CSD 301	American Sign Language Semantics	
CSD 302	American Sign Language Linguistics	

Additional Program Requirements (If Applicable)

Additional Admission Requirements Unique to Program (If Applicable)

Other Catalog Notes/Restrictions (If Applicable)

Rationale

Brief Change Rationale

The ASL program is an 18-credit certificate that students can earn. Completion of this certificate offers a basic level of ASL proficiency but does not reach the proficiency level for working as an interpreter. The certificate is frequently confused with the certification (and licensure) required to serve as a sign language interpreter. To clearly identify this difference, we would like to change the name of the program to American Sign Language Studies to try to emphasize the more introductory nature of this certificate.
