Associate of Science–Small Business Administration

Student Profile

As a Small Business Administration student, you should:

- ◆ Have a strong desire to manage or own a business
- ◆ Enjoy producing detailed and accurate work
- ◆ Be committed to dynamic leadership

Career Outlook

Graduates of the Associate of Science in Small Business Management work in areas such as:

- ◆ Business Manager;
- ◆ Bookkeeper;
- ◆ Marketing or development office

Program Overview

Students in the Small Business Administration Program prepare for ownership, management, or operation of a small business, or the start-up of a business. The purpose of the program is to develop the owner and/or manager's ability to organize resources that maximize the potential for meeting business and personal goals. The program emphasizes planning, record keeping, marketing, financial management, and human resources management.

Program Outcomes

Students who complete the Associate of Science in Small Business Management should be able to:

- ◆ Use a variety of commonly accepted business and industry software;
- ◆ Apply standard business practices;
- ◆ Write a small business plan;
