Re: Update to Duolingo score accepted as proof of English proficiency for international students

In August 2022, Duolingo released an updated concordance of Duolingo to TOEFL and IELTS English Proficiency Test Scores. In alignment with this new concordance, UW-Eau Claire will update the required Duolingo test score for the Eau Claire location admission to 110. The Duolingo test score required for the Barron County location will update to 95. The updated concordance has been discussed with stakeholders from Admissions, CIE, Academic Affairs, and Enrollment Management.

The concordance table can be found at: englishtest.duolingo.com/scores

If you have any questions about this update, please contact Isabel Walters, Interim Director of Admissions.
