, and collaboration.

Satisfactory/Unsatisfactory Policy

The only credits that may be earned under the Satisfactory/Unsatisfactory option are for Independent Study. S/U credits may not total more than three.

Internship

An internship or practical experience is a requirement for the B.S.E.P.H. degree. Typically between the junior and senior year, each student is required to enroll in three credits of summer practicum (ENPH 435) and pay fees to the University. Students anticipating enrollment in the practicum should notify the Environmental Public Health faculty no later than February 1, and enroll in ENPH 432 the spring semester prior to their summer practicum.

**TOTAL FOURTH YEAR**  
30

---

**Minimum total for the baccalaureate degree = 120 credits**

- a As an alternative to CHEM 105, CHEM 106, and CHEM 109.
- b See catalog for ENPH elective categories and options.

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

**Course Suggestions:** GIS certificate.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

**Required:** Students in the Environmental Public Health Major will complete a summer practicum experience that involves working with an agency or company in the field of environmental public health. Students will also have opportunities to engage in faculty-student research in several areas of environmental public health.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning: 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

Environmental Science, Minor

Liberal Arts (Code 155-400)

Advisors: J. Boulter (Public Health and Environmental Studies), P. Ihinger (Geology and Environmental Science), H. Jol (Geography and Anthropology), E. Weiher (Biology).

This multidisciplinary liberal arts minor is created primarily for students with interests in environmental science and conservation of biological diversity. The minor emphasizes the study of environmental issues, ecology and conservation, and water and earth resources through application of concepts and methods from various disciplines. The minor is designed to complement a 36-credit standard major, e.g., Biology, Liberal Arts or Political Science. Students wishing to pursue a comprehensive major in environmental science should consider the Ecology and Environmental Biology Comprehensive Major in Biology, the Environmental Geography Comprehensive Major in Geography and Anthropology, the Environmental Science Comprehensive Major in Geology or the Environmental Public Health Comprehensive Major in the Public Health and Environmental Studies Program.

Note 1: Credits from other courses may also be applied as electives, pending advisor and college approval, when they focus specifically on environmental topics. This includes special topics, directed studies, independent study, and/or internships. Applicable environmental courses offered through International Study Abroad or National Student Exchange may also be applied with consent of an advisor.

Note 2: For students pursuing standard majors in Biology or Geography, a maximum of 12 credits from the major may be applied to this minor.
Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate ecological and physical science knowledge related to the conservation of biological diversity and natural resources.
- Use computational and technological skills to analyze environmental systems.
- Evaluate relationships between environmental science and society.
- Apply knowledge, skills, and values of environmental science to examine issues in a field setting.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAfi Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.
USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-sl/#header13) 30 hours

College Degree Requirements
Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the
MATH 112 competency test. This test may be attempted no more than two times.

**Major Requirements**

**Liberal Arts (Code 488-201)**

Advisors: M. Kantor (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies, L. Suppes (Public Health and Environmental Studies).

Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities. Core courses will provide a broad overview of the U.S. healthcare system and a basic understanding of the five fundamental areas of public health knowledge. The electives will allow students to acquire knowledge and skills across a variety of domains that reflect their academic and professional interests, areas such as administration/policy, biomedical and health sciences, communications, healthy and sustainable communities, quantitative and qualitative research methods, and social sciences and humanities. The capstone or culminating experience will have students demonstrate and apply their knowledge and skills to a public health issue of interest to them. This may be achieved through senior seminars, portfolio projects or research papers, or in collaboration with stakeholders from governmental, non-governmental, and/or private organizations through community-engaged service or research.

The innovative array of courses and learning experiences in public health prepares students for a breadth of entry-level high-demand careers in health care organizations, government, non-profit organizations, and the private sector. The major provides a strong foundation for those who want to pursue graduate school in public health and related fields, and is well suited to those interested in a health professions career such as chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine.

1 Elective courses may not be counted toward the second program for purposes of meeting graduation requirements for first and second degree programs.
Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the current U.S. health care system and the role of public health in addressing policies and delivery systems that affect population health.
- Explain and analyze the role of socio-cultural, economic, political, physical and behavioral factors contributing to health disparities within populations (domestic and global).
- Apply quantitative and epidemiologic methods to address public health issues.
- Appreciate the role of team- and community-based collaboration in promoting population health.
- Communicate health information to a wide range of audiences using diverse types of media.
- Develop and evaluate policies and practices to address the determinants of public health and health disparities.

Sample Degree Plan

Public Health, Major, B.A. or B.S.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Minimum total for the baccalaureate degree = 120 credits

Degree Notes

- All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).
- A minimum of 39 credits must be taken of 3XX or 4XX.
- A minimum of 90 credits must be taken from subjects in the College of Arts and Sciences.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), (https://studyabroad.apps.uwec.edu/) Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), (https://www.uwec.edu/career-services/info-students/internships/) and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

Public Health, Minor

Liberal Arts (Code 488-401)

Advisors: M. Kantor (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).
Public health is an interdisciplinary field that takes a population-based approach to improving the health and well-being of people and communities by preventing disease, disability and death across populations. This field draws on the natural, quantitative, social, and behavioral sciences to study the distribution and determinants of human health and disease, and to develop interventions to preserve and promote health and well-being.

Because public health is such a broad interdisciplinary field it has wide appeal and utility. The public health minor is a natural complement to any of the health profession majors (athletic training, behavior analysis, communication sciences and disorders, environmental public health, health care administration, kinesiology, nursing, and social work). The minor augments the pre-professional curriculum of students preparing for post-baccalaureate health professions programs in chiropractic care, dentistry, medicine, occupational therapy, optometry, pharmacy, physical therapy, and veterinary medicine. In addition, the public health minor benefits those wishing to incorporate a better understanding of health in their chosen field, including majors not thought of as traditional health sciences. These majors include, but are not limited to, communication, economics, geography, journalism, management, mathematics (statistics and actuarial sciences), philosophy, political science, psychology, religious studies, and sociology.

The required core courses will expose students to the essential elements of public health. The elective courses will allow students either to align their public health minor to their major or to explore and investigate potential new areas of interest within public health.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain and analyze the role of socio-cultural, economic, political, physical and behavioral factors contributing to health disparities.
- Apply quantitative and epidemiologic methods to address public health issues.
- Appreciate the role of team- and community-based collaboration in promoting population health.

Sustainability and Climate Action, Certificate

(Code 488-601)

Advisors: J. Boulter (Public Health and Environmental Studies), C. Pierce (Public Health and Environmental Studies), B. Rockler (Public Health and Environmental Studies), L. Suppes (Public Health and Environmental Studies).

This certificate is for students who are concerned about the escalating climate crisis and who seek the foundational understanding and skills to lead societal and technological transitions necessary to achieve a sustainable world. It is designed to complement students’ primary field(s) of study so that they can apply their learning from these five courses to whatever future academic studies and/or career paths they follow. All enrolled students will gain curricular breadth, essential to developing their interdisciplinary thinking to address this 21st century problem.

Minimum of 15 credits with at least 9 credits at the 300-level or above.

Climate science fundamentals – take 1 of the following

| BIOL 180   | Environmental Biology and Conservation    |         |
| CHEM 127   | Chemistry and Climate                     |         |
| CHEM 304   | Environmental Chemistry                   |         |
| GEOG 340   | Climatology                                |         |
| GEOL 304   | Global Environmental Change               |         |

Climate policies and systems – take 1 of the following

| BIOL 180   | Environmental Biology and Conservation    |         |
| CHEM 127   | Chemistry and Climate                     |         |
| CHEM 304   | Environmental Chemistry                   |         |
| GEOG 340   | Climatology                                |         |
| GEOL 304   | Global Environmental Change               |         |

Scientific/technical solutions – take 1 of the following

| BIOL 180   | Environmental Biology and Conservation    |         |
| CHEM 127   | Chemistry and Climate                     |         |
| CHEM 304   | Environmental Chemistry                   |         |
| GEOG 340   | Climatology                                |         |
| GEOL 304   | Global Environmental Change               |         |

Societal transitions – take 2 of the following

| BIOL 180   | Environmental Biology and Conservation    |         |
| CHEM 127   | Chemistry and Climate                     |         |
| CHEM 304   | Environmental Chemistry                   |         |
| GEOG 340   | Climatology                                |         |
| GEOL 304   | Global Environmental Change               |         |

Note: A minimum of 48 unique credits must be earned between the student’s major and this certificate for purposes of meeting graduation requirements for first- and second-degree programs.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain in an easily accessible manner the fundamental basis of climate change from a scientific viewpoint and exclude false narratives.
- Identify connections between physical changes in climate systems and changes in social systems: this includes how climate threatens human social systems in addition to how policy decisions affect climate change.
• Illustrate how both technological advances and changes to policy and behavior can either mitigate the severity of climate change and/or improve adaptation of human and natural systems in a changing climate.

Race, Ethnicity, Gender, and Sexuality Studies

Hibbard Humanities Hall 384
715-836-5717
Department (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/womens-gender-sexuality-studies/) Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/womens-studies/)

The Race, Ethnicity, Gender, and Sexuality Studies department coordinates teaching, research, and scholarship in the field of Race, Ethnicity, Gender, and Sexuality Studies. It is a mature academic field of inquiry that also draws from many other fields of study. Enacted as a discipline, the Race, Ethnicity, Gender, and Sexuality Studies department is a site of both scholarly inquiry and social change and activism. A unique academic department, Race, Ethnicity, Gender, and Sexuality Studies incorporates praxis—practice that is informed by feminist theory and gendered analyses. Courses in Race, Ethnicity, Gender, and Sexuality Studies are taught with feminist pedagogical techniques and from feminist theoretical perspectives, and they integrate theory with activism whenever possible.

Race, Ethnicity, Gender, and Sexuality Studies students learn to think critically about the intersections of race, ethnicity, gender, sexuality, age, ability, and nationality as they interact with systems of power. Students also learn to make important connections between their learning, their own lives, and the globally interconnected world. As engaged citizens, Race, Ethnicity, Gender, and Sexuality Studies students advocate for gender and other forms of social justice both on campus and in the larger community.

All majors participate in a final capstone experience by taking WGSS 498 which is offered during the Spring semester. Students work closely with a community partner to develop and implement a plan of action or research. There are also other internship and volunteer opportunities for Race, Ethnicity, Gender, and Sexuality Studies students on campus (e.g. Gender and Sexuality Resource Center, Center for Awareness of Sexual Assault, Intersectional Women’s Center) and in the local community (such as the Black and Brown Women Power Coalition, the Chippewa Valley LGBTQ+ Community Center, Family Support Center, Hmong Mutual Assistance Association, The Community Table, and Western Dairyland). In addition, Race, Ethnicity, Gender, and Sexuality Studies offers several courses conducted as domestic and international cultural immersion experiences.

The interdisciplinary and critical perspectives learned in the department enrich all fields of study, so graduates are well-prepared to do work in a variety of fields. Upon graduating, Women’s, Gender, and Sexuality Studies majors pursue a range of careers in business, health care, community education, and in both the private sector and non-profit organizations. They are also well prepared for graduate studies in Race, Ethnicity, Gender, and Sexuality Studies and other fields.

Majors
• Major: Women’s, Gender, and Sexuality Studies, Liberal Arts - B.A./B.S.

Minors
• Minor: Women’s, Gender, and Sexuality Studies, Liberal Arts

Certificates
• Certificate: Women of Color Feminisms
• Certificate: Women’s, Gender, and Sexuality Studies
• Certificate: LGBTQ Studies
• Certificate: Critical Hmong Studies

LGBTQ Studies, Certificate
(Code 485-602)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The Certificate in LGBTQ Studies provides students with a flexible option for completing a concentration in LGBTQ issues, and for formally denoting on their transcript this area of expertise in their academic training.

Currently enrolled degree-seeking students in good standing in the university and University Special Students will be eligible to complete the certificate in LGBTQ Studies.

Code Title Credits
WGSS 100 Introduction to Women’s, Gender, and Sexuality Studies 3
WGSS 206 Perspectives in LGBTQ Studies 3
WGSS 406 Queer Theories and Sexual Politics 3

The remaining 6 credits are to be selected from:

ENGL 314 Cultural Rhetorics (only when offered as Queer Rhetorics) 6
SOC/WGSS 419 Gender and Power
SOC/WGSS 426 Sociology of Sexualities
WGSS 308 Topics in LGBTQ Studies
WGSS/HIST 313 Gender, Sex, and Science in European History
WGSS/PSYC 336 Psychology of Women
WGSS 306 Transgender Activism and Cultural Production
WGSS 345 Black Feminist and Black Queer Studies

Special topics, internships, and umbrella courses with a focus on LGBTQ and/or sexualities issues may be applied to the certificate with approval of the Women’s, Gender, and Sexuality Studies Program Director.

Note 1: Courses cannot be counted in both the major and the certificate program.

Note 2: Though there are no prerequisites for the Certificate in LGBTQ Studies, there may be prerequisites for some of the courses that are a part of the Certificate.
Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Will develop an understanding of theories regarding the social construction of gender and sexual identities, the historical treatment of gender and sexual nonconformity from the colonial period onward, LGBTQ liberation movements (1950s-present), and contemporary LGBTQ issues (2002-to the present).
- Effectively articulate queer and transgender theories and perspectives.

Women of Color Feminisms, Certificate
(Code 485-603)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The Certificate in Women of Color Feminisms is designed for students who have a strong interest in learning about the experiences of women of color but are not able to complete the requirements for a major or minor in Women’s, Gender, and Sexuality Studies. Students will explore Women of Color Feminisms as a field, a framework, and a method rooted in Women of Color work that examines systems of power with a focus on gender and racial justice.

Minimum of 15 credits with at least 6 credits at the 300-level or above.

Women's, Gender, and Sexuality Studies, Certificate
(Code 485-601)

For advising, contact the Race, Ethnicity, Gender, and Sexuality Studies Department.

The Certificate in Women’s, Gender, and Sexuality Studies is designed for students who have a strong interest in developing a feminist lens to analyze systems of power with a focus on social justice but are not able to complete the requirements for a major or minor in Women’s, Gender, and Sexuality Studies. The certificate might appeal to those students who have limited opportunity to explore academic areas beyond their major discipline.

Currently enrolled degree-seeking students in good standing in the University or University Special Students are eligible to complete a Certificate in Women’s, Gender, and Sexuality Studies.

Certificate 2.00 average
University Residency Requirements
Minimum total 30
Senior year 23
Major, Standard, upper division in residence 12
Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provison for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

APPLICABILITY OF CREDITS TOWARD GRADUATION

Satisfactory/Unsatisfactory
Total degree credit maximum 12
Major or minor maximum ¼ of total

Credit by Examination
Total degree credit maximum ¼ of total
Major or minor maximum ½ of total

Two-Year College Credits
Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
Total KINS 100-184 maximum 1 credit
Total Band, chorus, drama maximum 12 credits
Single course band, chorus, drama maximum 4 credits

Extension credits
UW-System no maximum
Other extension/correspondence maximum ¼ of total
Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

College Graduation Requirements: Grade Point Averages. All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

Major-Minor and Major-Certificate Requirements. A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

College Credits. Earn at least 90 credits in courses offered by the College of Arts and Sciences.

Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of 5 in a 102-level foreign language course (or AIS 112 or AIS 122 / LANG 122 or CSD 103).

Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the
student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate-graduation-requirements/here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Sample Degree Plan
Women’s, Gender, and Sexuality Studies, Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate-graduation-requirements/here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.
- Engage in the community and advocate for social justice.

Elective (300-400) 3
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Integration (I1) 3
Elective (300-400) 3
TOTAL 30

Minimum total for the baccalaureate degree = 120 credits

NOTES

1. At least 12 credits in the major must be earned at the 300-400 level (required courses may count towards this requirement).
2. Students must complete 120 credits in order to complete their degree.
3. Students must complete 39 upper division credits.
4. All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see University Graduation Requirements).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Required: Students in the Women’s, Gender, and Sexuality Studies Program complete an internship in their final academic year.

Optional: Students can study abroad in India. These 3-week faculty-led programs are offered during the Winterim session and may be substituted for WGSS 335.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
Women's, Gender, and Sexuality Studies, Minor

Liberal Arts (Code 485-401)

The Women’s, Gender, and Sexuality Studies minor offers students important interdisciplinary and multidisciplinary perspectives to analyze systems of power with a focus on social justice. It complements majors in Arts and Sciences, Business, Education and Human Sciences, and Nursing and Health Sciences.

**Electives**

Select nine credits of electives from WGSS courses, courses cross-listed with WGSS, AIS 444, or SOC 415.  

1 Only if an International Experience and with the consent of the Race, Ethnicity, Gender, and Sexuality Studies Department Chair.

2 WGSS minors may apply a maximum of three credits to the minor from WGSS 395, WGSS 397, and WGSS 498.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Explain the social workings of power, privilege and oppression across a range of cultures and experiences.
- Demonstrate knowledge of a range of feminist, queer, and critical race theories and methodologies.
- Demonstrate the ability to use transnational feminist frameworks to critically analyze power and systems of oppression in a globalizing world.
- Engage in the community and advocate for social justice.

Sociology

Hibbard Humanities Hall 629
715-836-2720
Department Website (https://www.uwec.edu/academics/college-arts-sciences/departments-programs/sociology/)

Sociology explores social institutions, social issues, and social movements, and helps us understand power and privilege in society.

Departmental Honors Program

1. **Goals and Objectives**
   a. To provide an enriched educational experience for subsequent graduate study, professional activities, or public life.
   b. To allow concentrated and individualized study in selected areas of interest in the field of sociology.
   c. To stimulate, encourage, and challenge students to gain a better understanding of sociological research and theory in addition to usual instruction.
   d. To develop capabilities for independent thought and constructive criticism.

2. **Entrance Requirements for Honors in Sociology**
   a. Eligibility: Upper-class majors with resident and total GPAs of 3.50 and a GPA of 3.50 in sociology courses.
   b. Applications for the Honors Program should be made in writing to the department during the junior year.

3. **Satisfactory Completion of Requirements for Graduation with Honors in Sociology.**
   a. Minimum of 36 semester credit hours in the sociology department.
   b. Resident and total GPAs of 3.50 and resident and total GPAs of 3.50 in the major program at time of graduation.
   c. In consultation with a faculty mentor: Complete a two-semester sustained project (three or more credits of SOC 399, 496, 497, 498 or 499) culminating in both a final written paper for the faculty mentor that engages with theory, research, and/or praxis; and a final product for public presentation (e.g., paper, poster, pamphlet, project, or workshop).

Satisfactory/Unsatisfactory Policy

No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Majors
• Major: Sociology, Liberal Arts - B.A./B.S.

Minors
• Minor: Sociology, Liberal Arts
• Minor: Family Studies, Liberal Arts

Certificates
• Certificate: Social Diversity

Social Diversity, Certificate
(Code 480-601)

For advising, contact the Sociology Department.

The Social Diversity Certificate is a foundation for understanding inequality based on race, class, gender, and sexualities. These inequalities are caused by social institutions that create and sustain systems of oppression and privilege. Learning about the real, but often invisible causes of inequality helps individuals overcome internalized oppression and internalized privilege. It also helps professionals to better serve the public in fields such as health care, education, social services, and criminal justice.

</table>

Note: Courses may not be counted in both the certificate and the student’s major program. Students cannot pursue the Sociology Major and Social Diversity Certificate to meet graduation requirements for completing a first and second degree program.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Evaluate empirically based arguments about equity, diversity and inclusivity.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses). Other Restricted Credits. For other University restrictions, see the following:

- Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also

1 Certain programs exceed this minimum.
2 See special requirements in each College.
be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**College Degree Requirements**

**Bachelor of Arts or Bachelor of Science Degree (B.A./B.S.)**

**University Graduation Requirements.** All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**College Graduation Requirements: Grade Point Averages.** All candidates for degrees in the College of Arts and Sciences must earn minimum resident and total GPAs of 2.00 in the major, the minor, and the certificate. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the minor and the certificate are computed similarly.

**Major-Minor and Major-Certificate Requirements.** A standard major (a minimum of 36 credits) must be supplemented by a minor (a minimum of 24 credits) or by a certificate (12 to 18 credits) to meet graduation requirements.
for completing a first and second degree program. No minor or certificate is required with a Comprehensive Major (60 or more credits) or with two majors of 36 or more credits each.

Certain degree programs, which include Comprehensive Majors, may require more than the minimum of 120 credits for graduation.

Acceptable academic program combinations are determined at the college level. A major and a minor or a major and certificate or two majors (if available) may not be elected in the same department or program, except in the approved combinations listed here.

**College Credits.** Earn at least 90 credits in courses offered by the College of Arts and Sciences.

### Bachelor of Arts Degree in the College of Arts and Sciences (B.A.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); foreign language competency at the 102 level. Foreign language competency may be met in one of two ways: (1) Achieve a score on the foreign language placement test that qualifies the student to enter the 201-level course in a foreign language. (2) Earn a grade of at least C (not C-) or a mark of S in a 102-level foreign language course (or AIS 112 or AIS 112 / LANG 122 or CSD 103).

### Bachelor of Science Degree in the College of Arts and Sciences (B.S.)

Fulfillment of all University Graduation Requirements (which includes the Liberal Education Core); all College-level degree requirements (major and minor/certificate emphases, GPAs, earning at least 90 credits in Arts and Sciences course work); mathematics competency at the MATH 111, MATH 112 or MATH 113 level. Mathematics competency can be met in one of three ways: (1) Achieve a score on the mathematics placement test that qualifies the student to enter MATH 114. (2) Earn a grade of at least C (not C-) or a mark of S in MATH 111, MATH 112, or MATH 113. (3) Achieve a satisfactory score on the MATH 112 competency test. This test may be attempted no more than two times.

### Major Requirements

</tr>
</tbody>
</table>

Note 1: A maximum of nine credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward major.

Note 2: A sum total of nine credits in SOC 291 and SOC 491 courses may be counted toward the major.

Note 3: Sociology electives may include CRMJ 103 and/or CRMJ 302.

---

Note 4: No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Note 5: Majors are strongly encouraged to enroll in SOC 330 no later than the first semester of their junior year.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Apply the sociological perspective to the social world.
- Construct theoretically grounded sociological arguments.
- Construct empirically based arguments about individuals and society.
- Relate their sociological knowledge to social change and globalization.
- Explain how social structures and institutions create and sustain systems of oppression and privilege.
- Synthesize their sociological interests and skills with their own professional goals and career aspirations.

### Sample Degree Plan

#### Sociology, Major, B.A.

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/](https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students in this major have the option to pursue either a Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) degree. The degrees are distinguished by foreign language competency for the B.A. and a higher level of mathematics competency for the B.S.

### TOTAL

- Minimum total for the baccalaureate degree = 120 credits

**Note:** All students must complete the 30-hour Service-Learning Requirement via a non-credit or credit option (see Undergraduate Graduation Requirements).

### PROGRAM INFORMATION

#### Sociology Major Requirements

Thirty-six semester credits, including:
- SOC 101 Introduction to Sociology (3) (Fall, Spring, Summer)
- SOC 328 Sociological Data Analysis (3) (Fall)
- SOC 330 Sociological Theory (3) (Fall)
- SOC 332 Sociological Research Methods (4) (Spring)
- SOC 490 Sociology Capstone (3) (Fall)
- Sociology electives (20)

**Note 1:** Majors are strongly encouraged to enroll in SOC 330 no later than the first semester of their junior year.
**Note 2:** A maximum of nine credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward major.
**Note 3:** A sum total of nine credits in SOC 291 and SOC 491 courses may be counted toward the major.
**Note 4:** Sociology electives may include CRMJ 103 and/or CRMJ 302.

#### Overlap between Sociology and LE Core

- K2–SOC 101 Introduction to Sociology, SOC 164 Family and Intimate Relationships, SOC 301 Environmental Sociology, SOC 304 Sociology of the Middle East
- R1–SOC 101 Introduction to Sociology, SOC 202/WGSS 202 Sociology of Gender, SOC 312 Race and Ethnicity in the US (also DD4), SOC 314 Social Class and Inequality, SOC 316 Sociology of Family
- R2–SOC 304 Sociology of the Middle East
- R3–SOC 242 Social Problems, SOC 301 Environmental Sociology
- I1–SOC 360 Sociology of Culture, SOC 490 Sociology Capstone

#### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Note 1: A minimum of nine credits must be taken in courses numbered 300 or higher.
Note 2: A maximum of six credits earned in SOC 395, SOC 399, SOC 496, SOC 497, SOC 498, and/or SOC 499 may count toward minor.
Note 3: A sum total of six credits in SOC 291 and SOC 491 courses may be counted toward the minor.
Note 4: Sociology electives may include CRMJ 103 and/or CRMJ 302.
Note 5: No credit may be earned under the Satisfactory/Unsatisfactory option for any course counted toward a departmental major or minor.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

• Apply the sociological perspective to the social world.
• Evaluate empirically based arguments about individuals and society.
• Relate their sociological knowledge to social change and globalization.
• Explain how social structures and institutions create and sustain systems of oppression and privilege.

College of Business

K. Brewer Doran, Dean (Schneider 119)
Jean A. Pratt, Associate Dean (Schneider 119)
Kristy Lauver, Interim Director, Center for Health and Aging Services Excellence (Schneider 400E)
Lauren Bach, Lead Advisor, College of Business, Advising, Retention + Career Center (VLL 2100LL)
Alyssa Slaby, Career Counselor, Advising, Retention + Career Center (VLL 2100K)

Additional information about the College of Business (https://www.uwec.edu/academics/college-business/) can be found on the college’s website.

College of Business Vision and Mission

Our Vision
To be a leading regional College of Business recognized for our innovative teaching, distinctive academic programs, and value-added educational experiences.

Our Mission
“The College of Business prepares students for success”

Students completing a degree program are prepared to achieve success, whether their next step is employment in their chosen field, graduate study, not-for-profit work, a new career, or a new direction for their current career. Our undergraduate and graduate curricula are designed to provide students with the content knowledge and skills needed to achieve success throughout their careers and lives.

Undergraduate Learning Competencies

The College of Business curriculum builds on and enhances the campus liberal education core curriculum. The curriculum provides a broad-based exposure to the functional areas of business through the Business Core (BUSCORE). The various majors provide depth of study within a specific business function. Additionally, the curriculum is designed to provide repeated exposure and mastery of three focused learning goals which are critical to student success:

- Oral and written communication skills
- Teamwork
- Problem-solving skills

Student Classification

Students may declare a major or minor in the College of Business upon admission to the university. Students may also declare “Pre-Business” status if they intend to major in the College of Business, or are highly considering a College of Business major, but have not yet decided what that major will be.

Dean’s List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean’s List. Admitted undergraduate students are eligible, if they meet the following criteria for the semester:

- earn a minimum of 12 credits,
- be in good academic standing,
- earn a minimum semester GPA of 3.70,
- have no courses with the following grades:Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned),
- have no courses below the 100 level,
- have no repeats,
- have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470).

Dean’s List students will receive notification and congratulations from the Dean.

College of Business Laptop Computer Requirement

Select courses offered in the College of Business require students to bring a laptop computer to class. Additional information is available on the College of Business (https://www.uwec.edu/academics/college-business/) website.

Experience-Based Learning

Business students can broaden their education and gain additional skills and competencies through participation in learning experiences outside of the traditional classroom. The College of Business encourages students to participate in one or more of the following experience-based learning opportunities.

College of Business Internships

All College of Business undergraduate students are encouraged to participate in an internship during their course of studies (see the “Internships within College of Business Programs” (https://www.uwec.edu/academics/college-business/academic-resources/internships/) webpage for more information). College-approved internships may be taken for credit or as a transcripted, non-credit activity. Credit internships generally involve a greater degree of faculty/staff oversight and/or peer interaction during the internship experience. This may take the form of internship site visits, online internship class discussions, faculty feedback on student journals, etc.

General Internship Requirements

To be approved as a for-credit or transcripted, non-credit internship in the College of Business, the following minimum criteria must be satisfied:

- Students are expected to have relevant work assignments that provide value to the hosting organization, while engaged in college-level learning experiences. Most internship positions satisfying this requirement are paid positions. Department of Labor guidelines determine whether an intern should be treated as an employee under the Fair Labor Standards Act.
- Accordingly, and in compliance with the Fair Labor Standards Act, internships at “for profit” private sector organizations must offer at least the minimum wage and overtime compensation for hours worked over 40 in a workweek. Employers must communicate to the student whether the internship is paid or unpaid. Department of Labor interpretation of FLSA currently permits unpaid internships in public sector and non-profit charitable organizations where the intern volunteers without expectation of compensation.
- The employer must designate and provide contact information for an internship supervisor. The supervisor will provide mentoring and guidance during the internship and will submit an evaluation of student performance at the end of the internship.
- A transcripted, non-credit internship must provide (at a minimum) hours worked satisfying the requirements for a one-credit internship.
Students should contact their respective major department offices in the College of Business for additional, department-specific requirements and procedures regarding internship credit and transcripting.

**Internship Procedures**

- Students are encouraged to utilize campus resources such as Career Services, fall and spring Career Conferences, student organizations, and other sources to secure internship employment opportunities.
- The internship must be approved by the student’s major department chair or chair’s designee prior to the work experience.
- If the internship is to be completed for university credit (see below), the student must register for the appropriate internship course prior to the work experience.

**Credit-Bearing Internships**

**Note:** Credit internship registration is required for the internship to qualify as “Full Time Equivalent Enrollment Status.”

Students may earn university credit for their internship work, as determined by the department chair or internship coordinator. The number of work hours required per credit earned will depend on department policy and the nature of the internship. Additionally, each department or program may limit the number of internship credits that may be applied toward major, college, or university graduation requirements.

Students who are interested in the Business Internship Program should contact their department chair within the College of Business or the Career Counselor, located in Vicki Lord Larson Hall 2100, 715-836-3487. Additional information is available on the College of Business (https://www.uwec.edu/academics/college-business/) website.

**International Education**

The College of Business faculty strongly encourage all business students to study abroad and/or complete an international internship. In today’s business world there are no longer hundreds of isolated markets but rather many very interconnected markets within a global economy. Chances are high that a student majoring in business will end up in a career which will require knowledge and skills needed for operating effectively in the international markets. Employers are looking for individuals who demonstrate self-confidence, independence, global awareness, and knowledge of a multicultural world. To help students gain these skills and competencies, many opportunities exist for them to study outside of the United States. Many courses taken abroad or away contribute to the Liberal Education or 120-credit requirements. Courses contributing to a College of Business major must be taken at an AASCB-accredited institution or be approved by the department chair prior to enrollment. Additional information about study abroad programs is available on the Center for International Education (https://www.uwec.edu/academics/explore-opportunities/study-abroad/cie/) website.

**Service-Learning Experience**

Business students can apply the functional knowledge and communication skills gained in the classroom through service in the community. Service-learning is an academic experience that combines community services with intentional learning goals, reflection, and critical analysis. Service-learning offers students the opportunity to apply knowledge gained in the classroom through service to others. All UW-Eau Claire undergraduates are required to complete 30 or more clock hours of curricular, extracurricular, or co-curricular service-learning. Acceptable activities can take many forms. Service-learning activities may be integrated into a course or may involve participation in a community service program or internship. Service-learning projects are typically unpaid. Information regarding the completion of the service-learning requirement can be obtained from the department chairs or the University’s Service-Learning (https://www.uwec.edu/service-learning/) website.

**Faculty/Student Collaborative Research**

Business students can gain functional knowledge and practice communication and teamwork skills by working with a faculty member on an academic research project. Research projects are presented at the University’s Celebration of Excellence in Research and Creative Activity (CERCA) event. Students may gain independent study credit for the experience. This opportunity is particularly beneficial for students considering graduate school. Additional information about faculty/student collaborative research opportunities is available from the Office of Research and Sponsored Programs (http://www.uwec.edu/ORSQ/).

**Business Student Organizations**

Pre-business and business students can apply the knowledge and skills learned in the classroom through active participation in student business organizations. Members network with professionals, go on field trips to businesses, plan meetings, organize fund-raising events, participate in social occasions, attend regional and national conferences, and build lasting friendships with other business students. Additional information is available on the Student Organizations in Business (https://www.uwec.edu/academics/college-business/academic-resources/student-organizations/) page of the College of Business website.

**College of Business Scholarships**

Refer to the Business Scholarships (https://www.uwec.edu/academics/college-business/academic-resources/scholarships/) page on the College of Business website for an up-to-date listing of College of Business scholarships.

**Special Course Options**

**Credit by Examination.** Each department within the College of Business has established its own policy with respect to credit by examination. Contact the appropriate department chair for additional information.

**Independent Study.** Students who wish to undertake an independent study project must demonstrate academic capability and must secure, prior to registering, the consent of the chair of the department offering the independent study and the faculty member directing the study.

For further information, contact the appropriate College of Business department chair.

**Master of Business Administration Graduate Degree Program**

The UW-Eau Claire College of Business is a member and managing partner of the University of Wisconsin MBA Consortium program.

The purpose of the UW MBA Consortium program is to guide students in becoming effective leaders who possess broad, practical understanding of the business world and the dynamic, global environment in which it operates. The program is designed to develop each individual’s ability to recognize the needs of customers, employees, stockholders, and other organizational stakeholders; secure competitive advantage through emphasis on quality, technology, and innovation; communicate effectively and interact with members of a diverse, global workforce and business environment; apply a variety of decision-making tools and techniques to dynamic business situations; and manage an organization in a socially responsible and ethical manner.

The program is designed to meet the needs of individuals currently in the workforce who wish to pursue an MBA on a part-time basis while continuing
their full-time employment. See the MBA Program (https://catalog.uwec.edu/graduate/programs/mba-program/) section of this catalog for further information and specific degree requirements.

**Degrees and Curricula**

**Bachelor of Business Administration (BBA)**

**Comprehensive Majors:**

- Accounting
- Business Communication
- Business Economics
- Business Finance
- Entrepreneurship
- Health Care Administration
- Human Resource Management
- Information Systems
- International Business
- Management
- Operations and Supply Chain Management

**Marketing:**
- General Marketing
- Marketing Analytics
- Professional Sales

**Bachelor of Business Administration (BBA)**

**Standard Major:**

Business Administration

**Undergraduate Business Minors ¹:**

- Accounting
- Business Administration
- Business Finance
- Entrepreneurship
- Information Systems
- International Business
- Management
- Marketing

**Military Science and Leadership Minor ¹:**

Military Leadership

¹ All of the above minors are available to students outside of the College of Business. Course prerequisites should be taken into account when planning a minor area of study.

**Double Major and Major/Minor Combinations Within the College of Business**

**Double Majors:** Students may pursue a combination of comprehensive majors from different disciplines in the College of Business.

**Major/minor Combination:** Students can pursue major/minor combinations from different disciplines in the College of Business.

**Business Administration Exception:** Because the standard Business Administration major and the Business Administration minor are composed primarily of the BUSCORE, which is the core of all COB comprehensive majors, neither the Business Administration major nor the Business Administration minor can be combined with any COB comprehensive major.

**Residency Requirements for College of Business Minors**

At least 12 credits used to fulfill the requirements of a minor from the College of Business must be earned in residence. Resident credits do include credits earned through the National Student Exchange program and U.W.-Eau Claire study abroad programs.

**College of Business Certificate Programs**

College of Business certificate programs listed below may be used to satisfy university academic concentration requirements. Certificate programs may also be used to enhance or complement a student’s major or minor program.

- Advanced Business Communication Certificate
- Digital Marketing Analytics Certificate*  
- Entrepreneurship Certificate*
- Information Systems Certificate
- International Business Certificate*
- Leadership Studies Certificate*
- Professional Sales Certificate*

*This certificate does not satisfy university academic concentration requirements in combination with the Business Administration major.

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.)
• No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
• Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Pre-Professional Programs

Pre-Business

The Pre-Business area of study (formerly known as Business Undecided) is designed to enable students to start working on their BBA degree while they explore the various business disciplines. The Pre-Business area of study is not a major. Rather, it comprises the proficiency competencies and most of the BUSCORE that all College of Business students take as part of their major. Through the BUSCORE, students are exposed to the different business disciplines of study and can then easily transition to and declare one of the majors in the College of Business. Students who have declared Pre-Business will be advised through the Business Communications and Information Systems department.

(Code 740-900)

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>
<tr>

</tr>
</tbody>
</table>

Total Credits 32

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.
2 MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. Students pursuing a Pre-Business area of study should complete the Student Professional Development Workshops on the same timeline as students pursuing a major in the College of Business. For more information, visit the College of Business website (https://www.uwec.edu/academics/college-business/departments-programs/business-communication/academic-offerings/student-professional-development-program/). (https://www.uwec.edu/academics/college-business/)

Accounting and Finance

Schneider Social Science 400a
715-836-2184
www.uwec.edu/acctfin (https://www.uwec.edu/academics/college-business/departments-programs/accounting-finance/)

Accounting is the field of study which focuses on developing and providing financial information about businesses, including information about the cost of products manufactured or services provided, and about governmental and not-for-profit organizations. This information is used by internal and external decision makers and other stakeholders of the organization. The accounting program is designed to provide the student depth of knowledge in accounting and business, and to help develop communication, interpersonal, critical thinking, and analytical skills. These skills are highly valued by organizations seeking to employ accountants. Careers in accounting include public accounting, financial accounting, managerial accounting, internal auditing, tax accounting, and governmental and not-for-profit accounting.

Finance is the field of study which focuses on managing the finances of firms, financial institutions, and individuals. Careers in finance include corporate financial officer, banker, stockbroker, financial analyst, portfolio manager, investment banker, financial consultant, and personal financial planner.

The Department of Accounting and Finance offers a 64-credit comprehensive major in Accounting. The Department also offers a 64-credit comprehensive major in Finance. Minors in Accounting and Finance are also available.

Department of Accounting and Finance Scholarships

Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of Department of Accounting and Finance scholarships, or contact the department chair, Schneider 400A.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from each technical college as comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

<table>
<thead>
<tr>
<th>LIBERAL EDUCATION CORE REQUIREMENTS</th>

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website ([link](http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration ([link](https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/)) if a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements

(Code 720-006)
UWEC’s 120 credit Accounting major provides an all-inclusive program which will enable the graduate to pursue a career in the field of accounting, qualifying them for entry level accounting positions. Our majors are highly sought after by employers in the public, private and non-profit sectors with many of these employers’ offering internships that students can pursue while completing their degree. Over 90% of our graduates have taken advantage of at least one paid internship for credit as a part of their degree program. This 120 credit degree in Accounting from the University of Wisconsin, Eau Claire provides the background necessary for students to excel in the field of accounting and pursue licensure through examination as a Certified Public Accounting (CPA), a Certified Management Accounting Exam (CMA), and a Certified Internal Auditor (CIA).

CPA Licensure
Some states allow you to take the CPA exam (like Wisconsin) once you have completed the accounting coursework from the 120 credit degree, but all states require the completion of 150 credits before a license is issued. There is no requirement as to what courses are taken to obtain the extra 30 credits. There is no requirement that they be in accounting. Many students who are pursuing CPA licensing choose to combine 12 credits of internship with 18 credits (6 courses) of other coursework in topics like finance and information systems.

Our students are highly sought after by the big four public accounting firms, as well as national, regional and local CPA firms as well. These same firms offer a paid internship for credit as part of their degree program. This 120 credit degree provides the background necessary for students to excel in the field of accounting and pursue licensure through examination as a Certified Public Accounting (CPA), a Certified Management Accounting Exam (CMA), and a Certified Internal Auditor (CIA).

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Program Learning Outcomes
Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
• BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

• Compile financial statements according to GAAP
• Analyze financial statements and related qualitative information
• Evaluate a company’s internal controls
• Produce professional communications on technical accounting issues, including regulatory reporting
• Evaluate business analytics

Sample Degree Plans
Sample Degree Plan: B.B.A., Accounting (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements] for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR
FIRST SEMESTER
MATH 109 Algebra for Calculus (LE-S2) 4
SOMETIME IN THE FIRST YEAR
BSAD 180 Foundations for Success in Business 3
ECON 103 Principles of Microeconomics (LE-K2) 3
ECON 104 Principles of Macroeconomics (LE-K2) 3

FIN 320 Principles of Finance 3
SECOND SEMESTER
ACCT 302 Intermediate Accounting II 3
ACCT 314 Cost Accounting 3
ACCT 321 Individual Federal Income Taxation 3

SOMETIME IN THE THIRD YEAR
LE Integration (I1) (ACCT 495 recommended: 3 of 12 credits contribute to the BBA; the remaining toward the CPA 150.) 3
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1

WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIME IN THE FIRST OR SECOND YEAR
LE Option: Knowledge 1 (K1) Natural Sciences 3
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab 4
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
LE Option: Responsibility 2 (R2) Global Perspectives 3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3
LE Option: Skills 3 (S3) Creativity 3
SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

NSE: Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR
FIRST SEMESTER
ACCT 201 Introduction to Accounting 3
SECOND SEMESTER
ACCT 202 Principles of Accounting 3

SOMETIME IN THE SECOND YEAR
B.COM 206 Business Writing (LE-S1) 2
B.COM 207 Business Presentations (LE-S1) 2

MATH 246 Elementary Statistics (LE-S2) 4

THIRD YEAR
FIRST SEMESTER
ACCT 301 Intermediate Accounting I 3
FIN 320 Principles of Finance 3
SECOND SEMESTER
ACCT 302 Intermediate Accounting II 3
ACCT 314 Cost Accounting 3
ACCT 321 Individual Federal Income Taxation 3

SOMETIME IN THE THIRD YEAR
LE Integration (I1) (ACCT 495 recommended: 3 of 12 credits contribute to the BBA; the remaining toward the CPA 150.) 3
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305  Legal and Regulatory Environment  3
MGMT 340  Organizational Behavior  3
MKTG 330  Principles of Marketing  3
OSCM 341  Operations Management  3

SOMETIME IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Accounting majors: consider especially the University of Limerick in Ireland, the University of Glasgow in Scotland, Massey University in New Zealand—then Deakin University in Melbourne, Australia. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., ACCT, FIN) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Sample Degree Plan: B.B.A., Accounting-Finance (Comprehensive Double Major)
The following is a hypothetical schedule, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your actual degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your personalized degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements.

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about
when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

Accounting, Minor

(Code 720-403)

Minor Requirements

This minor has been designed to provide a general understanding of accounting and its role in society.

The minor consists of 24 credits as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>
</tr>
<tr>
<td>ACCT 202</td>
<td>Principles of Accounting</td>
<td>3</td>
</tr>
<tr>
<td>ACCT 301</td>
<td>Intermediate Accounting I</td>
<td>3</td>
</tr>
<tr>
<td>ACCT 314</td>
<td>Cost Accounting</td>
<td>3</td>
</tr>
<tr>
<td>ACCT 321</td>
<td>Individual Federal Income Taxation</td>
<td>3</td>
</tr>
</tbody>
</table>

Accounting Minor Electives - Select from the following: 9

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 302</td>
<td>Intermediate Accounting II</td>
</tr>
<tr>
<td>ACCT 313</td>
<td>Auditing</td>
</tr>
<tr>
<td>ACCT 401</td>
<td>Advanced Financial Accounting</td>
</tr>
<tr>
<td>ACCT 403</td>
<td>Financial Accounting Integration</td>
</tr>
<tr>
<td>ACCT 417</td>
<td>Governmental and Nonprofit Organization Accounting</td>
</tr>
<tr>
<td>ACCT 420</td>
<td>Fraud Investigation and Prevention</td>
</tr>
<tr>
<td>ACCT 423</td>
<td>Corporate, Partnership, and Other Entity Tax</td>
</tr>
<tr>
<td>ACCT 425</td>
<td>Ethics in Accounting</td>
</tr>
<tr>
<td>ACCT 434</td>
<td>Advanced Cost Accounting</td>
</tr>
<tr>
<td>ACCT 460</td>
<td>Accounting Information Systems and Technology</td>
</tr>
<tr>
<td>ACCT 470</td>
<td>Data Analytics for Accounting</td>
</tr>
</tbody>
</table>

Note 1: A 2.00 or higher GPA in courses counting toward the minor is required.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Compile financial statements according to GAAP
- Analyze financial statements and related qualitative information

Business Finance, Comprehensive Major

(Code 800-000)
University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements
- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36
- Academic Concentrations

Grade Point Requirements
- Total 2.00 average
- Resident 2.00 average
- Major 2.00 average
- Minor 2.00 average
- Certificate 2.00 average

University Residency Requirements
- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of required credits

Procedures Required for Graduation
- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOMER.EAU_TRNCRDW2.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses.

Other Restricted Credits. For other University restrictions, see the following:
- Cooperative Education
- Credit by Examination
- Satisfactory/Unsatisfactory Registration
- Transfer of Credits

APPLICABILITY OF CREDITS TOWARD GRADUATION

<table>
<thead>
<tr>
<th>Credit Restrictions</th>
</tr>
</thead>
<tbody>
<tr>
<td>Satisfactory/Unsatisfactory</td>
</tr>
<tr>
<td>Total degree credit maximum 12</td>
</tr>
<tr>
<td>Major, Standard maximum 1 course</td>
</tr>
<tr>
<td>Major, Comprehensive maximum 2 courses</td>
</tr>
<tr>
<td>Minor maximum 1 course</td>
</tr>
</tbody>
</table>

Credit by Examination
- Total degree credit maximum ¼ of total
- Major or minor maximum ½ of total

Two-Year College Credits
- Total degree credit maximum 72 credits

Activity credit (band, chorus, drama, KINS 100-184)
- Total KINS 100-184 maximum 1 credit
- Total Band, chorus, drama maximum 12 credits
- Single course band, chorus, drama maximum 4 credits

Extension credits
- UW-System no maximum
- Other extension/correspondence maximum ¼ of total

USAFI
- USAFI maximum 32 credits

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
- Knowledge Outcome 1 (K1): Natural Sciences
- Knowledge Outcome 2 (K2): Social Sciences
- Knowledge Outcome 3 (K3): Behavioral Sciences
- Knowledge Outcome 4 (K4): Humanities
- Knowledge Outcome 5 (K5): Artistic Expression
- Knowledge Outcome 6 (K6): Global Perspectives
- Knowledge Outcome 7 (K7): Scientific Inquiry
- Knowledge Outcome 8 (K8): Mathematical Reasoning
- Knowledge Outcome 9 (K9): Communication
- Knowledge Outcome 10 (K10): Information Literacy
- Knowledge Outcome 11 (K11): Critical Thinking
- Knowledge Outcome 12 (K12): Ethical Reasoning

Minimum of 36 credits

Knowledge Goal
- Knowledge Outcome 1 (K1): Natural Sciences
- Two (2) learning experiences
### Provisions and Requirements

#### Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

### College Degree Requirements

#### Bachelor of Business Administration Degree Requirements

| Knowledge Outcome 2 (K2): Social Sciences | Two (2) learning experiences |
| Knowledge Outcome 3 (K3): Humanities | Two (2) learning experiences |
| Knowledge Outcome 4 (K4): Fine Arts | One (1) learning experience |

#### Skills Goal

| Skills Outcome 1 (S1): Written and Oral Communication | Two (2) learning experiences |
| Skills Outcome 2 (S2): Mathematics | One (1) learning experience |
| Skills Outcome 3 (S3): Creativity | One (1) learning experience |

#### Responsibility Goal

| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity | Two (2) learning experiences |
| Responsibility Outcome 2 (R2): Global Perspectives | One (1) learning experience |
| Responsibility Outcome 3 (R3): Civic and Environmental Issues | One (1) learning experience |

| Integration Goal |
| Integration Outcome 1 (I1): Integration | Two (2) learning experiences |

| Service-Learning Goal |
| Service-Learning | 30 hours |

### Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

### Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student's major or business minor.

### Major Requirements

(Code 800-000)

#### Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>
</tr>
<tr>
<td>ECON 104</td>

<tr>
<td>MATH 109</td>
<td>Algebra for Calculus</td>
<td>4</td>
</tr>
<tr>
<td>MATH 246</td>
<td>Elementary Statistics</td>
<td>4</td>
</tr>
</tbody>
</table>

1 MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

### The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>
</tr>
<tr>
<td>BCOM 206</td>
<td>Business Writing</td>
<td>2</td>
</tr>
<tr>
<td>BCOM 207</td>
<td>Business Presentations</td>
<td>2</td>
</tr>
<tr>
<td>BSAD 180</td>
<td>Foundations for Success in Business</td>
<td>3</td>
</tr>
</tbody>
</table>
BSAD 300  |  Equity, Diversity, and Inclusion in the Workplace  |  1
BSAD 305  |  Legal and Regulatory Environment  |  3
FIN 320  |  Principles of Finance  |  3
IS 240  |  Information Systems in Business  |  3
MKTG 330  |  Principles of Marketing  |  3
MGMT 340  |  Organizational Behavior  |  3
MGMT 449  |  Strategic Management in a Global Business Environment  |  3
OSCM 341  |  Operations Management  |  3

Total Credits: 32

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.
2 MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

**Business Finance Major**

Sixty-four semester credits including the 32-credit BUSCORE plus 32 additional credits as follows:

<table>
<thead>
<tr>

<td>Corporate, Partnership, and Other Entity Tax</td>
</tr>
</tbody>
</table>

**Additional Required Credits:** | 2

2 credits of Business/Economics at the 300 level or above

---

1 FIN 495 maximum of 3 credits can count towards the Business Finance major and graduation requirements.
2 Course must be approved prior to enrolling. Recommended courses include ECON 318, ACCT 401, MGMT 414, FIN 495

**Program Learning Outcomes**

Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Compute the value of securities
- Apply knowledge, skills, or responsibilities gained in one academic or experiential context to other contexts
- Apply criteria for accepting or rejecting an investment based on discounted cash flow analysis
- Compute the value of derivative securities
- Identify and explain appropriate measure of risk

**Sample Degree Plan**

**B.B.A., Business Finance (Comprehensive Major)**

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/](https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**FIRST YEAR**

**FIRST SEMESTER**

<table>
<thead>
<tr>
<th>Course Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 109</td>
<td>Algebra for Calculus (LE-S2)</td>
<td>4</td>
</tr>
</tbody>
</table>

---
SOMETIME IN THE FIRST YEAR

BCOM 207 Foundations for Success in Business 3
ECON 103 Principles of Microeconomics (LE-K2) 3
ECON 104 Principles of Macroeconomics (LE-K2) 3
WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) 5
OR
WRIT 116 Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)
OR
WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)
OR
WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIME IN THE FIRST OR SECOND YEAR

LE Option: Knowledge 1 (K1) Natural Sciences 3
LE Option: Knowledge 1 (K1) Natural Sciences with Lab 4
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
LE Option: Responsibility 2 (R2) Global Perspectives 3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3
LE Option: Skills 3 (S3) Creativity 3
Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

NSE: Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR

FIRST SEMESTER
ACCT 201 Introduction to Accounting 3
SECOND SEMESTER
ACCT 202 Principles of Accounting 3
FIN 320 Principles of Finance 3

SOMETIME IN THE SECOND YEAR

BSAD 180 Foundations for Success in Business 3
MATH 246 Elementary Statistics (LE-S2) 4

THIRD YEAR

FIRST SEMESTER
FIN 321 Financial Markets and Institutions 3
FIN 322 Investments 3
ACCT Elective: See catalog and degree audit for list of approved courses.

SECOND SEMESTER
FIN 327 Long Term Financial Management 3
ACCT Elective: See catalog and degree audit for list of approved courses.

SOMETIME IN THE THIRD YEAR

LE Integration (I1) (FIN 495 internship recommended) 3
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1

SOME TIME IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Business Finance majors: consider especially the University of Limerick in Ireland, the University of Glasgow in Scotland, Massey University in New Zealand—they Deakin University in Melbourne, Australia. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., ACCT, FIN) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 2

FOURTH YEAR

FIRST SEMESTER
FIN 328 Introduction to Derivative Securities 3
FIN Elective 3
SECOND SEMESTER
300-400 Level BUS/ECON Elective 2
FIN Elective 3-6

SOMETIME IN THE FOURTH YEAR

MGMT 449 Strategic Management in a Global Business Environment 3
ELECTIVE CREDITS: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/undergraduate/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F8428E-5056-8565-C4F8852A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Sample Degree Plan: B.B.A., Accounting-Finance (Comprehensive Double Major)

The following is a hypothetical schedule, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your actual degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your personalized degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements.

or FIN 495 Finance Internship

SOMETIME IN THE FOURTH OR FIFTH YEAR
MGMT 449 Strategic Management in a Global Business Environment 3

Elective Credits: Additional credits needed to reach 120 credits to graduate or 150 credits for CPA exam.

FIFTH YEAR

FIRST SEMESTER
ACCT Elective: See catalog and degree audit for list of approved courses.
ACCT 313 Auditing 3
ACCT 460 Accounting Information Systems and Technology 3
ACCT 470 Data Analytics for Accounting 3
FIN Elective: See catalog and degree audit for list of approved courses.

SECOND SEMESTER
FIN Elective: See catalog and degree audit for list of approved courses.
ACCT Elective: See catalog and degree audit for list of approved courses.

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A09D&Link_ID=62E08F81-A555-5AF9-7AA625B5856C21266F) for more information regarding Your Major + Study Abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

**Business Finance, Minor**  
(Code 800-401)

</table>

**Program Learning Outcomes**  
Students completing this program will be expected to meet the following learning outcomes:

• Compute the value of securities

• Apply criteria for accepting or rejecting an investment based on discounted cash flow analysis

• Identify and explain appropriate measure of risk

---

**Business Communication and Information Systems**

Schneider Social Science 404F  
715-836-4320  

**Business Communication**

Business Communication (BCOM) is the study of written, oral, and visual communication in the workplace. It is a field of study in its own right, but it is also an important field of study for anyone in any business discipline. Students have two pathways for studying BCOM: the comprehensive business communication major (no minor required) and the Advanced Business Communication Certificate (12 credits).

BCOM graduates are prepared for a variety of internships and career opportunities as an internal communication specialist, communications manager, writer, editor, social media specialist, and related jobs. BCOM students study a range of business communication topics, including writing common business documents, leading teams and facilitating their work, communicating visually, and using current technologies that enable a multimodal approach to effective communication in the workplace. In conjunction with other business courses in information systems, finance, economics, accounting, management, and marketing, the courses in the BCOM major position graduates well to be assets in a range of positions in many organizations.

Business Writing (BCOM 206) and Business Presentations (BCOM 207) are part of the BUSCORE. Students must earn a C or above in BCOM 206 and BCOM 207 to meet College of Business degree requirements. Students who do not earn at least a C in BCOM 206 must repeat the course until they earn a C or better. Students who do not earn at least a C in BCOM 207 must repeat the course until they earn a C or better.

**Information Systems**

Information Systems (IS) is the study of the development, management, and application of computer information systems by businesses.

IS graduates have a wide variety of excellent career prospects. Systems/business/data analyst, web services developer, application software developer, project manager, digital network manager, risk assurance professional, and database administrator are just a few of the prestigious and well-paid positions available.

The IS program is housed in the College of Business, allowing IS graduates to obtain a broad background in business concepts. This allows them to develop expertise in bridging the gap between business professionals and computer technologists. IS graduates develop important business knowledge and skills such as communication, teamwork, and problem solving, as well as technical knowledge and skills such as systems analysis and design, computer programming, database management, network management, and Web development.

Students can pursue one of three different IS programs: a comprehensive major (62 credits, no minor required), a minor (25 credits), and a certificate (12 credits).
Business Administration
The standard major in Business Administration is offered through the Business Communication and Information Systems Department. The standard major in Business Administration is offered for those students interested in the flexibility of a major/minor or major/certificate program of study, particularly for those interested in a minor or certificate outside the College of Business. Many of the minors and certificates offered within the College of Business do not satisfy university academic concentration requirements when paired with the Business Administration major, and some minors (Entrepreneurship, Human Resources, Management, Operations/Supply Chain Management, all of the Marketing minors, and the Business Administration minor) may not be paired as a secondary program with the Business Administration major. Please see the list of approved double major and major/minor combinations in the College of Business.

Student Organizations
The department supports the student organization Learning & Technology. Membership is open to all students interested in the study of information systems.

Scholarships
Refer to the College of Business website for an up-to-date listing of Business Communication and Information Systems scholarships, or contact the department chair, Schneider 400F.

College of Business students may petition to count up to 3 credits of a communication-intensive course in the College of Business in their major toward the 12 credits earned for the certificate. Students need to earn a grade of B- or better in the course to count toward the certificate. The petition must be approved by the Business Communication Program Director prior to taking the course.

Contact the Business Communication Department (Schneider 404) for more information.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Write common business documents (e.g., emails, memos, letters, reports, proposals, manuals, instructions), individually and in teams, using standard business document formats and organizational patterns (e.g., direct, indirect, persuasive).
- Use oral communication skills to communicate effectively, individually and in teams, in presentations, meetings, roundtable discussions, interviews, and interpersonal communication settings.
- Use technologies and software to create documents and presentations, present data, and facilitate meetings.
- Create and use visuals to present quantitative and qualitative data in written communication and oral presentations.
• Use standard business-English grammar, mechanics, and punctuation in written and oral communication.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

¹ Certain programs exceed this minimum.

² See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**APPLICABILITY OF CREDITS TOWARD GRADUATION**

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Knowledge Goal**

Knowledge Outcome 1 (K1): Natural Sciences

Knowledge Outcome 2 (K2): Social Sciences

Knowledge Outcome 3 (K3): Humanities

Knowledge Outcome 4 (K4): Fine Arts

One experience in laboratory science must be selected from either K1 or K2.

Two (2) learning experiences

**Skills Goal**

Skills Outcome 1 (S1): Written and Oral Communication

Skills Outcome 2 (S2): Mathematics

Skills Outcome 3 (S3): Creativity

One (1) learning experience

**Responsibility Goal**

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity

Responsibility Outcome 2 (R2): Global Perspectives

Responsibility Outcome 3 (R3): Civic and Environmental Issues

Two (2) learning experiences

**Integration Goal**

Integration Outcome 1 (I1): Integration

Two (2) learning experiences

**Service-Learning Goal**

Service-Learning

30 hours

---

**College Degree Requirements**

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/)). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

**Major Requirements**

(Code 740-200)

(Code 740-201 online degree completion)

The standard major in Business Administration is offered for those students interested in the flexibility of a major/minor or major/certificate program of study, particularly for those interested in a minor or certificate outside the College of Business. The BUSCORE is the core of all College of Business majors. Therefore, many of the minors and certificates offered within the College of Business do not satisfy university academic concentration requirements when paired with the Business Administration major.

**Proficiency Requirements**

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.
The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>BCOM 206</td>
<td>Business Writing ¹</td>
<td>2</td>

¹ The Business Administration major is not available as part of a double major combination with any other College of Business major.

Degree Completion
Program code 740-201 is intended as an online degree completion program for students transferring to UW-Eau Claire with a qualifying associate’s degree that includes the major Proficiency Requirements among the associate degree coursework. Such students are able to complete the requirements of the Business Administration major via online course offerings. Students should consult with their advisor to identify a secondary area of study that can be completed online.

Program Learning Outcomes
Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Sample Degree Plan
Business Administration, B.B.A. (Standard Major)
The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering
 UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.1

---

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**SOMETIMES IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie//Business Administration majors: consider especially Seoul, Korea; Limerick, Ireland; and Lorenzo d’Medici, Italy. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Work closely with your academic advisor to plan your study abroad experience.

Minimum total for the baccalaureate degree = 120 credits
1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Students opting to complete the LE-I1 through study abroad can replace this course with an approved elective course.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

1 This minor is not available to College of Business majors.

2 Student Professional Development Program. This program requires completion of four SPDP workshops. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Program Learning Outcomes

The Business Administration minor is composed of a major subset of the BUSCORE, which is the core of all College of Business majors. Therefore, students completing the Business Administration minor will be expected to meet the following College of Business learning goals:

- Oral Communication: Graduates will be excellent oral communicators.
- Written Communication: Graduates will be exemplary business writers.
• Teamwork: Students will be effective team members.
• Problem Solving: Students will be effective problem solvers.
• BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools.

Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

</tbody>
</table>

USAFI Credit

Three semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves...
to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

---

**College Degree Requirements**

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration [https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/]). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

**Major Requirements**

(Code 870-000)

**Proficiency Requirements**

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>

¹ ART 374 receives no elective credit if taken after CJ 280; CJ 280 receives no elective credits if taken after ART 374. In other words, students can count one class or the other as elective credits but not both.
Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Business Core: Students apply knowledge of core business concepts through their written, oral, visual, and technology-mediated communication.
- Written Communication: Students will construct business documents (e.g., emails, memos, letters, reports, proposals, manuals, instructions) appropriate to audiences, multi-modal contexts, and purposes using standard business document formats and business rhetoric.
- Oral Communication: Students will demonstrate effective oral communication in business contexts (e.g., individual presentations, meetings, seminars, round table discussions, interviews, interpersonal settings) appropriate for business audiences and stakeholders using multiple modalities and business rhetoric.
- Visual Communication: Students will evaluate, create, and curate visuals (e.g., charts, graphs, dashboards, infographics) to effectively and efficiently communicate business data in multiple modalities.
- English grammar, mechanics, and punctuation: (a) Students will demonstrate proficiency in the rhetorical application of business-English grammar, usage, mechanics, and punctuation. (b) Students will create and apply style guides to business documents.
- Technologies and Software: Students will critically engage with technologies and software such as productivity software, social media platforms, and virtual communication platforms to communicate effectively in business contexts.

Sample Degree Plan

Sample Degree Plan: B.B.A., Business Communication (Comprehensive Major)

The following is a sample degree plan based on the current catalog. Please note that sample degree plans can vary each year, due to curriculum revisions. This sample degree plan is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click [https://catalog.uwec.edu/undergraduate/graduation-requirements/#header](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. ¹

**Study Abroad:** Students participating in study abroad may opt-in to complete one of the two Integrative Learning (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.
**NSE:** Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**Minimum total for the baccalaureate degree = 120 credits**

1. Please see this webpage ([https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) to incorporate HIPs into your time at UW-Eau Claire.

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Information Systems, Certificate

(Code 832-601)

The Certificate in Information Systems is available to all students at UW-Eau Claire except IS majors and minors. It is designed to complement majors in every area of study without the investment required for a minor. The certificate documents a student’s completion of coursework relating to fundamental IS skills and knowledge in organizations.

For more information on the IS Certificate program, contact your advisor or the IS department (https://www.uwec.edu/academics/college-business/departments-programs/information-systems/contact-us/).

Twelve semester credits, as follows:

Note: Non-business majors are advised to select Group 1 elective courses from IS 304, IS 307, IS 345. Remaining elective courses have College of Business prerequisites.

Information Systems, Comprehensive Major

(Code 832-004)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

| Minimum total for graduation | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
| Liberal Education Core | 36 |

Academic Concentrations

| Grade Point Requirements | 2 |
| Total | 2.00 average |
| Resident | 2.00 average |
| Major | 2.00 average |
| Minor | 2.00 average |
| Certificate | 2.00 average |

University Residency Requirements

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.
WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**USAFI**

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

<table>

### College Degree Requirements

#### Bachelor of Business Administration Degree Requirements

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Grade Point Requirements**

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/) if a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

### Major Requirements

(Code 832-004)

#### Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECON 103</td>
<td>Principles of Microeconomics</td>
<td>3</td>

<tr>
<td>MATH 109</td>
<td>Algebra for Calculus</td>
<td>4</td>
</tr>
<tr>
<td>MATH 246</td>
<td>Elementary Statistics</td>
<td>4</td>
</tr>
</tbody>
</table>

1 MATH 109 or UWX MA116 or beyond, or competency to enter MATH 111

#### Information Systems Major

Sixty-five semester credits, including the 32-credit BUSCORE, plus 30 IS credits and 3 ACCT credits, as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>

<td>MGMT 449</td>
<td>Strategic Management in a Global Business Environment</td>
<td>3</td>
</tr>
<tr>
<td>OSCM 341</td>
<td>Operations Management</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Credits** 32

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.

2 MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

#### BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ACCT 201</td>
<td>Introduction to Accounting</td>
<td>3</td>
</tr>
<tr>

<td>3</td>
</tr>
<tr>
<td>MGMT 449</td>
<td>Strategic Management in a Global Business Environment</td>
<td>3</td>
</tr>
<tr>
<td>OSCM 341</td>
<td>Operations Management</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Credits** 32

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.

2 MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.
ACCT 460 Accounting Information Systems and Technology
ART 312 Design Across the Disciplines
CS 145 Programming for New Programmers or CS 148 Programming for Experienced Programmers
CS 163 Introduction to Programming in C++
CS 318 Fundamentals of Web Page Design
CS 319 Introduction to Web Programming
IS 491 Selected Topics
IS 495 Directed Studies
MKTG 338 Marketing & Sales Analytics
MKTG 434 Advanced Marketing Analytics
OSCM 442 Production Planning and Control

1 IS/Accounting and IS/Finance double majors may use ACCT 314. All others will take ACCT 214.
2 No more than three internship credits can count towards this major.
3 Either CS 145 OR CS 148 may satisfy an elective choice. Credit may not be earned in both.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Effectively write and speak to both technical and business audiences (aligned with the College of Business goal).
- Develop team skills (aligned with the College of Business goal).
- Solve information systems problems (aligned with the College of Business goal).
- Use appropriate technical skills, create solutions to information systems problems.

Sample Degree Plan
Information Systems, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Note: Summer internships are encouraged as an IS elective choice. Take IS 420 between the second and third years or/and IS 420 between the third and fourth years. A maximum of 3 credits of internship can count towards LE and major requirements. See the IS Department Internship Coordinator to determine if your internship can be approved for credit.

**SOME TIME IN THE FIRST OR SECOND YEAR**

Service-Learning (LE-SL)

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1
**Study Abroad:** Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**Minimum total for the baccalaureate degree = 120 credits**

---

1. Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2. IS electives must be chosen as follows (9 credits total):
   - Choose 6-9 credits from this list of courses: IS 308, IS 314, IS 365, IS 375; IS 420 (LE-I1)
   - Choose 0-3 credits from this list of courses: ACCT 460, ART 312, CS 145 (LE-I1)

4. Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7A625B56C21266F) for more information regarding Your Major + Study Abroad.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://
Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

</tbody>
</table>

1 Either CS 145 OR CS 148 may satisfy an elective choice. Credit may not be earned in both.

Program Learning Outcome
Students completing this program will be expected to meet the following learning outcome:

- Students will create well-designed coded instructions that effectively solve business problems.
- Students will create technical models to assist in solving information systems problems.

Management and Leadership Programs
Management and Leadership Programs
Schneider Social Science 400E
The Department of Management and Leadership Programs offers comprehensive majors in Management, Entrepreneurship, Human Resources, International Business, and Health Care Administration. The Health Care Administration major is targeted toward students preparing for careers in managing post-acute health care institutions.

The department also offers three minors. Minors in Management, Entrepreneurship, and International Business all provide an opportunity for students to gain a more focused area of study and are available to all students, including those with a major (other than the Business Administration major) in the College of Business.

**Major/Minor Combinations** are allowed in the Department of Management and Leadership Programs. See Major/Minor Combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext).

### Department of Management and Leadership Programs Scholarships

Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of Department of Management and Leadership Programs scholarships, or contact the department chair, Schneider 400E.

### Entrepreneurship, Certificate

(Code 820-603)

**Certificate Requirements**

The Entrepreneurship Certificate 1 is an academic program, which includes the following twelve semester credits as follows:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>ENT 371</td>
<td>Introduction to Entrepreneurship</td>
<td>3</td>
</tr>
<tr>

<td>New Venture Start-Up and Growth</td>
<td>3</td>
</tr>
<tr>
<td>ENT 471</td>
<td>Entrepreneurship Capstone</td>
<td>3</td>
</tr>
</tbody>
</table>

**Total Credits** 12

1 The Entrepreneurship certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Analyze new business opportunities to select a business startup idea.
- Evaluate the startup business idea using primary and secondary research.
- Formulate financial projection spreadsheets to assist determination of business feasibility.
- Construct and communicate a formal business plan presentation.

### Entrepreneurship, Comprehensive Major

Academic Concentrations

Grade Point Requirements

- Total: 2.00 average
- Resident: 2.00 average
- Major: 2.00 average
- Minor: 2.00 average
- Certificate: 2.00 average

University Residency Requirements

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/pssp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

<table>

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements

(Code 822-000)

The program offers a unique learning experience for students who aspire to either start their own business or secure employment in a growth-oriented business. The program helps students to identify viable career options in entrepreneur/intrapreneur environments, to expand conceptual and creative approaches to the entrepreneurial process, and to develop a repertoire of venture management skills. “Hands on” experiences with many guest speakers, field trips, and special projects are emphasized. The students expand their creativity into a viable business plan that is the major project for the program. The program combines formal education with practical applications to develop skills in leadership, needs assessment, opportunity identification, resource development, strategic thinking, and risk taking. The ultimate goal of the program is to give the student an in-depth, broad-based, and practical education on the foundation of entrepreneurship.

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

The BUSCORE

The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:
Entrepreneurship Major

Sixty semester credits, including the 32-credit BUSCORE plus 28 additional credits as follows:

<table>

Total Credits 32

1 Students must earn a grade of C or above in BCOM 206 and BCOM 207.

2 MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.

Program Learning Outcomes

Students in the Entrepreneurship program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Analyze new business opportunities to select a business startup idea.
- Apply current startup methodology to determine early potential business viability.
- Evaluate the startup business idea using primary and secondary research.
- Formulate financial projection spreadsheets to assist determination of business feasibility.
- Analyze funding sources and opportunities utilized by entrepreneurs.
- Construct and communicate a formal business plan presentation.

Sample Degree Plan

Entrepreneurship, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). coursework in your management major and the Leadership certificate may overlap. See your advisor for additional information.

**ENTREPRENEURSHIP ELECTIVES**

1. Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3. Series of 4 classes, ENT 371, 373, 374, & 471, can be taken either 3rd or 4th year but need to be taken sequentially.
4. Please see this webpage (https://studyabroad.applications.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7A625856C21266F) for more information regarding Your Major + Study Abroad.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://www.uwec.edu/studyabroad/apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

**Entrepreneurship, Minor Requirements**

**Total Credits** 30

1. The Entrepreneurship minor will not count as a secondary program when combined with the standard Business Administration major. This minor can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.
2. **Student Professional Development Program.** This program requires completion of the four SPDP workshops. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Analyze new business opportunities to select a business startup idea.
- Evaluate the startup business idea using primary and secondary research.
- Formulate financial projection spreadsheets to assist determination of business feasibility.
• Analyze funding sources and opportunities utilized by entrepreneurs.
• Construct and communicate a formal business plan presentation.

University Residency Requirements

Minimum total: 30
Senior year: 23
Major, Standard, upper division in residence: 12
Major, Comprehensive, upper division in residence: 21
Certificate: 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Admission Requirements

Admission to the Health Care Administration Program
Students intending to major in Health Care Administration should indicate their area of interest when they apply to the University so they may be admitted as "Pre-Health Care Administration." Students may declare "Pre-Health Care Administration" at any time, but must formally apply for acceptance into the Health Care Administration program and their desired administrative residency cohort. Specific due dates for applications to the Health Care Administration program/cohort are posted each semester, with priority applications due in October and standard applications due in March, typically in a student’s sophomore year.

Enrollment in this program is limited to approximately 60 students per cohort. In order to apply for admission to the Health Care Administration Program, the student must:
1. be declared as Pre-Health Care Administration.
2. complete all application materials (essay, application, proposed degree plan with desired administrative residency cohort year).
3. have a resident and total GPA of at least 2.5.

Administrative Residency

Following satisfactory completion of all required campus-based courses, including Liberal Education, the student is eligible for enrollment in the Administrative Residency.

The administrative residency, consisting of 50 weeks in an affiliated health care institution, is started at the beginning of the summer session. Students are enrolled at UW-Eau Claire for the courses taken while at affiliated institutions and pay full fees to the University. Students in the administrative residency receive a provider-sponsored stipend.

Positions for administrative residency experience are competitive. The University does not guarantee placement in the administrative residency but does aid the student in every way possible. Since academic achievement plays a part in selection of students for the administrative residency, resident and total GPAs above the 2.5 minimum are recommended. Application to administrative residency positions occurs one year prior to the administrative residency starting date.

Administrative Residency Cohort

At the time of admission to the program, students are assigned to the administrative residency cohort for a specific year. Application to specific administrative residency sites occurs the year prior to placement, and there is a competitive application process for administrative residency sites among admitted students. More information about this process may be found on the Health Care Administration program website (https://www.uwec.edu/academics/college-business-departments-programs-management-marketing/academic-offerings/majors-minors/health-care-administration/). Even if placed at an administrative residency site, students must meet academic standing requirements and have completed all non-administrative residency course work before being allowed to move forward. If the student’s degree plan changes such that more time is required to complete non-administrative residency course requirements, students may be reassigned to a future cohort.

Student Background Check and Health Requirements

State law requires background checks on all students placed at the clinical administrative residency sites. All students accepted into the program must complete the Wisconsin Department of Health and Family Services Background Information Disclosure, as well as a release for a Wisconsin Department of Justice Criminal Background Check. Non-resident students must also have background checks completed in their state of residence. Additional information regarding the Wisconsin Caregiver Program can be obtained from the Wisconsin Department of Health Services website (https://www.dhs.wisconsin.gov/caregiver/).

Within 90 days prior to beginning the administrative residency experience, the student must have a physical exam to provide evidence that the student is free from infectious disease and evidence of a TB skin test. A chest X-ray is required if the TB skin test is positive. It is also recommended that students be vaccinated annually against influenza. Students are not permitted to participate in clinical course work unless all immunizations, TB tests, and background checks are current.

All expenses associated with background checks and health requirements are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the administrative residency facility, or the administrative residency institution. In addition, workers’ compensation insurance does not cover students while engaged in clinical practice. For example, if a student suffers a needle stick or is hurt while in their administrative residency, they will need personal health insurance to cover medical bills.

Readmission to the Health Care Administration Program

Students who withdraw from the program and wish to return for completion must send a letter requesting readmission to the Management and Marketing department at least three months in advance of the desired readmission date.

Applicants must meet the current admission requirements of the Health Care Administration program. Consideration will be given to the length of absence, the student’s ability to achieve, and availability of space in the student’s desired administrative residency cohort. If readmission to the program is granted, the remaining program will be planned as considered best for the student and according to the current curriculum.

Termination from Program

A student may be terminated from the Health Care Administration program for any of the following reasons:

1. Failure to maintain good academic standing.
2. Failure to demonstrate the potential for consistently safe, responsible, and ethical professional practice.
3. Likelihood that a student’s condition, presentation, or prior experience will adversely affect the student, other persons, the University, an agency or site used for administrative residency, or the patients or residents served.

If a student demonstrates deficiencies during the administrative residency experience that the faculty or administrative residency supervisor determine to be clearly unsafe or unprofessional behavior, the student will be immediately removed from the administrative residency situation.

A student who has been notified of termination from the program may appeal for reinstatement. This policy applies to termination from the Health Care Administration program only. A student’s status within the University remains subject to University academic standing policies.

Major Requirements

(Code 660-054)

The Health Care Administration program at UW-Eau Claire offers bright and committed students the opportunity to work with faculty who are dedicated to preparing leaders in a wide variety of health care organizations and to the individual development of each student. The goal is to prepare students to make a positive difference in the lives of others by joining efficient management practices with dedication to service.

This program focuses on the post-acute care continuum of health care institutions and services. For students who want to enter the acute care sector (hospitals), this program has proven an excellent preparation for the graduate education required.

All Health Care Administration students complete a 12-month administrative residency experience at one of the many affiliated health care facilities, with most spread across Wisconsin, Minnesota, and the Midwest, although there are occasionally “distance sites” available as well. Graduates are thereby ready upon graduation to begin performing as leaders and managers in health care. The Health Care Administration program is HSE-accredited by the National Association of Long Term Care Administrator Boards (NAB). Graduates of the Health Care Administration Program are eligible to take the Wisconsin.
Minnesota, and the majority of other states’ licensure examinations for Nursing Home Administrators (NHA). Because states establish their own licensure requirements, students are always encouraged to explore any given state’s licensing requirements directly.

Transferring Students. Any student anticipating transferring to UW-Eau Claire for the Health Care Administration Program is urged to consult the university Admissions Office as early as possible for information about GPA and course requirements for admission and for the degree requirements. Official review of the student’s academic record is made by the Admissions Office. Transfer students may declare Pre-Health Care Administration when transferring, or may apply for acceptance into the Health Care Administration program prior to transferring to the university.

Costs. Health Care Administration is a professional discipline, and students enrolled in the program must anticipate some additional costs that are directly related to the Health Care Administration program. These include textbooks, transportation and lodging associated with the administrative residency experience and learning modules.

Scholarships. Several scholarships are available to students in the Health Care Administration major. Additional information may be obtained from the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) or by visiting the Scholarship section of the Admissions website (https://www.uwec.edu/admissions/scholarships/).

Health Care Administration Major Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or competencies for the major. These are not counted as credits in the major.

1 Health Care Administration majors must meet the following minimum grade and GPA requirements:
   • Students must earn a C or higher in BCOM 206 and BCOM 207.
   • Students must complete all required courses for the major with a grade of C- or above.
   • Overall GPA must be at least 2.5.
   • No course required for the degree in health care administration may be taken on a satisfactory/unsatisfactory basis (except for HCAD 400 and HCAD 401).

2 The university service-learning requirement is satisfied within the required administrative residency experience.
Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

1. Students possess the knowledge and skills necessary to ensure that resident quality of care and quality of life are maximized by assessing, planning, implementing, and evaluating resident services, including ancillary care, as appropriate.

2. Students possess the knowledge and skills necessary to effectively and efficiently lead core business operations of a long-term care organization in areas of financial management, risk management, and human resources.

3. Students possess the knowledge and skills necessary to ensure they are providing an environment and atmosphere that promotes, protects, and provides resident centered care and quality of life in compliance with relevant rules and regulations.

4. Students possess the knowledge and skills necessary to become a leader who develops and maintains a strong organizational culture that supports staff, while ensuring strategic business planning and development in alignment with an organization’s mission, vision, and values.

Sample Degree Plan

Health Care Administration, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

| Study Abroad: Students participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (II) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. Health Care Administration Majors: If interested in studying abroad for a fall/spring semester, please plan for a study abroad experience for the 1st or 2nd year. |

| NSE: Students participating in NSE should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements. If interested in NSE, please plan for a NSE experience for the 1st or 2nd year. |

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard [https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL] or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

#### Liberal Education Core Requirements

A minimum of 36 credits

### College Degree Requirements

#### Bachelor of Business Administration Degree Requirements

### Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

### Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).
Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration [https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/]). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 823-000)
The Human Resource Management emphasis is structured to prepare students for careers in HRM immediately upon graduation or shortly thereafter. Historically, “personnel departments” were primarily administrative in scope. Today, there is tremendous complexity, diversity, and sophistication confronting managers of human resources. Most corporations require highly skilled professionals who have been academically trained in the areas of HRM. Corporations now are looking to the “human resource function” as a strategic partner in executive decision making. The HRM emphasis will prepare students in the following areas: staffing (recruitment and selection), training and development, labor relations, compensation and benefits, employee relations, organizational change, and relevant legal concerns. Special focus will be directed at the changing demographic composition of employees and Workforce 2000 issues. Students are encouraged to take additional written and oral communication courses.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

¹ Students must earn a grade of C or above in BCOM 206 and BCOM 207.
² MGMT 449 is a capstone course that requires prior completion of all other BUSCORE courses. This prerequisite is strictly enforced.
Students are required to take and pass the Society for Human Resource Management Certification Test. Students who meet all requirements for this emphasis except the certification requirement are considered to have satisfied requirements for the Management major.

1 Students are required to take and pass the Society for Human Resource Management Certification Test. Students who meet all requirements for this emphasis except the certification requirement are considered to have satisfied requirements for the Management major.

2 With three credits at most from MGMT 399 and MGMT 499.

Program Learning Outcomes

Students in the Human Resource Management program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students are expected to meet the program learning outcomes associated with demonstrating knowledge and competency in the core areas of HR:

- Employee Safety and Health
- Employee and Labor Relations
- Strategic Human Resource Planning
- Recruitment and Selection
- Training and Development
- Compensation and Benefits

Sample Degree Plan

Human Resource Management, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [link](https://catalog.uwec.edu/undergraduate/graduation-requirements/)here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

| Service-Learning (LE-SL)   |                 |         |

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

---

1. Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

**THIRD YEAR**

**FIRST SEMESTER**

- **MGMT 340** Organizational Behavior | 3
- **MGMT 349** Human Resource Management | 3

**SOMETIME IN THE THIRD YEAR**

- **ACCT 214** Managerial Accounting | 3
- **BSAD 300** Equity, Diversity, and Inclusion in the Workplace | 1
- **BSAD 305** Legal and Regulatory Environment | 3
- **FIN 320** Principles of Finance | 3
- **MKTG 330** Principles of Marketing | 3
- **OSCM 341** Operations Management | 3

**LE Option:** Integration (I1) | 2

**Human Resource Management Electives:** See catalog and degree audit for list of approved courses.

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/).

**Human Resource Management majors:** consider especially Seoul, Korea; Limerick, Ireland; and Glasgow, Scotland—then Lorenzo d’Medici, Italy and Massey University in New Zealand. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

**FOURTH YEAR**

**FIRST SEMESTER**

- **MGMT 445** Compensation Theory and Administration | 3

**SECOND SEMESTER**

- **MGMT 455** Industrial Relations | 3
- **MGMT 459** Advanced Human Resource Management | 3

Certification Exam: Take and pass the SHRM-CP exam

**SOMETIME IN THE FOURTH YEAR**

- **CJ 350** Human Resource Development | 3
- **MGMT 446** Advanced Organizational Behavior | 3
- **MGMT 449** Strategic Management in a Global Business Environment (LE-I1) | 3

Human Resource Management Electives: See catalog and degree audit for list of approved courses.

**LE Option:** Skills 3 (S3) Creativity | 3

**Elective Credits:** Additional credits needed to reach 120 credits

**Minimum total for the baccalaureate degree = 120 credits**
Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

International Business, Certificate

(Code 740-610)

The Certificate in International Business is designed to enhance the bachelor’s degree for any student at UW-Eau Claire. Students for whom studying abroad or completing an international internship are not options can complete the 12-credit certificate and add valuable insights into the global business environment.

The International Business Certificate is an academic program, which includes the following requirements:

Twelve semester credits, as follows:

<table>

1 The International Business certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements.

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on Camp5.

Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/C/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

USAFI USAFI maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
Responsibility Outcome 2 (R2): Global Perspectives
Responsibility Outcome 3 (R3): Civic and Environmental Issues
Responsibility Goal

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences
Integration Goal
Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 850-001)
The International Business major is an interdisciplinary program. The major includes an international experience requirement that may be satisfied by taking an approved upper-division business course taken at a study abroad site, completing an international internship, or an internationally-oriented internship with a company located in the United States. International Business students are strongly encouraged to consider a double major in a functional business area such as management, marketing, information systems, accounting, or finance.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

<table>

Select two of the following: 6

- FIN 325  International Financial Management
- ECON 351  International Economics
- ECON 353  Economics of Pacific Asia
- ECON 355  Economic Development
- ECON/LAS 356  Economic Development of Latin America

Required Upper Division Foreign Language Course 3-4
Minimum of 3 credits of foreign language at 300 or 400 level ³

International Business Electives - Select from the following 4 6-7

An approved upper-division business course taken at a study abroad site, in fulfillment of the IBE requirement (see below), may count as an elective.

- ANTH/AIS 161  Introduction to Cultural Anthropology
- ANTH/GEOG 313  Culture and Transnational Dynamics
- ANTH 315  Language in Culture and Society
- ANTH 463  Religion and Culture
- BSAD 315  International Business Law
- BSAD 398  Internship Program ¹      3
- BSAD 491  Selected Topics in Business
- CJ 301  Intercultural Communication
- CJ/WGSS 317  Diversity & Communication: Organizational & Media Contexts
- CJ 319  International Communication
- ECON 351  International Economics
- ECON 353  Economics of Pacific Asia
- ECON 355  Economic Development
- ECON/LAS 356  Economic Development of Latin America
- ECON 390  Global Economics Immersion Experience
- FREN 340  Professional Communication
- FREN 355  Civilization
- GEOG 111  Planet Earth: Human Geography
- GEOG 301  Geography of Western Europe
- GEOG 308  Geography of Russia and Eastern Europe
- GEOG 319  Geography of the Middle East and North Africa
- GEOG 321  Geography of Latin America
- GEOG/AIS 322  Native Geographies
- GEOG 366  Geography International Immersion Experience
- GEOG 369  Geography of Food
- GEOG/ENV 378  International Environmental Problems and Policy
- GEOG 446  Political Geography
- GERM 315  German for Professional Communication
- HIST 124  World History to 1500
- HIST 124  World History to 1500
Students double-majoring in IB/Accounting or IB/Finance may use MGMT 345, SPAN 340, RELS 307, RELS 322, RELS 323, and MKTG 335.

Students majoring in International Business must earn a C- or better in International Business Experience (IBE).

Sample Degree Plans

International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Below please find sample degree plans for the International Business comprehensive major—followed by sample degree plans for recommended double majors.

International Business, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses to fulfill degree requirements.

Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Adapt and apply knowledge about the world’s diverse cultures to the international business environment.
- Adapt and apply knowledge about the world’s diverse values to the international business environment.
- Adapt and apply knowledge about the world’s diverse communication styles to the international business environment.
of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate [here](https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

[2023-2024 Catalog](https://catalog.uwec.edu)
OSCM 341 Operations Management 3

SOMETIME IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). International Business majors: consider especially Seoul, South Korea and Limerick, Ireland; then Bibao, Spain; Lorenzo d’Medici, Italy; Massey University in New Zealand; and Glasgow, Scotland. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MGMT, MKTG) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. 3

FOURTH YEAR

SOMETIME IN THE FOURTH YEAR

Choose two courses from the following: 6

| FIN 325 | International Financial Management |
| or ECON 351 | International Economics |
| or ECON 353 | Economics of Pacific Asia |
| or ECON 355 | Economic Development |
| or ECON 356 | Economic Development of Latin America |
| ACCT 214/314 | Managerial Accounting 4 |
| MGMT 447 | Cross Cultural Leadership |
| MGMT 449 | Strategic Management in a Global Business Environment (LE-11) |

LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3

UD, LE-R2/INTB Elective: Upper-division, Responsibility 2: 3

Global from INTB Electives List 3

LE Option: Knowledge 4 (K4) Fine Arts 3

LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3

LE Option: Skills 3 (S3) Creativity 3

Elective Credits: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Students opting to complete the 11 through study abroad can replace this course with an approved elective course.

3 Please see this webpage (https://studyabroad.app.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B852A589A09D&Link_ID=62E08FAA-A555-5AF9-7A625856C21266F) for more information regarding Your Major + Study Abroad.

4 Students double-majoring in IB/Accounting or IB/Finance may use ACCT 314 (https://catalog.uwec.edu/search/?P=ACCT%20314).

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.app.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orps/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

International Business and Economics, Business, B.B.A. (Comprehensive Double Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for more information about incorporating HIPs like Study Abroad into your time at UW-Eau Claire.

Notes:

• Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.

• All International Business majors are required to have an international business experience.

• International Business majors should overlap LE requirements with INTB elective courses as much as possible.

• International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

**LE Options:** (K4, S3): Knowledge 4: Fine Arts; Skills 3: Creativity

**UD, LE-R1 Responsibility 1/INTB Elective:** Upper-division, Responsibility 1: Equity, Diversity, and Inclusivity course from INTB Electives list

**Minimum total for the baccalaureate degree = 120 credits**

1. Students who are considering graduating in Economics are strongly encouraged to take additional math courses. Students with grad school aspirations should take MATH 114.

2. Please see this webpage [here](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

3. Students opting to complete the 11 through study abroad can replace this course with an approved elective course.

4. Please see this webpage [here](https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad [here](https://studyabroad.apps.uwec.edu/), Intercultural Immersion [here](https://www.uwec.edu/immersion/), Internship [here](https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research [here](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

The Department of Economics is highly active in the following areas. Please consult with the department chair to see how you might get more involved.

- Faculty/Student Research – over 40% of economics majors are involved in faculty/student research every year. Students present at conferences regionally, nationally, and internationally, as well as co-author papers.
- International Immersions – At least 2 international immersion experiences available annually within the department of economics
- Internships – Active class led internship program (ECON 498)

### International Business and Entrepreneurship, B.B.A. (Comprehensive Double Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/education-core-outcomes-and-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**Notes:**

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate [here](https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

### SOME TIME IN THE FIRST OR SECOND YEAR

| LE Options: (K1, R3): Knowledge 1: Natural Sciences; Responsibility 3: Civic and Environmental Issues | 3 |
| LE Options: (K11): Knowledge 1: Natural Sciences with Lab | 4 |
| LE Options: (K3, R2)/INTB Elective: Knowledge 3: Humanities; Responsibility 2: Global Perspectives from INTB Electives list | 3 |
| LE Options: (K3, R1, DDIV)/INTB Elective: Knowledge 3: Humanities; Responsibility 1: Equity, Diversity, and Inclusivity with Design for Diversity from INTB Electives list | 3 |
| LE Options: (K4, S3): Knowledge 4: Fine Arts; Skills 3: Creativity | 3 |
| LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity Service-Learning (LE-SL) | 3 |

**SPDP**: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.  

**Study Abroad**: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad.  

**International Business majors**: please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. See also the third-year note below regarding upper-division business courses.

**NSE**: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

### SECOND YEAR

#### SOME TIME IN THE SECOND YEAR

| ACCT 201 Introduction to Accounting | 3 |
| BCOM 206 Business Writing (LE-S1) | 2 |
| BCOM 207 Business Presentations (LE-S1) | 2 |
| IS 240 Information Systems in Business | 3 |
| MATH 246 Elementary Statistics (LE-S2) | 4 |
| Foreign Lang 3XX: 300-level Course in a Language | 3 |

### THIRD YEAR

#### FIRST SEMESTER

| MGMT 340 Organizational Behavior | 3 |
| ENT 371 Introduction to Entrepreneurship | 3 |
| ENT 373 New Venture Feasibility | 3 |
| MKTG 330 Principles of Marketing | 3 |

#### SECOND SEMESTER

| MGMT 345 Managing Global Organizations | 3 |
| ENT 374 New Venture Start-Up and Growth | 3 |
| ENT 471 Entrepreneurship Capstone | 3 |

#### SOME TIME IN THE THIRD YEAR

| BSAD 300 Equity, Diversity, and Inclusivity in the Workplace | 1 |
| BSAD 305 Legal and Regulatory Environment | 3 |
| FIN 320 Principles of Finance | 3 |
| OSCI 341 Operations Management | 3 |

### SOME TIME IN THE THIRD OR FOURTH YEAR

#### Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: [http://www.uwec.edu/acie/](http://www.uwec.edu/acie/). **International Business - Entrepreneurship double majors**: consider especially Seoul, South Korea and Lorenzo d’Medici, Italy. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MGMT, MKTG) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement.  

### FOURTH YEAR

#### SOME TIME IN THE FOURTH YEAR

| ACCT 214 Managerial Accounting | 3 |
| BSAD 306 Business Law | 3 |

Choose two courses from the following:

| FIN 325 International Financial Management or ECON 351 International Economics or ECON 355 Economic Development or ECON 356 Economic Development of Latin America |
| MGMT 447 Cross Cultural Leadership |
| MGMT 449 Strategic Management in a Global Business Environment (LE-I1) |
| MKTG 335 International Marketing |
| OSCI 363 International Logistics and Supply Chain Management |

**MGMT Electives**: See catalog and degree audit for list of approved courses. **UD LE-I1/INTB Elective**: Upper-division Integration course from INTB Electives list. See catalog and degree audit for list of approved, upper-division courses.  

**Minimum total for the baccalaureate degree = 120 credits**

1. Please see this webpage ([https://www.uwec.edu/academics/collge-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/collge-business/academic-resources/student-professional-development-program/)) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

### RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs...
might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**International Business and Human Resource Management, B.B.A. (Comprehensive Double Major)**

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

LE Option: Knowledge 1 (K1L) Natural Sciences with Lab 4
LE Options: (K3, R2)/INTB Elective: Knowledge 3 (K3) 3
Humanities; Responsibility 2 (R2) Global Perspectives from INTB Electives list
LE Options: (K3, R1, DDIV)/INTB Elective: Knowledge 3 (K3) 3
Humanities; Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity from INTB Electives list
LE Options: (K4, S3): Knowledge 4: Fine Arts; Skills 3: Creativity 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3

Service-Learning (LE-SL)
SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. International Business majors: please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. See also the third-year note below regarding upper-division business courses.

NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

MGMT 349 Human Resource Management 3
MGMT Electives: See catalog and degree audit for list of approved courses.

UD, LE-I1: Upper-division, Integration (I1) course from INTB Electives list 2

SOMETIME IN THE THIRD OR FOURTH YEAR
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**International Business and Operations and Supply Chain Management, B.B.A. (Comprehensive Double Major)**

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, and no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

**Notes:**

1. Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
2. All International Business majors are required to have an international business experience.
3. International Business majors should overlap LE requirements with INTB elective courses as much as possible.
4. International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

- **OSCM 452: Master Planning of Resources**

### SOMETIME IN THE THIRD OR FOURTH YEAR

#### Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie. International Business Operations and Supply Chain Management majors: Consider especially Seoul, South Korea; Limerick, Ireland; Glasgow, Scotland; then Lorenzo d’Medici, Italy and Massey University in New Zealand. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement.

### FOURTH YEAR

#### FIRST SEMESTER

- **OSCM 342: Quality Management**

#### SECOND SEMESTER

- **OSCM 344: Managerial Decision Modeling and Analysis**
- **OSCM 461: Lean Manufacturing Systems and Concepts**

### SOMETIME IN THE FOURTH YEAR

Choose two courses from the following:

- **FIN 325: International Financial Management**  
  or **ECON 351: International Economics**  
  or **ECON 353: Economics of Pacific Asia**
or ECON 355  
Economic Development
or ECON 356  
Economic Development of Latin America
MGMT 447  
Cross Cultural Leadership 3
MGMT 449  
Strategic Management in a Global Business Environment (LE-I1) 3
MKTG 335  
International Marketing 3
OSCM 343  
Supply Chain Management 3
OSCM 363  
International Logistics and Supply Chain Management 3

Certification Exam: Take and pass the APICS Certification exam

Minimum total for the baccalaureate degree = 120 credits

1. Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3. Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7A625856C21266F) for more information regarding Your Major + Study Abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. **Minimum total for the baccalaureate degree = 120 credits**

1. Please see this webpage ([https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/](https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/)) for more information regarding the SPDP program.
2. Students opting to complete the II through study abroad can replace this course with an approved elective course.
4. Optional service-learning component

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad ([https://studyabroad.apps.uwec.edu/](https://studyabroad.apps.uwec.edu/)), Intercultural Immersion ([https://www.uwec.edu/immersion/](https://www.uwec.edu/immersion/)), Internship ([https://www.uwec.edu/career-services/info-students/internships/](https://www.uwec.edu/career-services/info-students/internships/)), and/or Student/Faculty Collaborative Research ([https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/](https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

**International Business and Professional Sales, B.B.A. (Comprehensive Double Major)**

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. **Note:** In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year. Students pursuing a double major may exceed 120 credits earned and may need to take more than 30 credits per year to graduate in 4 years.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click ([https://catalog.uwec.edu/undergraduate/graduation-requirements/here](https://catalog.uwec.edu/undergraduate/graduation-requirements/here)) for a description of the Liberal Education Core outcomes
and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Notes:

- Students pursuing this major are strongly encouraged to pursue the Leadership Studies Certificate (https://catalog.uwec.edu/undergraduate/business/management-marketing/leadership-studies-certificate/). Coursework in your major and the Leadership Studies certificate may overlap. See your advisor for additional information.
- All International Business majors are required to have an international business experience.
- International Business majors should overlap LE requirements with INTB elective courses as much as possible.
- International Business majors are highly recommended to select a second major in a specific area of business to make themselves more marketable. Students pursuing an International Business double major should plan to test into at least a 200-level foreign language course or take the additional time necessary to complete the requisite language proficiency.

FIRST YEAR

FIRST SEMESTER
MATH 109 Algebra for Calculus (LE-S2) 4
Foreign Lang 201: 201-level Foreign Language 4

SECOND SEMESTER
Foreign Lang 202: 202-level Foreign Language 4

SOMETIME IN THE FIRST YEAR
BSAD 180 Foundations for Success in Business 3
ECON 103 Principles of Microeconomics (LE-K2) 3
ECON 104 Principles of Macroeconomics (LE-K2) 3
WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits) 5

OR
WRIT 116 Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)

OR
WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)

OR
WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)

SOMETIME IN THE FIRST OR SECOND YEAR
LE Options: (K1, R3): Knowledge 1 (K1) Natural Sciences; Responsibility 3 (R3) Civic and Environmental Issues 3
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab 4
LE Options: (K3, R2)/INTB Elective: Knowledge 3 (K3) Humanities; Responsibility 2 (R2) Global Perspectives from INTB Electives list 3
LE Options: (K3, R1 DDIV)/INTB Elective: Knowledge 3 (K3) Humanities; Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity from INTB Electives list 3
LE Options: (K4, S3): Knowledge 4: Fine Arts; Skills 3: Creativity 3
Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.

Study Abroad: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (IL) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. International Business majors: please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement. See also the third-year note below regarding upper-division business courses.

NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SOMETIME IN THE SECOND YEAR
ACCT 201 Introduction to Accounting 3
BCOM 206 Business Writing (LE-S1) 2
BCOM 207 Business Presentations (LE-S1) 2
IS 240 Information Systems in Business 3
MATH 246 Elementary Statistics (LE-S2) 4
Foreign Lang 3XX: 300-level Foreign Language course 3
UD, LE-R1 Responsibility 1/INTB Elective: Upper-division, Responsibility 1: Equity, Diversity, and Inclusivity course from INTB Electives list 3

THIRD YEAR

FIRST SEMESTER
MGMT 340 Organizational Behavior 3
MKTG 330 Principles of Marketing 3
MKTG 337 Professional Selling 3

SECOND SEMESTER
MKTG 490 Advanced Sales Topics 3

SOMETIME IN THE THIRD YEAR
ACCT 214 Managerial Accounting 3
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305 Legal and Regulatory Environment 3
FIN 320 Principles of Finance 3
MKTG 338 Marketing & Sales Analytics 3
OSCM 341 Operations Management 3
UD LE-I1/INTB Elective: Upper-division, Integration (I1) course from INTB Electives list. See catalog and degree audit for list of approved, upper-division courses.

SOMETIME IN THE THIRD OR FOURTH YEAR
Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). **International Business majors:** consider especially Seoul, South Korea and Limerick, Ireland; then Bilbao, Spain; Lorenz d’Medici, Italy; Massey University in New Zealand; and Glasgow, Scotland. **Professional Sales majors:** consider especially Lorenzo d’Medici, Italy and Stellenbosch, South Africa; then Melbourne, Australia; Limerick, Ireland; Massey University in New Zealand; Glasgow, Scotland; and Bilbao, Spain. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Please note that if the study abroad program does not allow students to complete a business course while abroad, it may not satisfy the major’s international business experience requirement. Consult your academic advisor early to plan for your international business experience requirement.

MKTG Electives: See catalog and degree audit for list of approved courses.

**Minimum total for the baccalaureate degree = 120 credits**

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95FB42BE-5056-B565-C4FB52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7A625856C21266F) for more information regarding Your Major + Study Abroad.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses require more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

International Business, Minor
Minor Requirements
(Code 740-411)

The International Business Minor is designed to enable students to enhance their perspective of the business environment as a global, rather than local, enterprise. Completion of the minor adds value to any major at UW-Eau Claire.

The minor requires foreign language competence at the 201 level. Advanced business courses taken during a study abroad semester may contribute to the minor. Prior approval is required.

The minor consists of 24 semester credits, as follows:

<table>

Certificate 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements

Bachelor of Business Administration Degree Requirements

Credits for Graduation

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements

Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements

(Code 820-000)

The general management emphasis provides a broad background focusing on the effective management and development of employees within the firm.

Proficiency Requirements

Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

Program Learning Outcomes
Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify common reasons why employees often resist organizational change and recommend specific methods/options for managing change
- Demonstrate an understanding of key elements of the vision process.
- Provide multiple factors that go into creating and promoting an ethical organizational culture.
- Apply knowledge and skills learned across all functional business areas when developing firm strategy.

Sample Degree Plan
Management, B.B.A. (Comprehensive Major)
The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/)here for a description of the Liberal
Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**SPDP: Student Professional Development Program (SPDP)**

- Workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

</tbody>
</table>

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Management majors: consider especially Seoul, South Korea; Limerick, Ireland; and Lorenzo d’Medici, Italy. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., BSAD, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 3

**FOURTH YEAR**

</tr>
</tbody>
</table>

Elective Credits: Additional credits needed to reach 120 credits

**Minimum total for the baccalaureate degree = 120 credits**

---

1 Please see this webpage [https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/] for more information regarding the SPDP program.

2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

3 Please see this webpage [https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F8428E-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-AS55-SAF9-7AA625856C21266F] for more information regarding Your Major + Study Abroad.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student's major).
- **SL** —Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

**Management Minor**

**Minor Requirements**

1 The Management minor will not count as a secondary program when combined with the standard Business Administration major or the following comprehensive majors: Management, Entrepreneurship, Human Resource
Management, or Operations and Supply Chain Management. Please see the list of approved major/minor combinations (https://catalog.uwec.edu/undergraduate/business/#academicprogramstext) that satisfy university academic concentration requirements (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16).

Student Professional Development Program. This program requires completion of the four SPDP workshops. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

• Provide multiple factors that go into creating and promoting an ethical organizational culture.
• Apply knowledge and skills learned across all functional business areas when developing firm strategy.

Marketing and Supply Chain Management
Schneider Social Science 400/439
715-836-3677
www.uwec.edu/cob (https://www.uwec.edu/academics/college-business/)

The Department of Marketing and Supply Chain Management offers comprehensive majors in Marketing and Operations/Supply Chain Management. The Marketing major offers emphases in Professional Sales and Marketing Analytics, in addition to the general Marketing option. The department also offers one minor in Marketing.

Major/Minor Combinations are allowed in the Department of Marketing and Supply Chain Management. See Major/Minor Combinations (http://catalog.uwec.edu/undergraduate/business/#academicprogramstext).

Department of Marketing and Supply Chain Management Scholarships
Refer to the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/scholarships/) for an up-to-date listing of Department of Marketing and Supply Chain Management scholarships, or contact the department chair.

</tbody>
</table>

External Certifications

Industry Experience

1 The Digital Marketing Analytics Certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can be combined with other COB majors. Please see the list of approved major/minor combinations that satisfy university academic concentration requirements.
2 Students must earn a B or higher in each course.
3 Each of these courses has prerequisites, which must be completed prior to course admission.
4 Students must earn a minimum of 100 points from an approved list of external certification providers. Please consult with the department before commencing an external certification program.
Students must provide evidence of internship or work experience in digital marketing positions for either a profit or a non-profit organization while completing the BBA degree. Please see the Digital Marketing Analytics (https://www.uwec.edu/academics/programs/undergraduate/digital-marketing-analytics/) program website for details.

Candidates for the Digital Marketing Analytics Certificate must pass the assessment exam at least four weeks before finals week in the semester of certificate completion. Students have a maximum of two attempts to pass the exit exam.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAIF Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses.

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) | Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) | Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) | Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) | One (1) learning experience
Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) | Two (2) learning experiences
One S1 must meet the University Writing Requirement
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) | One (1) learning experience
One S2 to meet the University Mathematics Requirement
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) | One (1) learning experience
Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) | Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) | One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) | One (1) learning experience
Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) | Two (2) learning experiences
Integration Outcome 2 (I2): Integration (http://catalog.uwec.edu/undergraduate/attribute-i2/) | Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) | 30 hours

College Degree Requirements
Bachelor of Business Administration Degree Requirements

Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/). If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 840-000)
Marketing involves the performance of activities that facilitate exchange, such as buying, selling, pricing, and transporting. Marketing is done by business organizations, nonprofit entities, even individuals like political candidates, using strategies appealing to final consumers, organizational buyers, and other publics. Careers in marketing typically begin with functions like sales, advertising, distribution, market research, and purchasing.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.
Credits as follows:

Sixty semester credits, including the 32-credit BUSCORE and 28 additional requirements for the Marketing Major. The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

### BUSCORE Courses

<table>

**Marketing Electives - Select from the following** | 13

- MKTG 332 Integrated Marketing Communications
- MKTG 333 Digital Marketing Fundamentals
- MKTG 335 International Marketing
- MKTG 337 Professional Selling
- MKTG 339 Social Media Marketing
- MKTG 398 Internship Program I

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

### Program Learning Outcomes

Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.

### Sample Degree Plan

**Marketing, B.B.A. (Comprehensive Major)**

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/).
undergraduate/graduation-requirements/)here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**SPDP:** Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.  

**Study Abroad:** Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See the third-year note below regarding upper-division business courses.

**NSE:** Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

**MKTG Electives:** See catalog and degree audit for list of approved courses.

**SOMETIME IN THE THIRD OR FOURTH YEAR**

**Study Abroad:** Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie/ (http://www.uwec.edu/cie/). Marketing majors: consider especially Limerick, Ireland; Glasgow, Scotland; Lorenzo d'Medici, Italy; Melbourne, Australia; Massey University in New Zealand; Bilbao, Spain; and Stellenbosch, South Africa. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MKTG, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience.

**MKTG ELECTIVES:** See catalog and degree audit for list of approved courses.

**Elective Credits:** Additional credits needed to reach 120 credits

**Minimum total for the baccalaureate degree = 120 credits**

---

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
3 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F8428E-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.
Optional service-learning component

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it. Apply for graduation on CampS.

1  Certain programs exceed this minimum.
2  See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.
Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earning in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements
Bachelor of Business Administration Degree Requirements
Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website.

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

• No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
• Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
The Marketing Analytics emphasis is designed to help prepare marketing students for success in analytical marketing decision-making. It places emphasis on analyzing marketing databases using the latest software technology. This emphasis is designed to meet the growing demands for analytical decision-making in merchandising, purchasing, retailing, Internet marketing, fact-based selling, and integrated marketing communications.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

The BUSCORE
The BUSCORE is the common body of courses taken by all BBA students with the exception of the Health Care Administration major. It consists of the following courses:

Requirements for the Marketing Analytics Emphasis
Sixty semester credits, including the 32-credit BUSCORE and 28 additional credits as follows:
Plan your advisor, your degree audit, and the catalog to create your own degree in a timely period. This sample degree plan is just a guide. Please consult cannot guarantee all courses will be offered as shown, but will provide a range on the course of study selected (second major, minor, etc.). UW-Eau Claire UW-Eau Claire in the fall semester. Your own degree plan may differ depending required. This sample degree plan is intended for first-year students entering summer or winter, no repeated courses, and no remedial courses that may be based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements) here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR
FIRST SEMESTER
MATH 109 Algebra for Calculus (LE-S2) 4

SOMETIMES IN THE FIRST YEAR
BSAD 180 Foundations for Success in Business 3
ECON 103 Principles of Microeconomics (LE-K2) 3
ECON 104 Principles of Macroeconomics (LE-K2) 3
WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (LE-S1) 5

OR
WRIT 116 Blugold Seminar in Critical Reading and Writing (LE-S1)

OR

SOMETIMES IN THE FIRST OR SECOND YEAR
LE Option: Knowledge 1 (K1) Natural Sciences 3
LE Option: Knowledge 1 (K1L) Natural Sciences with Lab 4
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 3 (K3) Humanities 3
LE Option: Knowledge 4 (K4) Fine Arts 3
LE Option: Responsibility 1 (R1) Equity, Diversity, and Inclusivity 3
LE Option: Responsibility 1 (R1, DDIV) Equity, Diversity, and Inclusivity with Design for Diversity 3
LE Option: Responsibility 2 (R2) Global Perspectives 3
LE Option: Responsibility 3 (R3) Civic and Environmental Issues 3

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned.1

Service-Learning (LE-SL)

Study Abroad: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See the third-year note below regarding upper-division business courses.

Program Learning Outcomes
Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.
- Utilize the application of various software technologies to solve marketing problems and administer ongoing marketing programs.

Sample Degree Plan
Marketing, Marketing Analytics Emphasis, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree
NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

Elective Credits: Additional credits needed to reach 120 credits 7

Minimum total for the baccalaureate degree = 120 credits

1. Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.
2. Optional service-learning component
3. Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A5890A09D&Link_ID=62E08F9A-A555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.
4. MKTG 333 and 337 are recommended as electives.
5. Students opting to complete the LE-I1 through study abroad can replace this course with an approved elective course.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for USAFI Credit.

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), other types of credits.

College Degree Requirements
Bachelor of Business Administration Degree Requirements
Credits for Graduation
All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

Student Professional Development Program
All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/)) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

• No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
• Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 840-001)
Students may select the Professional Sales emphasis designed to prepare them for competence in oral persuasion skills, proposal preparation, negotiating, relationship management, and sales force management.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

</tbody>
</table>

Electives - Select from the following: 7

- MKTG 331: Consumer Behavior
- MKTG 332: Integrated Marketing Communications
- MKTG 333: Digital Marketing Fundamentals
- MKTG 335: International Marketing
- MKTG 339: Social Media Marketing
- MKTG 398: Internship Program I
- MKTG 399: Independent Study Projects
- MKTG 425: Services Marketing
- MKTG 432: Retail Management
- MKTG 434: Advanced Marketing Analytics
- MKTG 437: Business-to-Business Marketing
- MKTG 491: Selected Topics
- OSCM 343: Supply Chain Management

Note: The Marketing faculty strongly recommend that Marketing majors with Professional Sales emphasis take MKTG 332, MKTG 335, MKTG 432, MKTG 437 or OSCM 343.

Program Learning Outcomes
Students in this program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Identify and apply appropriate marketing strategies to a current relevant situation in the marketing environment.
- Identify what is marketing segmentation and the common bases used to segment consumer markets.
- Identify the marketing mix and its associated components.
- Demonstrate a professional sales presentation in a classroom setting and in an outside field setting.

Sample Degree Plan
Marketing, Professional Sales Emphasis, B.B.A. (Comprehensive Major)
The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Service-Learning (LE-SL)

SPDP: Student Professional Development Program (SPDP) workshop completion recommended by the end of the 1st year, 2nd semester—but no later than the end of the 3rd semester or 45 credits earned. 1

Study Abroad: Students optionally participating in study abroad may opt-in to complete one of the two Integrative Learning 1 (LE-I1) experiences. Many courses taken at approved study-abroad institutions will satisfy LE or elective requirements. Consult the Transfer Credit Wizard and consult with your academic advisor to plan which LE or elective courses to take while abroad. See the third-year note below regarding upper-division business courses.

NSE: Students optionally participating in National Student Exchange (NSE) should work with their academic advisor to select courses at their NSE site that will cover UWEC degree requirements.

SECOND YEAR

SOMETIME IN THE SECOND YEAR
ACCT 201 Introduction to Accounting 3
BCOM 206 Business Writing (LE-S1) 2
BCOM 207 Business Presentations (LE-S1) 2
IS 240 Information Systems in Business 3
MATH 246 Elementary Statistics (LE-S2) 4

THIRD YEAR

FIRST SEMESTER
MKTG 330 Principles of Marketing 3
MKTG 337 Professional Selling 3

SECOND SEMESTER
MKTG 334 Marketing Research 2 3
MKTG 490 Advanced Sales Topics 3

SOMETIME IN THE THIRD YEAR
ACCT 214 Managerial Accounting 3
BSAD 300 Equity, Diversity, and Inclusion in the Workplace 1
BSAD 305 Legal and Regulatory Environment 3
FIN 320 Principles of Finance 3
MGMT 340 Organizational Behavior 3
OSCM 341 Operations Management 3

MKTG Elective: See catalog and degree audit for list of approved courses.

SOMETIMES IN THE THIRD OR FOURTH YEAR

Study Abroad: Please note that if studying abroad in the third or fourth year, upper-division business courses must be taken at an AACSB-accredited institution. For a list of AACSB-accredited institutions, please see the Your Major + Study Abroad page: http://www.uwec.edu/cie (http://www.uwec.edu/cie/). Marketing majors: consider especially Limerick, Ireland; Glasgow, Scotland; Lorenzo d’Medici, Italy; Melbourne, Australia; Massey University in New Zealand; Bilbao, Spain; and Stellenbosch, South Africa. Courses that transfer from AACSB-accredited institutions to UWEC as 907U courses with a program prefix (e.g., MKTG, MGMT) might contribute as major electives. Work closely with your academic advisor to plan for your study abroad experience. 4

FOURTH YEAR

FIRST SEMESTER
MKTG 433 Sales Management 3

SOMETIMES IN THE FOURTH YEAR
MKTG 449 Strategic Management in a Global Business Environment (LE-I1) 3
MKTG 338 Marketing & Sales Analytics 3
MKTG 438 Strategic Marketing 3

MKTG Electives: See catalog and degree audit for list of approved courses.

LE Option: Integration (I1) 3 3

LE Option: Skills 3 (S3) Creativity 3

Elective Credits: Additional credits needed to reach 120 credits

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/college-resources/student-professional-development-program/) for more information regarding the SPDP program.
2 Optional service-learning component
3 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.
4 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-555-5AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also
be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

### College Degree Requirements

**Bachelor of Business Administration Degree Requirements**

**Credits for Graduation**

All candidates for the BBA degree need a minimum of 120 credits to graduate, to include a minimum of 48 semester credits in courses other than those offered by the College of Business. The Health Care Administration major is exempt from the 48-credit requirement.

**Student Professional Development Program**

All students pursuing a major in the College of Business must complete the Student Professional Development Workshops. All students pursuing a minor in the Department of Management and Marketing must complete the Student Professional Development Workshops. The program is designed to equip students with the skills needed to present themselves professionally during their job search and upon entering their chosen careers. Students are strongly encouraged to complete the workshops prior to the end of their third semester on campus. The workshops are prerequisites for a number of 300-level courses.
in the College of Business Core and need to be completed prior to registration for those courses.

The program consists of four workshops: The Business Professional, Professional Image, Professional Etiquette, Professional Networking Event. For more information, visit the College of Business website (http://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/).

Grade Point Requirements
Candidates for the BBA degree must earn a minimum GPA of 2.00 in their major and in courses taken in residence. (See the special requirements for the Comprehensive Major in Health Care Administration (https://catalog.uwec.edu/undergraduate/business/management-marketing/health-care-administration-comprehensive-major-bba/).) If a minor is required, or is to be listed as an official minor, the candidate must earn a minimum GPA of 2.00 in the minor.

- No course may be taken on a Satisfactory/Unsatisfactory basis as part of a major, minor, or certificate described by one of the departments in the College of Business.
- Business courses may be taken on a Satisfactory/Unsatisfactory basis only concurrent with or following completion of the student’s major or business minor.

Major Requirements
(Code 824-000)

Students may select this emphasis which is designed to prepare them for careers in operations and supply chain management. Students are required to pursue professional certification as a CPIM (Certified in Production and Inventory Management). Information on certification is available from the department office.

Proficiency Requirements
Proficiency requirements include basic prerequisite courses and/or entry-level competencies for the major. These are not counted as credits in the major.

1 Students must pass one of the APICS Certified in Production and Inventory Management (CPIM) examinations. Students who meet all requirements for
Program Learning Outcomes

Students in the Operations and Supply Chain Management program are assessed on their ability to meet the following COB learning competencies:

- Written and Oral Communication: Students will be effective communicators.
- Teamwork: Students will be effective team members.
- Problem Solving: Students will be effective problem solvers.
- BBA Common Body of Knowledge: Students will demonstrate discipline-specific knowledge (represented by the BUSCORE).

Additionally, students completing this program will be expected to meet the following learning outcomes:

- Compute the operating parameters for the (Q,R) inventory control system using appropriate methods.
- Demonstrate analytical skills through established supply chain management models or principles.
- Compose appropriate production plans for all levels of the priority planning process including sales and operations, master scheduling and materials requirements planning.
- Apply lean system concepts in an applied process improvement project.

Sample Degree Plan

Operations and Supply Chain Management, B.B.A. (Comprehensive Major)

The following is a sample degree plan, based on the current catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work.

Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

3 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-8AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

4 Professional Certification Exam – All operations/supply chain majors are required to pass the Basics APICS Certification exam. If a student does not pass the exam, they may still graduate with a general management major.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HiPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HiPs might be most beneficial to students, and any recommendations about when those HiPs best fit into the degree plan. Students should also consult their faculty advisor for information on HiPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HiPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orzp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

Elective Credits: Additional credits needed to reach 120 credits

Certification Exam: Take and pass the APICS Certification exam

Minimum total for the baccalaureate degree = 120 credits

1 Please see this webpage (https://www.uwec.edu/academics/college-business/academic-resources/student-professional-development-program/) for more information regarding the SPDP program.

2 Students opting to complete the I1 through study abroad can replace this course with an approved elective course.

3 Please see this webpage (https://studyabroad.apps.uwec.edu/?FuseAction=Abroad.ViewLink&Parent_ID=95F842BE-5056-B565-C4F8B52A589A0A9D&Link_ID=62E08FAA-8AF9-7AA625856C21266F) for more information regarding Your Major + Study Abroad.

4 Professional Certification Exam – All operations/supply chain majors are required to pass the Basics APICS Certification exam. If a student does not pass the exam, they may still graduate with a general management major.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HiPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HiPs might be most beneficial to students, and any recommendations about when those HiPs best fit into the degree plan. Students should also consult their faculty advisor for information on HiPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HiPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orzp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level fulfills one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

### Professional Sales, Certificate

**Certification Requirements**

The Professional Sales certificate program will prepare students to go beyond the minimum course requirements and prepare for successful careers in professional sales. This will be done by obtaining academic and field-related knowledge about Professional Sales. This certificate is available to any UW-Eau Claire student. Completion of the certificate is noted on the student’s official transcript (prerequisites apply).

1 The Professional Sales Certificate will not count as a secondary program when combined with the standard Business Administration major. This certificate can count as a secondary program when combined with other COB majors. Please see the list of approved major/minor combinations (https://catalog.uwec.edu/undergraduate/business/academicprogramtext) that satisfy university academic concentration requirements (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header16).

2 The 12 credits of coursework must be completed with a “B” or higher grade in each course.

3 College-level Requirements

- Participate in a Collegiate level Sales Competition and rank in the top 30%. (20 points; cannot be used more than three times)
- Actively participate in the BluGold Sales Planning Team. Submit a one-page summary which details your specific contributions to the success of the BluGold Sales events. (20 points; cannot be used more than twice)

4 External Certifications

- Serve as a Team lead for events within the BluGold Sales Planning Team. (30 points; can only be used once)
- Join and actively participate in the BluGold Sales team as either a coach or a competitor (20 points; cannot be used more than twice)

5 External Connections

- Students must provide evidence of internship or work experience in professional sales for either the UWEC Professional Sales Program, corporations, or a non-profit organizations while completing the BBA degree. Typically, students should obtain a minimum of 120 hours of work experience. Students should consult with the Internship Coordinator to verify whether the experience meets the qualifications. At the conclusion of the internship experience, the candidate must submit the following:
  - An outline of your internship responsibilities which details how the experience developed your skill and knowledge of professional selling. The outline describing your internship experiences should include your contribution to projects assigned to you during the internship.
  - Empirical or key performance indicators that quantify your contribution.
  - A letter or feedback summary from your internship supervisor.
  - Students must submit their resume (which highlights their sales experience) and have it approved by either the Director or Assistant director of the UWEC Professional Sales program.

Students completing this program will be expected to meet the following learning outcomes:

- Engage in identifying and tracking prospects in the sales pipeline.
- Employ multiple types of sales strategies.
- Critically analyze sales and marketing metrics and make decisions based upon those metrics.

### Program Learning Outcomes

**Military Science and Leadership**

The Military Science and Leadership (MSL) courses are part of the Army Reserve Officers’ Training Corps (ROTC) and provide a dynamic student-focused learning environment designed to develop adaptive and agile leaders of character. ROTC is a unique program in that it is led by Active Duty and...
National Guard cadre, but run primarily by the students. Cadre facilitate the lecture portion of the curriculum and the students plan and execute the leadership labs and physical training. MSL courses focus on management and leadership skills and prepare a student to receive a commission as an Army officer for either active duty, the Army National Guard, or the Army Reserve.

MSL classes include three components: lecture, leadership lab, and physical training sessions:

- **Lecture** – Cadre-facilitated discussions focus on leadership development, leadership theories, Army fundamentals, written and oral communication skills, cultural awareness, mentoring, problem solving, and emphasize practical leadership application.

- **Leadership Lab** – Provide engaging, hands-on, and realistic application of the lecture lessons of the previous weeks. The focus of labs is on field craft and army fundamentals. The two-hour lab sessions are planned and executed by the Advance Course (MSL 300) cadets, giving them an opportunity to utilize unit training management and troop-leading procedures preparing them for their summer training event.

- **Physical Training** – Includes techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. There are three, one-hour physical training sessions per week; however, non-contracted students are only required to attend one.

**Additional Opportunities.** Students also participate in off-campus training exercises and competitions designed to reinforce training and challenge their physical and mental capacities.

**Basic Courses.** 100- and 200-level MSL courses are open to any UW-Eau Claire undergraduate student, regardless of major. Students may start the classes in either the fall or spring semester. Taking these classes requires no obligation to the Army. These courses give students the opportunity to learn about the Army and how the Army implements leadership. Additionally, credits from the Basic Courses (MSL 100 and MSL 200) can be applied towards the Leadership Studies Certificate. These classes can be taken during study abroad.

**Advanced Courses.** 300- and 400-level MSL courses are open to any UW-Eau Claire undergraduate student regardless of major. Taking these classes requires that the student make a commitment to contract as a Cadet, which requires service to the active Army, Army Reserve, or Army National Guard after graduation. Enrollment requires receiving credit for the basic courses and meeting Army prerequisites. Students must have four semesters remaining in full-time status to complete the MSL 301 / MSL 302 / MSL 401 / MSL 402 course series. Students hold leadership positions throughout the semester and have significant responsibilities in planning and leading training during leadership lab and physical training. All advanced cadets attend the capstone Advance Course at Fort Knox, KY. MSL 301 and MSL 302 must be taken in sequence followed by the capstone summer training. Students are required to take an upper level U.S. military history course, which can be fulfilled by taking HIST 384, HIST 376, or HIST 377. These courses can be applied to the Military Leadership minor.

**ROTC Scholarships.** Cadets may be eligible for tuition scholarship, room and board scholarship, study abroad scholarship, or federal tuition benefits. For more information, visit www.goarmy.com/rotc/scholarships.jsp (http://www.goarmy.com/rotc/scholarships.jsp) or contact the ROTC cadre in Schneider 209. Interested students must contact the ROTC Office to determine the correct course in which to enroll, to get enrollment permissions, and to complete required paperwork.

**Minor**

- Minor: Military Leadership

**Military Science and Leadership (MSL)**

**MSL 101 Leadership and Personal Development (2 crs)**

- One off-campus training event required. Lab and Physical Training required (see Schedule).

Introduction to the Army profession and military leadership. Personal development includes goal setting, time management, physical fitness and stress management. Lab includes squad movement, map reading, first aid and formations. Physical Training is composed of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2
Physical Training Hours: 1

**MSL 102 Introduction to Tactical Leadership (2 crs)**

- One off-campus training event required. Lab and Physical Training required (see Schedule).

Basic leadership fundamentals such as problem solving, oral and written communication, goal setting and tactical knowledge. Exploration of leadership theories, attributes and traits. Lab includes team tactics, map reading, marksmanship and marching techniques. Physical Training consists of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 1
Lab/Studio Hours: 2
Physical Training Hours: 1
MSL 201 Innovative Team Leadership (2 crs)
Prerequisite: MSL 102 or consent of instructor.
Consent: Instructor Consent Required
• One off-campus training event required. Lab and Physical Training required (see Schedule).
Explores innovative tactical leadership strategies and styles by examining team dynamics and leadership theories. Students broaden their knowledge of communications, land navigation and tactics, which are practiced in lab. Physical Training attendance required one day per week. Open to all students.
Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2
Physical Training Hours: 1

MSL 202 Foundations of Tactical Leadership (2 crs)
Prerequisite: MSL 201 or consent of instructor.
Consent: Instructor Consent Required
• One off-campus training event required. Lab and Physical Training required (see Schedule).
Continues study of leadership principles emphasizing leadership analysis and leadership self-assessment. Students integrate map reading with tactical planning and develop operations orders. Lab applies basic team leadership during practical exercises in a field environment. Physical Training consists of techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required one day per week. Open to all students.
Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2
Physical Training Hours: 1

MSL 203 Adaptive Team Leadership (3 crs)
Prerequisite: MSL 101, MSL 102, MSL 201, MSL 202 or consent of instructor.
Consent: Instructor Consent Required
• Required off-campus training weekends. Lab and Physical Training required (see Schedule).
Students conduct leadership self-assessment, receiving direct and peer feedback. Apply advanced tactical skills and leadership in planning small-unit tactical training applying problem-solving techniques. Lab reinforces squad-level tactics, employing the troop-leading procedures. Physical Training consists of developing and leading programs to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days a week. Open to all students.
Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 2
Lab/Studio Hours: 2
Physical Training Hours: 3

MSL 302 Applied Team Leadership (3 crs)
Prerequisite: MSL 301 or consent of instructor.
Consent: Instructor Consent Required
• Required off-campus training weekends. Lab and Physical Training required (see Schedule).
Emphasis on writing operation orders, improving oral/written communications, and leadership analysis. Receive direct and peer feedback on leadership performance. Lab applies advanced tactics and leadership during patrol-size tactical training. Physical Training consists of developing and leading programs to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.
Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2
Physical Training Hours: 3

MSL 301 Developing Adaptive Leaders (3 crs)
Prerequisite: MSL 302 or consent of instructor.
Consent: Instructor Consent Required
• Required off-campus training weekends. Lab and Physical Training required (see Schedule).
Develop proficiency in planning and executing complex operations, functioning as a staff member and mentoring subordinates. Explore training management, staff collaboration and developmental counseling techniques. Lab instruction is designed to increase students’ organizational-level, mentoring and assessment skills. Physical Training requires mentoring junior Cadets in techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.
Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2
Physical Training Hours: 3
MSL 402 Leadership in a Complex World (3 crs)
Prerequisite: MSL 401 or consent of instructor.
Consent: Instructor Consent Required
• Required off-campus training weekends. Lab and Physical Training required (see Schedule).

Examine officership, study Army programs, and complete a battle analysis. Examine civilian, governmental, legal, and cultural factors of conducting military operations in an international environment. Lab instruction is designed to increase students’ organizational level, mentoring and assessment skills. Physical Training requires mentoring junior Cadets in techniques to improve muscular strength and endurance and cardio-respiratory capacity. Includes strength and aerobic exercises, water confidence training, distance running, military drills and team sports. Physical Training attendance required three days per week. Open to all students.

Attributes: Field Trip(s) Required
Grading Basis: A-F Grades Only
Lecture/Discussion Hours: 3
Lab/Studio Hours: 2
Physical Training Hours: 3

1 Elective courses must meet requirements as published by U.S. Army Cadet Command policy letters. Qualification of instructor and syllabus content are key factors in these requirements. Students must confirm that specific courses meet these requirements with ROTC program advisors prior to enrollment.
2 These courses are available to Junior and Seniors only, and a request must be submitted to the respective departments to waive course prerequisites.

Note: Credit for MSL 399 is primarily tied to Cultural Understanding and Language Proficiency (CULP) program, Cadet Troop Leader Training (CTLT), and Cadet Internships. These summer programs allow for experiential learning linking institutional learning to work experience.

Program Learning Outcomes
Students will demonstrate proficiency in the four ALAs and General learning Outcomes:

- Leadership
  • Proficiency in creating and sustaining an organizational climate of trust and a shared identity as Army Professionals
  • Proficiency in the Army leader attribute and competency categories described in the Leadership Requirements Model
  • Proficiency in implementing and sustaining the fundamentals of development

- Mission Command
  • Proficiency in the principles of mission command
  • Proficiency in the elements of command and control (C2)
  • Proficiency in C2 Warfighter Function tasks and system to integrate elements of combat power
  • Proficiency in the fundamentals of the operations process to enable leaders to understand, visualize, describe, direct, lead, and assess operations
  • Proficiency in critical & creative thinking

- Operations
  • Proficiency in synchronizing all Warfighter Functions in Unified Land Operations in support of Joint Operations
  • Proficiency in understanding the Operational Environment across all domains
  • Proficiency in sustainment functions supporting Army Operations

- Training
  • Proficiency in planning, preparing, executing, and assessing training
College of Education and Human Sciences

Carmen Manning, Dean (Centennial 3015)
Jill Prushek, Associate Dean (Centennial 3015)

College Vision, Mission and Core Values

The vision of the College of Education and Human Sciences (CoEHS) is to be a regional leader in the development of highly competent, critically engaged professionals who enhance the lives of others in an increasingly diverse society.

Committed to the highest standards of academic excellence, our mission is to prepare students to become engaged professionals who are creative thinkers, evidence-informed practitioners, and culturally responsive individuals. Integrity, collaboration, and social justice are the core values that enable us to fulfill our mission and move toward achieving our vision.

- Social Work

Graduate Programs

Teacher and other school personnel programs are offered at the graduate level in professional development, communication sciences and disorders, and school psychology. A graduate degree in athletic training is also offered.

Non-degree Programs and Additional Certification Programs

Non-degree programs in any of the fields of study offered in baccalaureate and graduate programs can be arranged for candidates who hold a bachelor’s or advanced degree. We welcome you to UW-Eau Claire and encourage you to look at our programs to see if there is an offering that fits your needs. We offer a variety of certificate programs to enhance your knowledge and skills, and we offer licensure programs if you are looking to become a teacher or extend your current teaching license.

Dean’s List

At the end of each semester the University recognizes excellence in scholastic achievement by publishing the Dean’s List. Admitted undergraduate students are eligible if they meet the following criteria for the semester:

- earn a minimum of 12 credits.
- be in good academic standing.
- earn a minimum semester GPA of 3.70.
- have no courses with the following grades: Incomplete, Withdrawal, Audit, or Satisfactory/Unsatisfactory (except in courses that are offered only on the S/U grading system in which a grade of S has been earned).
- have no courses below the 100 level.
- have no repeats.
- have no professional semester courses taken in the term (ES 440, ES 441, ES 445, ES 446, ES 470, ES 471, ES 475; SEIP 470, SEIP 472, SEIP 475; UEC 470, UEC 475 UEM 470).

Dean’s List students will receive notification and congratulations from the Dean.

Criminal History and/or Caregiver Background Checks

Wisconsin law requires that persons responsible for the care, safety, and security of children and adults will be required to have background checks. In some cases, placement into an externship, professional semester, internship, or practicum will be dependent on the background check results. In some cases, students may be unable to complete field experiences required of their programs because of background check results. Furthermore, students should work closely with their advisors and the Associate Dean to determine the impact these results will have on their academic program. Students are responsible for all costs associated with background checks. Results of checks may be shared with the practicum, professional semester, externship, or internship site. It is the policy of the College that all students completing a field experience that requires a background check must have one completed by the College of Education and Human Sciences vendor within 12 months of the placement start date.

The College of Education and Human Sciences requires applicants to complete a Background Information Disclosure and a release for a criminal background check. Falsification or omission of information relevant to the questions may constitute grounds for denial of admission to the course(s), associated field experiences, or for termination of admission if the falsification or omission is discovered after admission. Further, after submission of the questionnaire, while an application is being considered or while a student in the program, if circumstances occur that would change any response(s), students must inform the Associate Dean of the changed response(s). Finally, no student is allowed to begin a field experience until the required background check is completed and the student is cleared to begin the field experience. For further information, contact the College of Education and Human Sciences Associate Dean’s Office (Centennial 3015).

Liability for Health Care Expenses

All expenses associated with health surveillance and care are borne by the student unless the Student Health Service specifically indicates otherwise. Students are not covered by health or accident insurance by UW-Eau Claire, the field experience facility, or the field experience institution. In addition, workers’ compensation insurance does not cover students. For example, if students suffer a needle stick or are hurt while in a field experience, they will need personal health insurance to cover medical bills.
Transportation to Field Placement Sites

Students in all of our programs must provide their own transportation to and from field experiences/placement sites. Some field experiences will require travel to other communities outside of Eau Claire. All costs associated with transportation to and from field experiences are the responsibility of the student. No automobile insurance coverage is provided by the state or by UW-Eau Claire; therefore, personal automobile insurance coverage should be purchased.

Special Course Fees

Some courses require a special fee because of the nature of the activity or supplies required to complete the course. Current special course fees are shown in the Class Schedule.

Directed and Independent Studies

Many opportunities are available for students to study independently or in small groups, problems and topics in their field of study which may not be included or explored in depth in regular course offerings.

Directed studies for groups can be arranged by departments and offered as special courses, either on campus or in off-campus settings. Those interested in directed studies should consult with a department chair to find out what opportunities exist.

Independent study, through a student-initiated procedure in which a unit of study is described and approved prior to enrollment, allows a student to earn one to three credits for each such educational experience. Those interested in independent study should work with a faculty member to create this learning opportunity.

Independent and directed study should not be used as a way of taking courses which are approved as regular offerings in the College. Also, in some programs, there is a limit to the number of credits students can take in independent and directed studies.

International Education

Students are invited to participate in exchange programs sponsored by the Center for International Education. In the sophomore, junior, and senior years, study abroad programs offer students opportunities to visit another country and take courses on the host campus that will fulfill UW-Eau Claire requirements.

Students are also encouraged to consider completing part of their student teaching experience in classrooms in a variety of countries. Exchange student teaching programs are available during the fall and spring semesters through Educators Abroad and meet Department of Public Instruction requirements. Students must complete one student teaching placement in Wisconsin and then complete an additional placement in another country, following its academic calendar. In other words, students may not be finished with their overseas student teaching placement in time for graduation ceremonies at UW-Eau Claire.

Students interested in any of these international studies programs should contact the Center for International Education (Schofield 3) or the Teacher Education Program Office, Centennial 3102.

Immersion Experiences

Students are invited to participate in specially arranged student teaching experiences and other field experiences in a variety of settings including the Milwaukee Public Schools, Alaska, Washington D.C. and the Aldine School District in Houston, Texas. Students interested in these opportunities will gain experience working in districts with a diverse student population. Interested students should contact the Teacher Education Program Office, Centennial 3102, or the department of their major for details.

#### Requirement.

Students are expected to accrue 15 of the 30 hours of volunteer/with disabilities. This fieldwork satisfies the University Service-Learning Foundations: Human Relations, which includes completion of a minimum of 30 hours of direct contact fieldwork with racial/ethnic/cultural minorities different from themselves, people from low-income backgrounds, and people with disabilities. This fieldwork satisfies the University Service-Learning Requirement. Students are expected to accrue 15 of the 30 hours of volunteer/fieldwork prior to the semester they are enrolled in ES 385/ES 585.

#### Human Relations/Cultural Diversity/Design for Diversity Service-Learning Requirements

Students in teacher education majors shall meet the Wisconsin Department of Public Instruction’s Human Relations Requirement and the UW-Eau Claire Cultural Diversity Requirement by completing ES 385/ES 585, Social Foundations: Human Relations, which includes completion of a minimum of 30 hours of direct contact fieldwork with racial/ethnic/cultural minorities different from themselves, people from low-income backgrounds, and people with disabilities. This fieldwork satisfies the University Service-Learning Requirement. Students are expected to accrue 15 of the 30 hours of volunteer/fieldwork prior to the semester they are enrolled in ES 385/ES 585.

#### Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

#### Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing scores on required tests if those are required for the major.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through:

- Earning a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

#### Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

#### Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

#### Human Sciences Requirements

**Program and Degree Requirements**

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

#### Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements. (see University Graduation Requirements)

---

### Degree Planning

A degree plan indicates how a student expects to meet the curricular requirements for a degree. Degree plan forms for the various programs offered in the College may be obtained in department offices or from the ARCC. These plans are for students’ use in planning programs with their advisors. Degree Review uses the Degree Audit for official evaluation of academic plans and official evaluation of academic progress.

#### Human Relations/Cultural Diversity/Design for Diversity Service-Learning Requirements

Students in teacher education majors shall meet the Wisconsin Department of Public Instruction’s Human Relations Requirement and the UW-Eau Claire Cultural Diversity Requirement by completing ES 385/ES 585, Social Foundations: Human Relations, which includes completion of a minimum of 30 hours of direct contact fieldwork with racial/ethnic/cultural minorities different from themselves, people from low-income backgrounds, and people with disabilities. This fieldwork satisfies the University Service-Learning Requirement. Students are expected to accrue 15 of the 30 hours of volunteer/fieldwork prior to the semester they are enrolled in ES 385/ES 585.

#### Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

#### Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major and passing scores on required tests if those are required for the major.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through:

- Earning a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Foreign language majors and minors must earn passing scores on the ACTFL. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle, Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

#### Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

#### Out-of-state Applications

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

#### Human Sciences Requirements

**Program and Degree Requirements**

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

#### Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements. (see University Graduation Requirements)
General Information
Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Planning a Degree Program
Declaring a Major/Minor Program or Changing a Major/Minor Program
Students are assigned an academic advisor in the Advising, Retention, and Career Center and that is the contact for declaring and changing a major.

If students are changing their major they are encouraged to obtain a new advisor from department offices. A total of no more than six credits of Directed Study courses may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education requirements. The Department of Social Work may further restrict the application of such credits to their majors.

Directed Study Courses
Courses numbered 395 or 495, offered by several departments under various titles, are designed to permit individual students or groups of students to undertake special projects related to their educational interests and goals.

Eligibility: Registration for a Directed Study course requires the permission of the faculty member who agrees to supervise the project and of the department offering the course. Any further conditions of eligibility are established by the department and published as part of the course description.

Restrictions: A total of no more than six credits of Directed Study courses may be applied toward graduation. Directed Study courses may not be applied toward completion of the Liberal Education requirements. Departments also may restrict the application of such credits to their majors and minors.

Independent Studies
Under the course numbers 399 and 499, each department in the human sciences cluster of the College provides advanced students with opportunities for independent study in fields where they have already demonstrated their competence.

Eligibility: Independent Study courses are open only to juniors and seniors. A student with a departmental major and/or minor may elect an Independent Study in the department of the major or of the minor, provided the student

intended to be used to duplicate any major or minor offered as a regular program within the UW System.

The student who wishes to develop a Topical Minor must adhere to the following requirements.

- Interdisciplinary Breadth Requirement: A Topical Minor consists of 24 credits. There must be at least two course prefixes present among these credits and no more than 15 credits from any single prefix.
- Unique Credit Requirement 1: A student may not apply a course that counts toward credits in his/her major to the Topical Minor.
- Unique Credit Requirement 2: No more than six credits from a student’s major prefix may be used in the Topical Minor.
- Depth Requirement: At least 12 of the 24 credits must be from courses numbered 300 or above.
- College Home: For a Topical Minor to reside in the College of Education and Human Sciences, prefixes from at least 12 of the 24 credits must be earned in the College of Education and Human Sciences.
- Submission Requirement: To propose a Topical minor, a student should work with a faculty advisor and complete an e-form located on the College of Education and Human Sciences website and route that form to the College for approval.

Special Curricular Offerings
Special Topics Courses
The Departments of Kinesiology and Social Work offer courses in which the topic for study may vary from semester to semester, often focusing on a contemporary issue or taking an innovative approach to a traditional subject. Students and faculty members are invited to recommend topics to the department. Topics are announced in the Class Schedule for the semester. There may also be prerequisites for these special topics courses.

Restrictions: A total of no more than nine credits in Special Topics courses may be applied toward graduation. Special Topics courses may not be applied toward completion of the Liberal Education requirements. The Department of Social Work may further restrict the application of such credits to their majors.

Education (Code 610-453)
A Topical Minor is an interdisciplinary minor composed of 24 semester credits selected by the student to meet the student’s own interests and scholarly objectives. Courses for the minor may be chosen on the basis of a coherent theme, an historical period, a definable professional need, or a complementary relationship to the student’s major. Most students who propose a topical minor do so after earning 30 credits but before earning 90 credits. Students must meet all prerequisite course work requirements and other prior eligibility benchmarks, such as achieving an appropriate grade point average. In the case of courses offered in one of the professional colleges, students must meet college admission requirements or students must obtain written permission from the College before enrollment is possible. The Topical Minor is not
has at least 3.00 resident and total GPAs in that department. A student with a multidisciplinary major may elect an Independent Study in any department which has courses required in the major, provided the student has at least 3.00 resident and total GPAs in the major and has earned a minimum of six credits with resident and total GPAs of at least 3.00 in the department in which the Independent Study is elected.

Restrictions: Only three credits of Independent Study (399 or 499) may be elected during any semester. A total of no more than six independent study credits may be counted toward graduation. Independent Study courses may not be applied toward completion of the Liberal Education requirements.

Procedures: The student shall outline an Independent Study proposal to a professor willing to direct the study. The department chair and the professor directing the study must give permission in order for the student to register for a 399 or 499 course. An electronic Independent/Directed Study Approval Form should be submitted and approved by the end of the fourth week of the semester (second week of Summer Session). Forms are available on the College of Education and Human Sciences website in the Blugold Insider.

Internships and Field Practicum Courses
Some type of internship or clinical experience is an integral part of programs in Communication Sciences and Disorders, Kinesiology: Exercise Science, Rehabilitation Science, and Social Work. Therefore, students in these programs must provide their own transportation to and from field experiences and internships. Many field experiences may require travel to other communities outside of Eau Claire. All costs associated with transportation to and from field experiences are the responsibility of the student.

Departmental Honors Programs
The Department of Social Work and the Department of Communication Sciences and Disorders have established a Departmental Honors Program for their majors. See the departmental listings for requirements.

Admission to Education Programs
Admission to the Major
Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better).
6. Met the University Mathematics requirements (complete one college-level math course earning C or better).
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure
Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students
Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Professional Education Semester
The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications
Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

**Deadline for Meeting Criteria**

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Pre-Professional Programs**

**Pre-Athletic Training**  
(Code 995-900)

Advisor: C. Hannah (Kinesiology).

The pre-athletic training program is intended to prepare students for admission into a graduate program in athletic training. Students should plan on completing a baccalaureate degree before matriculating into an athletic training graduate program. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-athletic training program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study. Information about the Master of Science-Athletic Training Program. (http://catalog.uwec.edu/graduate/programs/kinesiology/athletic-training-ms/)

**Pre-Chiropractic**  
(Code 704-901)

Advisor: M. Mattes (Kinesiology).

The pre-chiropractic program is intended to prepare students for admission into a chiropractic college. Most accredited chiropractic colleges prefer that students earn a baccalaureate degree before beginning, or concurrently with, their chiropractic training. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-chiropractic program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

**Pre-Occupational Therapy**  
(Code 665-901)
The pre-occupational therapy program is intended to prepare students for admission into a graduate program in occupational therapy. Most occupational therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to occupational therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-occupational therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

Pre-Physical Therapy (Code 662-901)

Advisor: M. Mattes (Kinesiology).

The pre-physical therapy program is intended to prepare students for admission into a graduate program in physical therapy. Most physical therapy programs are now at the graduate level. Students should plan on completing a baccalaureate degree before applying to physical therapy graduate programs. Because the specific requirements of professional schools vary considerably, students should obtain current academic catalogs from the schools in which they are interested. The pre-physical therapy program is an advising track and not a major, minor, or certificate program. Interested students should select an appropriate major in consultation with an academic advisor in their chosen area of study.

Secondary Education Majors

Secondary Majors

- Comprehensive Major: English & Language Arts Teaching- B.A.
- Major: French Teaching- B.A.
- Comprehensive Major: Physical Education Teaching- B.S.
- Comprehensive Major: Mathematics Teaching- B.S.
- Major: Mathematics Teaching- B.S.
- Comprehensive Major: Music Teaching – Instrumental Emphasis - B.M.E
- Comprehensive Major: Music Teaching – Choral Emphasis - B.M.E.
- Comprehensive Major: Science Teaching, Biology Emphasis - B.S.
- Comprehensive Major: Science Teaching, Chemistry Emphasis - B.S.
- Comprehensive Major: Science Teaching, Earth/Space Science Emphasis - B.S.

Teaching (Code 541-001)

University Requirements

GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE

Credit Requirements

| Minimum total for graduation | 120 |
| Upper division credits (courses numbered 300 and higher) | 39 |
| Liberal Education Core | 36 |

Academic Concentrations

Grade Point Requirements

| Total | 2.00 average |
| Resident | 2.00 average |
| Major | 2.00 average |
| Minor | 2.00 average |
| Certificate | 2.00 average |

University Residency Requirements

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/
EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

<table>

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.
Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Application
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**NOTE:** At least 24 credits must be upper-division.

The Comprehensive English Teaching major is restricted to students in the College of Education and Human Sciences Department of Education for Equity and Justice Grades 4-12 (Option B) and leads to licensure to teach English in grades 4-12 classrooms. See Department of Education for Equity and Justice departmental pages for specific information on requirements for admission to the College of Education and Human Sciences and the Professional Semester. See advisor for specific information regarding English Department requirements for admission to the College of Education and Human Sciences and the Professional Semester.

### Information for English Majors and Minors

#### British Literature/Culture before 1790
- ENGL 252 Perspectives on Pre-1790 British Literature 3
- ENGL 257 Chaucer and His Age 3
- ENGL 351 Representative Shakespeare 3
- ENGL 352 Topics in British Literature Before 1790 3
- ENGL 357 Shakespearean Topics 3
- ENGL 452 Seminar in Early British Literature 3

#### British Literature/Culture after 1790
- ENGL 259 Perspectives on British Literature After 1790 3
- ENGL 359 Topics in British Literature After 1790 3
- ENGL 362 Studies in Transatlantic Romanticism 3
- ENGL 459 Seminar in British Literature After 1790 3

### American Literature/Culture before 1865
- ENGL 243 American Literature to 1865 3
- ENGL 340 Topics in American Literature to 1865 3
- ENGL 440 Seminar in American Literature Before 1865 3

### American Literature/Culture after 1865
- ENGL 244 American Literature from 1865-1945 3
- ENGL 245 American Literature Since 1945 3
- ENGL 348 Topics in American Literature: 1865-Present 3

### World/Post-Colonial Literature/Culture
- ENGL 130 Introduction to World/Postcolonial Literature 3
- ENGL 230 Survey of World/Postcolonial Literature 3
- ENGL 330 Topics in World/Postcolonial Literature 3

- ENGL 384 Studies in Theory and Criticism 3
- ENGL 481 Seminar in Film, Video, and Moving-Image Culture 3-4
- ENGL 484 Seminar in Critical Theory 3

### Additional Courses in Literature/Culture
- ENGL 150 Introduction to Literature 3
- ENGL/CJ 273 Creative and Narrative Nonfiction 3
- ENGL 274 The Short Story 3
- ENGL 275 The Novel 3
- ENGL 276 Poetry 3
- ENGL 277 Drama 3
- THEA 318 Contemporary Drama 3

### Creative Writing
- ENGL 220 Introduction to Creative Writing 3
- ENGL 310 Intermediate Poetry Writing 3
- ENGL 311 Intermediate Fiction/Nonfiction Writing 3
ENGL 410 Creative Writing Workshop - Poetry 3
ENGL 411 Creative Writing Workshop - Fiction 3
ENGL 412 Creative Writing Workshop - Nonfiction 3
ENGL 413 Prose Writing Workshop-Topics 3

Linguistics
ENGL 121 Busting Language Myths 3
ENGL 221 Introductory English Linguistics 3
ENGL 321 Topics in the Structure of English 3
ENGL 325 Topics in Language in Society 3
ENGL 421 Seminar in Linguistic Research 3

Rhetorics of Science, Technology, and Culture
ENGL 212 Histories and Theories of Rhetoric 3
ENGL 307 Editing and Publications Management 3
ENGL 312 Science Writing 3
ENGL 313 Technical Writing 3
ENGL 314 Cultural Rhetorics 3
ENGL 315 Visual Rhetorics of Science, Technology, and Culture 3
ENGL 316 Rhetorics of Social Justice 3
ENGL 409 Grant Proposal Writing 3
ENGL 455 Seminar in Rhetorics of Science, Technology, and Culture 3

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Read and Interpret text from a variety of critical perspectives
- Write effectively for different purposes and audiences
- Plan, conduct, and document research using appropriate sources
- Describe the dynamic nature, diversity, and structure of the English language
- Apply knowledge of subject area, student learning, educational research, and pedagogical theory to instructional design

Sample Degree Plan
English & Language Arts Teaching, Comprehensive Major (B.A.)
The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

FIRST YEAR
FIRST SEMESTER
Writing Requirement: 2-5
WRIT 114 Intensive Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)
or
WRIT 116 Blugold Seminar in Critical Reading and Writing (LE-S1, 5 credits)
or
WRIT 118 Accelerated Blugold Seminar in Critical Reading and Writing (LE-S1, 2 credits)
or
WRIT 120 Blugold Seminar in Critical Reading and Writing for Transfer Students (LE-S1, 2 credits)
LE Option: Skills 2 (LE-S2) Mathematics - Choose course that meets Math competency requirement 4
English 200 level requirement: 6
ENGL 2XX - 200-level in a required literature, culture, theory, film category; LE-K4 or LE-R2
and
ENGL 212 Histories and Theories of Rhetoric (LE-K3)
SECOND SEMESTER
ENGL 210 Introduction to Critical Studies 5
ENGL 221 Introductory English Linguistics (LE-K2) 3
Communication/Journalism (S1) 3
CJ 105 Communication in Contemporary Society (LE-K3)
or
CJ 206 Human Communication Theory (3 credits)
LE Core Option: Knowledge 1 (LE-K1L) Natural Sciences with Lab - Biology 4-6
TOTAL FIRST YEAR 27-32
SECOND YEAR
FIRST SEMESTER
ENGL 284 Introduction to Theory and Criticism 3
Survey of American Literature: 3
ENGL 268 Survey of American Ethnic Literature (LE-K3, LE-R1 DDIV)
or
ENGL 368 Topics in American Ethnic Literature (3 credits)
CJ 184 Multimedia Communication 3
ES 385 Social Foundations: Human Relations 3
LE Option: Knowledge 1 (LE-K1) Natural Sciences - not Biology 3-4
SECOND SEMESTER
CJ 203 | Fundamentals of Human Communication (LE-S1) | 3
ENGL 2XX - 200-level in a required literature, culture, theory, film category; LE-K4 or LE-R2 | 3
ENGL 3XX - 300-level in a required literature, culture, theory, film category | 3
PSYC 260 | Educational Psychology (LE-K2) | 3
ES 212 | Exploring Schooling K-12 | 2
TOTAL SECOND YEAR | 29-30
THIRD YEAR - Apply for admission to Education Program semester prior to Block
FIRST SEMESTER
L MED 306 | Literature For Adolescents | 3
ENGL 319 | Introduction to English Education Methods (Fall only) | 3
ENGL 2XX/3XX/4XX - 200-400-level elective | 3
ENGL 3XX/4XX - 300-400-level in required literature, culture, theory, film category | 3
CJ Elective | 3
SECOND SEMESTER
ENGL 3XX/4XX - 300-400-level elective | 3
ENGL 3XX/4XX - 300-400-level elective | 3
ES 490 | Historical, Legal, and Philosophical Foundations of Education | 3
SEIP 300 | Inclusive Practices for Secondary Educators | 3
LE Core Elective - Consider LE-R3 or any other needed | 3
LE Option Elective | 3
TOTAL THIRD YEAR | 32
FOURTH YEAR
FIRST SEMESTER
ENGL 4XX - 400-level in required literature, culture, theory, film category - LE-S3, LE-I1 | 3
ES 312 | General Methods of Teaching and Middle Level Methods and Curriculum and Teacher Assisting and Disciplinary Literacy and Study Strategies | 7
ENGL 419 | Seminar in English Education Methods | 3
Total | 13
SECOND SEMESTER
ES 445 | Student Teaching in Middle Level Education | 5
ES 470 | Student Teaching in Secondary Education | 5
ES 497 | Field Experience Seminar (LE-S3, LE-I1) | 2
TOTAL FOURTH YEAR | 25

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 102 level fulfills one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level fulfills one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Major, Comprehensive, upper division in residence 21
Certificate 25 percent of credits
Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation
Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate
will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

<table>

---

**Teaching Licensure Requirements - Grades K-12**

**Program Options B and C**

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

**Option C: Grades K-12**

**Grades K-12 Licensure**

**Note:** Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

**Admission Requirements**

**Admission to Education Programs**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIC within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in
consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the resident/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 366 and ES 437 are required. This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice Option C and leads to licensure to teach French in grades K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Sample Degree Plan
French Teaching-Major (B.A.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.
To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**Minimum total for the baccalaureate degree = 120 credits**

a For certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice: Option C and leads to licensure to teach French in grades K-12.

For certification, a period of residency abroad is required. Study abroad experience can count for IL experience.
RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL** – Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- **S1** – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- **S1** – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- **S1, R2** – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- **S2** – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- **S3** – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- **I1** – Any semester long study abroad program can fulfill one I1 experience.

Language Immersion Requirement

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (four credits) required. This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach French in K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate
High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

UW-System  no maximum
Other extension/correspondence  maximum ¼ of total
USAFI  maximum 32 credits

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS  a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.
Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences
Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement
Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement
Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience
Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Teaching Licensure Requirements - Grades 4-12
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:
1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

**Option B: Grades 4-12**

**Admission Requirements**

**Admission to Education Programs**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

**Application Procedure**

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

**Special or Transfer Students**
Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
2. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
3. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIC within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded,
and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Sample Degree Plan**

**Mathematics Teaching, Comprehensive Major (B.S.)**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**FIRST YEAR**

</table>

1 MATH 347 may be substituted for MATH 345.

This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option B and leads to licensure to teach Mathematics in grades 4-12 classrooms.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

**Minimum total for the baccalaureate degree = 120 credits**

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Once admitted to the Teacher Education Program, students participate in High Impact Practices during the Block semester and Student Teaching.
Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.
USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

| Knowledge Goal | a minimum of 36 credits |

Knowledge Goal

| Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) |
| Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) |
| Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) |
| Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) |

Skills Goal

| Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) |
| Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) |
| Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) |

Responsibility Goal

| Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-ddiv/#header13) |
| Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) |
| Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) |

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to
submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

**Application Procedure**

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

**Special or Transfer Students**

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

---

**Admission to the Teaching Professional Semester (Student Teaching)**

**Admission to the Professional Education Semester**

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

**Filing Notice of Intent to Student Teach Applications**

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

**Transfer and Special Students**

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

**Criteria for Admission**

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

**Deadline for Meeting Criteria**

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.

4. Completion of student teaching courses with a mark of S.

5. Content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPic within three years prior to the start of student teaching.

   For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements
Teaching (Code 184-201)

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 114</td>
<td>Calculus I</td>
<td>4</td>
</tr>
<tr>
<td>MATH 215</td>
<td>Calculus II</td>
<td>4</td>
</tr>
</tbody>
</table>

Thirty-six semester credits, including:

<table>
<thead>
<tr>
<th>Code</th>
<th>Title</th>
<th>Credits</th>
</tr>
</thead>
<tbody>
<tr>
<td>MATH 216</td>
<td>Calculus III</td>
<td>4</td>
</tr>
<tr>
<td>MATH 324</td>
<td>Linear Algebra</td>
<td>4</td>
</tr>
<tr>
<td>MATH 330</td>
<td>Modern Geometry</td>
<td>4</td>
</tr>
<tr>
<td>MATH 345</td>
<td>Introduction to Probability and Mathematical Statistics</td>
<td>4</td>
</tr>
<tr>
<td>MATH 425</td>
<td>Abstract Algebra I</td>
<td>3</td>
</tr>
<tr>
<td>or MATH 316</td>
<td>Introduction to Real Analysis</td>
<td></td>
</tr>
</tbody>
</table>

Additional credits to be chosen from mathematics courses numbered above 305.

Technology requirement:
MATH 451 Teaching Mathematics with Technology 4

OR
CS 145 Programming for New Programmers 4

OR
DS 140 Basics of Data Analysis with R 2

OR
DS 150 Computing in Python: Fundamentals and Procedural Programming 4

This major is restricted to students in the College of Education and Human Sciences: The Department of Education for Equity and Justice: Option B and leads to licensure to teach Mathematics in grades 4-12 classrooms.

1. MATH 347 may be substituted for MATH 345.
2. CS 145, DS 140, and DS 150 do not count toward the 36 credits required for the mathematics major.

Program Learning Outcomes
Students completing this program will be expected to meet the following learning outcomes:

- Apply a broad range of perspectives, including numerical, graphical, algebraic, analytical and verbal, to effectively connect and communicate mathematical ideas.
- Use mathematics to model and solve appropriate problems.
- Write mathematical proofs.
- Work independently and collaboratively on mathematical problems.
- Read and synthesize mathematical literature.
- Combine multiple techniques of proof to establish the truth of a mathematical statement.

Sample Degree Plan
Mathematics Teaching- Major (B.S.)
The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree
in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Once admitted to the Teacher Education Program, students participate in High Impact Practices during the Block semester and Student Teaching.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

**Procedures Required for Graduation**

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

---

1 Certain programs exceed this minimum.
Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

Responsibility Outcome 2 (R2): Professional and Ethical Responsibility
Responsibility Outcome 3 (R3): Civic Engagement
Responsibility Outcome 4 (R4): Personal and Civic Learning
Responsibility Outcome 5 (R5): Global Awareness

See special requirements in each College.
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

University Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

2. Grade point requirements:

<table>
<thead>
<tr>

</tbody>
</table>

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

<table>
<thead>

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

### Admission Requirements

#### Admission to Education Programs

**Admission to the Major**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. **Minimum** total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

#### Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

#### Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

### Admission to the Teaching Professional Semester (Student Teaching)

#### Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

#### Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each
notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission
No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

- MUSI 404 Music History Seminar 3

**Techniques** 3
- MUSI 198 Percussion Techniques 1
- MUSI 202 Brass Techniques 1
- MUSI 208 Woodwind Techniques 1

**Applied Music (Voice or Piano emphasis)**

**Voice Emphasis**
- MUSI 153 Applied Music-Voice (four semesters, four credits)
- MUSI 151 Applied Music-Piano (two semesters, two credits)
- MUSI 353 Advanced Applied Music-Voice (three semesters, three credits)
- MUSI 378 Advanced Functional Piano (one semester, one credit)

**Piano Emphasis**
- MUSI 151 Applied Music-Piano (four semesters, four credits)
- MUSI 351 Advanced Applied Music-Piano (three semesters, three credits)
- MUSI 153 Applied Music-Voice (four semesters, four credits)

**Conducting**
- MUSI 350 Conducting 2
- MUED 400 Choral Literature and Conducting 3

**Pedagogy**
- MUSI 345 Voice Pedagogy 3

**Ensembles**

Seven credits minimum, one credit required every semester of classes except during the professional semester.

Minimum of one credit from:
- MUSI 190/390 Symphonic Choir

Minimum of two credits from:
- MUSI 191/391 The Singing Statesmen
- MUSI 192/392 Women's Concert Chorale

Minimum of two credits from:
- MUSI 388 Concert Choir
- MUSI 390 Symphonic Choir

Minimum of one credit from:
- MUSI 262/462 Chamber Choir

One credit elective ensemble from:
- MUSI 188/388 Concert Choir
- MUSI 190/390 Symphonic Choir
- MUSI 191/391 The Singing Statesmen

MUSI 192/392 Women's Concert Chorale
MUSI 260/460 Contemporary Music Ensemble
MUSI 262/462 Chamber Choir
MUSI 280/480 Opera/Music Theatre Workshop
MUSI 461 Voice Ensemble

The two semesters immediately prior to the professional semester must be from the following:
- MUSI 388 Concert Choir
- MUSI 390 Symphonic Choir
- MUSI 391 The Singing Statesmen
- MUSI 392 Women's Concert Chorale
- MUSI 262/462 Chamber Choir

**Music Methods**
- MUED 211 Introduction to Music Education 1
- MUED 300 Adaptive Music 2
- MUED 310 Principles, Practices, and Practicum in General Music PreK-5 2
- MUED 318 Music as Content in Schools 2
- MUED 410 Secondary Choral Teaching Methods 3

**Piano Proficiency - passed prior to enrollment in MUED 310**

**Other Requirements**

**Professional Education**

University Requirements for Teacher Education Program (see College of Education and Human Sciences).

This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure in all music areas K-12.

**Liberal Education Requirements**

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate artistic expression through musicianship, technical expertise and skill as appropriate to discipline.
• Create historically and culturally appropriate interpretations through the performance of varied repertoire in collaborative and solo performances as appropriate to discipline.
• Apply culturally specific analytical techniques and approaches to musical compositions.
• Make comparative written statements about aesthetics and function for multiple compositional styles.
• Demonstrate a diverse and inclusive perspective of music, as well as identify systems of privilege in music.
• Design and teach lessons that facilitate student achievement while acting as a collaborative leader.
• Design instruction that utilizes Comprehensive Musicianship through Performance (CMP) as a pedagogical approach in the classroom and rehearsal settings.
• Analyze and evaluate written and aural musical representations and performances by using effective musical academic language.
• Analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.

Sample Degree Plans

Music Teaching – Choral Emphasis, Comprehensive Major (B.M.E)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Apply to Program

FOURTH YEAR

FIRST SEMESTER
MUSI 3XX - Ensemble 1
MUSI 353 Advanced Applied Music-Voice 1
ES 490 Historical, Legal, and Philosophical Foundations of Education 3
MUED 410 Secondary Choral Teaching Methods 3

SECOND Education Block:
ES 312 General Methods of Teaching 2
ES 317 Middle Level Methods and Curriculum 2
ES 328 Disciplinary Literacy and Study Strategies 2
MUED 318 Music as Content in Schools 2

TOTAL 16

SECOND SEMESTER
ES 497 Field Experience Seminar 2
MUED 487 Student Teaching in Music 10 or MUED 488 Internship Teaching in Music

TOTAL 12

Minimum total for the baccalaureate degree = 120 credits

** It is highly recommended to take courses that fulfill two LE requirements simultaneously for efficiency, although it is not required. This will reduce credits to degree. This degree plan assumes a minimum of one course taken fulfilling two LE requirements simultaneously.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/ Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Students are encouraged to participate in an immersion program related to education either through the department or college during the final two years of the program.

Faculty-Student Research Projects are encouraged after the first year of the program.

Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Course Suggestions
• See catalogue for details of ensemble requirement.

• Piano Proficiency Exam must be passed prior to MUSI 350 and MUED 310.

• Required techniques courses are MUSI 198 -Percussion, MUSI 202 -Brass, and MUSI 208 -Woodwinds.

• See catalogue for foreign language competency requirement.

• BME students are considered pre-education until accepted into College of Education and Human Sciences.

• Secondary Block Courses must be taken concurrently.

Application to Major

Admittance to major is through audition to the Music Program and admittance to the College of Education and Human Sciences before your final year of the program.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).

• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).

• K3 – Humanities; two experiences.

• K4 – Fine Arts; one experience.

• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).

• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Credit Requirements

- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36
- Academic Concentrations:
  - Total: 2.00 average
  - Resident: 2.00 average
  - Major: 2.00 average
  - Minor: 2.00 average
  - Certificate: 2.00 average

University Residency Requirements

- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

Procedures Required for Graduation

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/)
One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
University Degree Requirements in Teacher Education in the College of Education and Human Sciences

College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

<table>

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

**Option C: Grades K-12**

**Grades K-12 License**

Admission Requirements

**Admission to Education Programs**

**Admission to the Major**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

**Approved Majors and Minors for Option C**

</tr>
<tr>
<td>General</td>
<td></td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program Office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program Office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates...
must pass the OPI/OPIC within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

ENSEMBLES

Woodwind/Brass/Percussion:

Seven credits minimum, one credit required every semester of classes except during the professional semester. 7

Minimum of four credits from:

MUSI 180/380 Symphony Band
MUSI 181/381 Wind Ensemble
MUSI 184/384 University Orchestra

Minimum of one credit from:

MUSI 183 Marching Band

Minimum of two credits from the following ensembles (Ensembles must be chosen in consultation with and approved by Music and Theatre Arts Department advisor based on career path; 2 different experiences required):

MUSI 183 Marching Band
MUSI 186 Jazz Ensemble
MUSI 256/456 Brass Ensemble
MUSI 257/457 Woodwind Ensemble
MUSI 258/458 Percussion Ensemble
MUSI 259/459 Jazz Combo
MUSI 260/460 Contemporary Music Ensemble
MUSI 268/468 Piano Ensemble

The two semesters immediately prior to the professional semester must be from the following:

MUSI 180/380 Symphony Band
MUSI 181/381 Wind Ensemble
MUSI 184/384 University Orchestra

Piano:
Seven credits minimum, one credit required every semester of classes except during the professional semester.

Two credits from:
- MUSI 268/468 Piano Ensemble

Five credits in consultation with the applied instructor from:
- MUSI 180/380 Symphony Band
- MUSI 181/381 Wind Ensemble
- MUSI 182/382 University Band
- MUSI 183 Marching Band
- MUSI 184/384 University Orchestra
- MUSI 186/386 Jazz Ensemble
- MUSI 188/388 Concert Choir

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

** It is highly recommended to take courses that fulfill two LE requirements simultaneously for efficiency, although it is not required. This will reduce credits to degree. This degree plan assumes a minimum of one course taken fulfilling two LE requirements simultaneously.
The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

- All students are required to participate in Student Teaching in the final semester of the program.
- Students are encouraged to participate in an immersion program related to education either through the department or college during the final two years of the program.
- Faculty-Student Research Projects are encouraged after the first year of the program.
- Students are strongly encouraged to participate in “Quest,” the Integrated Learning Project specifically created for Music and Theatre Arts students. See Music and Theatre Arts Homepage for more information.

Course Suggestions
- See catalogue for details of ensemble requirement.
- Piano Proficiency Exam must be passed prior to MUSI 278, MUSI 350, and MUED 310.
- Required techniques courses are MUSI 196 - Strings, MUSI 198 - Percussion, MUSI 202 - Brass, MUSI 205 - Voice (2 cr.), MUSI 208 – Woodwinds (Single Reed and Flute), MUSI 210 – Woodwinds (Double Reeds), and MUSI 278 – Functional Piano.
- See catalogue for foreign language competency requirement.
- BME students are considered pre-education until accepted into College of Education and Human Sciences.
- It is recommended that Wind and Percussion majors enroll in Marching Band for a minimum of two semesters.
- Secondary Block Courses must be taken concurrently.

Application to Major
Admittance to major is through audition to the Music Program and admittance to the College of Education and Human Sciences before your final year of the program.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.

Minimum total for the baccalaureate degree = 120 credits

** It is highly recommended to take courses that fulfill two LE requirements simultaneously for efficiency, although it is not required. This will reduce credits to degree. This degree plan assumes a minimum of one course taken fulfilling two LE requirements simultaneously.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations

**Procedures Required for Graduation**

- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.

2. See special requirements in each College.

**Applicability of Credits Toward Graduation**

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.
LIBERAL EDUCATION Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION Core REQUIREMENTS**

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Prescribed special methods course(s) (see approved majors and minors below)

Student Teaching Courses from list below:

ES 441   Student Teaching in Elementary Education  5

AND

ES 445   Student Teaching in Middle Level Education  5

or ES 470   Student Teaching in Secondary Education

or

ES 440   Internship Teaching in Elementary Education  5-10

or

ES 446   Internship Teaching in Middle Level Education  5-10

or

ES 475   Internship Teaching in Secondary Education  5-10

NOTE 1: SEIP 300 (not required of Kinesiology or Music majors).

NOTE 2: ES 441 is not required for Foreign Language majors and minors in the student teaching semester as an earlier elementary level field placement (required by DPI) occurs in ES 437.

NOTE 3: Music Education majors take MUED 318 instead of ES 318 and MUED 487 or MUED 488 instead of ES 441 and one of ES 445 or ES 470, or ES 440, or ES 446, or ES 475.

Admission Requirements

Admission to Education Programs

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices for criteria upon which the departmental recommendation will be based.
2. Good academic standing.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g., SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.
Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:
   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPic within three years prior to the start of student teaching.

   For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

ELECTIVE: one course
Any upper division course in Spanish (300 level or above) 1, 2, 3

TESOL CORE
ES 405  Teaching English to Speakers of Other Languages  3
ES 408  Methods of Teaching Content-Based EL  4
ENGL 221  Introductory English Linguistics  3

TESOL ELECTIVE: Choose One Course
   CJ 301  Intercultural Communication  3
   ENGL 321  Topics in the Structure of English  3
   ENGL 325  Topics in Language in Society  3

ADDITIONAL REQUIRED COURSES
FLG 378  Second Language Acquisition Theory  3
ES 366  World Language Methods for Secondary Teaching  2-3
ES 437  World Language Methods for Early and Middle Childhood  2

Note: This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice Department and leads to licensure to teach Spanish and ESL in K-12 classrooms.
Note: To be approved for student teaching, passing the OPI or OPIc in Spanish with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Note: A period of residence abroad is required in a Spanish-speaking country. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

Note: To be endorsed for TESOL certification, a 3.0 Content Knowledge GPA in TESOL courses or a passing score of 153 on the Praxis II Content Exam is required.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- demonstrate specialized field knowledge of second language acquisition and linguistic features of the language of instruction.
- design curriculum, instruction, and assessment practices relating to the cognitive, linguistic, social, emotional development of k-12 language students.
- incorporate assessment techniques focused on student learning such as performance assessments, formative assessments, and summative assessments.
- explore various approaches to create an inclusive learning environment, recognizing the importance of diverse learners within the context of the school and community.
- engage in critical reflection related to the teaching and learning of languages.
- engage with research in the field to investigate pedagogical practices relevant to language teaching such as high-leverage teaching practices and content-based practices.

**Sample Degree Plan**  
**Spanish Teaching, TESOL Emphasis Comprehensive Major (B.A.)**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**TOTAL 12**

**Minimum total for the baccalaureate degree = 120 credits**

This major is restricted to students in the College of Education and Human Sciences: Education for Equity and Justice.

For certification, a period of residency abroad is required. Study abroad experience can count for IL experience.

### Liberal Education (LE) Core Guidance

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning: 30 hours

### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- Study abroad experiences can fulfill the Integrative Learning (L1) Outcome if the student opts in. Fulfillment of the outcome requires completion of a reflective activity. Please consult with CIE and/or your adviser.
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation
Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades K-12

Program Options B and C

These programs are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.
# Option C: Grades K-12

**NOTE:** Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

## Admission Requirements

### Admission to Education Programs

**Admission to the Major**

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)  
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)  
7. Good academic standing.  
8. Complete an introductory education course with a field placement (e.g., SEIP 208, ES 212 or the equivalent) with a grade of C or better.  
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.  
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.  
3. A minimum of 90 credits completed prior to the professional semester.  
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.  
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.  
6. Completion of the 30 hour Human Relations Fieldwork requirement.  
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.  
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.  
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.  
2. Completion of an approved teacher education major, minor, or certificate.  
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.  
4. Completion of student teaching courses with a mark of S.  
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates
must pass the OPI/OPIc within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements

Language Immersion Requirement: 1

1 Language Immersion Requirement: All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Spanish in grades K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Sample Degree Plan

Spanish Teaching- Major (B.A.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred
credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/here (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

Minimum total for the baccalaureate degree = 120 credits

---

*a Before student teaching, passing the OPI or OPIc with a score of Intermediate High or above on the ACTFL rating scale is required for both language
education majors and minors. Please see your advisor for additional certification requirements.

This major is restricted to students in the College of Education and Human Sciences; Education for Equity and Justice: Option C and leads to licensure to teach Spanish in K-12 classrooms.

For certification, a period of residency abroad is required. Study abroad experience can count for IL experience.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/ Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/)) into your time at UW-Eau Claire.

For language-specific study abroad opportunities, see above and also faculty advisor, ARCC advisor, and the Center for International Education.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.

**Spanish, Minor - Teaching - EC-A**

**Early Childhood/Adolescence, Teaching (Code 320-407)**

**Information for all Spanish Majors and Minors**

All Spanish majors and minors in any of the emphases offered must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or participate in an alternative language immersion experience that must be approved by the Spanish section. The minimum time period for meeting the residence/immersion requirement is six weeks; however, the Spanish section recommends that students spend at least one semester abroad.

**Code** | **Title** | **Credits**
--- | --- | ---
A minimum of 24 semester credits beyond SPAN 102, or 16 credits beyond SPAN 202, including:
SPAN 301 | Conversation and Composition I | 3
SPAN 302 | Conversation and Composition II | 3
SPAN 325 | Phonetics and Pronunciation | 3
SPAN 410 | Advanced Grammar | 3

**One civilization course from the following:**

- SPAN 355 | Spanish Civilization to 1900 |
- SPAN 356 | Contemporary Spain |
- SPAN/LAS 352 | Latin American Civilization |

**Required:**

- FLG 378 | Second Language Acquisition Theory | 3

**Language Immersion Requirement:**

1 **Language Immersion Requirement:** All majors and minors who wish to be certified to teach a foreign language must complete an appropriate period of language immersion in residence in a country in which the language is spoken, or provide an alternative language immersion experience that must be approved by the Department. The minimum time period for meeting the
residence/immersion requirement is six weeks. However, the Department of Languages recommends that students spend at least one semester abroad.

NOTE 1: ES 437 and ES 366 (four credits) required. This minor is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Spanish in K-12 classrooms.

NOTE 2: For departmental recommendation for student teaching and certification, passing the OPI or OPIc and WPT with a score of Intermediate High or above on the ACTFL rating scale is required. Please see your advisor for additional certification requirements.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Engage in interpersonal communication on a variety of topics of a personal, public, and professional nature.
- Understand and interpret written and spoken language and visual images on a variety of topics of a personal, public, and professional nature.
- Present information, concepts, and ideas to an audience of listeners or readers on a variety of topics of a personal, public, and professional nature.
- Demonstrate an awareness and knowledge of practices, products and perspectives related to the target culture(s) in spoken, written, and visual forms.
- Connect and integrate their language study with other disciplines and communities for academic and social purposes.
- Use critical and creative thinking to evaluate and address issues in local and global contexts.
- Demonstrate knowledge and appropriate use of current pedagogical issues and practices that are pertinent to the field of second language acquisition.

Procedures Required for Graduation

Obtain admission to the degree program and/or the college offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)
Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.

2. Pre-education status.

3. Students must have attained at least Sophomore status.

4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

5. Met the University Writing Requirement (complete WRIT 116, WRIT 118, or the equivalent earning a C or better).

6. Met the University Mathematics requirements (complete one college-level math course earning C or better).

7. Good academic standing.

8. Complete an introductory education course with a field placement (e.g., SEIP 208, ES 212 or the equivalent) with a grade of C or better.

9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the
appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public
**Instruction's (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.**

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Major Requirements**

**Teaching (Code 500-027)**

The comprehensive major in Social Studies Teaching, History Emphasis prepares education students to teach all social studies courses in a regular education setting grades 4 through 12.

**Code** | **Title** | **Credits**
--- | --- | ---
24 credit concentration in History | 24
HIST 124 | World History to 1500 | 3
HIST 125 | World History Since 1500 | 3
HIST 288 | Introduction to Research Methods and the Profession | 3

and one of the following:

HIST 114 | United States History to 1877 | 3
HIST 115 | United States History Since 1877 | 3

and one of the following:

HIST/WGSS 205 | American Women’s History | 3
HIST 210 | African American History 1865 to Present | 3
HIST/AIS 240 | American Indian History | 3

and nine additional credits in History at 300 or 400 level, with at least one course from “Diversity” course list and one course from “Global” course list located on History, Major - Liberal Arts page in the Catalog ¹

¹ More information can be found on this webpage.

**NOTE 1:** In addition to the 60-credit major, students must complete either GEOG 178 (II, K1) or BIOL 180 (II, R3) and PSYC 260 (K2).

**NOTE 2:** This major is restricted to students in the College of Education and Human Sciences.

**NOTE 3:** Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

**For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts,** a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

**Program Learning Outcomes**

Candidates in this program will be able to meet the following learning outcomes: (These learning outcomes are based on the National Council for the Social Studies):

**Content Knowledge**

Demonstrate knowledge of social studies disciplines. Candidates are knowledgeable of disciplinary concepts, facts, and tools; structures of inquiry; and forms of representation.

- Element 1a: Candidates are knowledgeable about the concepts, facts, and tools in civics, economics, geography, history and the social/behavioral sciences.
- Element 1b: Candidates are knowledgeable about disciplinary inquiry in civics, economics, geography, history, and the social/behavioral sciences.
- Element 1c: Candidates are knowledgeable about disciplinary forms of representation in civics, economics, geography, history, and the social/behavioral sciences.
Application of Content Through Planning

Plan learning sequences that leverage social studies knowledge and literacies, technology, and theory and research to support the civic competence of learners.

- Element 2a Candidates plan learning sequences that demonstrate social studies knowledge aligned with the C3 Framework, state-required content standards, and theory and research.
- Element 2b Candidates plan learning sequences that engage learners with disciplinary concepts, facts, and tools from the social studies disciplines to facilitate social studies literacies for civic life.
- Element 2c Candidates plan learning sequences that engage learners in disciplinary inquiry to develop social studies literacies for civic life.
- Element 2d Candidates plan learning sequences where learners create disciplinary forms of representation that convey social studies knowledge and civic competence.
- Element 2e Candidates plan learning sequences that use technology to foster civic competence.

Design and Implementation of Instruction and Assessment

Design and implement instruction and authentic assessments, informed by data literacy and learner self-assessment, that promote civic competence.

- Element 3a Candidates design and implement a range of authentic assessments that measure learners’ mastery of disciplinary knowledge, inquiry, and forms of representation for civic competence and demonstrate alignment with state required content standards.
- Element 3b Candidates design and implement learning experiences that engage learners in disciplinary knowledge, inquiry, and forms of representation for civic competence and demonstrate alignment with state-required content standards.
- Element 3c Candidates use theory and research to implement a variety of instructional practices and authentic assessments featuring disciplinary knowledge, inquiry, and forms of representation for civic competence.
- Element 3d Candidates exhibit data literacy by using assessment data to guide instructional decision-making and reflect on student learning outcomes related to disciplinary knowledge, inquiry, and forms of representation for civic competence.
- Element 3e Candidates engage learners in self-assessment practices that support individualized learning outcomes related to disciplinary knowledge, inquiry, and forms of representation for civic competence.

Social Studies Learners and Learning

Use knowledge of learners to plan and implement relevant and responsive pedagogy, create collaborative and interdisciplinary learning environments, and prepare learners to be informed advocates for an inclusive and equitable society.

- Element 4a Candidates use knowledge of learners’ socio-cultural assets, learning demands, and individual identities to plan and implement relevant and responsive pedagogy that ensures equitable learning opportunities in social studies.
- Element 4b Candidates facilitate collaborative, interdisciplinary learning environments in which learners use disciplinary facts, concepts, and tools, engage in disciplinary inquiry, and create disciplinary forms of representation.
- Element 4c Candidates engage learners in ethical reasoning to deliberate social, political, and economic issues, communicate conclusions, and take informed action toward achieving a more inclusive and equitable society.

Professional Responsibility and Informed Action

Reflect and expand upon their social studies knowledge, inquiry skills, and civic dispositions to advance social justice and promote human rights through informed action in schools and/or communities.

- Element 5a Candidates use theory and research to continually improve their social studies knowledge, inquiry skills, and civic dispositions, and adapt practice to meet the needs of each learner.
- Element 5b Candidates explore, interrogate, and reflect upon their own cultural frames to attend to issues of equity, diversity, access, power, human rights, and social justice within their schools and/or communities.
- Element 5c Candidates take informed action in schools and/or communities and serve as advocates for learners, the teaching profession, and/or social studies.

Sample Degree Plan

Social Studies Teaching, History Emphasis, Comprehensive Major (B.A.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

- Geography: 301, 308, 319, 321, 322, 325, 379

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural
Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Intercultural Immersion programs such as the Civil Rights Pilgrimage and the Somali Education Immersion are recommended for this program.

We also highly recommend Study Abroad or a faculty-led immersion program, especially those that are tied to the history department, such as CETS: Central European Travel Seminar (Hist 327 and IDIS 340) or Public History in Great Britain (Hist 401). Both of these also involve upper division history credits which count toward the major.

We encourage students to see their faculty advisors about undergraduate research opportunities available in the program.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
- I1 – Any semester long study abroad program can fulfill one I1 experience.
transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/pssp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.
2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The "professional semester" is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.
Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements
Teaching (Code 241-004)
The comprehensive major in Science Teaching, Biology Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisors: Robert Duerst

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Understand and apply basic research methods in biology including research design, data analysis, and communication.
- Work collaboratively to explore and solve problems.
- Apply theories, concepts, findings, and methods of biology to problems/issues in society.
- Understand how biological theories, concepts, findings, and methods relate to other disciplines.
- Demonstrate competence in mathematics, statistics, and computer technology as tools for revealing and characterizing complex patterns in biological systems.
- Understand and apply scientific reasoning and methods in learning science and/or in conducting biological research.
- Communicate scientific ideas and results in a variety of formats.

Sample Degree Plan

Science Teaching, Biology Emphasis Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here (https://catalog.uwec.edu/undergraduate/graduation-requirements/) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

General Science Course Options

**Physics Core - 9-18 credits**
- PHYS 211 General Physics (5)
- PHYS 212 General Physics (4)

**Earth & Space Science Core - 11 credits**
- Choose 1: GEOL 106 Earth Science (4) or GEOL 110 Physical Geology (4) or GEOL 115 Environmental Geology (4) or GEOL 118 Societal Issues in Earth Science (4)
- Choose 1: GEOL 301 Earth Resources (3) or GEOL 304 Global Environmental Change or GEOL 308 Water Resources (3)
- PHYS 226 Astronomy-Solar System (4)

**Chemistry Core - 9 credits (already included in plan)**
- CHEM 105/106 General Chemistry I
- CHEM 109 General Chemistry II

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Uncsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

 Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

S3 – Creativity; one experience (can be fulfilled in a student’s major).

R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

R2 – Global Perspectives; one experience.

R3 – Civic and Environmental Issues; one experience.

I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

SL – Service Learning; 30 hours

I1 – Any semester long study abroad program can fulfill one I1 experience.

SL – Service Learning; 30 hours

S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 experience.

S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

SL – Service Learning; 30 hours

S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one S1 experience.

S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

I1 – Any semester long study abroad program can fulfill one I1 experience.
Major, Standard  maximum 1 course
Major, Comprehensive  maximum 2 courses
Minor  maximum 1 course

**Credit by Examination**
Total degree credit  maximum ¼ of total
Major or minor  maximum ½ of total

**Two-Year College Credits**
Total degree credit  maximum 72 credits

**Activity credit (band, chorus, drama, KINS 100-184)**
Total KINS 100-184  maximum 1 credit
Total Band, chorus, drama  maximum 12 credits
Single course band, chorus, drama  maximum 4 credits

**Extension credits**
UW-System  no maximum
Other extension/correspondence  maximum ¼ of total

**USAFI**
USAFI  maximum 32 credits

**Liberal Education Core**
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**
a minimum of 36 credits

**Knowledge Goal**
Knowledge Outcome 1 (K1): Natural Sciences [link]
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences [link]
Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities [link]
Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts [link]
One (1) learning experience

**Skills Goal**
Skills Outcome 1 (S1): Written and Oral Communication [link]
Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics [link]
One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity [link]
One (1) learning experience

**Responsibility Goal**
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity [link]
Two (2) learning experiences
One R1 must satisfy Design for Diversity [link]

Responsibility Outcome 2 (R2): Global Perspectives [link]
One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues [link]
One (1) learning experience

**Integration Goal**
Integration Outcome 1 (I1): Integration [link]
Two (2) learning experiences

**Service-Learning Goal**
Service-Learning [link] 30 hours

**College Degree Requirements**

**University Requirements in Teacher Education in the College of Education and Human Sciences**

**College Requirements for Teacher Education**
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

<table>

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits), plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.

2. Pre-education status.

3. Students must have attained at least Sophomore Status.

4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.

5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better)

6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIC within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in
consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Major Requirements**

**Teaching (Code 241-002)**

The comprehensive major in Science Teaching, Chemistry Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

Advisor: Jim Phillips

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Describe the structural properties of matter, as well as rationalize and predict chemical stability or physical properties on the basis of structure.
- Classify and rationalize chemical transformations and predict and quantify products.
- Describe the underlying physical principles of various instruments and measurement techniques.
- Develop proficient laboratory techniques.
- Develop critical and creative thinking skills and use them within the context of the field.
- Develop effective oral and written communication skills.
- Become proficient with the chemical literature.
- Function safely in a chemical laboratory and manage waste effectively.
- Conduct themselves ethically and professionally, cultivate awareness of the impact of chemistry on society and recognize contributions from a diverse population.
- Develop strategies and techniques for effectively teaching chemistry and scientific reasoning to students in fourth through twelfth grade.

Sample Degree Plan

Science Teaching, Chemistry Emphasis Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

| SEIP 300 | Inclusive Practices for Secondary Educators |

TOTAL 16

SECOND SEMESTER

Student Teaching 10

| ES 445 & ES 470 | Student Teaching in Middle Level Education and Student Teaching in Secondary Education |

| ES 446 & ES 475 | Internship Teaching in Middle Level Education and Internship Teaching in Secondary Education |

| ES 497 | Field Experience Seminar (LE-S3) |

TOTAL 12

- a Can replace CHEM 115 with CHEM 105/106/109
- b Can replace BIOL 105/106/151 with BIOL 221/222/223
- c Offered only in fall semesters
- d Can replace PHYS 211/212 with PHYS 231/232 and MATH 114/215
- e Offered only in spring semesters

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS** a minimum of 36 credits

**Knowledge Goal**

- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  - Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
- Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)
  - Two (2) learning experiences
  - One experience in laboratory science must be selected from either K1 or K2.
- Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)
  - Two (2) learning experiences
- Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)
  - One (1) learning experience

**Skills Goal**

- Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/)
  - Two (2) learning experiences
  - One S1 must meet the University Writing Requirement
- Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/)
  - One (1) learning experience
  - One S2 to meet the University Mathematics Requirement

**Responsibility Goal**

- Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/)
  - Two (2) learning experiences
  - One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)
- Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/)
  - One (1) learning experience
- Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/)
  - One (1) learning experience

**Integration Goal**

- Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/)
  - Two (2) learning experiences

**Service-Learning Goal**

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

**College Degree Requirements**

**University Requirements in Teacher Education in the College of Education and Human Sciences**

**College Requirements for Teacher Education**

All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.
2. Grade point requirements:

<table>

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)
Teaching Licensure Requirements - Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better).
6. Met the University Mathematics requirements (complete one college-level math course earning C or better).
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the
appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

   For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public
Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

Major Requirements

Teaching (Code 241-003)
The comprehensive major in Science Teaching, Earth/Space Science Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

and
BIOL 222 | Foundations of Biology II |
and
BIOL 223 | Foundations of Biological Inquiry |
Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

- Develop a comprehensive understanding of Earth and space sciences.
- Teach ethically and professionally, cultivating an awareness of the interplay of society, the environment, natural resources, and the climate.
- Be able to contextualize Earth's place in the solar system, the galaxy, and the universe.
- Describe common rocks and minerals.
- Use and interpret topographic maps, geological maps, air photos, geographic information systems (GIS) data, and geological cross sections.
- Acquire a knowledge of surficial Earth processes and their principles.
- Develop geologic models and effectively communicate a geologic interpretation based on observations.
- Characterize the origin of earth and water resources.
- Use mathematics and computational methods to analyze scientific data.
- Recognize the value of contributions from a diverse population.

Sample Degree Plan

Science Teaching, Earth/Space Science Emphasis Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their sample degree plan.

The following degree plan is based on the 2023-2024 catalog. Comprehensive Major (B.S.)

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM/EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 100-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 100-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS a minimum of 36 credits

Knowledge Goal
Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences
One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal
Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-S1/) Two (2) learning experiences
One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-S2/) One (1) learning experience
One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-S3/) One (1) learning experience

Responsibility Goal
Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-R1/) Two (2) learning experiences
One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-R2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-R3/) One (1) learning experience

Integration Goal
Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-I1/) Two (2) learning experiences

Service-Learning Goal
Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements
University Requirements in Teacher Education in the College of Education and Human Sciences
College Requirements for Teacher Education
All candidates for teacher education baccalaureate degrees must also meet the following:

1. Liberal Education requirements in the College of Education and Human Sciences.

2. Grade point requirements:

<table>

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Teaching Licensure Requirements - Grades 4-12
Program Options B and C
These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:
1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits).

Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

### Option B: Grades 4-12

### Admission Requirements

**Admission to Education Programs**

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status.
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better).
6. Met the University Mathematics requirements (complete one college-level math course earning a C or better).
7. Good academic standing.
8. Complete an introductory education course with a field placement (e.g. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

**Application Procedure**

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

**Special or Transfer Students**

**Undergraduate Catalog**

University of Wisconsin-Eau Claire | 2023-2024 Catalog
Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

**Admission to the Teaching Professional Semester (Student Teaching)**

**Admission to the Professional Education Semester**
The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

**Filing Notice of Intent to Student Teach Applications**
Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

**Transfer and Special Students**
No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester with an associated due date.

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded,
and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student's responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

**Major Requirements**

**Teaching (Code 241-001)**

The comprehensive major in Science Teaching, Physics Emphasis prepares education students to teach all science courses in a regular education setting grades 4 through 12.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Qualitatively describe natural phenomena and man-made devices in terms of the basic laws of physics in areas of classical mechanics, thermodynamics, electromagnetism, optics, electronic circuits, quantum physics, and special relativity.
- Convert a physical situation described in English into a mathematical model.
- Apply the mathematical tools commonly used in physics to obtain analytical and numerical solutions to problems modeling physical situations.
- Synthesize appropriate concepts and methods from different courses in the solutions of problems and apply physical and mathematical principles across disciplinary boundaries.
- Acquire sufficient content knowledge in physics, chemistry, biology, and Earth/space science by earning a minimum GPA in the major of 3.0 or by passing the appropriate Praxis II content exam.
- Communicate verbally, graphically, and in writing the concepts of physics to adolescent learners.
- Demonstrate an understanding of foundational biological principles in the areas of cell/molecular biology, genetics, evolution, ecology, diversity of life, and structure & function of organisms.
- Demonstrate an understanding of Earth/space science processes.
- Develop an understanding of chemical principles and be able to apply them to predict and rationalize chemical properties, including structure & bonding, reactivity & stability, and instrumentation theory.
Sample Degree Plan
Science Teaching, Physics Emphasis Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)
The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance
Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

• K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
• K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
• K3 – Humanities; two experiences.
• K4 – Fine Arts; one experience.
• S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).
• S3 – Creativity; one experience (can be fulfilled in a student’s major).
• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
• R2 – Global Perspectives; one experience.
• R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
• SL—Service Learning; 30 hours

Additional LE Core Information
• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
• I1 – Any semester long study abroad program can fulfill one I1 experience.

Communication Sciences and Disorders
Human Sciences and Services 112
715-836-4186
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/)

Communication is one of the most important human attributes. Communication Sciences and Disorders (Speech-Language Pathology and Audiology) are the professions devoted to increasing our knowledge of human communication and helping people with communication, cognitive, swallowing, and/or hearing challenges.

The first step toward a career in this field is earning an undergraduate degree with a comprehensive major in Communication Sciences and Disorders. The undergraduate degree program includes a strong liberal education component and is interdisciplinary in nature. A master’s degree is required in order to obtain employment as a licensed speech-language pathologist. The Master of Science (M.S.) program in speech-language pathology, residential and
distanced education, at the University of Wisconsin-Eau Claire is accredited by the Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association, 2200 Research Boulevard, #310, Rockville, MD 20850, 800-498-2071 or 301-296-5700. Our graduate students are also prepared for licensure by the Wisconsin Department of Public Instruction (DPI). More information about our graduate program is available on our Communication Sciences and Disorders website. (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/communication-sciences-disorders/)

**Departmental Honors Program**

**Eligibility:** Acceptance into the program is limited to upper-class majors with resident and total GPAs of 3.50 or higher, a CSD GPA of 3.50 or higher, and the consent of the department. Successful completion at time of application (not in progress) of CSD 235, CSD 256, CSD 257, and CSD 353, with a grade of B or above is also required. Students invited to join the CSD Departmental Honors program will not have taken any courses for a grade of Satisfactory or Unsatisfactory.

**Requirements:** Completion of two upper division CSD courses offering an Honors Contract; successful completion of a Scholarship or Leadership project; presentation of project or research results at a CSD Pro-Sem during spring of senior year, CERCA, Provost's Honor's Symposium, and/or a state or national conference; and graduating with a cumulative GPA of 3.5 or higher and a CSD GPA of 3.5 or higher.

**Majors**

- Comprehensive Major: Communication Sciences and Disorders, Liberal Arts - B.S.

**Certificates**

- Certificate: American Sign Language (ASL)
- Certificate: Speech Language Pathology Assistant (SLPA)

**American Sign Language Studies, Certificate**

(Code 622-602)

The Communication Sciences and Disorders program offers a certificate program for interested students in American Sign Language (ASL). The goals of this program are for students to develop a depth of knowledge and skill in the use of ASL; appreciate the distinct culture of the Deaf community and behave according to the social norms of the culture; and apply semantic and/or linguistic elements of ASL in their use of the language. This certificate is an excellent option for anyone wanting to develop skill in ASL, but it will not satisfy external standards for teaching or interpreting, nor will it lead to licensure. Interpreters must complete a minimum of an Associate's degree; teachers of ASL must be licensed to teach ASL or hold Deaf and Hard of Hearing teacher licensure.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- demonstrate expression and comprehension skills in American Sign Language.
- demonstrate knowledge of grammatical features, narratives, target vocabulary, and cultural norms.
- demonstrate analytical knowledge and recognize ASL linguistics.
- demonstrate sensitivity and understanding of Deaf culture and Deaf history perspectives in a global society.
- examine how ASL applies to their lifelong learning and future career.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

a minimum of 36 credits

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/)

Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/)

Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/)

One (1) learning experience

Skills Goal
College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements
Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences
Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in this section of this catalog titled University Graduation Requirements. (see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

| **K2 (Social Sciences)** | | |
| PSYC 100 | Introduction to Psychology | 3 |
| PSYC 260 | Educational Psychology | 3 |

| **S1 (Written and Oral Communication)** | | |
| At least one writing course from the following: | | |
| WRIT 114 | Intensive Blugold Seminar in Critical Reading and Writing | |
| WRIT 116 | Blugold Seminar in Critical Reading and Writing | |
| WRIT 118 | Accelerated Blugold Seminar in Critical Reading and Writing | |
| WRIT 120 | Blugold Seminar in Critical Reading and Writing for Transfer Students | |

| **S2 (Mathematics)** | | |
| MATH 246 | Elementary Statistics | 4 |

| **S3 (Creativity)** | | |
| CSD 470 | Clinical Practicum in Communication Disorders I (or another learning experience) | 2 |

(CSD 470 is an elective course in the major)

| **R1 (Equity, Diversity, Inclusivity)** | | |
| ES 385 | Social Foundations: Human Relations | 3 |
| AND another learning experience | | |

| **R2 (Global Perspectives)** | | |
| SW 100 | Introduction to Social Welfare (Also meets IL requirement) | 3 |

| **R3 (Civic and Environmental Issues)** | | |
| At least one of the following: | | |
| CSD 150 | Introduction to Communication Sciences and Disorders | |
| CHEM 100 | Chemistry: Issues and Answers | |
| CHEM 127 | Chemistry and Climate | |
| OR another learning experience | | |

| **I1 (Integration)** | | |
| One of the following: | | |
| CSD 470 | Clinical Practicum in Communication Disorders I (Elective in major) | |
| OR PSYC 281 | | |
| OR another learning experience | | |

NOTE: Enrollment in upper division courses, with the exception of CSD 301, CSD 302, CSD 311, CSD 353, CSD 378, CSD 410, CSD 411, CSD 415, CSD 419, CSD 495, and CSD 499, is restricted to students who have been admitted to the major.

**Scholastic Requirements:** A minimum total GPA of 2.50 and a minimum resident GPA of 2.50 are required to take 300- and 400-level major courses, with the exception of CSD 353, Speech and Hearing Science. A minimum CSD GPA of 3.50 (from required CSD courses; only one sign language course can be included in the CSD GPA. Therefore, the first sign language or ASL course that a CSD major completes will be counted in the major GPA. Any additional sign language or ASL courses after will not be counted in the CSD major GPA, but will still be counted toward the University GPA) and total GPA of 3.0 are required to enroll in CSD 370 and CSD 470.

Students must complete all courses in the CSD major, one statistics course, one human/animal biology course, one physics or chemistry course, and one social/behavioral science course with a grade of C or above by the time of graduation.

**Satisfactory/Unsatisfactory Policy.** No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major in Communication Sciences and Disorders unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: A master’s degree in Communication Sciences and Disorders is required for K-12 licensure in speech and language pathology prior to employment in Wisconsin schools.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:
• Students will demonstrate knowledge of the biological bases of human communication.
• Students will demonstrate knowledge of the developmental and linguistic bases of human communication.
• Students will meet eligibility criteria for post-graduation opportunities.
• Students will demonstrate understanding of diverse cultures.
• Students will demonstrate understanding of evidence-based practice and basic research principles in CSD.
• Students will communicate effectively in oral and written modalities in professional formats and contexts.

Sample Degree Plan
Communication Sciences and Disorders, Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

in High Impact Practices. The following information identifies any specific

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Students in the Communication Sciences and Disorders major can select from the following HIP opportunities: CSD 470, Chippewa Valley Aphasia Camp, Chippewa Valley Aphasia Group, Aphasia Communication Partners, Blugold Brain Injury Group, Blugold Aphasia Group, student-faculty collaborative research projects, SoTL Lab, Instructional Internships, Departmental Honors, and/or Study Abroad. Study Abroad can be scheduled flexibly either semester of the sophomore or junior year.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

Minimum total for the baccalaureate degree = 120 credits

a Select one Human BIOL course from the following: BIOL 105, BIOL 151, BIOL 214, BIOL 221, IDIS 125
b Complete one (1) of the following pairs of courses: CSD 256 AND CSD 262 or CSD 257 AND CSD 353.
c Select one CHEM or PHYS course from the following: CHEM 100, CHEM 103 or CHEM 105 (& CHEM 106 - lab), CHEM 127, CHEM 161, PHYS 100, PHYS 205, PHYS 211, PHYS 308
d CSD Electives: CSD 150, CSD 370, CSD 399, CSD 410, CSD 411, CSD 415, CSD 419, CSD 470, CSD 499

Electives need to be selected carefully to ensure students earn at least 39 upper division courses (300-400 level).

NOTE: Enrollment in upper division courses, with the exception of CSD 301, 302, 311, 353, 378, 410, 411, 415, 419, 495, and 499, is restricted to students who are CSD majors.

* Denotes Lab Science course

Scholastic Requirements:

- A minimum total GPA of 2.50 is required to take 300- and 400-level major courses, with the exception of CSD 353.
- A minimum CSD GPA of 3.50 and minimum total GPA of 3.0 are required to enroll in CSD 370 and CSD 470.
- Students must complete all courses in the CSD major, one math course (statistics), one biological science course, one physical science course, and one social/behavioral science course with a grade of C or above by the time of graduation.

Liberal Education Core (LE Core) Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

Minimum total for the baccalaureate degree = 120 credits

- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
Speech Language Pathology Assistant (SLPA), Certificate
(Code 622-603)

This Speech Language Pathology Assistant (SLPA) Certificate is intended to provide students seeking a bachelor's degree in communication sciences and disorders the opportunity to add coursework and experiences to meet the criteria for the American Speech-Language Hearing Association (ASHA) Speech-Language Pathology Certification (C-SLPA). Students will learn clinical procedures as well as roles and responsibilities of the SLPA. Each student will enroll in a clinical experience with an opportunity to earn 100 hours of supervised clinical practice in an off-site clinical setting.

Admission requirements:

- Declared CSD major
- Letter of intent that clearly states why you would want to pursue the SLPA Certificate
- Two recommendations from CSD faculty
- Minimum junior standing

The SLPA certificate is only open to Communication Science and Disorders majors with a minimum CSD GPA of 2.5. The SLPA Certificate will be awarded to those students who have completed the following courses at a grade level of C or above. The SLPA Certificate is a combination of 15-16 credits that include a clinical experience.

Choose one of the following: 3

- SEIP 306 Applied Behavior Analysis for Teachers
- PSYC 281 Introduction to Behavior Analysis and Therapy

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate clinical writing and documentation necessary for a speech language pathology assistant.
- Explain policies and procedures for speech language pathology assistants including universal precautions, ethics, and client confidentiality.
- Implement intervention strategies for individuals in need of speech and language intervention in a variety of settings while earning up to 100 hours of clinical field work (practicum).

Education for Equity and Justice

Centennial Hall 3215
715-836-2013
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/education-equity-justice/)

Mission

The Department of Education for Equity and Justice prepares educators who implement anti-oppressive and culturally sustaining pedagogies. We facilitate the development of educators who advocate for justice in schools and communities. At the completion of a program, students are ready to assume responsibilities for classroom teaching and are prepared to continue developing as a professional.

Degrees Awarded

The following majors lead to the Bachelor of Arts Degree: English and Language Arts Teaching, French Teaching, Social Studies Teaching, and Spanish Teaching.

The following majors lead to the Bachelor of Science Degree: Elementary-Middle Level Education Grades 4K-9, Physical Education Teaching, Mathematics Teaching, and Science Teaching.

All majors in Music lead to the Bachelor of Music Education.

Student Transportation

All programs that lead to teacher licensure require multiple field experiences. Students in teacher education programs must provide their own transportation to and from field experiences. Some field experiences will require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student. No insurance coverage is provided by the state or the University of Wisconsin-Eau Claire.

Program Options

Programs in the Department of Education for Equity and Justice are designed to lead to licensure by the state of Wisconsin. UW-Eau Claire provides these three program options:

1. A: Grades 4K-9
2. B: Grades 4-12
3. C: Grades K-12

Students should select the program option they wish to pursue and follow the requirements for that program. In addition to the program requirements, all students must complete the appropriate Liberal Education requirements and other University requirements for graduation.

Pre-program Information

Before seeking admission to a program, students must complete ES 212 (Exploring Schooling K-12). Space available for this course will be limited to resources available.

Program Admission Information

The programs in the Department of Education for Equity and Justice are designed to continually assess the knowledge, skills, and dispositions of
the best candidates to be recommended for endorsement to the Wisconsin Department of Public Instruction for licensure to teach in the State of Wisconsin. Students are admitted to a program on a selective basis from a pool of candidates who meet minimum criteria. Students who enter the University and who plan to pursue one of the program options A, B, or C should understand that not all who seek admission to the College of Education and Human Sciences, and to the program, will be admitted, even if minimum criteria are met. Detailed descriptions of program admission criteria and procedures are available from the department office, given that changes occur in an attempt to use admission results and information to improve curricula.

**Admission to Program**

Students who wish to pursue any of the three program options [A: Grades 4K-9, B: Grades 4-12, and C: Grades K-12] must file a formal application by October 1 for spring admission or March 1 for fall admission. Admissions committees are convened and decisions are made in time for students to register for program courses for the ensuing semester. When students are admitted to any of these three programs, they are also admitted to the College of Education and Human Sciences Teacher Education Program.

**Admission to the Option A Program (Grades 4K-9): (Block)**

Students should obtain the Department of Education for Equity and Justice Student Handbook, which provides information on process and procedures, as well as rubrics and auxiliary information. Students wishing consideration for admission to the program should apply one year prior to the semester in which they want to be in the “block” (methods) courses. Students may not apply for program while enrolled in ES 212, Exploring Schooling K-12, without permission from the department chair. Candidates for admission to program submit documents described in the emailed invitation to apply. Additional criteria for admission include: overall GPA, performance in ES 212, Exploring Schooling K-12, dispositions toward teaching, and overall writing and quality of the application materials. The Elementary/Middle Admissions Committee is comprised of faculty and staff members from the Department of Education for Equity and Justice. Submissions are reviewed to ensure criteria for admission are met. Admission Committee decisions are provided to the chairperson who notifies the applicants of their admission status. Students who are not admitted may apply one additional time.

**Admission to the Option B (Grades 4-12) and C (Grades K-12) Programs: (Block)**

Students who wish to be considered for admission to these programs and the College of Education and Human Sciences Teacher Education Program should apply the semester before they want to enroll in the methods sequence of courses, also known as the “block” (e.g., ES 312, ES 318, ES 328, etc.). Students may not apply for program while enrolled in ES 212, the pre-program course. Candidates for admission to program submit documents described in the emailed invitation to apply. Additionally, content departments have requirements for admission, which focus predominantly on content knowledge (e.g., Foreign Language requires passing an oral competency exam in the target language). Students should see their content area advisor for information or seek direction from the education advisor in that department. The Secondary Admissions Committee is comprised of faculty from the Department of Education for Equity and Justice and at least one member from each of the certifying areas: Music, English and Language Arts, Kinesiology, Mathematics, Social Studies, Science, and Languages. The program coordinator convenes a meeting of the admissions membership where final decisions are made for admission to the program, College, and the block semester. The list of admitted and declined applicants is provided to the chairperson who notifies the applicants of their admission status. Students who are admitted to program must take ES 312 and ES 318 the subsequent semester. Candidates who are not admitted their first time may re-apply once.

**Admission to the Professional Semester**

For option A students will be admitted to the professional semester if they meet the following requirements:

- Earning a minimum grade of C (not C-) for the Block courses: ES 302, ES 303, ES 306, ES 308, ES 309, ES 336
- Block signature assessments meeting the requirements embedded in multiple Block methods courses

Applicants in options B and C below must earn a minimum grade of C (not C-) in each of the professional education courses (ES 212, ES 312, ES 317, ES 318*, ES 328, content methods) to be considered for admission to student teach or intern. *Music Education majors take MUED 318 instead of ES 318.

**Recommendation for Licensure**

All students seeking licensure through programs in the department of Education Equity and Justice must complete a full semester of student teaching or internship. A full semester of student teaching or internship is defined as completing a full semester, full days following the school district calendar where students are placed. All applicants for student teaching or internships must have resident, total, and professional education course GPAs of 2.75 or higher and have departmental approval. Grades for student teaching courses (ES 440, ES 441, ES 445, ES 446, ES 470, and ES 475) are reported and recorded on a satisfactory/unsatisfactory basis.

In addition to student teaching requirements, students who have an elementary/middle education major will need to complete the WI Foundations of Reading Test (FoRT) with a passing score set by the Wisconsin Department of Public Instruction.

### University Requirements

**GRADUATION REQUIREMENTS FOR BACCALAUREATE DEGREE**

**Credit Requirements**
- Minimum total for graduation: 120
- Upper division credits (courses numbered 300 and higher): 39
- Liberal Education Core: 36
- Academic Concentrations

**Grade Point Requirements**
- Total average: 2.00
- Resident average: 2.00
- Major average: 2.00
- Minor average: 2.00
- Certificate average: 2.00

**University Residency Requirements**
- Minimum total: 30
- Senior year: 23
- Major, Standard, upper division in residence: 12
- Major, Comprehensive, upper division in residence: 21
- Certificate: 25 percent of credits

**Procedures Required for Graduation**
- Obtain admission to the degree program and/or the College offering it.
- Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

### Applicability of Credits Toward Graduation

**Junior College or Two-Year College Credits.** A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNSCRDW2.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following:
- Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

  - Total KINS 100-184 maximum 1 credit
  - Total Band, chorus, drama maximum 12 credits
  - Single course band, chorus, drama maximum 4 credits

**Extension credits**
- UW-System no maximum
- Other extension/correspondence maximum ¼ of total

**USAFI**
- USAFI maximum 32 credits

### Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**
- a minimum of 36 credits

#### Knowledge Goal
- Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/)
  - Two (2) learning experiences

---

1. Certain programs exceed this minimum.
2. See special requirements in each College.
All candidates for teacher education baccalaureate degrees must also meet the College Requirements for Teacher Education in the College of Education and Human Sciences. | Teacher Licensure Requirements – Grades 4K-9 |

### Program Option A

This program option offers pedagogical studies in the basic areas of reading, language arts, social studies, science, and mathematics, and in special subjects such as art, music, children's literature, health, speech and communication, physical education, and special education. The major is designed to provide students with strong preparation in all the subjects taught in elementary and middle schools.

Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

1. Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

2. For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Students must also successfully pass the W-FORT to be eligible for a teaching license in Wisconsin.

### Option A: K-9

Admission Requirements

Admission to Education Programs

Admission to the Major

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-educaition status.
3. Students must have attained at least Sophomore Status.
4. Minimum total GPA of 2.5. Admission is competitive; thus the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete WRIT 114, WRIT 116, WRIT 118, or WRIT 120 or the equivalent earning a C or better).
6. Met the University Mathematics requirements (complete one college-level math course earning C or better).
7. Good academic standing.
8. Complete an introductory education course with a field placement (eg. SEIP 208, ES 212 or the equivalent) with a grade of C or better.
9. Specific department criteria are found under the Department of Education for Equity and Justice and Special Education and Inclusive Practices Department Overview Pages.

Application Procedure

Students must formally apply to the professional program. The number of students admitted to a program is often limited by resources available and not everyone who applies can be guaranteed admission. See the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest and what teaching major they wish to pursue. These students are expected to have a minimum GPA of 2.5.

Admission to the Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

Transfer and Special Students

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.
Deadline for Meeting Criteria
For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach
Criteria for Recommendation for Licensure:
1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

Wisconsin Application
College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction training requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

Out-of-state Applications
It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Understand how learners grow and develop, recognizing that patterns of learning and development vary individually within and across the cognitive, linguistic, social, emotional, and physical areas, and design and implement developmentally appropriate and challenging learning experiences.
- Use understanding of individual differences and diverse cultures and communities to ensure inclusive learning environments that enable each learner to meet high standards.
- Work with others to create environments that support individual and collaborative learning, and that encourage positive social interaction, active engagement in learning, and self-motivation.
- Understand the central tools of inquiry, and structures of the discipline(s) they teach and create learning experiences that make the discipline accessible and meaningful for learners to ensure acquisition of content.
- Understand how to connect concepts and use differing perspectives to engage learners in critical thinking, creativity, and collaborative problem solving related to authentic local and global issues.
- Understand and use multiple methods of assessment to engage learners in their own growth, to monitor learner progress, and to guide the teacher's and learners' decision making.
- Plan instruction that supports every student in meeting rigorous learning goals by drawing upon knowledge of content areas, curriculum, cross-disciplinary skills, and pedagogy, as well as knowledge of learners and the community context.
- Understand and use a variety of instructional strategies to encourage learners to develop deep understanding of content areas and their connections, and to build skills to apply knowledge in meaningful ways.
- Engage in ongoing professional learning and use evidence to continually evaluate their practice, particularly the effects of their choices and actions on others (learners, families, other professionals, and the community), and adapt practice to meet the needs of each learner.
- Seek appropriate leadership roles and opportunities to take responsibility for student learning; to collaborate with learners, families, colleagues, other
school professionals and community members to ensure learner growth; and to advance the profession.

Sample Degree Plan
**Elementary-Middle Education: Grades 4K-9, Major (B.S.)**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

RECOMMENDATIONS FOR OPTIONAL HIGH IMPACT PRACTICES (HIPs)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire.

**Faculty Collaborative Research**

Required: Student teaching during the final semester

Optional: ES 385 will be offered with immersion options if students are interested. A Winterim version is associated with The Civil Rights Pilgrimage and is highly recommended. The immersion options require additional fees in addition to tuition. There is limited space associated with immersion trips.

**Application to Major**

Application to major typically first or second semester of the second year. Students must have a minimum total GPA of 2.5, have met the University Writing Requirement (complete Writing 114, 116, 118 or 120 or the equivalent earning a C or better), have met the University Mathematics Requirements (complete one college level math course earning a C or better), and have completed ES 212 with a grade of C or better. Specific procedures for application to program are available from the department. Admission is competitive and not guaranteed.

**Liberal Education (LE) Core Guidance**

**Liberal Education Core (LE Core)**

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- **K1** – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K2** – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- **K3** – Humanities; two experiences.
- **K4** – Fine Arts; one experience.
- **S1** – Mathematics; one experience (must satisfy the University writing requirement).
- **S2** – Mathematics; one experience (must satisfy the University math competency requirement).
- **S3** – Creativity; one experience (can be fulfilled in a student’s major).
- **R1** – Equity, Diversity, and Inclusivity; two experiences (one experience required in K1 or R2).
- **R2** – Global Perspectives; one experience.
- **R3** – Civic and Environmental Issues; one experience.
- **I1** – Integration; two experiences (one experience can be fulfilled in a student’s major).
- **SL**—Service Learning; 30 hours

**Additional LE Core Information**

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Grades 4K-9

Program Option A

This program option offers pedagogical studies in the basic areas of reading, language arts, social studies, science, and mathematics, and in special subjects such as art, music, children’s literature, health, speech and communication, physical education, and special education. The major is designed to provide students with strong preparation in all the subjects taught in elementary and middle schools.

Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Students must also successfully pass the W-FORT to be eligible for a teaching license in Wisconsin.

Option A: K-9

Grades 4-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for grades 4-12 teaching or for grades K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below, but are not required to do so. Students pursuing a K-12 licensure are not required to elect a second plan that leads to certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option B: Grades 4-12

NOTE: Students completing a K-12 comprehensive major or standard major may complete an additional major or minor with licensure at the K-12 level from the list under Option C above.

Kinesiology

McPhee 219
715-836-3700
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/kinesiology/)

Kinesiology is the study of the art and science of human movement. The mission of the Department of Kinesiology at the University of Wisconsin–Eau Claire is to foster purposeful learning in the science, application, and principles of Kinesiology to understand the full nature of human movement across the lifespan. We live and promote this mission by developing and preparing transformative learners to lead others in the achievement of a healthy, physically active lifestyle, and an enhanced quality of life.

Toward this end, the department offers majors in Rehabilitation Science, Exercise Science, and Physical Education Teaching, K-12. Minors are offered in the Science of Coaching, Adaptive Physical Education, and Kinesiology.

All the programs in the department are designed to stimulate intellectual development, instill leadership qualities, and promote service to others.

Information for All Students

A number of required courses within the majors and minors may undergo revision. Course information is therefore subject to change. See your academic advisor for additional information on how these changes may affect your individual plan of study.

Some courses require a special fee because of the nature of the activity or supplies required to complete the course. Current special course fees are shown in the Class Schedule.

Total Credits 24

This minor is restricted to licensed physical educators and students in the College of Education and Human Sciences: Department of Education for
Equity and Justice: Option C and leads to licensure to teach Adaptive Physical Education in K-12 classrooms.

Program Learning Outcomes
Adaptive Physical Education
Students completing this program will be expected to meet the following outcomes:

- Understand the influence of selected diseases, conditions, and/or disabilities on the learning and performance of physical activities
- Understand the unique needs of physical fitness and motor development of individuals with disabilities
- Develop a positive attitude and understand the needs of individuals with disabilities
- Understand the history, legal mandates, and status of physical activity for individuals with disabilities.
- Understand and use appropriate terminology common to the field of adapted physical activity
- Understand the issues related to accessibility and implication of accessibility
- Introduce appropriate instruments and testing strategies necessary for assessing the gross motor development and health-related physical fitness levels of persons with disabilities
- Learn how to administer, interpret, and use the results of assessments to develop individualized education program plans that are utilized in either adapted or general physical education programs for students with disabilities

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

**Liberal Education Core**

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

**LIBERAL EDUCATION CORE REQUIREMENTS**

<table>

| Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL#header13) | 30 hours |

**College Degree Requirements**

**Specific Degree Requirements**

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

**Bachelor of Science Degree in the College of Education and Human Sciences**

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements. (see University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/))

**General Information**

**Placement Tests**. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

**Laboratory Science Courses**. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

**Degree Requirements**

**University Graduation Requirements**. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

**Human Sciences Graduation Requirements: Grade Point Averages**. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the
major department. The resident and total GPAs for the second program are computed similarly.

**Major-Minor and Major-Certificate Requirements.** Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

**Admission Requirements**

**Admission to Exercise Science, Comprehensive Major**

Graduates of the B.S. in Exercise Science program will pursue coursework in exercise physiology and biomechanics; motor development; exercise prescription and assessment; strength and conditioning; social and behavioral science; anatomy; and in basic sciences among other areas. This overall preparation will allow graduates from this program to seek careers in community health promotion and education, worksite wellness, recreation, personal training, group exercise instruction, and sport science. The major is also rigorous enough to prepare students for advanced degrees in professional or graduate programs related to this field of study. Formal admission to the Exercise Science Major is typically made during the second year (either Fall or Spring) of attendance following the successful completion of KINS 304, KINS 308, and KINS 309. This will allow students to begin further coursework in the Exercise Science core in the subsequent semester.

The Exercise Sciences Program Committee will screen students for admission to the program. At the time of admission, students must:

1. Have completed KINS 304, KINS 308 and KINS 309 with a grade of C or better.
2. Demonstrated an overall cumulative GPA of 2.5 or higher in all other university coursework.

Students who are not admitted into the upper sequence of courses (KINS 312, KINS 357, KINS 476 and KINS 498) within the Exercise Science Major may seek admission the following or subsequent semesters provided all admission criteria are met. Those students who choose to reapply for admission are reminded that the program is a two-year course of study once admitted, which could delay their graduation up to one year.

**Transfer Students**

Transfer students must meet all application requirements prior to application to the program. KINS 309 (http://catalog.uwec.edu/search/?P=KINS%20309) must be taken on campus. Transfer students who are interested in the Exercise Science Major should inform the Admissions Office upon application for admission to the University and contact the program director.

**Retention**

Once admitted into the Exercise Science Major, the student must meet the following criteria to remain in the program:

1. Maintain a cumulative GPA of 2.5 in all university coursework.
2. Continue to display appropriate dispositions regarding professional development, as outlined in the Policy for Disposition Intervention, Department of Kinesiology, Exercise Science.
3. Satisfactorily complete all courses and internship experiences (KINS 312, KINS 357, KINS 476, KINS 498, BIOL 196) within the Exercise Science core with a C or above.

**Exercise Science Core Courses (21 credits)**

- BIOL 196: Human Nutrition
- KINS 309: Introduction to Exercise Science
- KINS 312: Psychology of Sport and Physical Activity
- KINS 357: Essentials of Strength and Conditioning
- KINS 476: Exercise Science Seminar
- KINS 498: Exercise Science Internship

**Exercise Science Secondary Area (27 credits from this list)**

- BCOM 206: Business Writing
- BCOM 207: Business Presentations
- CHEM 105: General Chemistry I Lecture & General Chemistry I Laboratory
- CSD 410: Communication Changes and Disorders of the Older Adult
- ENPH 110: Introduction to Environmental Health
- HACD 222: Multidisciplinary Perspectives on Aging
- KINS 200: Orientation to Kinesiology
- KINS 275: Prevention and Care of Athletic/Exercise Injuries
- KINS 290: Introduction to Physical Education
- KINS 292: Management and Coaching Theory
- KINS 300: Planning, Implementation, and Assessment: Invasion Games
- KINS 301: Planning, Implementation, and Assessment: Adventure Activities
- KINS 302: Planning, Implementation, and Assessment: Rhythms and Dance
- KINS 303: Planning, Implementation, and Assessment: Fitness Concepts
Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate knowledge in scientific foundation as applied to the study of human movement.
- Identify and discuss research in Exercise Science and develop skills to critically analyze research literature.
- Develop basic assessment, technology, and exercise programming skills specific to Exercise Science.
- Communicate effectively within a discipline-specific context.

### Sample Degree Plan
#### Exercise Science, Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click (https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

</table>
Minimum total for the baccalaureate degree = 120 credits

Numbers of credits and courses required/recommended in "ES Secondary Choice" areas will depend on the professional area that the student is working toward

KINS 498 can be taken in the fall, spring or summer semester

Application to Major

The Exercise Sciences Program Committee will screen students for admission to the program. At the time of admission, students must:

1. Have completed KINS 304, KINS 308, and KINS 309 with a grade of C or better.

2. Demonstrate an overall cumulative GPA of 2.5 or higher in all university coursework.

Students who are not admitted into the upper sequence of courses (KINS 312, 357, 476, and 498) within the Exercise Science program may seek admission the following or subsequent semesters provided all admission criteria are met. Those students who choose to be considered for admission are reminded that the program is a two-year course of study once admitted, which could delay their graduation up to one year.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
• S2 – Mathematics; one experience (must satisfy the University math competency requirement).

• S3 – Creativity; one experience (can be fulfilled in a student’s major).

• R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).

• R2 – Global Perspectives; one experience.

• R3 – Civic and Environmental Issues; one experience.

• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

• Effectively communicate in a discipline specific manner.

• Effectively assess physical fitness, function, and health/disability related parameters and utilize data to enhance individual fitness, health, and functional capacity.

• Demonstrate scholarly learning, evidence-based practice, and critical thinking skills.

• Provide evidence of appropriate professional development.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.
**Extension Credits.** Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

**WTCS Credits.** A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

**USAFI Credit.** UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

**Activity Credit (band, chorus, drama, KINS 100-184 courses)** Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

**Other Restricted Credits.** For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

College Degree Requirements

Human Sciences Departments

Specific Degree Requirements
Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (see University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/)).

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 59-60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Teacher Licensure Requirements - Grades K-12

Program Options B and C

These program options are organized around content majors and education courses and are designed to prepare teachers for 4-12 teaching or for K-12 teaching in selected areas. Each program requires the student to complete:

1. a comprehensive major (at least 60 credits) or a standard major (at least 36 credits) plus one of the following: another standard major (at least 36 credits), or a minor (at least 24 credits), or a certificate (12-18 credits). Students choosing another major or minor may choose from the approved majors and minors listed in the table below. The approved majors and minors lead to additional certification.

2. a professional sequence consisting of teaching methods and related courses.

Students are assigned an education academic advisor and a faculty advisor through the content major department.

Option C: Grades K-12

Grades K-12 Licensure

Admission Requirements

Admission to Professional Education Programs

Admission to the College of Education and Human Sciences Teacher Education Program

See additional requirements for admission to education programs as well as additional requirements for licensure.

Resources available limit the number of students admitted to the program. Not everyone who applies can be guaranteed admission.

Additional Physical Education Teaching Program Admission Committee Recommendations

The Physical Education Teaching Program Committee will screen students for admission to the program and make recommendations to the Teacher Education Admissions Committee based on:

1. A completed résumé outlining
   a. experiences with children and adolescents.
   b. involvement in professional organizations.
2. A formal interview.
3. A completed course of study form.
4. Performance evaluations from Kinesiology courses.
5. Students must earn a grade of C or above in their physical education & health education courses (KINS 290, KINS 300, KINS 301, KINS 302, KINS 303, KINS 305, KINS 327, KINS 335, KINS 336, KINS 337, KINS 484, KINS 487, KINS 493)

6. Students must earn a grade of C or above in the KINS Core courses (KINS 294, KINS 304, KINS 308, KINS 426)
7. Resident and total GPA of 2.75 or higher.
8. Students may only repeat the physical education & health education courses one time for program purposes. Permission to repeat is required if students earn above a C- per the university repeat policy.

Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools
for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will benefit by the careful consideration that can be given to their requests; the later a notice is received, the fewer the placement assignments and choices still available will be. Failure to file a Notice of Intent to Student Teach on time may result in a delay of the professional semester.

**Transfer and Special Students**

No transfer or special student can enter the professional semester until after a full semester of residence and after earning a minimum of 15 credits at UW-Eau Claire. Senior transfer students enrolling in September must file an application for admission to the professional semester by December 1 for the following fall.

**Criteria for Admission**

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

**Deadline for Meeting Criteria**

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

**Licensure to Teach**

**Criteria for Recommendation for Licensure:**

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:

   Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.

   **For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts,** a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

---

### Wisconsin Application

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s DPI, ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. **It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.**

NOTE: No degree credit may be earned under the Satisfactory/Unsatisfactory option in any course presented for completion of a major in Physical Education Teaching, unless Satisfactory/Unsatisfactory is the only grading option available for a course.

NOTE: This major is restricted to students in the College of Education and Human Sciences: Department of Education for Equity and Justice: Option C and leads to licensure to teach Physical Education, Adaptive Physical Education and Health Education in grades K-12 classrooms.

Additionally, Teacher Education Candidates shall demonstrate content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses **OR** through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Finally, the Service-Learning requirement is met by completion of required coursework in this emphasis.

## Additional Licensure and Certification

### Adaptive Physical Education

Licensed physical education teachers who wish to add licensure in Adaptive Physical Education must complete either the minor or 15 semester credits including:

<table>

KINS 335 Introduction to School Health Education and Current Health Issues 3

KINS 336 Strategies and Assessment in School Health Education 3

KINS 337 Health Education Curriculum Design 3

KINS Elective 2-3

Teacher Education Candidates shall demonstrate Health Education content area proficiency through one of the following:

Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once.

Program Learning Outcomes

Physical Education

Students completing this program will be expected to meet the following learning outcomes:

- Content Knowledge: Articulate basic physical education knowledge, central physical education concepts, and pedagogical practices within the field of physical education. (Teacher Standard 1)
- Philosophy: Develop a professional philosophy consistent with current National Association for Sport and Physical Education (NASPE) and state physical education standards, developmentally appropriate curriculum and instructional design, assessment and professional development. (Teacher Standards 4, 9)
- Roles and Responsibilities: Identify the role, function, and responsibility of a physical education teacher and physical education program coordinator as part of the K-12 physical education program. (Teacher Standard 1, 2, 3, 4, 5, 9, 10)
- Informal Needs Assessment: Assess informally student physical education needs based on a student’s prior physical education experiences, physical fitness level, interests and needs in order to implement quality physical education instruction. (Teacher Standard 7, 9, 10)
- Physical Education Standards: Identify and articulate the concepts and skills contained in the current state and NASPE physical education standards in the development of curriculum and instruction. (Teacher Standard 2, 3, 4, 5, 6, 7)
- Physical Education Instruction: Design and deliver developmentally appropriate instructional programs based on stated goals and objectives contained in the current state and NASPE standards. (Teacher Standard 2, 3, 4, 5, 6, 7)
- Multicultural Perspectives: Analyze and articulate the social, cultural, economic and political factors that affect physical education engagement, home-school relations, and classroom strategies in physical education. (Teacher Standard 2, 3, 4, 5, 6, 7).
- Evaluation of Physical Education Programs: Evaluate commercial physical education programs as well as state, national, and international resources utilizing research-based principles in physical education curriculum, instruction and assessment. (Teacher Standard 3, 4, 6)
- Multiple Instructional Strategies: Implement effective developmentally appropriate instructional approaches including the use of media and technology, multiple intelligences, differentiated instruction and brain based learning that will create learning experiences that will meet the diverse needs of pupils, the community and curricular goals. (Teacher Standard 3, 4, 6)
- Authentic Assessment: Apply formal and informal assessment strategies to evaluate and ensure continuous intellectual, social, and physical development of the pupil. (Teacher Standard 8)
- Reflection: Reflect and evaluate the impact of his or her instructional capacity on others (e.g. learners, parents/guardians, and other professionals) as well as their classroom management skills and seek opportunities to grow professionally (i.e. Wisconsin Association for Health, Physical Education, Recreation, and Dance). (Teacher Standard 9)

Sample Degree Plan

Physical Education Teaching, Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-E1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click here for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

ES 497  Field Experience Seminar (LE-S3 & LE-I1)  2

TOTAL  12

* ES 212 requires completion of at least 14 credits, completion of University Writing requirement, and a 2.5 GPA.

^ Students may instead enroll in ES 440 (Internship Teaching in Elementary Education) and ES 446 (Internship Teaching in Middle Level Education) or ES 475 (Internship Teaching in Secondary Education) if they receive a recommendation from the PETE Program Director. Work closely with your academic and faculty advisors and the field placement office to determine which courses to register for based on your placement.

# This course requires a grade of “C” or higher and may only be repeated twice (COEHS Associate Dean permission required for third attempt).

Minimum total for the baccalaureate degree = 120 credits

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs) The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad (https://studyabroad.apps.uwec.edu/), Intercultural Immersion (https://www.uwec.edu/immersion/), Internship (https://www.uwec.edu/career-services/info-students/internships/), and/or Student/Faculty Collaborative Research (https://www.uwec.edu/orsp/students/student-faculty-collaborative-research-guide/) into your time at UW-Eau Claire. Required: Students in the Physical Education major complete field experiences in teaching throughout the curriculum.

Course Suggestions
For LE Option categories, many possibilities exist in the LE Option categories. Students will benefit from combining as many of these requirements as possible (i.e. choosing courses that meet more than one category at once). For category K3, for example, any of the following courses are good choices: HIST 114, HIST 115, HIST 124, HIST 125, RELS 100, WMNS 100. PSYC 230, 332, 336, SOC 101, GEOG 111, HIST 210, POLS 350: K2, R1 ENGL 130, ENGL 230, ENGL 259: K3, R2 MUSI 111, 112, 114, 224 & AIS 102: K4, R1 MUSI 225: K4, R2

Water Safety Instructor (WSI) Certification: Students will need to independently seek their WSI certification through the American Red Cross. They should be able to proficiently perform the following strokes before seeking their WSI certification: front crawl, side stroke, back stroke, elementary back stroke, breast stroke, and butterfly.

Taking summer and/or winter term courses is suggested to lighten student loads during the academic year. Many required KINS courses and LE courses are regularly offered over summer and winter. Work closely with your academic and faculty advisors to identify which courses to take for summer and winter terms. Declaring a Physical Education Teaching major after your first year may delay graduation. Application to the Teacher Education Program should not occur more than 3 semesters before intended graduation. Students typically apply during the second semester of the third year on the above plan. Application is typically in October or March.

Application to Major
In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

- Students must have attained at least Sophomore status
- Students must have a minimum total GPA of 2.5
- Students will have met the University Writing Requirement (complete Writing 114, 116, 118, or 120 or the equivalent earning a C or better)
- Students will have met the University Mathematics Requirement (complete one college-level math course earning a C or better)
- Students will complete an introductory education course with a field placement (e.g. SEIP 208 or ES 212 or the equivalent) with a grade of C or better

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)
The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level fulfills one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level fulfills one experience in S1 and the R2 experience.
• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1. Certain programs exceed this minimum.
2. See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following: Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

Knowledge Goal

Knowledge Outcome 1 (K1): Natural Sciences (http://catalog.uwec.edu/undergraduate/attribute-k1/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 2 (K2): Social Sciences (http://catalog.uwec.edu/undergraduate/attribute-k2/) Two (2) learning experiences

One experience in laboratory science must be selected from either K1 or K2.

Knowledge Outcome 3 (K3): Humanities (http://catalog.uwec.edu/undergraduate/attribute-k3/) Two (2) learning experiences

Knowledge Outcome 4 (K4): Fine Arts (http://catalog.uwec.edu/undergraduate/attribute-k4/) One (1) learning experience

Skills Goal

Skills Outcome 1 (S1): Written and Oral Communication (http://catalog.uwec.edu/undergraduate/attribute-s1/) Two (2) learning experiences

One S1 must meet the University Writing Requirement

Skills Outcome 2 (S2): Mathematics (http://catalog.uwec.edu/undergraduate/attribute-s2/) One (1) learning experience

One S2 to meet the University Mathematics Requirement

Skills Outcome 3 (S3): Creativity (http://catalog.uwec.edu/undergraduate/attribute-s3/) One (1) learning experience

Responsibility Goal

Responsibility Outcome 1 (R1): Equity, Diversity, and Inclusivity (http://catalog.uwec.edu/undergraduate/attribute-r1/) Two (2) learning experiences

One R1 must satisfy Design for Diversity (http://catalog.uwec.edu/undergraduate/attribute-DDIV/#header13)

Responsibility Outcome 2 (R2): Global Perspectives (http://catalog.uwec.edu/undergraduate/attribute-r2/) One (1) learning experience

Responsibility Outcome 3 (R3): Civic and Environmental Issues (http://catalog.uwec.edu/undergraduate/attribute-r3/) One (1) learning experience

Integration Goal

Integration Outcome 1 (I1): Integration (http://catalog.uwec.edu/undergraduate/attribute-i1/) Two (2) learning experiences

Service-Learning Goal

Service-Learning (http://catalog.uwec.edu/undergraduate/attribute-SL/#header13) 30 hours

College Degree Requirements

Human Sciences Departments

Specific Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements (see University Graduation Requirements (http://catalog.uwec.edu/undergraduate/graduation-requirements/)).

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Laboratory Science Courses. The following have been designated as fulfilling the requirements for laboratory science courses in the human sciences departments:

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

• Comprehensive major (at least 59-60 credits)
• Standard major (at least 36 credits) plus one of the following:
  • Another standard major (at least 36 credits), or
  • A minor (at least 24 credits), or
  • A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.
Admission Requirements

Admission to Rehabilitation Science Comprehensive Major
This major is designed to provide foundational coursework and experiential learning with the intention to prepare students for professional school/graduate study in the area of cardiac rehabilitation, physical therapy, occupational therapy, chiropractic medicine, therapeutic recreation, rehabilitation sciences or medical school and physician assistant programs. In addition, this major will also prepare students to enter the workforce directly in medical-based fitness centers, cardiac rehabilitation programs, gerontology/senior fitness programs, and community centers involving physical activity programs for individuals with disabilities or special needs. Formal application to the Rehabilitation Science Major should be made during the second year (either fall or spring semester) of attendance while enrolled in KINS 320 Foundations of Rehabilitation Sciences. This will allow students to begin the 2-year course of study during the following academic year. The number of students admitted to the program is limited by available resources. Thus, not everyone who applies can be guaranteed admission (up to 25 new students are admitted each semester).

The Rehabilitation Science Program Committee will screen students for admission to the program. At the time of application, students must:

1. Have a minimum resident and total GPA of 2.75.
2. Submit a completed program application form.
3. Be enrolled in or have completed KINS 304, KINS 308, and KINS 320.
4. Submit a cover letter and resume highlighting qualifications related to Rehabilitation Science

Student admission will be based on the following criteria:

1. Total GPA - 40%
2. Overall performance in KINS 304, KINS 308, and KINS 320 - 36%
3. Evaluation of student cover letter, resume, and application self-reflective essays - 24%

Students who are not accepted in the Rehabilitation Science program may apply again the following semester. Those students who choose to re-apply are reminded that the program is a two-year course of study once accepted and that reapplying could delay their graduation up to one year.

Transfer Students
Transfer students must meet all application requirements prior to application to the program. KINS 320 must be taken on campus. Transfer students who are interested in the Rehabilitation Science Comprehensive Major should inform the Admissions Office upon application for admission to the University and contact the Rehabilitation Science program director.

Retention
Once admitted into the Rehabilitation Science program, the student must meet the following criteria to remain in the program:

1. Maintain a 3.00 GPA in all Rehabilitation Science core courses.
2. Continue to display appropriate dispositions regarding professional development, as outlined in the Policy for Disposition Intervention, Department of Kinesiology, Rehabilitation Science Major.
3. Complete each course, lab, and practicum experience within the Rehabilitation Science core (KINS 320, KINS 351, KINS 355, KINS 358, KINS 440, KINS 464, KINS 466, KINS 474, KINS 484 and KINS 491) with at least a C+.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Effectively communicate in a discipline specific manner.
- Effectively assess physical fitness, function, and health/disability related parameters and utilize data to enhance individual fitness, health and functional capacity.
- Demonstrate scholarly learning, evidence-based practice, and critical thinking skills.
- Provide evidence of appropriate professional development.

Sample Degree Plan
Rehabilitation Science, Comprehensive Major (B.S.)

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements/#header1) for a description of the

LE Free Choice - See "Liberal Education Core" 3
Professional Prep. * 3
Professional Prep. * 3
Professional Prep. * 3
Total 15

Minimum total for the baccalaureate degree = 120 credits

* Numbers of credits and courses required in "Professional Preparation" areas will depend on the graduate program the student is working toward. Typical graduate programs for Rehabilitation Science majors include Physical Therapy, Occupational Therapy, Chiropractic, Clinical Exercise Physiology, Physician’s Assistant, and Medical School. Each of these graduate programs have different required undergraduate courses. Your academic and faculty advisors will assist you with choosing the correct classes each semester so that you are ready to apply to the graduate program of your choice.

** KINS 491 can be taken for 1 or 2 credits (need a total of 2 credits) in the fall, spring or summer

Application to Major

The Rehabilitation Science Program Committee will screen students for admission to the program. At the time of application, students must:

1. Submit a completed program application form
2. Be enrolled in or have completed KINS 304, 308, and 320.
3. Submit a cover letter and resume highlighting qualifications related to Rehabilitation Science

Student admission will be based on the following criteria:

1. Total GPA
2. Overall performance in KINS 308 and 320
3. Evaluation of student cover letter, resume, and application self-reflective essays

Students who are not accepted in the Rehabilitation Science program may apply again the following semester. Those students who choose to re-apply are reminded that the program is a two-year course of study once accepted and that reapplying could delay their graduation up to one year.

RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPS)

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPS might be most beneficial to students, and any recommendations about when those HIPS best fit into the degree plan. Students should also consult their faculty advisor for information on HIPS. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPS like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required: Students in the Rehabilitation Science major complete field experiences in the department outreach programs as part of the curriculum. Additionally, students will engage in a faculty-student research project during the senior year.

Liberal Education (LE) Core Guidance

Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
• I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).

• SL—Service Learning; 30 hours

Additional LE Core Information

• Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).

• Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).

• S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.

• S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.

• S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.

• S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.

• S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.

• I1 – Any semester long study abroad program can fulfill one I1 experience.

This minor leads to K-12 coaching licensure.

Program Learning Outcomes

Students completing this program will be expected to meet the following outcomes:

• Develop and implement an athlete-centered coaching philosophy.

• Identify physical conditions that predispose athletes to injuries.

• Teach and encourage proper nutrition for optimal physical and mental performance and overall good health.

• Provide athletes with responsibility and leadership opportunities as they mature.

• Teach and incorporate mental skills to enhance performance and reduce sports anxiety.

• Use scouting methods for planning practices, game preparation, and game analysis.

• Be involved in public relation activities for the sport program.

• Utilize an objective and effective process for evaluation of self and staff.

Social Work

Human Sciences and Services 253
The mission of the baccalaureate social work program at the University of Wisconsin-Eau Claire is to prepare students to engage in ethical, competent, evidence-informed generalist practice. Graduates will be committed to diversity, social and economic justice, the promotion of community well-being, and the interdependence of local and global issues. The goals of the Social Work Program are:

1. to prepare entry-level generalist social workers grounded in liberal arts educations and the person in the environment construct;
2. to prepare entry-level generalist social workers for practice in a multicultural society within the context of professional values and ethics in public and private social service agencies, especially in those services which meet the needs of diverse individuals, families, groups, organizations and communities;
3. to prepare students to integrate research-informed practice and practice-informed research and to think critically and apply ethical principles in practice;
4. to prepare students for and instill in them a commitment to lifelong learning and the recognition, support and advancement of the profession; and
5. to prepare students for practice with diverse populations and for effective participation in community affairs in a global society through the promotion of social and economic justice.

The bachelor’s degree in social work (B.S.W.) is accredited by the Council on Social Work Education. Graduates of the program are eligible for examination for certification or licensure at the baccalaureate level. Graduates receive advanced standing in many Master of Social Work (MSW) programs.

### Student Organizations

As members of the university community, social work students have an opportunity to participate in many student organizations, including the Association of Student Social Workers (ASSW). In addition to providing important chances for identification and socialization with the profession of social work, ASSW selects student representatives to participate actively in faculty committees. Other professional organizations open to students are the Council on Social Work Education, the National Association of Social Workers, the Wisconsin Social Service Association, and the Wisconsin Social Service Association.

### Caregiver Law

All individuals involved in experiential education courses for credit in the Social Work Department must complete the background check process and are responsible for the associated processing fees. Students are also advised that past or future serious crimes that are substantially related to the duties of the position may limit or inhibit the student from securing service-learning opportunities, or internship placements, or both. In addition, the student may become ineligible to receive certification or licensure as a social worker.

### Gerontology, Minor

**Liberal Arts (Code 670-400)**

Advisor: L. Olson-McBride

Gerontology is a multidisciplinary field that examines the correlates and consequences of human aging. To reflect this multidisciplinarity, the Gerontology minor includes courses from a variety of academic disciplines. Objectives of the minor include:

1. promoting an understanding of the multifaceted nature of the human aging process;
2. generating awareness of both the rewards and challenges associated with aging;
3. providing a broad program of study that complements a number of major programs and prepares students for graduate study and/or careers in the field of aging.

Twenty-four semester credits, including:

SW/NRSG 360  Death and Bereavement

Up to three credits from Directed Studies, Independent Study, or Special Topics courses that focus on gerontological issues may be applied to the minor with approval from the Gerontology minor advisor.

Program Learning Outcomes
Students completing this program will be expected to meet the following outcomes:

- Illustrate the multidisciplinary nature of the human aging process.
- Differentiate between myths and realities of the aging process.
- Discuss key issues impacting older people (e.g. social policies/programs, ethical concerns, health care).

(Code 460-605)

Child Welfare Certificate

The child welfare certificate is developed around preparing students to become an effective advocate for children as victims and survivors of child abuse. The coursework within this program will increase students’ understanding of factors that lead to child maltreatment, as well as how to work effectively in various agencies and systems to respond to such incidents. Students may want to add a child welfare certificate if they are interested in areas such as child protective services, foster care, or adoption.

Requirements:

This certificate requires 12 credits of course work and is open only to majors within the College of Education and Human Sciences. The student must complete, at a grade level of C or above, the required Social Work course within the selected certificate program and three other electives from the list of electives for the certificate program (see the following).

University Residency Requirements

| Minimum total | 30 |
| Senior year | 23 |
| Major, Standard, upper division in residence | 12 |
| Major, Comprehensive, upper division in residence | 21 |
| Certificate | 25 percent of credits |

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.

Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are
normally limited to one-fourth of the total required for graduation from any curriculum.

### WTCS Credits
A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

### USAFI Credit
UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

### Activity Credit (band, chorus, drama, KINS 100-184 courses)
Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

### Other Restricted Credits
For other University restrictions, see the following:
- Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

### Applicability of Credits Toward Graduation

<table>

</tbody>
</table>

### Credit by Examination

| Total degree credit        | maximum ¾ of total  |
| Total or minor             | maximum ½ of total  |

### Two-Year College Credits

| Total degree credit        | maximum 72 credits   |

### Activity Credit (band, chorus, drama, KINS 100-184)

| Total KINS 100-184        | maximum 1 credit     |
| Total Band, chorus, drama | maximum 12 credits   |
| Single course band, drama | maximum 4 credits    |

### Extension Credits

| UW-System                  | no maximum            |
| Other extension/correspondence | maximum ¾ of total   |

### Liberal Education Core
The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

### Liberal Education Core Requirements

<table>

### Integration Goal
Department of Social Work reserves the right to admit a limited number of classroom and to assure availability of quality internship placements. The Social Work Program operates under a selective admissions policy.

Admission Requirement

The Social Work Program operates under a selective admissions policy. The policy is based on the need to maintain a program of excellence in the classroom and to assure availability of quality internship placements. The Department of Social Work reserves the right to admit a limited number of students each semester. Meeting the minimum standards does not guarantee a student will be admitted to the major.

Social Work is a professional discipline on the baccalaureate level, and, thus, admissions and retention processes are implemented and strictly followed. Students are evaluated on a regular basis. Students interested in earning a Bachelor of Social Work Degree must first be admitted to the Social Work major. Enrollment in selected upper division social work courses is restricted to students who have been formally admitted to the major. This formal application to the major is the first step in meeting requirements for graduation with a B.S.W. degree. A second review of continued eligibility occurs with application for admission to internship (SW 481). Students with any concerns regarding eligibility are urged to consult their academic advisor. Students will be asked to sign a statement that they have read and agreed to abide by the National Association of Social Workers’ Code of Ethics. Students may appeal a denial of admission to the major or internship by following procedures outlined in the Social Work Student Handbook or the Social Work Internship Manual, as applicable.

Application Process and Procedures

1. Students seeking admission are required to complete an application E-form (electronic form) available from the student portal of listed forms. At the point of admission:
   a. Students must have accumulated 30 credits.
   b. The university service learning requirement must have been completed. SW 290 has Service-Learning embedded for all students.
   c. A minimum GPA of 2.5 is required in the following courses: SW 100, SW 290, and PSYC 100. Each course must be completed with a grade of C or above.
   d. A minimum total GPA of 2.5 is required, which includes courses transferred from other colleges and universities.
   e. Students will show knowledge of social work and a commitment to social work values as demonstrated by the submission of a single-spaced essay up to two pages that addresses how your values and experiences have formed your decision to select social work as a major.
   f. Students must be in good academic standing in the semester in which they apply.
   g. Any student who withdraws from the social work major at UW-Eau Claire or who does not take classes at UW-Eau Claire for two or more sequential semesters must reapply for admission into the program. Readmission to program is not guaranteed.
   h. Students may repeat a grade below C in SW 100 and/or SW 290 according to University guidelines. Repeat of course(s) must be completed (not current) for any such courses before application for admission will be processed.
   i. Completion of University Writing Requirement

Admission to Social Work Internship

Criteria for admission into Internship: The Social Work Field Director will determine eligibility for internships on the basis of the following criteria. A student must have

1. completed SW 100; SW 220, SW 290, SW 320, SW 323, SW 335, SW 383, SW 405, and SW 471 with a grade of C or above. This includes courses that are transferred in as equivalent to any of these courses;
2. earned a minimum GPA of 2.50 in SW 100 and all courses with an SW prefix;
3. earned a total GPA of 2.50;
4. completed a criminal background application within one year of the planned internship;
5. participated in the Internship Orientation Sessions prior to registration;

College Degree Requirements

Human Sciences Requirements

Program and Degree Requirements

Specific requirements for some human science degrees are published in conjunction with the Catalog description of the major leading to the degree, with specific courses required in several Liberal Education outcomes.

Bachelor of Science Degree in the College of Education and Human Sciences

Candidates for the degree of Bachelor of Science from a human sciences department must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in this section of this catalog titled University Graduation Requirements.(see University Graduation Requirements)

General Information

Placement Tests. The mathematics/foreign language placement tests are given during the orientation periods for new freshmen and transfers. Further information about the foreign language or the mathematics tests is available from the chair of the appropriate department.

Degree Requirements

University Graduation Requirements. All candidates for degrees must fulfill the requirements for credits, curriculum, GPA, and University residency as specified in the section of this catalog titled University Graduation Requirements.

Human Sciences Graduation Requirements: Grade Point Averages. All degree candidates must earn minimum resident and total GPAs of 2.00 or higher in both the major and the second program if one is required. The resident and total GPAs for the major are computed using all attempted credits applicable to the major including those offered by departments other than the major department. The resident and total GPAs for the second program are computed similarly.

Major-Minor and Major-Certificate Requirements. Each candidate for a baccalaureate degree must present one of the following:

- Comprehensive major (at least 60 credits)
- Standard major (at least 36 credits) plus one of the following:
  - Another standard major (at least 36 credits), or
  - A minor (at least 24 credits), or
  - A certificate (12-18 credits)

No minor or certificate is required with a Comprehensive Major or with two majors of 36 credits each.

Certain degree programs which include Comprehensive Majors may require more than the minimum of 120 credits for graduation.

Admission Requirement

The Social Work Program operates under a selective admissions policy. The policy is based on the need to maintain a program of excellence in the classroom and to assure availability of quality internship placements. The Department of Social Work reserves the right to admit a limited number of students each semester. Meeting the minimum standards does not guarantee a student will be admitted to the major.

Social Work is a professional discipline on the baccalaureate level, and, thus, admissions and retention processes are implemented and strictly followed. Students are evaluated on a regular basis. Students interested in earning a Bachelor of Social Work Degree must first be admitted to the Social Work major. Enrollment in selected upper division social work courses is restricted to students who have been formally admitted to the major. This formal application to the major is the first step in meeting requirements for graduation with a B.S.W. degree. A second review of continued eligibility occurs with application for admission to internship (SW 481). Students with any concerns regarding eligibility are urged to consult their academic advisor. Students will be asked to sign a statement that they have read and agreed to abide by the National Association of Social Workers’ Code of Ethics. Students may appeal a denial of admission to the major or internship by following procedures outlined in the Social Work Student Handbook or the Social Work Internship Manual, as applicable.

Application Process and Procedures

1. Students seeking admission are required to complete an application E-form (electronic form) available from the student portal of listed forms. At the point of admission:
   a. Students must have accumulated 30 credits.
   b. The university service learning requirement must have been completed. SW 290 has Service-Learning embedded for all students.
   c. A minimum GPA of 2.5 is required in the following courses: SW 100, SW 290, and PSYC 100. Each course must be completed with a grade of C or above.
   d. A minimum total GPA of 2.5 is required, which includes courses transferred from other colleges and universities.
   e. Students will show knowledge of social work and a commitment to social work values as demonstrated by the submission of a single-spaced essay up to two pages that addresses how your values and experiences have formed your decision to select social work as a major.
   f. Students must be in good academic standing in the semester in which they apply.
   g. Any student who withdraws from the social work major at UW-Eau Claire or who does not take classes at UW-Eau Claire for two or more sequential semesters must reapply for admission into the program. Readmission to program is not guaranteed.
   h. Students may repeat a grade below C in SW 100 and/or SW 290 according to University guidelines. Repeat of course(s) must be completed (not current) for any such courses before application for admission will be processed.
   i. Completion of University Writing Requirement

Admission to Social Work Internship

Criteria for admission into Internship: The Social Work Field Director will determine eligibility for internships on the basis of the following criteria. A student must have

1. completed SW 100; SW 220, SW 290, SW 320, SW 323, SW 335, SW 383, SW 405, and SW 471 with a grade of C or above. This includes courses that are transferred in as equivalent to any of these courses;
2. earned a minimum GPA of 2.50 in SW 100 and all courses with an SW prefix;
3. earned a total GPA of 2.50;
4. completed a criminal background application within one year of the planned internship;
5. participated in the Internship Orientation Sessions prior to registration;
6. been accepted by an agency approved for field instruction by the Department of Social Work;

Some Social work positions require fluency in a foreign language, and students are encouraged to consider a minor in Spanish.

### Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Demonstrate ethical and professional behavior.
- Engage diversity and difference in practice.
- Advance human rights and social, economic, and environmental justice.
- Engage in practice-informed research and research-informed practice
- Engage in policy practice.
- Engage with individuals, families, groups, organizations, and communities.
- Assess individuals, families, groups, organizations, and communities.
- Intervene with individuals, families, groups, organizations, and communities.
- Evaluate practice with individuals, families, groups, organizations, and communities.

### Sample Degree Plan

**Social Work, Comprehensive Major (B.S.W.)**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**RECOMMENDATIONS FOR HIGH IMPACT PRACTICES (HIPs)**

The University of Wisconsin-Eau Claire encourages all students to participate in High Impact Practices. The following information identifies any specific recommendations that faculty in this major have concerning which HIPs might be most beneficial to students, and any recommendations about when those HIPs best fit into the degree plan. Students should also consult their faculty advisor for information on HIPs. There are many additional high impact opportunities available. Talk to your academic advisor for more information about incorporating HIPs like Study Abroad, Intercultural Immersion, Internship, and/or Student/Faculty Collaborative Research into your time at UW-Eau Claire.

Required: Students in the Social Work major complete the Service Learning requirement during SW 290 and an internship during their final semester.

---

**Application to Major**

Application to major is done after 30 credits are earned. Students must have a minimum GPA of 2.5 in the following required courses: SW 100, SW 290, and PSYC 100. Each completed course grade must be a C or higher. A minimum total GPA of 2.5 is required. See other criteria in the catalog regarding the admissions process. Admission is competitive and not guaranteed.

---

**Liberal Education (LE) Core Guidance**

#### Liberal Education Core (LE Core)

The LE Core comprises 17 learning experiences across 11 learning outcomes. Students must complete a minimum of 36 credits in courses approved for the LE Core.

- K1 – Natural Sciences; two experiences (one lab science experience is required in K1 or K2).
- K2 – Social Sciences; two experiences (one lab science experience is required in K1 or K2).
- K3 – Humanities; two experiences.
- K4 – Fine Arts; one experience.
- S1 – Written and Oral Communication; two experiences (one experience must satisfy the University writing requirement).
- S2 – Mathematics; one experience (must satisfy the University math competency requirement).
- S3 – Creativity; one experience (can be fulfilled in a student’s major).
- R1 – Equity, Diversity, and Inclusivity; two experiences (one experience must meet the UW System Design for Diversity (DD) requirement).
- R2 – Global Perspectives; one experience.
- R3 – Civic and Environmental Issues; one experience.
- I1 – Integration; two experiences (one experience can be fulfilled in a student’s major).
- SL—Service Learning; 30 hours

---

### Additional LE Core Information

- Most LE Core learning experiences are course based, and many courses meet more than one learning outcome (e.g., K3 and R2 or K1 and R3).
- Some learning experiences can also be met outside of a traditional course (e.g., undergraduate research (S3), study abroad (I1)).
- S1 – An English placement score that fulfills the University writing requirement fulfills one S1 experience.
- S1 – A foreign Language placement score that qualifies the student to enter the 102 level satisfies one S1 experience.
- S1, R2 – A foreign language placement score that qualifies the student to enter the 202 level satisfies one experience in S1 and the R2 experience.
- S2 – A math placement score that qualifies the student to enter Math 111, 112, 113 or 114 fulfills the S2 experience.
- S3 – Completion of two credits from any approved music ensemble fulfills the S3 experience.
Undergraduate Catalog

Undergraduate Catalog

Social Work, Gerontology, Certificate

(Code 460-601)

Gerontology Certificate

A certificate in gerontology is a great addition to a major. In an aging society, social workers with a focus in gerontology are highly desirable within the industry. If students are interested in the improved care and quality of life for older adults, this is an excellent choice. Students will examine the psychological, social, and health aspects associated with aging. Students will also enhance their understanding of how to effectively work with older adults in various settings such as hospitals, senior centers, or long-term care facilities.

Requirements:

This certificate requires 12 credits of course work. This certificate is open only to majors within the College of Education and Human Sciences. The student must complete, at a grade level of C or above, the required Social Work course within the certificate program and nine additional credits from the list of electives for the certificate program (see the following).

<table>

- HCAD 222 Multidisciplinary Perspectives on Aging
- NRSG 211 Wellness: Food for Fitness
- NRSG 212 Navigating Health Care
- NRSG 213 Body, Mind, Spirit Wellness
- PHIL 306 Ethics of Health Care
- PSYC 230 Human Development
- PSYC 333 Psychology of Adulthood and Aging
- RELS 315 Psychology of Religion
- SOC 316 Sociology of Family
- SOC 364 Social Gerontology
- SW/NRSG 360 Death and Bereavement

Other courses as approved by the department chair.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Examine the psychological, social, and health aspects associated with aging.
- Enhance their understanding of how to effectively work with older adults in various settings such as hospitals, senior centers, or long-term care facilities.
- Improve the care and quality of life for older adults.

Social Work, Mental Health and Well-Being, Certificate

(Code 460-606)

Mental Health and Well-Being Certificate

This certificate requires 12 credits of course work. The student must complete all of the courses in the certificate with a C or higher.

Other courses as approved by the department chair.

Note: Three credits used to complete the social work major requirements may count toward completion of the certificate.

Program Learning Outcomes

Students completing this program will be expected to meet the following learning outcomes:

- Articulate the impact that social, cultural, and environmental factors can have on the mental health and well-being of an individual.
- Demonstrate an understanding of current best practices in mental health service delivery.

Special Education and Inclusive Practices

Centennial Hall 3715
715-836-5511
Department Website (https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/special-education-inclusive-practices/)

What is a “unified program”?

PK-12 students come to school with a wide range of strengths, needs, and talents for which teachers must prepare. Our unified education program
combines special and general education coursework to prepare future teachers to work with all students who enter their classrooms. Whether in an inclusive general education PK-9th grade classroom or as a Special Education teacher who provides specialized instruction, our program prepares you to be a high-quality beginning teacher.

**Goals and Purposes**

The special education and general education inclusive practices program is designed to provide a unified approach to preparing teacher candidates for the diverse PK-12 learning environments in which they will work. Content is taught by instructors who have experience in PK – 12th grade classrooms and are focused on sharing their expertise with you. Students who graduate from this program earn two teaching licenses: a PK-12 cross-categorical special education teaching license, and a PK- 9 elementary middle school license.*

Hallmarks of our programs include learning how to implement: the Universal Design for Learning (UDL) framework to develop lessons; differentiated instruction; culturally responsive teaching, specialized instruction, interventions, assessments, and data-based decision making to support all PK-12 learners; project-based learning and inquiry; and advocacy for all students.

Special Education and Inclusive Practices graduates are prepared for a variety of specialized jobs. Those who prefer to teach may be employed in public or private schools, institutions, or agencies. Those seeking other careers may work as house parents or home trainers or directors of service agencies. Some graduates will continue their study in other areas of special or general education, educational leadership, or administration. Others will engage in research, develop curricular and instructional materials, or lead in-service teacher training.

*We also have a 6 credit summer program for SEIP students called the **Interprofessional Early Intervention Certificate.** Students who complete the three courses will earn a Special Education Early Childhood teaching license which allows you to teach special education from Birth - 3rd grade (please note this extends your original K-12 cross categorical special education license to start at Birth).

**Student Organizations:**

Aspiring Educators

Aspiring Educators is an organization that is focused on future teachers who are active on campus and in the schools in the community, connecting you with other students in the education major and the campus.

**Programs**

The Department of Special Education and Inclusive Practices offers undergraduate and graduate programs. A Bachelor’s degree program is offered in the areas of special and inclusive general elementary/middle education, Special Education, Unified Special Education K-12 & Elementary/ Middle K-9.

Adaptive education programs are available in the areas of music, art, and physical education and lead to licensure to teach. See Special Education and Inclusive Practices undergraduate program pages for art and physical education. Please refer to the Undergraduate certificate requirements for adaptive music.

**Portfolio Review**

As part of the Teacher Education Program, students in the Department of Special Education and Inclusive Practices are expected to develop a portfolio for application to program and during student teaching. In addition, students will complete assignments throughout the program that count as signature assessments of skills. Further information may be obtained from the student’s advisor.

**Admission to Program**

Minimal criteria for admission to professional programs (Gate 1) are outlined in the College of Education and Human Sciences section under “Admission to Professional Education Programs” (see items 1-6 under “Criteria for Admission”). In addition to meeting these minimum requirements, a separate application must be completed and submitted to the Department of Special Education and Inclusive Practices. These applications (available in the Special Education and Inclusive Practices Office) are due October 1 and March 1.

Admission to any major or minor program in Special Education and Inclusive Practices may be limited by the resources available. Admission to program will be determined by a review committee which will rank applicants based on quality and quantity of service related to the helping professions, quality of formal application (résumé, academic success, and recommendations), and documentation of successful completion of SEIP 200 and SEIP 208. Guidelines for application are available in Centennial Hall 3715, or on the department’s website. ([https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/special-education-inclusive-practices/](https://www.uwec.edu/academics/college-education-human-sciences/departments-programs/special-education-inclusive-practices/))

**Department Requirements**

Students must earn a grade of C in courses offered through the Department of Special Education and Inclusive Practices. Students can only repeat a course offered through the Department of Special Education and Inclusive Practices one time for program purposes. Permission to repeat is required.

**Admission to Professional Semester**

Applicants for student teaching/internship experience must:

1. complete an application with the Teacher Education Program Office, Centennial 3102;
2. complete the Gate 2 application for the Department of Special Education and Inclusive Practices;
3. earn a minimum grade of C in special education courses;
4. demonstrate content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses OR through obtaining a passing score on the appropriate Praxis II/ACTFL exam.

For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio can be submitted which parallels the content evaluated on the Praxis II/ACTFL exam. The portfolio may only be submitted once. Students should consult with their faculty advisor regarding the portfolio.

Even though a grade of C is required in special education courses, a student must earn a 2.75 cumulative GPA and a 2.75 GPA in the major in order to be eligible for teaching certification.

**Student Teaching Requirements**

Completion of student teaching courses requires undergraduates to earn a grade of S in SEIP 470, UEC 470, UEM 470 or SEIP 472 or SEIP 475, UEC 475 or UEM 475. If the grade requirement is not met, the undergraduate student may repeat the student teaching course or may graduate with another major that does not lead to teacher licensure. Finally, students with a special education
inclusive practices major or special education minor will need to complete the WI Foundations of Reading Test (FORT) with a passing score of 240 or higher.

**Student Transportation**

Students in the teacher education programs must provide their own transportation to and from field experiences. Some field experiences will require travel to other communities. All costs associated with transportation to and from field experiences are the responsibility of the student.

**Faculty**

Barbara Meier, Chair  
Angela Dalhoe  
Rod Jones  
Angela Passero-Jones  
Karen Potter  
Karsten Powell  
Kirstin Rossi  
Cathy Thorsen

**Majors**

- Comprehensive Major: Special Education, Unified Special Education K-12 & Elementary/Middle K-9 - B.S.

**Certificate**

- Certificate: Adaptive Music  
- Certificate: Interprofessional Early Intervention

**Adaptive Music, Certificate**  
(Code 950-605)

The Department of Special Education and Inclusive Practices offers a certificate program for music education majors to add Adaptive Music certification for grades K-12. Students who add this certificate to their existing program will become more marketable and attractive to future employers. Further, this certificate will allow students to become better trained and prepared to meet the needs of a diverse K-12 population. Current and future music educators will learn to create and lead developmentally appropriate content based on the needs of their students. Finally, this certificate encompasses the requirements for the Department of Public Instruction (DPI) certification in Adaptive Education.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Understand how specialized needs impact learning across disciplines, behaviors, and social context.
- Design and teach lessons that facilitate student achievement through responsiveness to students’ needs and backgrounds while acting as a collaborative leader.
- Skillfully analyze and apply the connections of musical expressions to human experience and other fine and healing arts in a culturally relevant and sensitive manner with accessibility for all.
- Manage a classroom that is inclusive of all students’ social, behavioral, and artistic needs.

**Interprofessional Early Intervention, Certificate**  
(Code 950-606)

The Interprofessional Early Intervention Certificate program is intended to prepare students for working with diverse children, families, and professionals for services in compliance with Part C of the Individuals with Disabilities Education Act (IDEA). Students will learn strategies for interprofessional collaboration in assessment and intervention practices for young children with special needs and their families.

This certificate program is situated in the Department of Special Education and Inclusive Practices. The program is open to students majoring in Special Education, Unified Special Education K-12 Elementary/Middle Comprehensive Major (950-070) and will allow students to be eligible to add on the Early Childhood Special Education license #1809.

This certificate requires 12 credits of course work and is open only to students majoring in Special Education-Unified Special Education K-12 and Elementary/Middle, Comprehensive Major (950-070). The student must complete, at a grade level of C or above, the required courses within this certificate program to be eligible for licensure in Early Childhood - Special Education.

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- Apply strategies to collaborate across disciplines in the delivery of services to young children with special needs and their families to fulfill
requirements of Part C of the Individuals with Disabilities Education Act (IDEA).

- Administer and interpret developmentally appropriate and culturally responsive assessments to identify outcomes for children and families participating in Part C of IDEA.
- Develop strategies to optimize learning and provide interventions across developmental domains in natural environments for children and families participating in Part C of IDEA.

University Residency Requirements

Minimum total: 30
Senior year: 23
Major, Standard, upper division in residence: 12
Major, Comprehensive, upper division in residence: 21
Certificate: 25 percent of credits

Procedures Required for Graduation

Obtain admission to the degree program and/or the College offering it.
Apply for graduation on CampS.

1 Certain programs exceed this minimum.
2 See special requirements in each College.

Applicability of Credits Toward Graduation

Junior College or Two-Year College Credits. A maximum of 72 semester credits earned in a junior college or two-year college will be accepted as degree credits at UW-Eau Claire.

Extension Credits. Credits earned in credit outreach courses offered by UW-Eau Claire are treated as resident credits. Credits earned in extension courses offered by other units of the University of Wisconsin System are treated as transfer credits. All other (non-UW) extension and correspondence credits are normally limited to one-fourth of the total required for graduation from any curriculum.

WTCS Credits. A maximum of 72 semester credits earned in college parallel programs at Madison Area Technical College, Milwaukee Area Technical College, Nicolet Area Technical College, or Chippewa Valley Technical College may be accepted as degree credits at UW-Eau Claire. A set number of general education courses will be accepted from other technical schools. Occupational and technical courses may also be considered for transfer if the quality and content of the course work from the technical college is judged to be comparable to course work at UW-Eau Claire. Refer to the Transfer Credit Wizard (https://my.uwec.edu/psp/PUBLIC/EMPLOYEE/HRMS/c/EAU_SSS_CUSTOM.EAU_TRNCRDWZ.GBL) or contact the UW-Eau Claire Admissions Office for information about the current transfer policy.

USAFI Credit. UW-Eau Claire will accept up to 32 semester credits for work done through the United States Armed Forces Institute, under the provision for non-UW correspondence credit (see Extension Credits above).

Activity Credit (band, chorus, drama, KINS 100-184 courses) Students may count toward graduation no more than one credit of KINS 110-184 courses. Students may count toward graduation no more than four credits earned in any single activity course and no more than 12 credits resulting from any combination of activity courses (excluding KINS 110-184 courses).

Other Restricted Credits. For other University restrictions, see the following:
Cooperative Education; Credit by Examination; Satisfactory/Unsatisfactory Registration; Transfer of Credits. College or departmental restrictions may also be placed on Independent Study (399-499 courses), Directed Study (395-495), and other types of credits.

Liberal Education Core

The University of Wisconsin-Eau Claire measures learning outcomes to ensure that its graduates have achieved a liberal education and prepared themselves to contribute to a complex society. Upon graduation, each undergraduate will have met the five learning goals of our liberal education core and the 12 learning outcomes they comprise.

LIBERAL EDUCATION CORE REQUIREMENTS

4. Criteria and requirements for Professional Programs and for Admission to the Professional Semester.

5. Specific requirements of programs offered in the College of Education and Human Sciences. (See the departmental sections of this catalog.)

Admission Requirements

Criteria for Admission

Formal application to the professional education program must be made by October 1 for spring admission or March 1 for fall admission. In order to submit an application to an Education Program, students must satisfy all of the requirements listed below:

1. Approval by the appropriate department in the College of Education and Human Sciences. See Department of Education for Equity and Justice and Special Education and Inclusive Practices sections of this catalog for criteria to be considered in making these recommendations.
2. Pre-education status.
3. Students must have attained at least Sophomore Status
4. Minimum total GPA of 2.5. Admission is competitive; thus, the minimum GPA does not assure admission to a professional program in education.
5. Met the University Writing Requirement (complete Writing 114, 116, 118, or 120 or the equivalent earning a C or better)
6. Met the University Mathematics requirements (complete one college-level math course earning C or better)
Admission to the Teaching Professional Semester (Student Teaching)

Admission to the Professional Education Semester

The “professional semester” is defined as the senior semester in which a student is enrolled in the field experience of student teaching or internship.

Filing Notice of Intent to Student Teach Applications

Students who plan to enter the professional semester during the fall semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the fall. Students who plan to enter the professional semester during the spring semester of the next academic year must file a Notice of Intent to Student Teach with the Teacher Education Program office in the spring. Information concerning the Notice of Intent to Student Teach will be advertised widely and posted across campus each semester with an associated due date.

Students are encouraged to submit their Notice of Intent to Student Teach by the announced due date. Considerable time is required to process each notice—that is, to determine eligibility, to make arrangements with schools for an appropriate field experience assignment, and to allow for introductions, orientations, and, in some cases, interviews. Students who file on time will be evaluated on the Praxis II exam. Portfolio artifacts will be approved in the appropriate section of this catalog for criteria upon which the departmental recommendation will be based. Note that minimum criteria for a department may exceed the minimum criteria listed above.

Students who do not meet all the criteria listed above or who do not receive a favorable departmental recommendation may reapply during a later application period.

Special or Transfer Students

Special students and transfer students who desire to be admitted to the Teacher Education Program in the College of Education and Human Sciences should inform the Admissions Office upon application for admission to the University. They should indicate their area of interest. These students are expected to have a minimum GPA of 2.5.

Criteria for Admission

No application for admission to the professional semester will be processed in the case of transfer and special students unless a full semester of residence and a minimum of 15 credits have been earned at UW-Eau Claire.

Factors to be considered in the application for admission to the professional semester are:

1. Criteria for admission to a professional program have been met.
2. Good academic standing, as defined in the catalog section on Academic Standing and Progress.
3. A minimum of 90 credits completed prior to the professional semester.
4. Approval of the major and minor department(s). Departments may have separate criteria they use to determine approval.
5. Resident and total GPAs of at least 2.75; GPAs of at least 2.75 in the major(s) and minor(s) intended for certification. All college-level courses attempted by the student are included when major, minor, and total GPAs are determined for admission to the professional semester and for graduation.
6. Completion of the 30 hour Human Relations Fieldwork requirement.
7. Evidence of freedom from tuberculosis. Tests are provided by Student Health Services or results of tests must be provided by the student when filing for the professional semester.
8. Approval by the appropriate departments in the Colleges of Education and Human Sciences and Arts and Sciences.
9. Completion of required criminal background check.

Deadline for Meeting Criteria

For placements in the fall semester, criteria for which the student is responsible (GPA, TB test, and criminal background check) must be met by March 1 of the preceding semester.

For placements in the spring semester, these criteria must be met by October 1 of the preceding semester.

For placements in the summer session, these criteria must be met by February 1 of the preceding semester.

Failure to meet criteria on time may result in a delay of the professional semester.

Licensure to Teach

Criteria for Recommendation for Licensure:

1. Completion of a baccalaureate degree.
2. Completion of an approved teacher education major, minor, or certificate.
3. A 2.75 or higher GPA in the major and minor (where certifiable) and in the combination of all course work in the major, minor (where certifiable), and professional education courses exclusive of student teaching. All college-level courses attempted by the student except student teaching are included when major, minor, and professional education GPAs are determined for recommendation for licensure.
4. Completion of student teaching courses with a mark of S.
5. Content area proficiency through one of the following:
   - Students will earn a minimum 3.0/4.0 GPA in content courses or through obtaining a passing score on the appropriate Praxis II or ACTFL written portion (WPT) exam for Languages candidates. All Languages candidates must pass the OPI/OPIc within three years prior to the start of student teaching.
   - For students who neither meet the minimum GPA requirement nor pass the appropriate Praxis II/ACTFL exam after at least two attempts, a content portfolio may be submitted which parallels the content evaluated on the Praxis II exam. Portfolio artifacts will be approved in...
consultation with the Coordinator of the Teacher Education Program. The portfolio may only be submitted once. No portfolio option will be allowed for the WPT exam. The standardized examination and passing score shall be determined by the State Superintendent. All Elementary-Middle and Special Education majors and minors, and Early Childhood majors must earn a passing score on the FORT.

**Wisconsin Application**

College of Education and Human Sciences graduates who desire to teach in Wisconsin, will apply for licensure using the WI Department of Public Instruction’s (DPI), ELO (Electronic Licensing Online) by following all steps listed on the site including fingerprinting if applicable.

Upon completion of all program requirements and University and WI Department of Public Instruction teaching requirements, information will be forwarded to WI DPI verifying this completion (including the completion of all required tests), a degree and any add-on certifications that have been awarded, and certifications the teaching candidates are eligible for with licensure. Candidates will then apply for their Initial License.

**Out-of-state Applications**

It is recommended that graduates seeking licensure to teach in states other than Wisconsin request application forms and instructions from the Department of Education of the state in which licensure is desired. Certification requirements vary by state. Inquiry early in the period of professional preparation is advisable. In most cases, an official transcript of credits must accompany the completed application form; additional tests or course work may be required. Therefore, it is imperative to check requirements of other states. Wisconsin and most other states require institutional endorsement. In general, candidates will be able to obtain licenses in other states; however, these licenses may be issued with stipulations. It is the student’s responsibility to understand the licensing requirements of other states. UW-Eau Claire programs are designed to meet the requirements in Wisconsin only.

AND select one of the following Special Education and Inclusive Practices courses:

| SEIP 200 | Introduction to Diverse Learners |
| SEIP 219 | Introduction to Developmental Disabilities and Autism Spectrum Disorders |
| SEIP 306 | Applied Behavior Analysis for Teachers |
| UEC 220 | Introduction to Inclusive Early Childhood Education |

**Program Learning Outcomes**

Students completing this program will be expected to meet the following learning outcomes:

- become critically engaged educators who are collaborative leaders, critical consumers of knowledge, and are committed to responsive pedagogy.
- demonstrate pedagogical competence by developing and implementing lessons that incorporate elements of UDL and address the learning needs of all students in both special education and inclusive general education classrooms.
- demonstrate competence in all DPI accreditation requirements including Wisconsin Teacher Standards, statutory requirements, ability to teach reading, master of performance assessments (PI 34.021) and pedagogical performance (PI 34.020).
Completion of this sequence leads to PK-12 Adaptive Physical Education licensure for physical education teachers.

**Program Learning Outcomes**

**Adaptive Art**

Students completing this program will be expected to meet the following outcomes:

- Have a basic understanding of how specialized needs impact learning across disciplines, behaviors, and social context.
- Have a basic understanding about the value and role of art and art education for students with disabilities.
- Have a beginning understanding about development in the visual arts and be able to apply this to teaching and learning a variety of learners with disabilities.
- Plan and orchestrate substantive engaging art lessons that reflect good practice and the traditions of art education for students with a variety of needs and abilities.
- Manage a classroom that is inclusive of all students’ social, behavioral, and artistic needs.

**Adaptive Physical Education**

Students completing this program will be expected to meet the following outcomes:

- Understand the influence of selected diseases, conditions, and/or disabilities on the learning and performance of physical activities.
- Understand the unique needs of physical fitness and motor development of individuals with disabilities.
- Develop a positive attitude and understand the needs of individuals with disabilities.
- Understand the history, legal mandates, and status of physical activity for individuals with disabilities.
- Understand and use appropriate terminology common to the field of adapted physical activity.
- Understand the issues related to accessibility and implication of accessibility.
- To introduce appropriate instruments and testing strategies necessary for assessing the gross motor development and health-related physical fitness levels of persons with disabilities.
- Learn how to administer, interpret, and use the results of assessments to develop individualized education program plans that are utilized in either adapted or general physical education programs for students with disabilities.

**Sample Degree Plan**

**Special Education, Unified Special Education K-12 & Elementary/Middle, Comprehensive Major (B.S.) - Cohort A**

The following is a sample degree plan, based on the 2023-2024 catalog. It is based on the 120-credit graduation requirement and assumes no transferred credits, no requirements waived by placement tests, no courses taken in the summer or winter, no repeated courses, and no remedial courses that may be required. This sample degree plan is intended for first-year students entering UW-Eau Claire in the fall semester. Your own degree plan may differ depending on the course of study selected (second major, minor, etc.). UW-Eau Claire cannot guarantee all courses will be offered as shown, but will provide a range of courses that may enable prepared students to fulfill their requirements in a timely period. This sample degree plan is just a guide. Please consult your advisor, your degree audit, and the catalog to create your own degree plan. Note: In order to earn the required minimum of 120 credits for the degree in four years, you should plan to take 15 credits each semester or 30 credits each year.

To earn a degree, students must fulfill all University Graduation Requirements, including the Liberal Education (LE) Core. LE Core course work in the following sample degree plan uses abbreviations such as LE-K1, LE-S2, LE-R3, and LE-I1 to represent the learning outcomes students will meet via completion of their liberal education course work. Please click [here](https://catalog.uwec.edu/undergraduate/graduation-requirements#header1) for a description of the Liberal Education Core outcomes and requirements. Note that the LE Core may be completed through both course and non-course experiences.

**Cohort A: Application to Major = Fall of Second Year**

**Frist Year**
