### HIGHLIGHTS

91% of respondents agreed that they were prepared for the next step in their career path.

73% of graduates received a job offer more than a month prior to graduation.

96% of employed graduates reported that the position is related to their career goal.

57% of employed graduates reported they are working in Wisconsin. 29% are in the Chippewa Valley and 28% elsewhere in Wisconsin.

The average entry-level salary for a UW-Eau Claire graduate in 2018-19 is \$45,896.

## METHODOLOGY

Graduates' information is gathered in multiple ways. Four weeks prior to commencement, attendees of the Senior Countdown are asked to complete a survey which is input by Career Services into the online survey. Prior to commencement, an online survey is sent to all graduating students to complete. All graduates receive a paper copy of the survey in their diploma, which they can complete and mail back or complete online. At three and six months all students who have not completed a survey or who reported they were seeking employment are re-sent the online survey.

Additionally, six months after graduation, a search is conducted via social media, primarily LinkedIn, to find graduates who have not reported any data. Faculty also provide some data. This data is added to the results from the survey.

Knowledge rate is defined by the National Association of Colleges and Employers (NACE) as the percent of graduates for which UW-Eau Claire has reasonable and verifiable information concerning the graduates' post-graduation career activities. The knowledge rate refers to basic information about the career outcomes.

Majors without any respondents are not listed in the report. Students with multiple majors are counted in each major. Percentages may not sum to 100 due to rounding. Graduate students and international students are not included in the survey results.

$$\text{Total \% Employed or Continuing Education} = \frac{\text{Total Continuing Education} + \text{Total Employed}}{\text{Total Graduates Who Responded with Information and were available}}$$

\*Includes only Annual Salary responses.
