**Title IX Policy**  
In compliance with Title IX, the University of Wisconsin-Eau Claire does not discriminate on the basis of sex in employment or in educational programs or activities. It is our goal to maintain an environment free from harassment and discrimination. We proactively address sexual harassment, sexual assault, dating violence, domestic violence, and stalking and have established a system for the prompt and equitable resolution of complaints and grievances arising under Title IX.

**Bias**  
Knowing how, where and when to respond to an incident or act of hate or violence is crucial, as is having the proper tools and place to address the issue. At UW-Eau Claire, we have a system in place and we need the help of everyone on campus to promptly and effectively identify and handle any incident that poses a threat to our community, our students or staff. Any action of a discriminatory nature, verbal, physical or otherwise, that is targeted at a person’s race, ethnicity, religion, disability, sexual orientation or ancestry is considered a bias/hate incident.

**Academic Misconduct**  
To help students achieve their full potential and protect the integrity of the whole student body, the behavior of UW-Eau Claire students is governed by UW System codes. A complete copy of the Student Academic Misconduct Disciplinary Procedures code may be found on the Dean of Students website.

**FERPA**  
Protecting the privacy of UW-Eau Claire students and their records is all of our responsibility. Our institutions are held to the policies of the Family Educational Rights and Privacy Act (FERPA).
