

Washer Toss Game Rules

Includes:

- (2) Wooden Washer Targets
- (4) Blue Washers
- (4) Red Washers

Game Setup:

Find a flat open space and place the two washer targets **20 feet** from each other (about 7 paces). This distance can be changed based on player ability and desired speed of play. Games can be played **1 vs 1** or teams of **2 vs 2**. Make sure there are no objects, non-playing persons or structures close to the targets, as errant shots can damage and/or cause bodily harm.

1 vs 1: Both players will throw to the same washer box, but rules and scoring are the same as team play.

2 vs 2: Players on each team should stand on opposite sides and throw towards each other. (see diagram).

Playing The Game:

To determine who begins the first round, each player tosses one washer toward the opposite target and whoever gets closest to the hole, will be the first to throw. Players alternate throwing their washers until all 8 have been thrown. The team who wins the points will throw first the next round. (see scoring below).

Scoring:

- A washer in the center pipe is worth **3 Points**
- A washer in the box is worth **1 Point**.
- Washers that do not land inside the target receive **0 Points**.

Add up how many points you earned each round and compare your score to your opponents. Each team's points cancel each other out so only **one team can score per round**. For example, if red scored 6 points and blue scored 4 points, red adds 2 points to their score. The first team or person to reach **21 Points**, wins!

Optional Rules:

- **Skunk Rule:** If a team reaches **11 Points** without the other team scoring, the game is over.
- **Exacta Rule:** A team must hit **21 Points** without going over. If a team goes over, their score drops down to **15 Points**.

Game Care:

By design, this game involves throwing metal washers at wood targets. We do use solid birch wood, but the washers will bang up the targets over time. While the game will never stay brand new, the functionality will not be affected, and you should show it's battle scars with pride. Avoid getting the games wet. If they do get wet, make sure they are fully dried before storing away, or you will probably find a nasty surprise the next time you play. Do not use any other washers or projectiles with this game other than the provided washers as this can cause damage to the game.

Customer Service:

If you have any questions or concerns regarding your GoSports® Washer Toss Set, please reach out to us at info@pandpimports.com and we will get back to you right away. We 100% stand behind our products and want to make sure you get the full enjoyment that you paid for. Enjoy!
