- Step one:** Create Team name and password. This is what you give to people who want to register online independently to join your team after you have registered the first 6 people.
- Step two:** Enter info for 6 people: name, email, address (captain only), phone, birthday (captain only), shirt size
- Step three:** click “agree” to waivers and add your initials
- Step four:** click: “Register to Checkout”
- Step five:** enter payment information and submit payment
- Step six:** Give your team name and password to anyone who wants to join. They click the “Join Team” button under the Team tab to add themselves and pay independently
